## **Appropriated Operating Budget**

Utah Valley University has two line items appropriated by the Legislature—Education & General (primary operating budget) and Educationally Disadvantaged. Revenue and expenditure budgets are presented for each of these line items. This budget presents a financial plan within constrained resources that:

- Reflects UVU's priorities in implementing and furthering its mission, core themes and administrative imperatives
- Applies the effects of decisions made through planning processes and commitments made during the legislative and tuition setting processes
- Demonstrates fiscal responsibility and sustainability
- Provides sufficient flexibility to respond to unanticipated circumstances

#### **Education and General**

Revenue consists of two primary sources:

- Tax Funds—general fund and education fund
- Dedicated Credits—tuition, specific fees (for example, admissions, graduation), and other income as outlined in Regents' policy

Budgeted tax fund revenues match the base budget appropriation bills for FY19 and reflect an ongoing base tax fund increase of 9.6 percent—\$10,208,700. Dedicated credits revenue is based on FY18 projected revenues adjusted for tuition increase, enrollment change, scholarship/tuition waivers changes, etc., resulting in a base dedicated credits increase of 6.4 percent—\$8,216,400. In total, UVU's Education and General revenue increased \$18,425,100 or 7.83 percent, the second largest increase in UVU's history.

#### **Enrollment Change**

UVU experienced significant enrollment growth during 2017-18 adding over 2,000 students each semester.

## **Expenditures**

The expenditure budget implements the resource allocations determined through legislative intent, the tuition increase process, and UVU's PBA process as outlined in President Holland's campus-wide forum (Hoagies with Holland) on April 25, 2018. The Board's involvement in the budget process has included approval of tuition, approval of 2018-19 compensation plan, approval of new graduate and undergraduate programs, and review of legislative outcomes.

UVU utilizes a Planning, Budgeting, and Assessment (PBA) process which guides UVU in its strategic planning, resource allocations, and assessment. The PBA process supports UVU's Administrative Imperative of Operate Ethically and Effectively by fostering "a culture of strategic planning, assessment, continuous improvement, and accountability" and by utilizing "transparent and collaborative decision-making processes." Many individuals across campus have been involved in this process by serving on university committees including the University Planning Advisory Council and Benefits Committee, by participating in developing and refining their department's four-year strategic plan, by attending PBA conversations within their department, school/college, and division and/or the university PBA conversations.

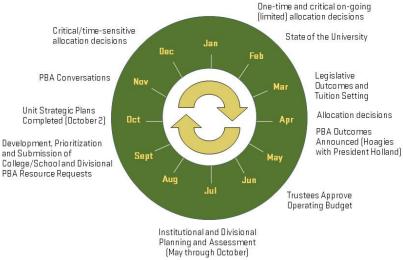

Figure 12

## **Auxiliaries Operating Budget**

Utah Valley University has four Auxiliaries (as defined by the Board of Regents)—Bookstore, Dining Services, Student Center Services, and Student Life & Wellness Center. Revenue and expenditure budgets are presented for each of these Auxiliaries.

#### Revenue

Revenue consists of three sources:

- General Student Fees
- Sales and Services
- Other income including rental income

Revenue beyond expenditures is committed to support the debt service on bonds.

#### **Expenditures**

Auxiliaries participate in UVU's PBA process and are subject to the same compensation changes as appropriated budgets.

# **Institutional Discretionary Budget**

#### Revenue

Revenue generally consists of two sources--interest earnings and unrestricted gifts no longer held by the UVU Foundation.

Institutional Investment Income revenue is based on projected interest earnings during 2017-18 and estimated year-end balances from 2017-18. Revenue is now exceeding pre-recession levels. Adjustments for both actual earnings and unexpended year-end balances will be presented to the Board in the fall.

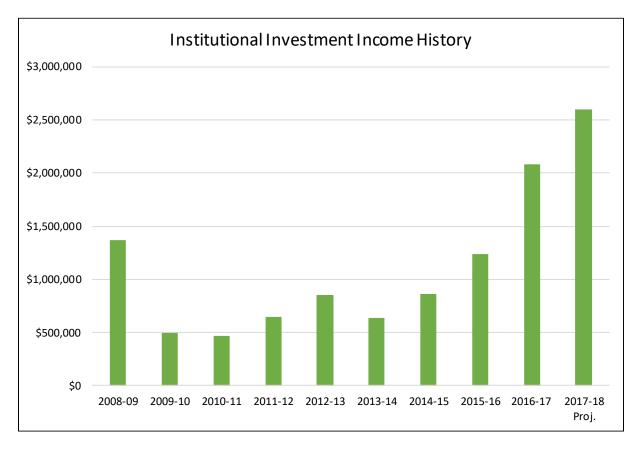

Figure 15

#### **Expenditures**

The expenditure budget implements the resource allocations determined through UVU's PBA process as outlined in President Holland's campus-wide forum (*Hoagies with Holland*) of April 25, 2018, and through action of the Board of Trustees. Very few changes have been made for 2018-19.

