HOW TO FIND A ROOMMATE

@uvuhousing

● Move in with Friends

Already have a friend or two you'd like to live with? Great! When you apply for an apartment, make sure you list each others' names on your applications.

● Roommate Matching

Don't have someone in mind? No problem. Most student housing complexes offer a roommate matching system to pair you with roommates who are similar to you. Just fill out the get to know you questions on your application so they can find a good match.

● Choose Your Own

Want to select your own roommate? Easy. Create a roommate post on College Pads and browse other students' profiles. When you find someone you think you'd get along with, send them a message so you can start searching for the perfect place. Think of it as a dating profile... but for finding roommates.

VISIT UVU.RENTCOLLEGEPADS.COM/ROOMMATES

● Bonus Tip

Whether you're good friends, or strangers, living with roommates can take some adjusting. Check out our Happy Roommates brochure for some tips on successful roommate relationships
