CAREER SUMMARY

Associate Vice President- Student Experience & Enrollment Management February 2023 - Current

Utah Valley University- Orem, Utah

Responsibilities

Enrollment Management: Develop a Strategic Enrollment Management plan to support a growing open admissions institution.

Student Experience: Work collaboratively to create a one of a kind student experience from recruitment to graduation, and every step in between.

Improve Communication: Develop a communication plan to support students at different points in the onboarding experience. Incorporate timely communications and nudges from multiple departments across campus.

Focus on Retention & Graduation: Streamline the graduation application process and implement strategies to award credentials along the student pathway.

Utilize Technology & Data: Maintain focus on clearly understanding the student experience and filling gaps in our data. Maximize technology resources to support student success and completion.

Dean - Enrollment Development

August 2021 - February 2023

Mesa Community College- Mesa, Arizona

Responsibilities

Process Improvement: Collaborating with others across campus and third-party consultants, develop strategies to remove barriers and improve the student enrollment experience.

Develop Partnerships: Build and maintain relationships with faculty, staff, community partners, city leaders, school district administrators, and college district professionals to increase access and support student success.

Expand Services: Develop and expand virtual and in-person student services to support service needs and maximize resources to serve both online and in-person students.

Monitor Enrollment: Build dashboards to support a culture of data management and enrollment monitoring from recruitment to enrollment and retention to completion.

Effective Management: Lead and oversee multiple campus departments and coordinate strategic planning, assessment, and budgets with other campus stakeholders (i.e. advising, marketing, IT, institutional research, etc.).

Accomplishments

- Developed a cross-departmental communication plan to represent the outgoing communications to incoming and returning students.
- Worked with the American Association of Collegiate Registrars and Admissions Officers (AACRAO) to complete a thorough analysis of the student experience through each element of the enrollment experience.
- Based on the results of the AACRAO study, developed a plan to begin to address each potential barrier to improve the student experience and increase retention.
- Built strong collaboration with district and high school partners to improve the process for high school students registering for concurrent and dual enrollment courses.
- Actively leading campus efforts to develop the admission and registration pathway for two new Bachelors degrees beginning Fall 2023.
- Created a structure for staff engagement and training through the formalization of staff and leadership meetings and coordination.

Associate Vice President- Enrollment Management

January 2017 - July 2021

Utah Valley University- Orem, Utah

Responsibilities

Enrollment Management: Work across the campus to monitor and track recruitment, admission, registration, financial aid, and other areas related to enrolling students.

Assessment: Incorporate surveys and other strategies to better understand the student experience onboarding to UVU and develop the structure for reviewing and addressing the results of such assessments with campus leaders.

Innovate: Improve processes and practices to ensure students can access higher education at UVU seamlessly utilizing the results of student feedback as the primary evaluation tool.

Strategic Planning: Develop departmental and divisional goals to align with the focus and direction of the enrollment management division, student affairs, and ultimately the institution.

Collaboration: Work directly with leaders from various campus departments to improve the admission process, develop student marketing and communication plans, create a seamless onboarding experience, and promote various aspects of student success.

Accomplishments

- Removed dozens of barriers to improve processes for students. Including the reduction of paper processes, simplified advisor assignments for students, improved transcript evaluation processing, built timely messaging to students, reduced and simplified the number of enrollment holds, and built a personalized student dashboard to help them navigate their enrollment process.
- Simplified the admissions, graduation and scholarship application processes to reduce process steps by eliminating unnecessary questions for the applicant and reducing processing time.
- Implemented multiple software solutions to improve the student experience including Campuslogic which reduced the financial aid verification processing time by several weeks, Academicworks that simplified the scholarship awarding process allowing for student notifications to be sent much earlier, and the implementation of the Ocelot chatbot to increase the access and support for students to receive help outside of business hours.
- Developed the system and processes to auto-award various associate degrees and certificates leading to the verification and awarding of thousands of additional UVU credentials.
- Assessed and modified the campus scholarship awarding processes to maximize scholarship resources and reappropriated scholarships to target student completion through UVU Greenlight & UVU Reach.

SCHOLARSHIP AND PUBLICATIONS

Stone, A.J. (2012). State big goal policies: Implications for campuses. *Journal of Education, Policy, Planning & Administration*, 2(1), 51-63.

Abstract: This paper examines the newly adopted policy agendas of twenty different states, which are designed to increase college completion rates. Over the past five years, a growing number of state policy leaders have worked with institutions in implementing strategies aimed at improving completion rates. One significant motivation for adopting state goals is to sustain and enhance economic competitiveness in a global economy. By examining state legislation and higher education system planning documents, this paper highlights some of the practical implications associated with achieving state "big goals." In addition, this paper investigates the common characteristics of state big goals across the United States.

Abstract: Annual report of the HigherEdUtah2020 Strategic Plan. The report provides an update on the various initiatives—current and future—that are helping Utah attain its big goal to have 66% of Utahns—men and women age 25 to 64—with a postsecondary degree or certificate by the year 2020. This document also contains institutional updates from the eight USHE institutions regarding their prioritized initiatives aimed at helping the state attain its big goal and relative to their distinctive institutional mission and role within Utah's system and network of higher education institutions.

My Value Proposition

- **Strategic and Creative Vision** — I harness the power of marketing and communications to drive key organizational objectives, by developing and activating creative solutions.
- **Culture Building** — I've worked to build an environment where collaboration is the norm, where good ideas thrive, and where "the why" is ever-present.
- **Value-based Leadership** — I strive to create a clear vision for my team, set high expectations, then empower them to operate at the top of their license to achieve great results. Integrity is core to my approach to leadership.
- **Interpersonal Connections** — I'm a connector by nature and have built strong relationships with other leaders and community partners. I believe the ability to foster and maintain healthy relationships is foundational to marketing and communications.

ADMINISTRATIVE EXPERIENCE

- 2022 – pres. Dean, School of the Arts, Utah Valley University
- 2021 – 2022 Interim Dean, School of the Arts, Utah Valley University

I serve as the Dean of the School of the Arts, which houses four academic departments, 35 programs, and 1800 program enrollments. The School of the Arts also oversees the Noorda Center for the Performing Arts as well as the UVU Museum of Art. The School is home to 69 FT faculty, 31 FT staff, with an annual operating budget of \$13 million. I directly supervise four department chairs and four administrative staff positions.

Key Responsibilities:

- Provide leadership and strategy that aligns with UVU's mission and strategic plan
- Provide leadership support for four academic units as well as The Noorda Center for the Performing Arts and Museum of Art
- Advocate for the School of the Arts to the university through strategic planning and PBA process (current focus on utilizing key metrics data to make strategic leadership decisions)
- Assist with and advance fundraising efforts for SOA.
- Support and assist with the development of robust arts programming, including marketing and communication efforts
- Implement initiatives to increase recruitment, retention, and completion rates
- Implement efforts focused on fostering a culture of collaboration within the school community

Key Initiatives and accomplishments:

- Leading task force of SOA leadership to develop an integrated financial plan for all units that is fiscally responsible and sustainable
- Launch of UVU Museum of Art at Lakemount
- Institution of SOA High Impact Practices Funding of \$90,000
- Creation of SOA Procedures Committee
- Creation of SOA Collaboration and Communication Committee

2017 - 2021 Chair, Art & Design Department, Utah Valley University

I provided departmental leadership for the Art & Design Department, including faculty evaluations, strategic planning, program/course development. The Department was home to 24 FT faculty, approximately 65 adjunct faculty, and with an annual operating budget of \$3.4 million. I supervised two full-time staff positions and simultaneously served in the role of art history program coordinator.

Key Responsibilities:

- Oversight of largest department in the School of the Arts (and largest art department in USHE system) with a headcount of 1100 majors
- Active collaborative member of the Dean's Leadership Council in furthering the goals and mission of the School of the Arts
- Collaborated with faculty and staff to set goals and provide vision for all aspects of department operations
- Coordinator for BA-Art History and AA/AS and BA/BS in Art & Design programs
- Assisted with curriculum process and the development of new courses and program changes
- Oversaw all committees within the department
- Reviewed and coordinated transfer credit requests

Key Initiatives and accomplishments:

- Assisted with Gunther Technology Building renovation: coordinated reassignment of vacated space to A&D, which led to a significant footprint increase. Sought and was awarded funding through university PBA system for renovation and additional FF&E. Led faculty through all planning stages; coordinated significant faculty input on design. Coordinated multi-staged move that impacted majority of classes and offices in the department. Coordinated department support during two-year renovation period.
- During period as chair completion rate increased 22% and headcount increased 11%.
- Restructured department organization by eliminating Foundations as a separate area, implemented programming changes to all degrees in core electives/requirements.
- Instituted matriculation requirements for AA/AS and BA/BS programs to manage high demand (go into effect in Fall 2022).
- Increased online course opportunities by doubling the number of certified courses offered in A&D (personally developed two online courses)
- Assisted with creation of Entertainment Design BFA program, approved in 2021.
- Launched summer youth art classes in collaboration with Community Education.
- Provided significant support to faculty and staff to navigate COVID-19 shutdown and post-shutdown; developed COVID-19 protocols for lab spaces, assisted with coordinating scheduling/modality changes and training. It should be noted that Art & Design experienced an increase in student enrollments during this period.

