Fall 2022 - Summer 2023

202240 - 202330: Academic Scheduling Rules

INTRODUCTION

Building semester and academic year class schedules is inherently complex and critical to the mission of Utah Valley University, making Academic Scheduling Guidelines, as well as Scheduling Rules, necessary components for our continued growth and success.

While the Guidelines will clarify practices that reinforce UVU's priorities, promote multi-department synergy, and contribute to optimal space utilization, the Scheduling Rules clarify the steps and codes required for course sections. Together, they promote our Student Success core theme by facilitating timely degree completion, and ensure accurate state reporting.

This document includes the following sections:

Did You Know...?	Important scheduling reminders. More information is found in the Academic Scheduling Guidelines.
Standard Section Notes	Consistent verbiage for Section Notes in Banner (based on specific criteria) that are visible in student views.
Rules	<p>Scheduling rules can be specific to a delivery method, program, department or semester offered. The three basic rule types are divided by color for easy identification:</p> <ul style="list-style-type: none">■ General■ College / School■ Summer Only <p>...and each individual rule includes two sections:</p> <p>"Academic Department Schedulers" section guides schedulers to correctly submit section requests in CourseLeaf CLSS.</p> <p>"Academic Scheduling Office" section reflects the additional coding required in Banner, and removes some of the mystery behind each scheduling rule.</p>
Canvas Course Materials	List of approved Canvas course materials and associated charges. 'Inclusive Access' provides student access to the eBook and associated course materials on the first day of class.

DID YOU KNOW...?

Canvas Course Materials Charge

Canvas course materials charges, aka "Inclusive Access", provide students access to an eBook and associated course materials beginning the first day of class.

- The student's billing statement will reflect "Canvas Course Mats [\$__ / publisher]" for each course where Inclusive Access has been negotiated.
- A materials charge is typically much less than the cost of a physical textbook.
- This is not a course or lab fee.

Course Fees

Governed by university policy 607, Course-Based Fees for Credit Courses, fees can be established to cover specific course costs, including:

Course & Lab

Use of specialized lab equipment, lab supplies, disposables, instructional materials, field experiences, private instruction (School of the Arts), etc.

Lab Access

Supports school/college specific computer labs. Used to purchase, repair, and/or replace hardware and infrastructure. Students are assessed a single lab access fee per school/college per semester.

Software

Software licensing. Students pay for software use for each class they are registered for.

Tool

Equipment that remains the property of UVU; cannot reasonably be purchased by students. Common to trades (i.e., Automotive, etc.). Students pay for tool use for each class they are registered for.

Cross-listing Types and Definitions

Curriculum

Curriculum cross-listing provides a way for the same course content to be shared by multiple departments, and provides a degree of visibility (via subject code) in a student's transcript.

All curriculum cross-listed courses must use the same course number, title, description, special designation (if applicable), credit ratio, pre-/co-requisites, CLOs, and course-work requirements.

USHE Policy R470, <https://ushe.edu/policies/> (section 5.2), prohibits upper/lower division cross-listing, and specifically states:

"5.2. Lower-Division Courses (1000-2999): These courses are for students beginning in the study of a discipline. Lower-division courses offer breadth, foundation, general education, preparation for employment, or preparation for continued study and may serve as prerequisites for upper-division courses. Within the same institution, a lower-division course may not be cross listed with an upper-division course."

Section

Section-level cross-listing requires the same schedule type, instructional method, meeting pattern, building/room assignment and instructor(s) % of responsibility (in addition to the Curriculum cross-listing requirements). When cross-listing with a "special topics" course, the course number should be similar, and a subtitle is required.

If your department is the scheduling authority, YOU are responsible for requesting and maintaining accurate records of the approved cross-listed course sections AND informing the partner department(s) when scheduling changes are necessary. Any change to one section must be reflected on all sections with the same cross-list "Group ID" number.

UVU does not allow section "double-booking" for any reason (affects faculty workload and room utilization reporting).

Canvas

Some instructors prefer to cross-list, or combine, two or more of their sections in Canvas. Combining sections in Canvas can make grading and updating content easier throughout a semester. For more information, see <https://www.uvu.edu/canvas/faculty/crosslisting.html>.

