Department of Behavioral Science New Student Orientation

This orientation is designed to help you get started as a behavioral science student, become familiar with the department and academic programs, and prepare you for your first advising appointment. Once you complete this packet, call 801 863 6377 to schedule an advising appointment. This orientation is a tool to prepare you to be successful as a student at UVU- completing this now will help you once you begin classes on campus.

To complete the orientation you will complete three required modules (Modules 1-3) and a brief survey. At the end the modules there is a short quiz; please print out those pages (26-28) and complete the quiz.

Students are assigned to a Behavioral Science Academic Advisor alphabetically by last name. Following this information you will see the names, photos, and contact information for all the advisors in this department. Please find your advisor in that list.

If you’re not sure what your Behavioral Science advisor can help you with, here’s a short list:
- Explore academic majors and minors
- Identify academic programs that fit your interests, abilities, and goals
- Understand what you can do with your major
- Explore career options and establish career goals
- Work on career development and preparation
- Choose classes and understand how to balance your course load
- Discuss graduate school options
- Identify and learn how to apply for internship and employment opportunities
- Help you navigate department, College, and University policies
- Develop graduation plans

For further information, please read through our mission statement:
“Behavioral Science Advising strives to provide outstanding educational and career counseling for students in effort to support individual student success and prepare students to make positive contributions in academia, employment, and their community.”

"Like" our Facebook page to stay up to date on behavioral science events and information: http://www.facebook.com/UVUBESC

Find your advisor on the next page, then proceed to Module 1.
A-E  Emily McCoy

Emily will be available to meet with students beginning July 16. Please call 801-863-6377 to schedule an appointment.

F-Le Gioey Alisa

Gioey is available via email or for phone or video appointments during Summer 2014, contact her at alisagi@uvu.edu. If you would like to meet with an advisor in person please call 801-863-6377 and you will be able to schedule an appointment with Emily, Travis, or Lori.

Lf-Ri Travis Reynolds

travis.reynolds@uvu.edu
801-863-5347
To schedule an appointment:
https://travisreynolds.youcanbook.me

Rj-Z Lori Duke

Lori will be available to meet with students beginning July 16. Please call 801-863-6377 to schedule an appointment.
Module 1- Welcome & Getting Started

Module 1 will introduce you to resources and information available to you as a UVU student.

Your first assignment is to become more familiar with the Department of Behavioral Science. Read on to learn more about what we do here and resources available to you within our department. We want to make sure you get in touch with the right advisor in the right program.
Welcome!
Welcome to the Department of Behavioral Science at Utah Valley University. This orientation is designed to give you an introduction to our department and prepare you for your first advising session. In this orientation, we will give you each step necessary to get started here at UVU as a behavioral science student. Once you complete it, you will have the opportunity to schedule your first advising appointment and move forward with registration for your first semester.

Academic Programs
Behavioral Science offers the following academic programs:
- Associate in Arts (AA) or Associate in Science (AS) in Behavioral Science
- Bachelor of Arts (BA) or Bachelor of Science (BS) in Behavioral Science with emphasis in:
  - anthropology
  - family studies
  - psychology
  - sociology
- Bachelor of Arts (BA) or Bachelor of Science (BS) in Integrated Studies with emphasis in:
  - anthropology
  - psychology
  - sociology
- Bachelor of Social Work (BSW)
- Certificate of Proficiency – Substance Use Disorder Counseling (SUDC)

Your Academic Advisor
Academic Advisors are one of the best resources for students at UVU. They clear holds, help you choose classes for registration, help clarify and move toward career goals, and help you plan for graduate school. Advisors work with students in one-on-one advising sessions, group advising sessions, phone or video advising sessions, and by email. You will learn how to prepare for your advising appointments later in this Online Advising Course.

The Department of Behavioral Science has four full-time advisors for the AA, AS, BA, BS, and BSW programs. Advisors are assigned alphabetically by last name:
A - E = Emily McCoy
  Email: Emily.McCoy@uvu.edu
  Phone: 801-863-8120
  To schedule an appointment please call 801-863-6377

F - Le = Giovana Alisa –
  Email: alisagi@uvu.edu
  Phone: 801-863-8073
  To schedule an appointment please email Gioey.
Lf - Ri = Travis Reynolds –
Email: travis.reynolds@uvu.edu
Phone: 801-863-5347
To schedule an appointment please go to https://travisreynolds.youcanbook.me

Rj -Z = Lori Duke
Email: dukelo@uvu.edu
Phone: 801-863-6718
To schedule an appointment please call 801-863-6377

If you are interested in pursuing the Substance Use Disorder Counseling program, contact the advisor who works with students with your last name.