2017 Associate Director, UVU Center for the Study of Ethics, Utah Valley University

- Director and organizer of Annual Student Ethics Symposium
- Assisted with all CSE programming and events

2016 Interim/Acting Director, UVU Center for the Study of Ethics, Utah Valley University

- Led CSE from July 1 to December 31 while director was on sabbatical leave
- Oversaw all programming for the CSE during the interim period; assisted with marketing; managed budgets and staff
- Directed Ethics Awareness Week – Ethics & Values Jubilee marking 30th anniversary of Ethics & Values course at UVU. For this historic event, Ethics Awareness Week held 23 separate panels

- over five days, including Annual Excellence in Ethics Award, bestowed upon U.S. Senator Orrin Hatch.
- Associate Director of International Society for Ethics Across the Curriculum Conference held in Salt Lake City. Coordinated with SEAC, UVU leadership, and Marriott Hotel management. Assisted with organization and execution of multi-day conference with numerous breakout sessions
- Assisted in planning the 2017 Environmental Ethics Symposium, “Climate Refugees: The New Era of Environmental Migrations”
- Assisted in planning the 2017 Annual Student Ethics Symposium

EDUCATION

Doctor of Philosophy: Geology, University of California at Davis, 1992

Dissertation: Paleomagnetic and Structural Analyses of the San Gregorio Fault Zone, California.

Graduate Work: Geophysics, University of California at Berkeley, 1985-1986

Bachelor of Science: Applied Geophysics, University of California at Los Angeles, 1985

EMPLOYMENT HISTORY

Dean, College of Science, Utah Valley University (UVU), May 2020 – present (Interim Dean August 2019-May 2020)

Oversee administration of the College of Science and serve as a member of the university's Academic Affairs Committee. Activities include development and execution of academic and administrative initiatives; strategic planning for continual improvement of the college, including program assessment and improvement; promotion of faculty development; oversight of faculty hiring, tenure, and promotion; resolving employee conduct issues; coordinating the college's annual resource allocation request; cultivating community relationships through outreach events and interactions with donors and representatives of industry.

Associate Dean, College of Science, Utah Valley University (UVU), 2010 – May 2020

Assist with administration of the College of Science, including development of academic and administrative goals; management of the student research fund, strategic planning for continual improvement of the college; oversight of construction and remodeling, student recruitment; community outreach; and cultivation of relationships with donors and representatives of industry.

Chair, Department of Earth Science, UVU, 2001-2010

Founding Chair of the department. Oversaw curriculum, including development of four new degree programs and several new courses; scheduled courses and teachers; developed and implemented program assessment activities; created and implemented faculty professional development program; recruited students; coordinated hiring new staff and faculty; prepared documents for accreditation, and conducted community outreach.

Professor, Department of Earth Science, UVU, 1997 - present

Taught courses in general geology, geologic hazards, environmental geology, oceanography, and survey of physical science. Courses included a distance-learning course that was broadcast live to sites throughout Utah, a "learning community" geology course combined with an art history course, and courses for the Honors program. Developed several field trips to investigate the geology throughout parts of Utah, California, and Hawaii. Supervised student research projects and theses.

Visiting Professor, Semester at Sea, summer 2009

Taught geology and oceanography courses on a ship-based university program. Developed and led field trips to explore the geology and oceanography in Spain, Italy, Croatia, and Turkey.

Project Geologist, Kleinfelder Engineering, part-time 1992-94, full-time 1994-97, part-time 1997-07

Provided geologic expertise and project management for a variety of engineering- and environmental-related jobs in Utah, California, Nevada, and Idaho. Assessed earthquake and landslide hazards pertinent to development of homes, businesses, government buildings, and water and gas transmission pipelines. Developed and managed project budgets and schedules. Participated in business development and marketing.

Adjunct Professor, Utah Valley State College, 1993-1994 (part-time)

Taught courses in geology, survey of physical science.

Adjunct Professor, California State University at Sacramento, 1992 (one semester)

Taught a physical geology laboratory course.

ACCOMPLISHMENTS IN EDUCATIONAL ADMINISTRATIVE LEADERSHIP

Following are selected examples of accomplishments in educational administrative leadership from my 25+ years at Utah Valley University.

Developed and Grew a New Academic Department

Appointed as founding chair of the Department of Earth Science when the department was first created in 2001. Remained chair until 2010. As chair, accomplished the following:

- Worked with the faculty to create and update the department's vision, mission, and goals.
- Helped grow the department from three faculty members in 2001 to eleven members in 2011.
- Designed four new degree programs and had them approved (see below).
- Designed and implemented the department assessment programs (see below).
- Worked with faculty to improve teaching and student mentoring, including design and implementation of a faculty peer evaluation program.
- Prepared materials for accreditation.
- Recruited regional and national earth science professionals to evaluate the department and its programs.
- Designed and implemented the department's outreach and recruitment activities.
- Initiated the department's seminar series.

Developed Curricula

Designed four new degree programs, ushered all four programs through the UVU curriculum process, and ushered the two bachelor's degree programs through the USBOR R401 curriculum approval process:

- *Bachelor of Science in Earth Science* (later changed to Bachelor of Science in Geology) (2005). This was the first bachelor's degree in a physical science at UVU.
- *Bachelor of Science in Earth Science Education* (2006).
- *Minor in Earth Science* (2004).
- *Emphasis in Earth Science* for the Integrated Studies degree program (2004).

Planned and Assessed Academic Programs

Involved with planning and assessment at the department level and the college level. Following is a selected list of accomplishments.

- *Strategic Plan*: Wrote and updated the strategic plan for the College of Science (2016 to present)
- *Division goals*: Wrote the goals for the College of Science (2018 to present).
- *Accreditation Preparation*:
 - Coordinated the College of Science preparation for an accreditation review by the Northwest Commission on Colleges and Universities (2017).
 - Wrote the 43-page Department of Earth Science Unit Self Study and coordinated other departmental preparation for an accreditation review by the Northwest Commission on Colleges and Universities (2010).
- *Degree program outcomes assessment*: Created the outcomes assessment programs for the Earth Science and Earth Science Education degree programs. Ran those assessment programs and wrote assessment reports from 2005 to 2010.
- *Curriculum mapping*: Defined intended knowledge, skills, and abilities (KSA's) for the Earth Science and Earth Science Education degree programs and mapped those KSA's onto the curricula for those degree programs. Ensured that all the desired KSA's were introduced in at least one class, and that each class in the curriculum played a role in developing the desired KSA's.
- *Mission statements*: Wrote the original mission statement for the Department of Earth Science (2001); twice re-wrote the mission statement for the College of Science (2015, 2018).

Promoted Effective Teaching

- As Department Chair:
 - Initiated a peer-mentoring pedagogical training program.
 - Wrote tenure and promotion policies that emphasized teaching and that gave credit for participation in pedagogical training programs.
 - Developed a procedure for faculty candidate interviews requiring candidates to teach full class sessions of actual UVU courses.

- As Associate Dean:
 - Advanced teaching excellence in the College of Science by promoting pedagogical training programs.
 - Encouraged inclusion of teaching-related criteria in departmental RTP documents.
 - Encouraged faculty search committees to carefully assess teaching potential and to hold teaching skill as the top priority when ranking faculty candidates.
 - Served on the Global/Intercultural (G/I) Initiative oversight committee, which seeks to increase the quality of global and intercultural teaching across campus.
 - Served on the Honors Program Oversight Committee, helping to provide educational opportunities for students interested in pursuing the Honors graduation distinction.

Served on Campus-wide Committees

Long history of collaboration with professionals from across the UVU campus to jointly pursue the goal of educational excellence. Following are selected examples.

- UVU SRI Revision Task Force (2022-present)
- Campus Inclusion Committee member (2022-present)
- Environmental Ethics Symposium organizing committee co-chair (2015-2019)
- UVU committee to plan the 2019 United Nations DPI/NGO conference, committee member (2018-2019)
- Global Academic Advisory Board (2008-2018)
- Global/Intercultural Initiative Oversight Committee (2014-2019)
- Grants for Engaged Learning Grants Review Committee (2011-2019)
- Honors Program Oversight Committee (2016 – 2019)
- Institutional Effectiveness Committee/Academic Excellence Committee (2010-2018)
- Campus-wide STEM Coordinating Committee (2013-2018)
- Summer Transitions Advisory Committee (2012-2018)
- University Image Committee (2011-2018)
- UVU Sustainability Committee (2010-2016)
- Capitol Reef Field Station Advisory Board (2010-2015)
- *UV Self* leadership training fellow (2012-2013 cohort)
- Advisement Leadership Council (2009-2012)
- Women’s Success Center Coordinating Council (2010-2013)
- Completed the process to make UVU a member of the Colorado Plateau section of the Cooperative Ecosystems Study Unit (2012)
- Advisement Leadership Council (2009-2012)
- Institute for Professional Engagement committee member (approx. 2007-2009)

Provided Leadership in Hiring

- *University-wide executive/staff hiring:*
 - Chaired two executive-level search committees:
 - Dean of the Woodbury School of Business (2022)
 - Senior Director for International and Multicultural Studies (2013)
 - Served on two executive-level search committees
 - Assistant Vice President for Recruitment (2014)
 - Associate Vice President for Academic Programs (2012)
 - Served on three search committees for university-wide staff positions
 - Director of Undergraduate Research (2018)
 - Program Director for Engaged Curriculum (2017)
 - Latino Initiative Program Coordinator (2022)
- *Department faculty hiring:* Chaired eight faculty search committees for the department of Earth Science. This included writing job descriptions, advertising the positions, organizing search committees, defining candidate ranking criteria and rating procedures, defining interview formats, writing interview questions, and running interviews. Acted as committee member on an additional two faculty hiring committees.
- *Faculty hiring best practices guidelines* – wrote best-practices guidelines for hiring faculty in the College of Science to promote continuous faculty improvement.

