The mission of the Student Leadership and Success Studies (SLSS) department is to help students acquire the knowledge, skills and abilities needed to meet the challenges of college. Students may choose from a variety of SLSS courses which best fit their academic needs. Our courses help students with the preparation for the demands of college life, the selection/pursuit of major and career paths to graduation, the improvement of time management, stress management, effective library research, and the developing of essential life skills. The SLSS courses prepare students to develop and apply leadership in their lives, facilitating personal and social impact.

University College

University College serves a unique role and mission within Utah Valley University. Based on a national model, the name University College signifies opportunity for student success through curricular and co-curricular offerings, academic services, and innovative programs. University College welcomes students at present levels of academic achievement and challenges them with higher expectations. The programs and departments of Literacies and Composition, Student Leadership & Success Studies, Developmental Mathematics, English Language Learning, Academic Counseling Center, Academic Standards, Writing Center, Academic Tutoring, Math Lab, and First Year Experience & Student Retention promote interdisciplinary partnerships as students transition into university academics.