A great resource for information can be found on our department website: www.uvu.edu/besc

Next, your assignment is to read through the Getting Started at UVU document. Read ‘Getting Started at UVU’ on the next page to familiarize yourself with the steps required to move forward as a student at UVU. New students will need to complete steps 1 through 5 in the Getting Started guide before scheduling an appointment with their Academic Advisor.
Getting Started at UVU

Be sure to complete steps 1-5 before meeting with your Academic Advisor.

1. APPLY TO UVU - Complete the online application at www.uvu.edu/admissions and pay the application fee. It typically takes two business days to process your application. Once accepted, you will receive an email from the Admissions Office confirming your admission to UVU and providing your UVID number.

2. SUBMIT ACT/SAT SCORES & OFFICIAL TRANSCRIPTS - These scores and transcripts are critical to move forward. You must have your scores and transcripts on record prior to your official admission to the University.
   a. If you have taken any college-level courses at any other institution(s), order an official transcript from each institution. Have all official transcript(s) sent to UVU's Transfer Credit office (www.uvu.edu/transfer).
   b. Submit ACT or SAT scores and official high school transcript to UVU's Admissions office (www.uvu.edu/admissions). ACT/SAT scores are required for all students under age 24 who have not completed 15 university level credits.
   c. Student will be required to take the Accuplacer Placement Test (www.uvu.edu/testingservices/newstudents) if any of the following are in affect:
      i. ACT/SAT scores have expired (2 years for math scores, 3 years for English scores).
      ii. Student is older than 24 and entering UVU as a first-time university student.
      iii. ACT English or math scores are below 19 or SAT verbal score is below 450 or math score is below 500.

4. REGISTER FOR & ATTEND ORIENTATION - Orientation is designed to make your transition to UVU a success and introduce you to the services available to you. To register for orientation, visit www.uvu.edu/orientation. Out of state students should call 801-863-5491 to make other arrangements.

5. COMPLETE BESC NEW STUDENT ORIENTATION PACKET – Since you’re reading this document, you’ve already started the process of completing the behavioral science new student orientation. Once you’ve completed this orientation then you can move on to the next step.

6. SCHEDULE APPOINTMENT WITH YOUR ACADEMIC ADVISOR – Students should refer to the advisor contact information on page 2 of this packet. If there are problems with accessing the online scheduling system through the links on page 2, please call 801 863 6377 for assistance. Those students who are considering pursuing the Substance Use Disorder Counseling program or the Bachelor of Social Work degree, please meet with your BESC advisor to find out how to apply.

Congratulations, you have completed Module 1; please go to the next page to move on to Module 2.
Let's take a look at the Big Picture

Beginning your university experience can be overwhelming - it is kind of like drinking from a fire hose, there is so much information! The Big Picture is designed to help you understand how you get from your first semester all the way to graduation. We talk about the big, sequential, important things here. You will focus on individual details more in your one-on-one advising session.

As a new college student, you will encounter words you may not have heard before. Read through the following introduction to become more familiar with vocabulary in higher education.

Understanding the College Lingo

Terms you need to know

Add/Drop Deadline - the very last day to add or drop a class and have it show on your transcript. Add/Drop deadlines and time lines are listed in the Student Timetable posted on UVU's website.

Admission / Admitted - your official acceptance to UVU. If you have not been admitted, you are not able to access any resources that are available to students.

Commencement & Convocation - the formal graduation ceremonies that graduates and their family/friends may participate in. Commencement & Convocation is held once per year at the end of Spring semester.

Corequisites - courses that you must take together, in the same semester. For example:
- CA 1120 & CA 1170 & CA 1310 must be taken together
- EDSC 4550 & HIST 4250 must be taken together

Course Catalog - every university has a course catalog that provides major and minor descriptions, a list of general education, a list of courses including prerequisites and descriptions, institution policies, and much more information.

Graduation Application - a student can take all required classes for their degree, but that does not mean they have graduated. Students must apply for graduation using the online graduation application in the first month of their final semester.

Matriculation - official acceptance into your academic major. Some degrees require matriculation, others do not.

