ASN Employer Satisfaction

The Department of Nursing Faculty strive to meet the expectations of employers of students graduating from the Associate in Science in Nursing (ASN) program. Faculty survey employers of graduates routinely and determine if changes are needed in the program.

UVU ASN graduates:		Demonstrate sufficient entry-level nursing knowledge.	Follow established policies & protocols in providing nursing care for patients.	Able to prioritize care for small groups of patients using sound judgment.	Demonstrate professional attributes…	Demonstrate competent entry-level skill as safe and caring nurses.	How satisfied are you / with ASN graduates from UVU's nursing program?