Recruited Diverse Students through Extensive Outreach

- *Community STEM outreach:* In collaboration with colleagues, organize and staff booths featuring hands-on science-learning activities for STEM promotion at community events (two to four events per year). These include local events (e.g., Provo Science Palooza), regional events (e.g., Craft Lake City DIY festival), and state-wide events (e.g., Utah STEM Fest).
- *Grade school STEM outreach:* In collaboration with colleagues organize and staff booths featuring hands-on science-learning activities for STEM promotion events at grade schools. Includes three to six events per year, many at schools that serve populations that are underrepresented in sciences (e.g., Title I schools, schools on the Navajo Nation).
- *High School outreach:* In collaboration with colleagues, organize and staff College of Science informational booths at events aimed at recruiting high school students to UVU. These include UVU open houses held at locations along the Wasatch Front and the annual Sterling Scholar Banquet held at UVU (two to four events per year).
- *Transfer college outreach:* Organize and staff College of Science informational booths at events aimed at recruiting students from two-year colleges to UVU. These include events at Salt Lake Community College and Snow College (one to two events per year).
- *College of Science Annual Newsletter:* Edited *The Synapse*, the annual newsletter for the College of Science, since 2012 (co-edited starting in 2017). The Synapse includes stories about accomplishments in each of the six College of Science departments.
- *Utah PREP:* Served as PI on a 2.5-year (2016-2019) NSF-funded effort to create and enhance a series of 7-week summertime STEM workshops (“PREP” programs) for middle-school students.

UVU has run a PREP program for 4 years. The \$350,000 grant provides funds to assess the success of the UVU PREP and to create resources to turn PREP into a state-wide program (“Utah PREP”)

- *Utah Conference on Undergraduate Research* (2016): Served on the committee that planned and ran the conference. My contribution focused on recruiting and coordinating student volunteers and on securing space resources for the conference.
- *Science Kids Camp*: Designed and organized the first-ever, week-long UVU Science Kids Camp, which was offered through Community Education (2013).
- *College of Science Open House*: Devised, designed, and ran College of Science Open Houses 2012 – 2016. The open houses brought 250 to 400 high school students to campus to attend workshops by each of the six departments in COS. The organizational format for this open house was adopted by Prospective Student Services to be used during the 2013/2014 UVYou Days.
- *College of Science brochure* – Worked with University Marketing to design and write a brochure that has pull-out informational sheets for each of the six College of Science departments (2011 - 2018).

Promoted Inclusion and Student Success

- *Latino Scientists of Tomorrow* (2012 – present): Created and continue to co-manage (with the UVU Latino Initiative) the Latino Scientists of Tomorrow (LST) summer bridge program (following the format of the Latino Educators of Tomorrow). LST offers two UVU science courses, college prep activities, and career exploration activities, to selected Latino high school students. The program has run for six years, with an average enrollment of 24 students per year.
- *UVU Inclusivity Advisory Board* (2014-2020): Participate as a member of the board that develops and implements UVU’s inclusion plan.
- *Expanding Your Horizons and Empowering Your Tomorrows conferences* (2004 – 2019): Serve on event organizing committees, plan and staff information tables for the Department of Earth Science and College of Science at these annual conferences for grade-school girls and boys.
- *Utah Governor’s Native American Summit* (2014 – present): Served on the committee to plan and run educational events for school-age Native American youths who attend the annual summit at UVU.
- *UVU First Generation Initiative* (2016-present): Work with the First-Gen initiative to offer “learning lunches” and COS tours for first-generation college students.
- *SheTech Explorer Day* (2014-2017): Co-Chaired SheTech Explorer Day, an annual, all-day event for high-school girls to explore STEM careers.
- *Women in STEM Brown Bag series* (2014-2016): Co-Chaired series of lunchtime and evening social events for female STEM students to network and to hear about keys to success from peers and from mentors who are female STEM professionals.
- *Tri-Ute Conference*: Served on the organizing committee for the 2013 Tri-Ute Conference, which brought 120 youths from the three Ute tribes to UVU for educational and motivational activities.

- *Health Scholars Mentoring Day*: Worked with Mountainland Technical College to design and run the first-ever Health Scholars Mentoring Day, which brought several dozen high school students to UVU to learn about health careers (2013).

Facilitated and Promoted Student and Faculty Research

- *College of Science Scholarly Activities Committee (SAC)* committee chair: SAC funds faculty-mentored student research within the College of Science. As chair of the SAC, I work with a committee to establish criteria for what SAC will fund, created SAC funding proposal forms, establish proposal timelines, establish proposal ranking criteria, and ranked proposals. Along with administrative assistants I track SAC budgets (2011- 2019).
- *Office of Engaged Learning*: Served on committees to develop and run programs that fund scholarly and creative works and pedagogical development (2011 – 2019).
- *Utah Conference on Undergraduate Research* organizing committee (2017).
- *Scholarly and Creative Undergraduate Leadership Partnership Team (SCULPT)* committee member (2016-present).

Fostered Community Relations

- *Public science presentations*: Skype a Scientist presentations to K-12 schools (2020-2021), Provo Library science series (2018), Orem Library science series (2018), Timpanogos Gem and Mineral Society monthly meeting (2018), UVU Science for Breakfast (2012), Cottonwood Canyons Foundation (2010-2012), Park City Sunrise Rotary Club (2006), Salt Lake Rotary Club (2006).
- *Thanksgiving Point collaboration* (2020): Arranged a meeting of UVU faculty and staff with Axel Estable, Director of Learning and Engagement at Thanksgiving Point to discuss possible research and educational projects involving a wetland area owned by Thanksgiving Point.
- *doTERRA collaboration* (2019): Worked with Dr. Russ Osguthorpe, doTERRA Chief Medical Officer to explore possible research collaborations between doTERRA and UVU College of Science. Introduced Dr. Osguthorpe to several members of the College of Science faculty. Promoted process by which faculty may submit research funding proposals to Dr. Osguthorpe.
- *Nu Skin collaboration* (2019): Arranged a meeting of representations of the UVU College of Science, UVU Department of Chemistry, and Nu Skin at the request of Helen Knaggs, Nu Skin V.P. of Global Research and Development. The focus of the meeting was development of a program at UVU to train students in formulation science. Nu Skin and many other local nutraceutical businesses need employees with formulation skills. The Department of Chemistry is developing a formulation science program to meet this need.
- *Loveland Living Planet Aquarium* Education Advisory Board member (2015-2018).
- *School district collaborations* (2013-present): Worked on various collaborative projects with the Alpine, Nebo, and Provo school districts to improve preparation of students for success in college science majors. Included presentations on college-readiness to representatives of the Alpine and Provo districts, a tour of science research labs for Provo District elementary teachers,

and collaboration on the UVU PREP summer STEM program with representatives of the Alpine, Nebo, and Provo districts.

- *Alternative Spring Break Grand Canyon service project leader* (2018): Led a group of UVU students on an environmentally oriented service project that was arranged by the UVU Center for Social Impact.
- *Geoscientists Without Borders* presenter at annual meeting (2016).
- *Snow College Division of Natural Science and Mathematics* program review team member (2015).
- *Weber State University Geosciences Department* program review team member (2013).
- *UCCU Family Festival* planning team member (2012, 2013).
- *Elderhostel (Road Scholar)* (2000-2001): Led educational workshops for participants in several Elderhostel (now Road Scholar) programs. Workshop topics included the geology of ski resorts, the geology of golf courses, the origins of mountains, and earthquake hazards. Some of the ski resort workshops included on snow geologic tours of ski resorts (2002-2010).
- *Project Impact*: Member of the FEMA-funded Project Impact landslide committee, tasked with reducing landslide hazards in Salt Lake City.

Cultivated Donor Relations

As department chair and associate dean, worked with UVU Donor Relations to foster relationships with the following donors:

- Chris Peper (donated mineral specimens)
- Anne Peper (endowed a scholarship and donated a world-class mineral collection).
- Lilian Hayes (endowed a scholarship).
- Dennis McMurdie (donated hundreds of books, maps, and journals).
- Dozens of regional professional earth scientists, who collectively donated approximately half of the UVU Fulton Library geology book collection.

Oversaw Building Construction and Occupancy

- Acted as liaison between the College of Science & Health (now College of Science), UVU Facilities, and the contractor during the final 18 months of construction of the UVU Science Building. Helped to ensure that the building was constructed according to plans and to wishes of CSH. Gathered information from CSH faculty and staff to help the contractor with final design issues. Worked with UVU Campus Scheduling to determine which rooms in the building were appropriate for general class scheduling and which were appropriate for department-specific use. Coordinated plans to distribute department-specific space within the building among CSH departments.