Prerequisite - a prerequisite is a class that is required before you can take the next course. For example:
- ENGL 1010 is a prerequisite for ENGL 2010
- MAT 1010 is a prerequisite for MATH 1040
Registration - selecting the courses you want to take and the day/time you want to take them. All registration is done by students (not by your advisor) and is done online.

Syllabus - your instructor will provide a syllabus for your class. A syllabus includes expectations for the class, lists of required textbooks, and usually a course outline.

Textbooks - your instructor decides what textbook will be used for your class. Once you register for classes, UVU's Bookstore has a service called Bookmatch that will help you identify what books you need once you have registered.

Withdrawal - officially dropping an individual course or all of your classes after the add/drop deadline.

Behavioral Science offers two associate degrees, two bachelor degrees with four emphasis choices, and one competitive entry degree. Requirements to graduate are different for each of these programs!

Anthropology, Family Studies, Psychology and Sociology are not competitive entry programs. These emphases require 120 credits for a bachelor degree.

- 120 credits means that students taking classes during fall and spring semesters only will average 15 credits per semester (in order to graduate in four years).

The Bachelor of Social Work (BSW) degree is competitive entry program (we can accept no more than 50 students per academic year). The BSW began Fall 2012 and requires 120 credits. Students will attend a full-time, day-time program once accepted and must have all General Education requirements complete prior to beginning the program. In order to apply for admission to this program a student must:

- Be admitted to UVU as a current student
- Have a minimum cumulative GPA of 2.5
- Complete ENGL 1010 with a C+ or higher (completed Summer prior to semester of entrance or earlier)
- Complete ENGL 2010 or 2020 with a C+ or higher (completed Summer prior to semester of entrance or earlier)
- SW 1010 with a B- or higher (completed Spring prior to semester of entrance or earlier)
- Complete BSW Application (more information available at www.uvu.edu/besc/bsw)

Behavioral Science students in the Family Studies, Psychology, Sociology emphases, or the Social Work program are required to complete a statistics and research methods sequence that prepares you for work in behavioral science fields. This sequence begins with completion of your general education math class (MATH 1030, 1040 or 1050). In other words, it is very important that you start taking math your first semester and take math every semester until you have completed your General Education math requirement. Waiting on math or English courses means that you could delay your graduation because you can't begin your Statistics and Research sequence on time. Take a look at the following diagram to see how the sequence works:
Behavioral Science students in Family Studies, Psychology, and Sociology emphases are required to complete a Statistics/Research Course Sequence. The sequence begins with a math class and is a minimum of 4 semesters.

All UVU students are required to have an ACT, SAT, or Accuplacer Exam score to determine math course placement.

You may be required to take one or more semesters of prerequisite math before beginning MATH 1040. Contact your Academic Advisor to discuss your course placement.

**MATH 1040**
(recommended for all Behavioral Science and Social Work students)
MATH 1030, 1040, or 1050 fulfills your General Education Math requirement

**BESC 3010**
Fulfills your ‘Statistics for Behavioral Science’ requirement

**BESC 3020**
Fulfills your ‘Research Methods’ requirement

**Advanced Research**  
ANTH 3850, BESC 4040, 4050, PSY 4010, 4150, or SOC 4020 may fulfill your ‘Advanced Research’ requirement. See Wolverine Track to determine which Advanced Research courses are approved for your emphasis.
How to prepare for your Advising Appointment

To get the most out of your first advising session, it is important to learn a few basics. This allows your advisor to focus their time on advising customized to you and your needs, instead of going through the basics that every student needs to know. You can come back to this module and access the three tutorials in it any time. They are also available on the Behavioral Science department website.

There are three big features within UVlink that you can use to register for classes. Read through each of the tutorials below and be sure to contact your advisor with questions.

Registration Tutorial

Registering for Classes Online

Once your advisement hold has been cleared by an academic advisor, you can then log into UV Link to register for classes. Along with allowing you to search for and register for specific classes, this system gives you access to your personal information including grades, course schedules, financial aid information, registration holds and other important information. You should become familiar with, and utilize UV Link on a regular basis.

In order to log in to the UV Link registration system, you will need to know your UV ID number and PIN number. You will likely already have your UV ID at this point but it can be accessed again below if needed.