### First Tier Tuition Increase

UVU anticipates the Board of Regents will consider a 1.5 percent first-tier tuition increase for all resident and non-resident, undergraduate and graduate students in USHE. The revenue from this increase will aid institutions in responding to employee compensation, health care cost increases, and other institutional priorities.

### Second Tier Tuition Increase

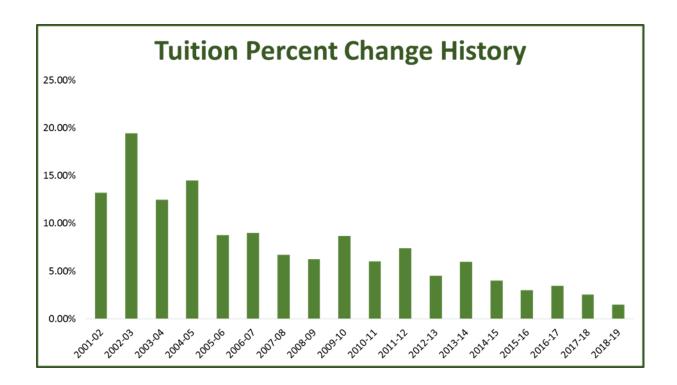

Consistent with UVU's access mission, commitment to keeping tuition and fees as low as possible, and recognizing the new state tax fund support provided by the 2018 legislature, no second-tier increase is proposed for 2018-19.

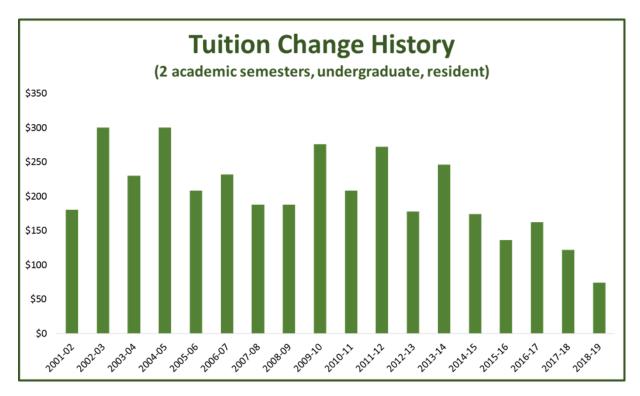

### Combined Undergraduate Tuition Increase

The proposed combined increase of 1.5 percent is the lowest percentage increase since 1996-97. The annual change (two semesters, resident at 15 credits) of \$74 is the lowest dollar amount increase since 2000-01.

### <u>Graduate Differential Tuition Scales</u>

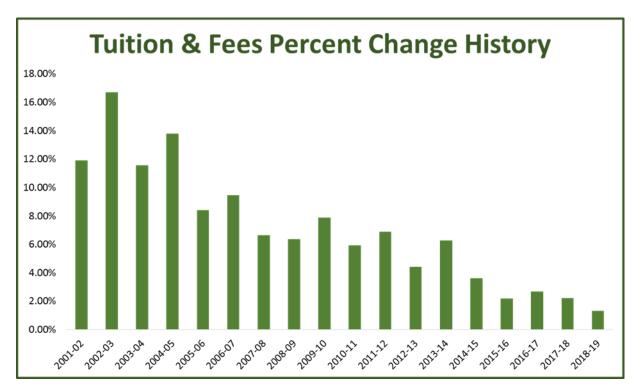

UVU has six graduate tuition scales—the base graduate tuition rate used by the Master of Education and Master of Nursing programs and five graduate tuition scales with differential tuition rates.

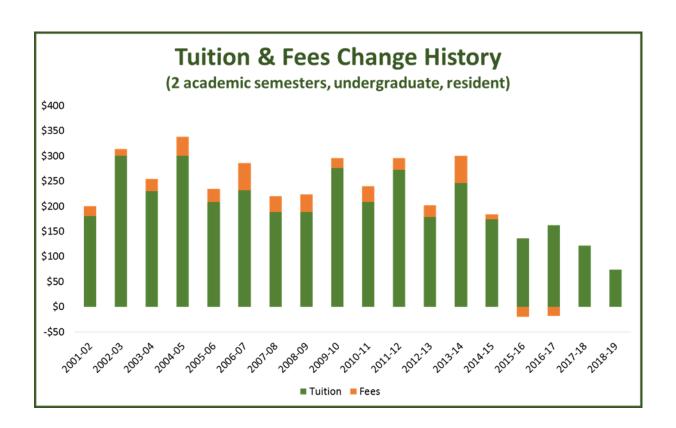

For the second year, UVU is holding 2018-19 general student fees at the same level as 2016-17. 2018-19 will be the fourth year since 1997-98 of no increase to general student fees.