TEACHING ACTIVITIES

Extensive Teaching Experience

- More than 25 years teaching
- Over 80 individual sections of ten different courses

Multi-Format Teaching Experience

- *Lecture*: Taught several dozen sections of “lecture” classes, utilizing student-centered, engaged-learning pedagogies.
- *Lab*: Taught ~20 sections of laboratory-based classes.
- *Distance Ed*: Taught ~ten course sections that were delivered to distant sites via live-interactive television.
- *Field*: Taught around 20 sections of field-based classes, including general-interest classes and upper-division geology classes. These courses explored parts of Utah, Idaho, Wyoming, Montana, Nevada, California, and Hawaii.
- *International*: Developed geology and oceanography classes for teaching assignment with Semester at Sea, a ship-based university program. Included class meetings on the ship as it traveled across the Atlantic and through the Mediterranean, and field-based learning activities in Spain, Italy, Croatia, and Turkey.

Interdisciplinary Teaching Experience

- *Combined geology/biology class*: Developed and taught short (4-day to 2-week) field-based course that explored elements of geology and biology in areas throughout the western U.S., in collaboration with a biologist (every year since 2004)
- *Combined geology/history/art history class*: Developed and taught a course that explores the eruption of Mt. Vesuvius in AD 79 and the impact of that eruption in preserving elements of Roman art and culture (taught as a UVU Honors course, Spring 2019).
- *Combined geology/art history class*: Developed and taught this full-semester course that combined *Introduction to Geology* with *History of Art to the Renaissance*, in collaboration with an art historian (2014, 2015)

Pedagogical Training

- Participated in workshops from the UVU Office of Teaching and Learning (1997 - present)
- Participated in workshop on securing funding for research from the Council on Undergraduate Research (2015)
- Participated in workshop on incorporating research into teaching from the Council on Undergraduate Research (2014)
- Participated in workshop on promoting success among diverse groups of students from the Association of American Colleges & Universities (2013)
- Participated in workshop on student-centered teaching from the National Association of Geoscience Teachers (1997)

PROFESSIONAL SOCIETIES AND BOARDS

- *Huntsman Cancer Institute PathMaker Programs Advisory Committee*: Member 2022
- *Geological Society of America (GSA)*: Member 2018-2019, General Chair of the May 2020 meeting of the Rocky Mountain Section of the GSA.
- *iUTAH management team* (2013-2015)
- *Utah Professional Geologists Licensing Board* (2011-2014; Board Chair, 2013/2014)
- *Association of Environmental and Engineering Geologists*: Member (1994-present, Intermountain Section Program Chair, 2003-2004, Intermountain Section President 2005 – 2007, Annual Meeting Co-Chair, 2012)
- *Utah Geological Association*: Member (1992-present), President (1997), Program Coordinator (1994, 2013)
- *Utah Quaternary Fault Parameters Working Group, invited presenter* (2008 - 2012)
- *National Association of Geoscience Teachers* (1998-2011)
- *Utah Council of Professional Geologists* (2001-2005)
- *Utah State Geologic Mapping Board*: Member (1997)

AWARDS AND RECOGNITIONS

- UVU Global Engagement Atlas Award for supporting global education (2021)
- UVU Presidential Award of Excellence for Inclusion (2013/2014)
- UVSC (UVU) School of Science and Health (now College of Science) Teacher of the Year (2000/2001).
- UVSC (UVU) Alumni Association Teacher of the Year (1998/1999).

GRANTS

- *National Science Foundation*, \$350,000 award for Utah PREP (2016-2019) – Principal Investigator on grant which helps to fund expansion and assessment of Utah PREP, a multi-institutional science education and outreach project. Collaborated with the School of Education and SCUP to write the successful grant application.
- *National Earthquake Hazards Reduction Program (NEHRP)* (2016) - with co-PI Nathan Toké, Characterizing the timing of ruptures crossing the boundary between the Provo and Salt Lake City segments of the Wasatch Fault: \$31,366.
- *UVU College of Science Scholarly Activities Committee*, \$2,495 for WAVES Java (2016) - Principal Investigator on this tsunami research project in Java, Indonesia.

KYLE A. REYES, Ph.D.

kyle.reyes@uvu.edu | 801-376-4657 (C)

CAREER PROFILE

- 19 years in higher education
 - Tenured faculty in UVU's School of Education – Multicultural Education
 - Ph.D. in Educational Leadership – U. of Utah, 2012 (Magna Cum Laude)
 - Over 50 peer-reviewed conference presentations
 - Oversaw fundraising of over \$6,500,000
 - Oversaw 850 employees
 - 19 honors and awards (6 national, 4 state, and 9 from UVU)
 - 5 grants received totaling \$70,650
 - Over 150 keynote addresses and 260 workshops/panels in 30 states and Canada
 - Board Member for 14 national/state orgs.
 - 73 university committees, councils, and task forces
-

ADMINISTRATIVE EXPERIENCE

VICE PRESIDENT OF INSTITUTIONAL ADVANCEMENT / CEO OF UVU FOUNDATION

Utah Valley University | October 2022 – Present

- Led the launch of UVU's first ever comprehensive campaign of \$350M over 8 years.
- Oversee a staff of 68 in all areas of university fundraising and development including: donor relations, strategic engagement, executive events, annual giving, alumni relations, planned giving, prospect development, data analysis and management, corporate and foundation relations, and financial accounting.
- Lead the UVU Foundation and the governance of the UVU endowment.
- Establish key collaborations with partners internal and external to UVU to enhance overall support for UVU's priorities, programs, and students.

VICE PRESIDENT OF STUDENT AFFAIRS

Utah Valley University | November 2017 – October 2022

- Co-chaired development of UVU's Vision 2030 Plan (10-year strategic visioning document) (2019) and the Vision 2030 Refresh (2022); garnered campus and community input and support for the plan
- Helped lead the improvement of UVU's Completion rates from 36% to 41% in three years.
- Established nationally recognized Student Affairs Impact Map demonstrating how 27 S.A. departments add value to the student experience and university goals
- Dramatically shifted Student Affairs fundraising culture and worked with our S.A. major gifts officer to increase donations from \$40,000 per year to over \$2M per year to support First Generation student success, women, veterans, student leadership and involvement activities, multicultural initiatives, and mental health
- Developed nationally recognized Exceptional Care model for student support and services
- Elevated staff morale and capacity through the creation of multiple leadership development opportunities for Student Affairs professionals:
 - Student Affairs Institute for Leadership (SAIL) — year-long program that helps SA staff members personally and professionally prepare for advancement in their careers
 - Employee onboarding program with orientation guide and welcome materials
 - Curriculum and structure of the Masters of Education – Higher Education Leadership emphasis
 - Division-wide meetings and appreciation events for over 850 employees (270 ft and 580 pt)
- Developed strong relationships, coordination, and collaboration with the division of Academic Affairs and other university divisions where previous tensions existed

- Successfully maximized a \$38 million budget through ongoing improvements in efficiency, accountability for resource allocation, and clarity of impact of resources
- Led development of restructured Women’s Council to increase cross-campus collaboration for the advancement of women including educational and career opportunities
- Established UVU’s First-Generation Student Success Center—the first of its kind in the state of Utah

CHIEF INCLUSION & DIVERSITY OFFICER

Utah Valley University | June 2014 – November 2018

- Developed and implemented UVU’s nationally award-winning, campus-wide, strategic inclusion and diversity plan including 36 action steps related to access, equity, and opportunity for historically underrepresented individuals; diverse student and employee representation; global/intercultural curriculum; campus climate; policies; safe spaces; trainings and dialogues; and intercultural competence assessment
- Helped increase enrollment of students of color by 90% from 10.4% to 18.8% of total enrollment
- Developed guidelines and training for hiring and retaining underrepresented professionals
- Designed and developed three award-winning Inclusion Annual Reports (2015, 2016, 2017)
- Led refinement of Inclusion indicators for accreditation self-study and evaluations
- Developed campus-wide Foundations of Inclusion Workshop Series for faculty and staff
- Led development of state-wide Chief/Senior Diversity Officer committee
- Successfully advocated for the development of 24 All Gender and Family bathrooms
- Co-sponsored the African American Initiative Mentoring Program
- Advocated for and successfully secured funding to advance LGBTQ+ activities, spaces, personnel, and programming
- Launched People of the Pacific Initiative (for Pacific Islander student success)
- Selected to represent the Utah System of Higher Education (eight public institutions) on the Governor’s Multicultural Commission since 2015
- Chaired MLK Commemoration Committee seeing an increase in campus-wide participation each year
- Created and chaired campus-wide Inclusion and Diversity Committee
- Advocated for and secured \$4.1 million of institutional funding from 2015-2018 to fund Inclusion Plan action steps, initiatives, programming, positions, scholarships, and facilities
- Directed the Utah Valley Senior Executive Leadership Forum
- Conducted over 100 workshops, dialogues, and trainings within the university and throughout the state on issues of cultural bias, multiculturalism, equity and access issues in education, culturally relevant pedagogy, and arts-based approaches to empowering student voice
- Engaged in fundraising efforts to support Inclusion/Diversity initiatives including the development of case statements, cultivation of donors, and prospect research

