BSN Student Satisfaction

The Department of Nursing Faculty strive to meet the expectations of students in the Bachelor of Science in Nursing (BSN) program. Six months to one year following graduation, students are asked “On a scale from 0 to 10, how satisfied are you with your BSN education at UVU?”

Faculty review the data and determine if changes are needed in the program.

*Spring 2013: Faculty recognize a need to change curriculum in the BSN program – begin the process of revising BSN curriculum.

**Spring 2015: First students graduating during transition of new BSN curriculum with on-line options. Faculty reviewing online delivery closely.
