

UVU Information Technology At A Glance

Available on campus at **NO COST**

- SSID UVSC-Wireless using Clean Access (no filtering)
- Filtered wireless SSID UVSC-Guest with standard K-12 block
- Printing available —see Student Tab in UVLink “Student Services Channel”

wireless.uvu.edu or www.uvu.edu/network/wireless.html

What is it? *and* Why should I use it?

- **UV Link is the college portal and provides single sign-on access to systems. Many services & communications tools are found in UV Link including:**
 - Email
 - class schedule
 - campus software downloads (free software)
 - customizable bookmarks and pages
 - Group Studio for group collaboration
 - online training
 - Book match
 - Blackboard
 - Network storage
- **UV Announce & Campus Calendar**
 - (your customized settings are saved and you can input your announcements)
- **Link Email**
 - This is the student’s primary account and will be used by faculty and administration to communicate important information.
 - *Students are encouraged to use it on a regular basis, but if not, you should forward the email from this account to your main email account if you will not be using the Link Email.*
- **UV Link Express**
 - A tool to make your life easier. It creates a desktop single click
 - login to UVLink. Download it from UVLink Software Downloads channel under the Help tab.