CHIEF OF STAFF / SPECIAL ASSISTANT TO THE PRESIDENT

Utah Valley University | August 2009 – June 2014

- Served in Presidential Cabinet, which is responsible for strategic planning; the development of university core themes, objectives, and indicators; policy analysis and revision; facility and campus master planning; board management; fundraising prioritization; strategic enrollment management; budgeting and resource allocation; leadership development; and constituent relations
- Served as Acting Chief Diversity and Inclusion Officer
- Coordinated and advised on K-16 issues including high school-to-college transitions, developmental education, college readiness, summer bridge programs, and first-year experience
- Assisted in management of presidential initiatives, events, and leadership councils
- Presidential liaison to community, K-12 partners, and other key constituents
- Ghost-wrote speeches, correspondence, and general campus documents
- Prepared presidential presentations for legislature, boards, community, and campus constituents
- Directed the Utah Valley Senior Executive Leadership Forum (leadership development program)

- Launched and led the development of UVU's Native American Partnerships Initiative
- Led development of institutional leadership competencies assessment
- Chaired annual, campus-wide, 3-day UVU Summer University Conference
- Developed and directed the UVU Presidential Internship Program

DIRECTOR OF STUDENT SUCCESS AND RETENTION

Utah Valley University | April 2009 – August 2009

- Managed campus-wide Student Success & Retention Initiative, Federal Title III Grant (\$2 million, five-year grant), and staff
- Established initiatives and structure targeting underserved populations and faculty connections
- Coordinated First Year Experience and retention efforts across divisions/departments
- Implemented UVU "Three Week Project" and "Retention Mentors" initiatives

LATINO INITIATIVE FOUNDER & DIRECTOR

Utah Valley University | August 2007 – April 2009

- Established and implemented nationally recognized, campus-wide Latino Initiative including 14 programs, events, and services dedicated to the improvement of access and achievement among Latina/o K-16 students
- Developed Latino-focused programs with three UVU schools/colleges
- Advised and provided data for campus administration, legislators, and community leaders regarding immigrant communities and related policies
- Created the Latino Scholarship Fund and raised over \$60,000 in scholarships
- Advised over 200 UVU Latina/o students each semester
- Visited and spoke with over 3,000 Latina/o students and parents in bilingual settings each year
- University specialist on undocumented student resources and support services

GEAR UP COUNSELOR & REGIONAL COORDINATOR

Utah Valley University | August 2006 – August 2007

- Advised and coordinated academic services for 230 low-income and first-generation students in the Provo School District
- Visited 160 students with their families in their homes to develop educational road maps/plans
- Conducted over 50 college readiness workshops for students, parents, and community
- Coordinated GEAR UP grant assessment and research for Annual Performance Report (APR)

TRIO ASSESSMENT COORDINATOR & UPWARD BOUND ADVISOR

Utah Valley University | September 2003 – August 2006

- Coordinated services for 1,200 low-income and first-generation students in eight Utah school districts
- Conducted research for grant renewal and assisted in all aspects of federal grant reports
- Taught over 300 workshops to students and parents about college readiness & life skills
- Advised 40 Upward Bound students in three high schools
- Planned and led Upward Bound summer bridge program services and activities

FACULTY/TEACHING EXPERIENCE

ASSOCIATE PROFESSOR | 2019-Present

Utah Valley University School of Education – Department of Secondary Education

- Awarded Tenure July 1, 2019
- *EDUC 6470* – (Master's) Foundations & Contexts of Higher Education (online & F2F)

- Lead faculty member in the development and design of the M.Ed. in Higher Education Leadership program

ASSISTANT PROFESSOR | 2014-2019

Utah Valley University School of Education – Department of Secondary Education

- *EDSC 445G* – (Secondary) Multicultural Understanding & ESL Methods (Global/Intercultural or GI designation)
- *EDEL 330G* – (Elementary) Multicultural Understanding (GI designation)
- *EDEL 4540* – (Elementary) Arts Integration Methods (Service-Learning Section)
- *EDUC 6390* – (Master’s) Family and Community Involvement for Practitioners
- *EDUC 6360* – (Master’s) Multicultural Education for Practitioners (hybrid course)
- *EDUC 520R* – (Multiple) Special Topics in Education
 - Developed one-credit Intercultural Immersion preparation course for students pursuing intercultural immersive teaching experiences globally and domestically
- *EDEL 1010* – Introduction to Education (online course)
- Developed intercultural immersion programs (Alternate Spring Break and 7-week student teaching) on the Navajo Nation

ADJUNCT PROFESSOR | 2006-2014

University of Utah College of Education – Educational Leadership & Policy

- *ELP 6560/7560* (Master’s and Doctoral course) – College Student Retention Theory
- *ELP 6550/7550* (Master’s and Doctoral course) – Leadership in Student Affairs

Utah Valley University School of Education – Elementary Ed. and Master’s Programs

Utah Valley University College of Humanities and Social Sciences – Communication Dept.

Employment (Current)

Higher Education Administrator

- Utah Valley University – Orem, UT (August 2022 – present)
Associate Provost for Academic Programs and Assessment
 - *Direct Supervisor:* Dr. Wayne Vaught, Provost & Senior Vice President for Academic Affairs
 - *Position Description:* Responsible for the operational management, strategic vision, and administrative direction of the Office of Academic Affairs for Programs and Assessment. Reports to the Senior Vice President of Academic Affairs and Provost and oversees multiple units within the Office of Academic Programs and Assessment. Works closely with appropriate colleagues in Academic and Student Affairs on issues of assessment, curriculum, scheduling, retention, completion, and student success. Responsible for supporting the mission and vision of the University, particularly Academic Affairs' mission and role in curricular delivery and assessment. Represents the University on administrative matters for the division, to include external entities, both public and private.

Employment (Previous)

Higher Education Administrator

- Tarleton State University - Stephenville, TX (February 2021 – August 2022)
Assistant Vice President for Strategic Academic Initiatives & Associate Professor
 - *Direct Supervisor:* Dr. Jordan Barkley, Senior Associate Provost and Associate Vice President for Academic Administration
 - *Position Description:* Generate a positive and goal-oriented culture among peers; develop and implement processes for managing strategic initiatives; support existing initiatives and add new initiatives; improve efficiency efforts for routine business processes related to initiatives; collaborate with colleagues across campus; facilitate effective communication; and enhance efforts that promote student success and advance diversity, equity, and inclusion. This was a newly created position that was originally titled as Executive Director of Strategic Academic Initiatives and retitled in August 2021 to more accurately represent the scope and nature of responsibilities.
 - *Key Accomplishments:*

To ensure that the diverse needs to the institution were being met, the Provost and Associate Provost of Academic Administration reorganized and created this position in response to the release of an ambitious 10-year university strategic plan, implementation of a 5-year Quality Enhancement Plan connected to regional accreditation requirements, and record-breaking student enrollment growth for three consecutive semesters.

- Leads Tarleton's selection as a public university Texas Reskilling Support Fund Grantee to participate in efforts towards improving student outcomes for the state of Texas through the National Institute for Student Success (NISS) at Georgia State University
 - Received Presidential funding for a five-year period to support operations associated with the establishment and implementation of Academic and Career Engagement (ACE) Communities (Total Commitment: \$5,148,074.50)
 - Awarded external grant from the Greater Texas Foundation for a two-year period to support operations associated with the establishment and implementation of Academic and Career Engagement (ACE) Communities (Total Grant Award: \$691,158)
 - Coordinates strategic planning efforts for *Tarleton Forward 2030* within the Division of Academic Affairs
 - Supports institutional effectiveness planning efforts for the Division of Academic Affairs
 - Plans and implements programming that enhances postsecondary access and success
 - Collaborates with the Director of First- and Second-Year Initiatives, academic departments in the Division of Academic Affairs and Career Services, and Residence Life in the Division of Student Affairs to establish and implement Academic and Career Engagement Communities for first-time-in-college students.
 - Implements the Texan Smart Quality Enhancement Plan (QEP) in collaboration with the founding Director of the Texan Smart Financial Center and the Technical Communications Coordinator in University College. A higher education institution's QEP is connected to Tarleton's Reaffirmation of Accreditation through the Southern Association of Colleges and Schools Commission on Colleges' (SACSCOC). At Tarleton, the Texan Smart QEP (2021-2026) includes establishment of the Texan Smart Financial Center to support financial wellness and well-being among first-time-in-college students.
 - Represents the Office of the Provost and the Division of Academic Affairs on a wide range of committees within the institution, the Texas A&M University System, and beyond.
- Tarleton State University - Stephenville, TX (July 2020 – February 2021)
Dean of University College & Associate Professor
 - *Direct Supervisor:* Dr. Jordan Barkley, Senior Associate Provost and Associate Vice President for Academic Administration
 - *Position Description:* Oversee student success services housed in the Departments of Academic Advising, Career Services, Student Development & Mentoring, Student Retention, and the Tutoring and Learning Center; generate a positive and goal-oriented culture among the college leadership team and staff; develop and implement enrollment growth strategies with respective academic deans; add new initiatives to the college portfolio, improve advising practices and retention efforts, collaborate with colleague deans, facilitate effective communication; and develop high-impact experiences and academic support programs that facilitate student learning. This was a newly created position that was established to lead University College as a non-academic unit.
 - *Key Accomplishments:*
While serving in this role, I leveraged the knowledge and experiences of approximately 40 staff members to plan and implement targeted student retention and success initiatives while functioning together as a cohesive unit. Under my leadership, University College was established as a student-centric entity that prioritized the needs of undergraduate students, particularly those

who are at a greater risk for attrition. I became intimately familiar with the work of each department housed in University College and collaborated with the respective Director, Assistant Directors, and staff members to boost productivity, increase efficiency, and coordinate efforts and analytics with other departments throughout the institution to serve students more effectively.