202240 - 202330: Academic Scheduling Rules

Part of Term Codes	<p>Miscellaneous</p> <p>Miscellaneous (aka "Special" or "Z____") Part of Term codes:</p> <ol style="list-style-type: none"> 1. Must be requested prior to submitting section requests in CourseLeaf CLSS (dates cannot be adjusted later). 2. Start/End dates must include online readings and discussions, all seat time, assignment completion, testing and final submission(s). 3. Codes are unique to the semester they are created in, and do <u>not</u> copy/roll to the next like-semester. 4. Programs eligible for financial aid cannot cross term dates. <p>To facilitate the registration process, codes are created in the semester where instruction begins (but in some cases may be in the semester where most of the instruction occurs). If you're questioning which semester to use, please email Registration@uvu.edu and Academic_Scheduling@uvu.edu for clarification.</p> <hr/> <p>Crossing Standard Terms</p> <p><i>The majority of UVU programs and courses are eligible for Financial Aid and therefore <u>cannot</u> cross standard term dates. However, if a program requires ALL students to complete clinical, field or practical experience toward the end of the program (where dates do not align with a standard term), crossing standard term dates may be possible.</i></p> <p>According to FSA Handbook guidance (Volume 3, Chapter 2), a program that includes clinical or practicum work <u>can</u> overlap a standard term if ALL conditions apply.</p> <p>When practicum or clinical hours are...</p> <ol style="list-style-type: none"> 1. required for licensure in occupation being pursued, 2. conducted at outside entity where students are placed (i.e., hospital, fire station, clinic), 3. controlled by outside entity (days and times), and 4. associated with the term in which most of the training occurs. <p>If a program meets all criteria, terms which include such clinical work are not required to be considered non-standard, nor are such programs required to be considered non-term, even if the clinical work overlaps another term. This flexibility is limited to required clinical periods associated with standard term programs (medicine, pharmacy, physical therapy, student teaching) required to obtain a state certificate or license.</p> <p>All preceding conditions must apply for the academic program to retain standard term status. Otherwise, the entire program becomes a non-standard term, as appropriate. If such a program exists, it is important for the institution to document its treatment in its policies and procedures.</p>
Special Approvals	<p>"Special Approval" restrictions are placed on individual sections to prevent student registration without a manual system approval. This includes:</p> <p>"Department Approval Required" (DE)</p> <p>Encouraged / Appropriate use: 1) independent study, 2) research, 3) audition, and 4) professional level (license/certification) courses. Approval (override) is given by the primary instructor assigned to the course section.</p> <p>Discouraged / Inappropriate use: 1) enrollment management, 2) reserving sections for online only programs, and 3) where pre-/co-requisites are (or should be) part of the course design.</p> <hr/> <p>"Contact Internship Coordinator" (IN)</p> <p>Required on all Internship course sections. Approval (override) should be given by Internship Coordinator.</p> <hr/> <p>"Late Registration" (LR)</p> <p>Automatically applied to sections once they exceed the last registration date (relative to the part of term code and dates applied). "LR" does not replace "DE" or "IN" codes that are already in place. For more information, refer to https://www.uvu.edu/schedule/.</p>

202240 - 202330: Academic Scheduling Rules

Subtitles	<p>Subtitles should be added to sections that meet the following criteria:</p> <ol style="list-style-type: none">1. "Topics" courses (repeatable) that vary.2. Private Lesson courses (by instrument).3. Independent Study courses.4. Courses approved for Int'l Study Abroad program (to denote country). <p>The Academic Scheduling Office reserves the right to limit student registration when a subtitle has not been provided by the academic department. For more information, refer to the Academic Scheduling Guidelines.</p>
Visibility	<p>Sections can be made hidden or visible to student views at any time <u>after</u> student views are opened. However:</p> <ol style="list-style-type: none">1. By hiding an active section, you are forfeiting the assigned classroom.2. New classroom assignments are subject to availability.3. Max Enrollment will be decreased to "0". <p>If your department does not intend to offer a section during the current semester, <u>cancel it</u> (or don't create it). Create what is necessary based on planning, and then to meet additional student demand.</p>

STANDARD SECTION NOTES

Canvas Course Materials	This course uses integrated text and materials that students will access via Canvas directly. The charge for these materials is assessed at registration (not through the bookstore) and will appear on the student bill under - Canvas Course Materials/(<u><i>publisher</i></u>).																																																																						
Condensed Delivery <i>(aka Intersession)</i>	This course is delivered in a condensed format. May also include: Week 1 includes online readings and discussions, week 2 includes all seat time, and week 3 includes assignment completion, testing and final submission(s).																																																																						
Face-to-Face + Online	Course is taught both in person, in a classroom, and via technology. The technology-delivered components include teaching and learning activities and reduces the time traditionally spent in the face-to-face class.																																																																						
Live Interactive/Video	n/a																																																																						
Livestream / Livestream + Online	Lecture is held live on specific days and times, but may include an online component. Students participate from home using their own computer or device, and interact with the instructor and classmates on camera.																																																																						
Mandatory Attendance Day 1 <i>(as requested)</i>	Attendance the first day of class is MANDATORY. If you are registered for the course and are not present 15 minutes into the first class meeting, you will lose your seat in the course and must drop. If you are waitlisted, you MUST attend the first day of class to be eligible to register if a seat opens.
