

## SCHEDULE OF EVENTS

### GET YOUR PROFESSIONAL PAGE UP AND RUNNING

A photographer will be in SC 214 from 8:00-9:00 a.m. to take digital photos of faculty suitable for your professional page.

The Professional Page system is a wonderful system that allows all full-time employees to have a Web page on uvu.edu that promotes them as an employee of UVU and helps others to find them and learn about their interests. Faculty can include information about office hours, class schedules, etc. We encourage all full-time faculty to develop and periodically update a Professional Page on the UVU website. Information about how to complete a professional page can be found online at: <http://www.uvu.edu/wds/trainingresources/profpages/index.html>.