UV ID

Please note that the UV ID number will be different than your social security number. To obtain your UV ID, go to the following link and follow the instructions:

http://uvlink.uvu.edu/cp/home/login

Password

When attempting to log into UV Link for the first time, your password will be your birthday, entered in the following format: (mdy) with no spaces or dashes. When prompted to change it, be sure to change your password to a 6 character item that will be easily remembered as this will allow you access to all of your personal student information.

Class Registration Step 1
Class Registration Step 2

Enter your UV ID and password here. Your password is set as your birthday. You will be required to change your password at your first login. Be sure to select a 6 character password that is easily remembered.

If you have not yet obtained your UV ID, click here and enter your social security number where prompted.

Class Registration Step 3

To access the registration system, select the "Student" tab. This will give you access to add/drop classes, look at your schedule, find your books, pay tuition, and other useful services.

- Complete your Spring 2008 Teacher Evaluations
- This channel will be available
- Information & Instructions
Class Registration Step 4

Select "Add or Drop Classes" to register for classes or change your schedule.

Class Registration Step 5

Select the semester in which you plan to attend classes.
Add/Drop Classes:

- If you know the Course Registration Number (CRN) for your class, enter it here and click "Submit Changes".

If you don't know the CRN for your class, click "Class Search" to look up available classes and add them to your schedule.

RELEASE: 6.2
Use the selection options below to search the class schedule for the term displayed above. You may search by Subject, but you must select at least one Subject. When your selection is complete, click the "Register" button at the bottom of the page.

Select the topic you would like to enroll in. You can also search for classes based on days and hours, specific teachers, numbers of credits and the general education requirement fulfilled. When done, click on "Register" at the bottom of the page.
Look-Up Classes to Add:

To register for classes, check the box in front of the CRN (C identifies a close section)

Sections Found

<table>
<thead>
<tr>
<th>Russian</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select</td>
</tr>
<tr>
<td>---------</td>
</tr>
<tr>
<td>✔️</td>
</tr>
<tr>
<td></td>
</tr>
<tr>
<td></td>
</tr>
</tbody>
</table>

To add the class you want to your schedule, click on the box and then click “Register” at the bottom of the page.
Class Registration Step 9

Use this interface to add or drop classes for the selected term. If you have already registered, please review the Registered Successfully section. Additional classes may be added in the Add Class table. The Add Class table. Classes may be dropped by using the options available in the Action field. Classes that have been placed on the wait list may not be dropped. When add/drops are complete click Submit Changes.

If you are unsure of which classes to add, click Class Search to review the class schedule.

Current Schedule

Total Credit Hours: 5.000
Billing Hours: 5.000
Maximum Hours: 20.000
Date: Jun 28, 2005 04:06 pm

When a class is successfully added, the number of credits will show here, and the indication "Web Registered" will be shown above.

Add Classes Worksheet

CRNs

You can now exit the program or search for another class to add to your schedule.

Congratulations! You have just completed registering for a class. If you want to add more, click on the Class Search button and then follow steps 7-9 for each additional course.
Waitlist Tutorial

What to do when the class you want to enroll in is full

Log in to UVLink, and then follow these steps:

**Step 1**

Click here to look up a course to add onto a waitlist
Step 2

Choose the semester you want by clicking the drop down menu, then submit.
Step 3

Select the subject then click class search button at the bottom of this screen.
Step 4

Click in the checkbox next to Waitlist

Then click on Register
Step 5

Choose Waitlist in the Action drop down menu, then click Submit Changes
Step 6

You are now added to the Waitlist. You will be notified in your UV link email when a space becomes available. You will then have 24 hours to log in and add the course from this Action drop down menu. You are encouraged to check your UVLink email 1-2 times a day.
Wolverine Track Tutorial

**How to prepare for registration and plan for graduation**

Wolverine Track is a web-based tool which provides a clear and convenient method for UVU students to see degree requirements, what courses to take to fulfill those requirements, and track progress towards degree completion. It is designed to aid and facilitate academic advising, but is not intended to replace one-to-one advising sessions.

Students who have been formally admitted to UVU can use Wolverine Track. Wolverine Track is made available to newly admitted students a few days after their admissions application has been completed. To access Wolverine Track, follow these steps:

**Step 1**
Log in to UVLink

**Step 2**
Click on the Wolverine Track logo,
or, click on the Student tab, then the Planning Your Education link, then the Wolverine Track link.

