High Impact Engaged Learning Grant
Statement of Acknowledgement / Terms and Conditions

Project Title: ____________________________________________________________
Project Leader: __________________________________________________________
Total HIELG Request: ___________________________ Date: ______________________

Instructions

Please provide a copy of your proposal to your Dean and Department chair and discuss with them what you plan on doing. It would be best to develop your plan on a word processor, and then cut and paste the proposal into the application. You will not be able to print the whole proposal until it is submitted and you will need signatures in order to submit. When your Dean and Department chair approve your plan, have them sign this form. This is the first step in the proposal process and a more detailed discussion will be had later.

Department Chair