UVU's total tuition and fee increase of 1.31 percent is the lowest percentage increase since 1996-97. The annual tuition and fee change (two semesters, resident at 15 credits) of \$74 is also the lowest dollar amount increase since 1996-97.

### 2017-18 Areas of Focus

During 2016-17, the University Planning Advisory Committee conducted the bi-annual self-evaluation of UVU's mission fulfillment, which also serves as UVU's assessment of mission fulfillment for the Northwest Commission on Colleges and Universities Year Seven evaluation. This self-evaluation was reviewed and revised by President's Council and then presented to UVU's Board of Trustees for approval. Based on this assessment, three university-wide areas of focus for continuous improvement efforts and resource allocation were identified for 2017-18.

- Continue to improve student retention, persistence, learning, and completion. (Student Success Objective 1—UVU supports students' preparation and achievement of academic success at the university.)
- Continue to create an environment in which national prominence for excellence in engaged learning, post-graduation career pursuits, and civic responsibility is a hallmark of a UVU education. (Student Success Objective 3— UVU prepares students for success in their subsequent academic, professional, and lifelong learning pursuits, including serving as leaders, people of integrity, and stewards of their communities.)
- Continue to increase outreach and support at UVU for students from historically underrepresented cultural backgrounds and those who are first-generation and low-income. (Inclusive Objective 1— UVU provides accessible and equitable educational opportunities and resources for all students.)

Areas of focus identify priorities for the development of new initiatives addressing matters of immediate, university-wide concern. Routine operational budget requests should not be tied to areas of focus. PBA resource requests that directly support the areas of focus, especially if tied to the division's four-year strategic plan, are not the only requests that will be funded; but such requests will receive priority funding consideration.

### **Appendix D: Compensation Changes**

## 2018-2019 Compensation Plan

(Approved by Board of Trustees, March 28, 2018)

The 2018 Legislature appropriated new funding for a 2.5 percent performance based compensation adjustment and 4.1 percent medical benefits premium increase as well as a 3.1 percent dental premium decrease for higher education employees. This appropriation is comprised 75 percent by new tax funds with 25 percent funded through a first-tier tuition increase. Beyond this legislative appropriation, UVU is allocating new revenue from the first-tier tuition increase and funds from an existing contingency toward funding the shortfall in meeting medical and dental premium rate increases. The application of these compensation funds for 2018-19 is described below.

### **Benefits**

UVU's Benefits Committee (with representation from Faculty Senate, PACE and administration) reviewed UVU's benefits plan based on plan performance, forecasted costs/claims experience, plan design, and strategic objectives. Based on the forecasted medical and prescription costs/claims experience and plan design changes, the premiums for UVU's medical plans will increase by 8 percent and the premium for UVU's dental plan will increase by 1.4 percent for 2018-19.

In consultation with UVU's benefits consultant and after conducting a risk analysis, UVU is increasing the plan's Individual Specific Stoploss reinsurance deductible from \$250,000 to \$300,000 and Aggregating Specific Stoploss from \$100,000 to \$300,000. These changes result in lower reinsurance premium costs by shifting risk to the University.

**Medical Plan Premiums**-- UVU will continue to pay 90 percent of the medical premium for employees enrolled in UVU's base medical plan (Traditional-Choice Plus), 100 percent of the medical premium for employees enrolled in UVU's High Deductible Choice Plus plan, and 84.76 percent of the medical premium for employees enrolled in UVU's Traditional-Options plan. For 2018-19, UVU will continue to contribute to Health Savings Accounts (HSA) for employees enrolled in UVU's HDHP.

**Medical Plan Coverage**—Based on strategy options provided by UVU's new pharmacy benefit manager, Magellan Rx, the following changes are being made:

- Increase cost of generics from \$4 to \$10; if the cash price is less than \$10, employees will pay that lesser cost.
- Increase cost of 90-day supply generics from \$8 to \$20; if the cash price is less than \$20, employees will pay that lesser cost.
- Implement a two-tier structure for specialty drugs
  - Specialty Formulary—change employee 30-day cost from a flat 50 percent per script to
     50 percent after Rx deductible with a \$250 maximum out-of-pocket cost per prescription.
  - Specialty Non-formulary—change employee 30day cost from a flat 50 percent per script to 50 percent per script after Rx deductible with a \$350 maximum out-of-pocket cost per prescription.

For 2018-19, UVU will continue to offer employee incentives for participation in the UVUFit Employee Wellness Program.

**Dental Plan Premiums--** UVU will continue to pay 80 percent of the dental premium for employees enrolled in UVU's dental plan.