- Academic Advising: Decentralized academic advising services to create advising hubs within the academic colleges; improved processes and protocols for advising services; increased efficiency and boosted productivity among advisors with events that were responsive to student needs; and coordinated with other units that handle advising for specialized student groups and programs (i.e., Athletics, Honors College, Program for System Admission)
 - Career Services: Developed virtual content within the Canvas learning management system aligned with National Association of Colleges and Employers Career Readiness Competencies; formulated a career services model dubbed the Career Cycle that identifies specific career development stages aligned with National Association of Colleges and Employers (NACE) Career Readiness Competencies; identified relevant co-curricular experiences that supports student career development within each Career Cycle stage; and retooled career coaching program from a centralized service to a decentralized service within the academic colleges
 - Student Development & Mentoring: Received Texas Higher Education Coordinating Board (THECB) grant for \$99,955 to support and enhance comprehensive strategies and activities that implement improvements to the developmental education program (i.e., scaled up co-requisite enrollment to 100% and developed a sustainable academic initiative with \$19,000 in expenses and \$321,000 in revenue); re-envisioned academic coaching services to better serve students who experienced academic distress; and developed and implemented a robust peer mentoring program that promoted a seamless transition to the institution among first-time-in-college students.
 - Student Retention: Established as a new department within University College; generated comprehensive retention reports; strengthened use of EAB Navigate, Tarleton's Student Success Management System, including use of analytics, predictive modeling, and early alert processes; and expanded efforts with artificial intelligence technologies.
 - Tutoring and Learning Center: Restructured job requirements for Director to include collaboration with the academic colleges to plan and implement supplemental instruction, tutoring services, and clinic activities housed in the academic colleges (i.e., Math Clinic, Writing Center); increased efficiency with management of operating budget; and improved reporting mechanisms to analyze effectiveness of services.
 - University College: Generated comprehensive semester reports to share information concerning student success services widely throughout the institution; collaborated with Employee Services to develop an efficient and streamlined process for the hiring of student workers in University College that recruits diverse talent; repurposed staff member position to manage and supervise student workers; and engaged and empowered student workers to engage in challenging and complex tasks.
- Tarleton State University - Stephenville, TX (June 2019 – June 2020)
Assistant Dean of Undergraduate Studies for First- and Second-year Experience & Associate Professor
 - *Direct Supervisor*: Dr. Jordan Barkley, Senior Associate Provost and Associate Vice President for Academic Administration
 - *Position Description*: Plan and implement programs designed to increase academic engagement and success for students during the first and second years of college; the first-year seminar program; coordinate academic activities associated with Orientation and Transition Week; implement common curriculum threads; and academic compliance with developmental education

requirements. This was a newly created position that was later elevated to the new position of dean for University College.

- *Key Accomplishments:*
 - Re-envisioned high impact practices (HIPs) and other vital components associated with the first-year experience.
 - Engaged in the planning and development of second-year programming.
 - Coordinated with the Divisions of Enrollment Management and Student Affairs to plan and implement Orientation and Transition Week events for incoming first-time-in-college students.
 - Collaborated with academic leaders in the Division of Academic Affairs to establish 12 meta-majors at Tarleton: Agriculture; Behavioral Sciences; Business; Education; Engineering, Industry, Manufacturing, & Construction; Fine Arts; Health Sciences & Human Services; Human Communication & Design; Kinesiology & Human Performance; Military & Civil Service; Science & Math; and Social Sciences.
 - Served as Chair for the development of Texan Smart Quality Enhancement Plan, which was a part of the reaffirmation of accreditation process with the Southern Association of Colleges and Schools Commission on Colleges
 - Led the cross-Divisional COVID-19 Student Success and Support Taskforce at Tarleton.

Higher Education Endowed Professor

- West Texas A&M University – Canyon, TX (January 2016 – May 2019)
Dr. John G. O’Brien Distinguished Chair in Education & Assistant Professor
Date Tenure and Promotion Awarded: April 11, 2019
 - *Direct Supervisor:* Dr. Janet Hindman, Department Head and Associate Professor of Educational Leadership
 - *Position Description:* Engage in close collaborations with West Texas A&M University, Pre-Kindergarten - Grade12 school district partners, and community agencies to conduct in-depth scholarly research that identifies best teaching practices for current issues in education.
 - *Key Accomplishments:*
 - Directed multiple research projects individually and with colleagues that focused on local, state, and national educational issues for Pre-K through high school learners, as well as adult learners.
 - Led efforts related to the publication and presentation of research findings, which resulted in over 50 peer-reviewed journal articles and over 40 presentations at local, regional, state, national, and international venues.

Administrative and Leadership Positions

Dean, College of Humanities and Social Sciences (CHSS) Utah Valley University (UVU), January 2017 – Present

The College of Humanities and Social Sciences is the largest college at Utah Valley University in terms of faculty and student enrollments. It consists of seven departments (Behavioral Science, Communication, English and Literature, History and Political Science, Languages and Cultures, Literacies and Composition, and Philosophy and Humanities), offers two associate degrees, 26 bachelor degrees, three masters degrees, and has approximately 200 full-time faculty. The college has over 5,000 students majoring in our academic programs and awards over 2,000 certificates and degrees annually.

As Dean, I work with the Provost and Senior Vice President for Academic Affairs and other members of the Provost's Office, Deans and Associate Deans from other colleges, members of the deans' office, department chairs, and CHSS faculty and staff.

Associate Dean (Interim), College of Humanities and Social Sciences Utah Valley University, July 2013 – December 2016

As Associate Dean (Interim), I worked with the Dean, the members of the dean's office, and the department chairs. I was a member of the Academic Effectiveness Committee, the Summer Advisory Board, the Grants for Engaged Learning (GEL) Committee, the Associate Dean's Council, the CHSS Curriculum Committee, and was over the Dean's Awards and Engaged Learning in the Liberal Arts (ELLA) awards. Key achievements include the following:

- Collaborated with the Office of Academic Quality Assurance, the Academic Effectiveness Committee, the Associate Vice President for Academic Programs, and the Office of Institutional Research and Information to develop new criteria and new data visualizations for program review.
- Conducted an analysis of summer scheduling for the Summer Advisory Board that found significant problems with overlapping classes because of hourly start times and long duration classes. New standard start times that greatly reduced overlapping classes were implemented because of the analysis. The average number

of credits taken by both full-time and part-time students increased by almost two credit hours the summer that the scheduling change was implemented.

- Developed and wrote a draft university policy to govern faculty serving as associate deans. I am part of a policy drafting committee that is expanding the policy's scope to include faculty who serve as deans and vice presidents.

Department Chair, Behavioral Science Department Utah Valley University, January 2008 – June 2013

The Behavioral Science Department is one of the largest departments in CHSS. During the time that I was department chair it had over 20 full-time faculty from five disciplines (anthropology, family science, psychology, sociology, and social work), over 80 part-time faculty, over 2,000 majors, and over 350 degrees awarded annually. The department also had four full-time, professional academic advisors and two administrative assistants.

As Department Chair I worked closely with the Dean, Associate Dean, and the faculty and staff in Behavioral Science to promote student success, to develop curriculum, and to refine the operation of the department. Key achievements include the following:

- Developed a system for tracking course enrollments, number of sections, and number of students on waitlists to improve the efficiency of course scheduling and to ensure that students could take the classes that they needed.
- Oversaw the successful development of a curriculum proposal (R401) to establish a Bachelor of Social Work degree. I also oversaw the accreditation of the degree by the Council on Social Work Education.
- Established the positions of Assistant Department Chair and Program Coordinator for each discipline.
- Provided professional development for administrative assistants via reading and discussing *The Checklist Manifesto* by Atul Gawande (Metropolitan, 2009). I also provided professional development for the assistant chair and academic advisors via attending a Getting Things Done training by the David Allen Company.

Faculty Senate Leadership Utah Valley University, July 2005 – 2009

The faculty senate at UVU consists of 50 senators elected from academic departments across campus. At the time that I was faculty senate president there was an executive committee that included the president and academic vice president of the institution, the chairs of standing faculty senate committees, and either the president-elect or past president of the faculty senate. I was President-Elect for one year, Faculty Senate President for two years, and Past President for one additional year, for a total of four years (2005-2009). This does not include the three years that I was a faculty senator, two of which I was also the chair of the policy committee. My total years of service to the Faculty Senate is seven years (2002-2009).

As Faculty Senate President I represented the UVU faculty in shared governance. During this time I worked closely with the administration on the effort to achieve university status and a name change for what was then Utah Valley State College (UVSC). I attended Board of Trustees meetings, Board of Regents meetings, and legislative committees and sessions representing the faculty of UVSC. I also served on a large number of committees. Key accomplishments include:

- Represented the faculty to external constituencies during the effort to obtain university status and served on the University Transition Taskforce and the University Image Committee to select the new UVU logos, marks, and colors.
- Represented the faculty on policy drafting committees related to faculty workload, overload, and summer teaching (UVU Policy 641 Salaried Faculty Workload— Academic Year, UVU Policy 642 Salaried Faculty Overload, UVU Policy 643 Salaried Faculty Summer Teaching).
- Served on search committees for the Vice President for Institutional Advancement (Val Hale hired) and the Vice President for Academic Affairs (Liz Hitch hired).

