

Finding your page

Go to the universities home page, www.uvsc.edu, at this point you can navigate through the UVSC system to your specific page, or if you know the URL type it in,

[www.uvsc.edu/\(departmentnamehere\)](http://www.uvsc.edu/(departmentnamehere))

Once you have reached your department's main page you can either navigate to the page that needs to be edited or log in on the main page and go to the page that needs to be edited from within the Omni Update interface.