**Step 3**
Click on the Launch Wolverine Track button.
Step 4
Get to know the information on the Audits tab. Scroll through the page, reading all the way to the bottom. You can’t change your major, drop classes, or damage your educational progress by clicking on anything in this program. Make note of things you don’t understand or aren’t sure of, and make sure to ask questions about those things in your first meeting with your advisor.

Now that you’ve completed the tutorials, complete the BESC Orientation Quiz.
BESC Orientation Quiz

**Question 1**
Why are full time students encouraged to take English and math each semester until they complete their general education requirement?

- English and math are prerequisites for other courses I will take
- All answers listed are correct.
- Taking English and math at the start prepares me better for upper division course work.
- I want to focus on completing my General Education requirements during my first two years.

**Question 2**
The Degree Progress bar in Wolverine Track shows exactly how far I am in my degree progress.

- True
- False

**Question 3**
All Behavioral Science students are required to take the same General Education courses.

- True
- False

**Question 4**
Students register for classes online using the registration menu and/or Wolverine Track.

- True
- False

**Question 5**
I can add any course on my Waitlist if I decide to change my schedule.

- True
- False

**Question 6**
How many semesters are included in the behavioral science Stats/Research course sequence?

- 1 semester
- 2 semesters
Question 7
What are some of the most important classes for you to start with as a new behavioral science student?

- English and math.
- General electives
- Biology and chemistry
- Fine arts and humanities

Question 8
All of the Behavioral Science programs are competitive entry (meaning we only accept 50 students per academic year).

- True
- False

Question 9
To complete a behavioral science bachelor degree (120 credits or more), students must take 15+ credits per semester if attending fall and spring semester only.

- True
- False

Question 10
What is the best way to schedule an appointment with your advisor?

- Use the links to the online scheduling system that are listed on page 2 of this packet.
- Drop by my advisors office.
- Email my advisor.
- Wait for my advisor to call me.

Question 11
The Department of Behavioral Science offers academic programs in which of the following areas:

- Sociology
- Family Studies
Behavioral Science offers programs in all areas listed.
- Psychology
- Anthropology
- Social Work

**Question 12**
Students can find additional information and resources on the behavioral science website at www.uvu.edu/besc.

- True
- False

**Question 13**
Students must have placement test scores and official college transcripts on record prior to meeting with an Academic Advisor.

- True
- False

**Question 14**
What "Getting Started" steps should you complete before meeting with your advisor?

- I don't have to do anything before I meet with my advisor.
- Answer Text
  - Apply to UVU, Submit ACT/SAT/Accuplacer scores and college transcript, register for Orientation, and complete this packet.
  - I only need to apply to UVU.

Name ____________________________________  UVID __________________  Date _______________

To complete the 14 questions in this quiz, print out the pages and choose the best answer for each question, then make sure you submit it to your academic advisor at your first meeting with them. Rather than printing this entire document, please use your print options menu to specify that only pages 26-28 are printed. Please do not correct your quiz with the answers you find on the next page prior to submitting it to your advisor.
**Answers**

1: All answers listed are correct.

2: False. The degree progress bar shows an estimate of your degree progress (it is not exact).

3: True. All Behavioral Science students are required to take the same General Education courses whether pursuing an associate or bachelor degree.

4: True.

5: False. When students receive a ‘Waitlist Notification’ they have 24 hours to add the course, after which that seat is given to the next person on the waitlist.

6: 4 semesters. At least MAT 1000 or MAT 1010, then BESC 3010, BESC 3020, and an Advanced Research course.

7: English and math.

8: False. The only competitive entry Behavioral Science program is the Bachelor of Social Work.

9: True. A 120 credit degree means that you must take 15 credits which apply towards degree requirements per semester during Fall and Spring semesters in order to graduate in four years.

10: Use the links to the online scheduling system that are listed on page 2 of this packet.

11: Behavioral Science offers programs in all areas listed.

12: True. The department website is a great resource for proactive students.

13: True. Placement scores and evaluated transfer credit (from official college transcripts) help your advisor determine which classes are best for you. Without them, it is nearly impossible to plan your UVU course schedule and can delay your registration.

14: Apply to UVU, Submit ACT/SAT/Accuplacer scores and college transcript, register for Orientation, and complete this packet.
Congratulations, you have completed the Behavioral Science New Student Orientation. Now that you have reviewed this information, you know whether or not you’re ready to meet with your academic advisor and start planning your academic progress toward your degree.