Ad Hoc Task Force to Select New Peer Institutions (Summer 2003–Spring 2004)
Dr. Brad Cook, Vice President for Academic Affairs, asked me to work with Institutional Research to help select new peer institutions for UVSC.

Policy Service

I have been involved in policy work at UVU since I became the chair of the faculty senate's policy committee. During the initiative to gain university status, a thorough assessment and upgrade of the institution's policy system was one way of demonstrating that the institution was serious, before that word became associated with the institution. As a member of the Policy System Design Task Force, I helped create a new policy approval process for the institution. As a member of the Policy Research Task force I worked closely with Vice President Cameron Martin and Dr. Rick Griffin on the following. We designed and defined the requirements of The Online Policy System (TOPS), which was built by UVU's Web Development Services. TOPS manages policies that are in the approval process and houses approved policies in a searchable database. We did extensive research on the policies of other Utah System of Higher Education (USHE) institutions and the Utah Board of Regents'

policies to assess gaps in UVU's policy manual. We did extensive research on the policy resources that were available at other institutions of higher education and developed policy resources for UVU based on benchmarking and best practices. We wrote UVU Policy 101 Policy Governing Policies which defines the policy system and the policy approval process at UVU. We also wrote an article that was published in *Innovative Higher Education* and presented our work at the Cornell University Policy Development Forum and at the American Council on Education's (ACE) annual meetings. I have also been on a number of policy drafting committees and have provided substantive feedback on policies not listed below.

Policy Improvement Initiative Committees

- Policy Advisory Council (Fall 2008–2009)
- Policy Research Task Force (Summer 2005–2009)
- Policy Executive Committee (Summer 2005–Summer 2008)
- Policy System Design Task Force (Fall 2004–Spring 2005)

Scholarship

As a faculty member, I maintained a modest but active research program. At the time that I joined the faculty at Lamar University, and again when I joined the faculty at UVSC, neither institution had a computer lab that would allow me to continue the research I had begun in graduate school. As a result I shifted my scholarship focus to mentoring students in their research and helping them with integrated studies theses, honors theses, and presentations at conferences. I have found that my involvement in shared governance via the faculty senate and my administrative positions since then have negatively impacted my scholarly productivity. I continue to be interested in a variety of topics including materialism, attitudes toward public goods, moral foundations theory, and the judgment of contingency. Though I was trained in quantitative methods and experimental social cognition, I have expanded my skill set to include qualitative research methods and the use of NVivo software. I used qualitative research methods in my research on ballot measures, moral foundations theory, and how the PGA of America and the United States Golf Association have marketed their Tee It Forward initiative.

Dissertation—Judging Contingencies Accurately: The Effects of Feedback, Practice, and Self-Efficacy

Dissertation Adviser—Victor Benassi, Ph.D.

I selected the psychology program at the University of New Hampshire (UNH) in large part because of its nationally recognized Preparing Future Faculty Program which provides graduate students with extensive training to help them become excellent teachers. I was one of the first group of students at UNH to earn a cognate (certificate) in college teaching while I was earning my Ph.D.

My doctoral research was on the human judgement of contingency (correlation between actions and outcomes) using a computer program that I developed with another faculty member. The program allowed for several innovations in this area of research including calculating the actual contingency that the participants experienced, as opposed to the programmed contingency, and providing feedback to participants about the accuracy of their judgements. I found that providing feedback improves participants' accuracy in judging contingencies, but that it remains difficult for people to accurately assess low levels of contingency.

Thesis—Contrast and Assimilation in the Judgment of Contingency

Thesis Adviser—Victor Benassi, Ph.D.

My master's research was on context effects (contrast and assimilation) in the human judgment of contingency. Contrast is a context effect in which the discrepancy between two stimuli promotes judgments of the second stimulus that are more extreme than they would have been otherwise. Assimilation is a context effect in which the discrepancy between two stimuli promotes judgments of the second stimulus that are less extreme than they would have been otherwise. I demonstrated contrast and assimilation in the judgement of contingency.

Pro Bono Statistical Consulting

For approximately two years I performed occasional pro bono statistical consulting for MyGolfSpy.com, a website devoted to testing golf equipment. I have consulted with them on best practices for data visualization, I identified a reliable method for identifying outliers in variable data sets such as golf data that originates from human testers, and have helped them quantify the results of their putter testing.

Education

- 2002 Ph.D. Synthetic Organic Chemistry
University of Rochester, Rochester, NY
- 1995 B.S. Chemistry
University of Minnesota, Minneapolis, MN

Administrative/Leadership Roles

- 2021-present Associate Provost for Academic Innovation, Utah Valley University, Orem, UT
- Oversee university-wide engaged learning units within UVU's Innovation Academy including: Academic Service Learning, Capitol Reef Field Station, Career and Internship Center (CIC), Education Abroad, Excelerate summer program, Excellence & Innovation Initiative (e2i), Executive Mentorship Program, Global/Intercultural Initiative, Integrated Studies, Latinos of Tomorrow Summer Bridge Program, Multidisciplinary Curriculum Sandbox, Project-Based Learning, Research & Creative Works, Scholarly and Creative Undergraduate Learning Partnership Team (SCULPT), UVU's University Innovation Fellows (UIF)
 - Create, develop, execute, and assess innovative engaged learning opportunities
 - Use data analytics and research tools to assess participation and impact of Innovation Academy
 - Develop External Partnerships for project-based and professional learning opportunities and funding
 - Collaborate with internal and external partners, including the University of Utah, to develop and submit grant proposals
 - Title III, Strengthening Institutions, Part A, *Strengthening Momentum and Completion at Utah Valley University*, \$2.2M (2023)
 - NIH Research Evaluation and Commercialization Hubs (REACH), *Utah Technology Accelerator Hub* – Partnership with U of U (2023)
 - NSF Louis Stokes Alliances for Minority Participation (LSAMP STEM Pathways), *Utah STEM for Minority Explorations (STEM-ME)* – Partnership with U of U, \$3.6M (2022)
 - Collaborate with others in the provost office to support Academic Affairs
 - Manage *Carnegie Engaged Campus Designation* reaccreditation process
 - Contribute to refining and developing UVU IP and tech transfer procedures and policies
 - Lead select AAC&U projects at UVU including *2023 Curriculum-to-Career Innovations Institute* and *Utah Civic Engagement Project* (2022-2023)
 - Managed merger of UVU's Career Development Center (formally in Student Affairs) and Internship Services to form UVU's Career and Internship Center within the Innovation Academy (2023)
 - Established and continue to manage the *Jobs CEO Council at UVU* in collaboration with President Tuminez and Vice President Val Peterson (2023-present)

- Created UVU storefront and curriculum at Woodbury Junior Achievement City, Orem, Utah (2023)
- Planned and executed inaugural UVU Innovation Days including Academic Innovation Awards (2023)
- Served as a UVU representative on the *McKinsey Task Force on Higher Education for “Moonshot Ideas”* (2022-2023)
- Designed and Launched *Excelerate*, a GE project-based summer bridge program for incoming first-year, first-generation students and at-risk second year-students (2022)
- Assisted in the restructuring of the University to provide more holistic student support and increase collaboration between Academic Affairs and Student Affairs (2022)

2022-present Secretary, Jobs CEO Council at UVU, Orem, Utah

2022-present Member, Women’s State Legislative Council of Utah

2021-present Advisory Board Member, Provo Center for Advanced Professional Studies (CAPS)

2021-2022 Strategic Board Member for the Innovation District at the Point, Draper, Utah

2020-2021 Interim Director of Engineering, Math, and Computer Science Initiatives, Viterbo University, La Crosse, WI

- Led ABET accreditation for Engineering to Readiness Review stage
- Led robust Co-op program development and implementation for Engineering, Applied Math, and Computer Science
- Developed a marketing and recruitment plan for the Computer Science and Applied Math programs including the Co-op tracks
- Assisted faculty in obtaining external funding for initiatives and research
- Investigated options for protecting Viterbo University’s Intellectual Property

2015-2021 Department Chair (Engineering, Mathematics, Chemistry, and Computer Science), Viterbo University

Duties included: faculty oversight and development, budget control, assessment coordinator, program review coordinator, accreditation reports, adjunct staffing, curriculum oversight, student concerns, course scheduling, recruitment and retention oversight, chemical waste management, help prioritize and champion faculty’s innovative ideas

- Developed and launched new B.S. in Applied Mathematics and Analytics degree (replacing existing B.S. in Mathematics)
 - Led a team of Business, Engineering, and Mathematics faculty to design a multi-disciplinary, project-based curriculum using existing resources
 - Created an external Math Advisory Board to determine community needs and establish connections for program implementation
 - Led program assessment plan development
- Developed and launched new project-based B.S. Engineering Program
 - Facilitated inter-disciplinary engineering capstone series
 - Created an external Engineering Advisory Board to determine community needs, establish connections for real-world, project-based curriculum, and raise funding
 - Developed curriculum aligned with ABET accreditation standards
 - Project-based with external partners
 - Interdisciplinary team capstone project
 - Mandatory internship or Co-op
 - FE exam

