Program Request - Abbreviated Template
Utah Valley University
BS Computer Science: Computer Engineering emphasis (discontinuation)
12/26/2012

Section I: Request

This is a request to delete the Computer Engineering emphasis that currently exists within the BS in Computer Science degree.

Section II: Need

This emphasis is no longer needed since a stand-alone BS in Computer Engineering degree was approved May 19, 2012.

Section III: Institutional Impact

All of the faculty, curriculum and labs were already in place to support the emphasis in Computer Engineering. No new resources will be required. Students already in the Computer Engineering emphasis will be transferred to the stand-alone degree.

Section IV: Finances

Funds in place for the Computer Engineering emphasis will be used to support the BS in Computer Engineering degree.