If you have completed all the necessary steps to prepare for your first advisement appointment, please use the links listed on page 2 of this packet to access the online scheduling system and schedule an appointment to meet with your advisor. All students need to read, sign, and submit the next page (titled ‘Responsibility Statement’) to their advisor at their first advisement appointment. Students are also required to submit their completed BESC Orientation Quiz, and their BESC Orientation Survey (the last page of this document) to their advisor at their first advisement appointment. Please do not write your name or any identifying information on your survey.

If you are going to be meeting with your advisor in their office, then bring the signed statement, the completed quiz, and the survey with you to submit to your advisor when you meet.

If you are going to be meeting with your advisor through a phone appointment, then sign the statement and either take a picture of it, the quiz, and your survey with your mobile phone or a digital camera and email them to your advisor prior to your scheduled appointment; or scan the statement, the quiz, and your survey and email it to your advisor; or fax the statement, the quiz, and your survey to your advisor at 801 863 7089.

Checklist of documents to bring to or submit before your first advisement appointment:

- Completed BESC Orientation Quiz (pages 26-28 of this document)
- Signed Responsibility Statement (page 31 of this document)
- BESC Orientation Survey (page 32 of this document)
Responsibility Statement

The relationship between you and your advisor is one of shared responsibility. Though you are ultimately responsible for the choices you make in college, we realize that the mentoring and advice of academic advisors and others in the college community can help you in making informed decisions. Your advisor is your primary resource regarding academic issues, opportunities, and programs. If you keep him/her informed about your interests, progress, concerns, and decisions, your advisor can assist you in accomplishing your academic goals.

Advisor Responsibilities

1. To clarify university policies, regulations, programs, and procedures.
2. To be available to meet with you each semester (either by appointment or during scheduled walk-in hours, as long as you plan ahead and schedule meetings before something becomes an emergency situation).
3. To help you explore your interests, abilities, and goals.
4. To assist you in declaring your major, changing it as needed, and developing an academic plan to satisfy degree requirements.
5. To offer advice in course selection and registration.
6. To be knowledgeable about career opportunities and to refer you to appropriate support services as needed.
7. To help you understand how your academic performance will affect the undergraduate, graduate, and professional programs you desire to pursue.
8. To be a responsive listener.
9. To offer you the opportunity to participate in a mentoring relationship that can help you to become more independent and self-directed.

Student Responsibilities

Advisors can help you fully understand all of your options and avoid needless mistakes; but only if you take the initiative to seek their advice. Your responsibilities in the advising relationship are the following:

1. To seek sources of information that will assist you in making academic/career decisions.
2. To keep your advisor informed about changes in your academic progress, course selection, and academic/career goals.
3. To be familiar with the requirements of the major (and minor) which you are pursuing, and to schedule courses each semester in accordance with those requirements.
4. To be aware of the pre-requisites for each course that you include in your semester schedule and to discuss with your advisor how pre-requisites will affect the sequencing of your courses.
5. To seek out and take advantage of the campus and online resources which have been created to help you be successful at UVU.
6. To be able to navigate the UVU website, UVLink, and Wolverine Track.
7. To follow college procedures for registering for courses and for making adjustments to your class schedule.
8. To observe academic deadlines.
9. To carefully review each course syllabus, noting rules, regulations, and policies for each class.
10. To participate fully in the courses for which you are registered by completing assignments on time and attending class.
11. To understand the information provided to you by the University, including your grade reports and degree audits, and to know what to do in case you have a missing or inaccurate grade.
12. To understand academic performance standards and policies (GPA requirements, academic warning, academic probation, academic dismissal).
13. To frequently check your UVLink e-mail address, and understand that if you set it up to forward your email to another account you frequently check, it can take UVLink up to three days to forward email to your alternate account and you may miss time-sensitive information, such as waitlist notifications.

I verify that I have read and understand this Responsibility Statement.

Signature ___________________________ UVID __________________ Date __________
Behavioral Science New Student Orientation Survey
Please do not put your name, UVID, or other identifiers on this page.

1. Was this orientation easy to understand?

2. What was most helpful?

3. What was the least helpful?

4. Do you believe this orientation will be helpful in starting your academic career in the behavioral science department?

5. Would you recommend this orientation to other new behavioral science students?

6. Did this orientation help you to understand the requirements to earn a degree?
