Staff in attendance: Shauna Reher

The council approved the minutes for the October 14, 2020 meeting.

The following graduate faculty was approved:

Woodbury School of Business
Nikhil Churi - Professional

Master of Accountancy-Program Change

The sentence “If a similar course was taken at the undergraduate level, the graduate course cannot be used to meet the graduation requirement” was removed as the UCC subcommittee and the graduate program thought it was covered in policy. It is not stated in the policy, so it will need to be put back in. Policy 510 also states that matriculation requirements need to be in the catalog.

Graduation requirement should also be included in the policy.

Jim will communicate with UCC and if they are in agreement with putting the sentence back in and including the requirements, he will contact the Master of Accountancy program to have them include the changes. Motion passed.
