

What is Omni Update?

Omni Update, Inc. is the leading provider of web content management solutions for Higher Education. Our university uses OmniUpdate products to simplify the process of creating, editing and publishing websites.

The OmniUpdate system will help you maintain your departments' website. It allows you to keep all of the files and folders for your website in one easy-to-find location. It also provides a comprehensive editing system that allows for easy page manipulation. Creating pages through Omni is simple and quick. Once your pages have been created and edited to fit your needs, OmniUpdate will publish your pages directly to the web, or to a staging server for further editing. By following the instructions given in these training modules your websites will be up and live in no time.
