### Student Teaching/Intern Preference

- Student Teaching (Fall / Spring)
- Internship (available to begin Fall term only)

#### Note: Prior to Student Teaching, all course work must be completed in both Education and Content Areas.
Student Teaching Application Information and Instructions

Deadline for Submission:
Applications must be signed by the content area advisor prior to submission. Application deadlines are: 3rd Friday in September for Spring student teaching and 3rd Friday in January for Fall student teaching. All education classes, including content methods courses, must be completed with a B- or better, with the exception EDSC 4850 and EDSC 4250, the semester prior to student teaching. Content area classes must be completed with a C or better by the same dates.

Student Teaching Placement:
Students may not solicit schools for student teaching or internship placements. Due to placement availability, students may be assigned to any of the seven UVU partnership districts, which include: Alpine, Jordan, Canyons, Granite, Nebo, Provo, and Wasatch Districts. A request for student teaching or internship placement in a particular district is not a guarantee of placement.

Internships (option to begin Fall semester only):
Intern applications are only accepted for the Fall semester. Students who are selected for the internship are required to teach for the full contract year. Interns are eligible for licensure and graduation at the end of Spring term (University graduation date). Intern selection and placement will be determined by the Secondary Education Selection and Retention Committee, content area departments, and partnership districts. Interns will be chosen from a pool of acceptable applicants. An internship is not the best option for every student and the School of Education cannot guarantee internship availability or candidacy approval. For those interested in being considered for Internship candidacy, applicants must include a brief written explanation of how you would best represent UVU as an intern with their application. Include any information you would like the Secondary Education Internship Committee and Principal to know about any previous teaching experiences.

Student Teaching License:
Students must present their student teaching license with this request to student teach by the application deadline. The student teaching license must be obtained from the Utah State Office of Education (see instructions that follow). In order to be eligible for a student license, students must have a current (within the last 3 years) background check. No placements will be made without this license.

Licensing/PRAXIS
A student will be recommended for state licensure upon successful completion of all program requirements, including student teaching, and after the degree has been posted (if applicable). The student must also pass the applicable Praxis II content exam and submit scores to the School of Education to qualify for licensure. The Praxis II content exam should be taken the semester before the student teaching/internship. The State also requires students to complete the online Ethics Review. Your Criminal Background Check must also be current (it expires every 3 years).

Graduation:
Graduation is not automatic. Students seeking a degree from UVU are responsible for successfully meeting graduation requirements and application deadlines.

Email/Phone:
Contact during the student teaching semester will be primarily through your personal email and phone. Students should check their email daily for updated information. Students are responsible for keeping their contact and information updated regularly with their secondary education academic advisor and the field coordinator.

Applications become the property of the School of Education. Students who are not accepted for student teaching may reapply. Students are expected to obey the law, show respect for properly constituted authority, and maintain a high standard of professional conduct while enrolled in the program.

Note: Student teachers and Interns are required to register for EDSC 4850 Student Teaching and EDSC 4250 Classroom Management II during student teaching or the first semester of the internship.

I understand the UVU Secondary Education Program’s requirements for student teaching/internship, licensure, and graduation. I agree to abide by its procedures and policies while enrolled.

Revised Spring 2015
Student Teacher License Instructions

1. Go online to www.utah.gov/teachers and click the “Student Licenses” button.

2. Enter your personal information and verify.

3. If the system is unable to locate your background check or if it has expired, follow the criminal background check instructions.

4. Answer two additional questions. If you answer “yes” to either question, please contact Leslie Hudson (advisor), 801-863-8527, immediately for further instructions.

5. Pay a $30.00 processing fee online using a credit card.

6. Select “Download License” and print a certificate. A copy of this will also be sent to your email account on file.

7. Attach the printed certificate to your student teaching application.
