Chart is general, not a guarantee of transfer. It is subject to change as other Universities and Colleges may change their course numbering and equivalency.

In classes marked with an * a lab is required. At UVU the lab portion is combined into the course. This may apply at other colleges and universities.

Weber's HTHSCI 1110 +1111 and BYU-I's Bio 264 + 265 cover both anatomy (Zool 2320) and physiology (Zool 2420). You must take both sections of the class to cover Zool 2320.