- Worked with external consultant to build program assessment plan and apply for ABET accreditation
- Worked with Western Technical College (La Crosse, WI) to develop a lease arrangement of space and equipment
- Developed articulation agreements with Western Technical College specifically for Engineering program
- Planned and executed recruiting events in conjunction with representatives from Engineering Advisory Board
- Acquired ASBMB accreditation for Biochemistry and Molecular Biology programs
- Maintained ACS accreditation of Chemistry program
- Streamlined Secondary Education programs within the department to increase 4-year graduation rates
- Adjusted course rotation to minimize low enrolled courses
- Managed lease of chemistry lab space to Western Technical College
- Led the redesign of Natural Science Ways of Thinking Core Curriculum assessment plan
- Working to establish lease of chemistry lab space to Upper Midwest Environmental Sciences Center

2020-2021

Viterbo University 2020-2025 Strategic Plan Roles

- Initiative Chair: *Guarantee an external embedded experience in all traditional undergraduate majors*
- Initiative Chair: *Establish an advisory board for each school and each professional program to understand the needs of employers in the regional community*
- Initiative Chair: *Increase the enrollment of students from diverse backgrounds through the development of pipelines and partnerships with the La Crosse Boys and Girls Club*
- Member: *New degree development in partnership with Western Technical College*

2018-2021

Chair of Viterbo Engineering Advisory Board

- Organized and ran biannual meetings
- Recruited members
- Created and distribute on-line surveys
- Analyzed and presented data

2020

NSF STEM Futures: The Future Substance of STEM Education Project - Selected Project Participant

- Led the design of a biochemistry program that integrates humanistic, foundational and meta knowledge
- Designed *Science Identity and Culture*, a cross-disciplinary seminar course developed around a yearly biochemistry symposium that encompasses themes of identity, diversity, and ethics
- Designed *Science Outreach: Sharing Science with the Community*, a service-learning course intended to promote the sciences to low income and underrepresented groups
- [Link to project summary page](#)

2020

Faculty Chair of the Computer Science Program Development Group, Viterbo University

- Developed a new, HLC-approved interdisciplinary Computer Science B.S. program
 - Tracks: Business, Creative Design, Data Science, Engineering, and Mathematics
 - External projects embedded into each year of the program
 - Mandatory Co-op or internship integrated into four-year plan
 - Cross-disciplinary team-based, two-semester capstone project
- Integrated feedback from stakeholders
 - Developed survey for high school students interested in computer science
 - Created an external Computer Science Sounding Board

- Worked with marketing and admissions to develop materials and recruiting events for Fall 2022 launch
- 2016-2020 Chair of the Undergraduate Program Review Committee, Viterbo University
 Duties include: Lead the committee through ~ 8 major and 4 minor program reviews per year, liaise with department chairs and deans undergoing program review, set the review schedule, provide formative feedback to programs
- Developed and executed process for Sustainability Reviews of low-enrolled programs
 - Determined criteria and requisite data to assess program health
 - Designed timetable for entire process which included evaluation by Undergraduate Program Review Committee, Dean’s Council, and final decisions from top administration
 - Developed template for individual program reports
 - Completed sustainability reviews and submitted recommendations for 25 undergraduate programs over 2 weeks
 - Redesigned and simplified template for normal program reviews to better assess program health and reduce workload for departments undergoing review
 - Worked with Institutional Research to fine-tune data and incorporate histograms to provide context
 - Reduced and modified narrative prompts to address most useful aspects for formative feedback
 - Redesigned program review process for stand-alone and interdisciplinary minors for simplification and better health assessment
- 2017-2018 eSports Task Force Leader to research and initiate a club team at Viterbo University
- 2015-2018 Core Curriculum Program Assessment Task Force Leader for Literary Analysis
- 2012-2017 Director of the CLASS Scholar Program (NSF S-STEM Grant)
- Recruited 2 cohorts of 12 STEM Majors for scholarships and enrichment programming
 - Designed and implemented incoming freshman orientation retreat
 - Developed sophomore-level career prep course (including pre-health and STEM)
 - Organized multiple science service opportunities for students
 - Graduate and professional school visits for students
 - Managed tutoring and mentoring program
 - Advised students to present research at regional or national meetings (56% presented)
 - Completed assessment and reporting
 - Managed \$600,000 budget
- 2016-2017 Science Faculty Internship Liaison, Great Lakes Grant, Viterbo University
- Established 21 internship sites within STEM and pre-health fields
- 2012-2013 Press and Publication Chair, Great Lakes Regional Meeting of the American Chemical Society
- 2013 Chemical Education Symposium Chair and Moderator, Great Lakes Regional Meeting of the American Chemical Society
- 2007-2009 Chair of the Chemistry Department, Dana College
- 2007-2009 Chair of the Faculty Affairs Committee, Dana College
- 2006-2009 Chemical Hygiene Officer, Dana College

LEADERSHIP HIGHLIGHTS

ADVANCEMENT

- Increased 4-year total of private donations by 228% over prior period by building collaborative relationships with advancement team member, leveraging advancement best practices, and forming genuine connections with donors and community influencers.
- Increased fundraising by 2000%
- Direct First-gen Advancement Board and WSC Advancement Board, UVU's strongest advisory board, using thoughtful recruitment, vetting, and selection practices with a focus of increasing representation of voices. Created board charter, member agreements, leadership positions, and executive committee based on advancement best practices. Build and maintain positive momentum through collaborative strategic planning with board chair. Mentor peer directors on the development of boards, donor engagement, and creating sustainable pipelines for fundraising.
- Expanded WSC physical footprint by 3,116 square feet and built a gallery dedicated to the WSC mission, creating needed workspace for employees, building inviting community space for students, and building an attractive giving opportunity to name the center.
- Secured \$500,000 institutional funding to repair failing Wee Care HVAC system through coalition-building, storytelling, and impact demonstrations. Secured highly competitive \$860,000 CCAMPIS grant funding to support Wee Care Center and enrich parent-student success projects.
- Ethical and strategic management of \$1.2M annual budget, \$1.35M in scholarships awarded, and the creation of a substantial endowment supporting WSC programs and partnerships.

COLLABORATION

- Created the Research Institute at the Women's Success Center. This unique collaboration between student affairs and academic affairs creates a hub of scholarly work and advocacy by and about women, built on best practices in student completion, faculty retention, and intersectional community building. Leveraging the power of "and" instead of the limitations of "or" fosters an environment to build meaningful connections among donors, industry, community, faculty, students, and staff with a projection for unprecedented collaborations and engagement.
- Demonstrated leadership with a big picture lens built on a foundation of partnership not ownership, creating positive outcomes for WSC and its employees, UVU faculty, peer centers at UVU, and sister centers in the state.
- Developed multiple best-of communication strategies and marketing campaigns later adopted by UVU marketing units due to their high rate of success.
- Established Utah Women's Centers Coalition with goal to increase awareness of student-focused services on college campuses throughout Utah and elevate all centers and employees through collaborative projects and engagement.

TEAM DEVELOPMENT

- Built high-impact teams to advance the mission of WSC, strengthen Student Affairs impact areas, and support institutional values and objectives. Tools include Search Advocacy hiring lens and proactive performance feedback.

- Lead thoughtful professional development of employees focused on four areas of growth cultural competence, role- specific development, empowered career navigation, and stretch work.
- Acquired 3 FTE lines and optimized positions to support student retention and completion, scaling department impact. Successful growth management built a stronger team with more dynamic skills and collaborations.

STUDENT SUCCESS

- Data-driven program design with proven student completion outcomes, delivered with an intersectional approach and a focus on increasing representation, access, and amplification of marginalized voices.
- Students in our flagship scholarship program stay enrolled or graduate at a rate 17% higher than their matched peers at UVU.
- Students engaged with WSC are consistently more diverse than the UVU student body indicating success of our strategic intentional outreach, inclusive program design, authentic supportive environment for all students.
- Growth-focused assessment to try, improve, and elevate innovative student programs that build on UVU and community resources, deeply integrating students into a sustainable network of support.

ADMINISTRATIVE EXPERIENCE

Utah Valley University

2019 – Present

Provost and Senior Vice President for Academic Affairs

I currently serve as the Chief Academic Officer for Utah Valley University. In this role, I oversee all academic programming at UVU and serve as the senior vice president on UVU's cabinet. UVU is an open enrollment, comprehensive regional university serving approximately 42,000 students across all programs, the largest public university in the state of Utah. I oversee seven deans providing a range of undergraduate and graduate certificate and degree programs.

University of Missouri-Kansas City

2012 – 2019

Dean, College of Arts and Sciences

I served as the chief academic officer for UMKC's largest academic unit. The College of Arts and Sciences houses 18 academic departments with an additional 20 programs and centers, and ~3500 students. The College has averaged 160 Tenured/Tenure Track Faculty, 50 Full-Time NTT faculty, approximately 170 part-time faculty, and an annual operating budget of ~\$31Million. I supervise 18 department chairs and 9 administrative staff positions.

Key Accomplishments

- Improved recruitment and retention rates
 - 31% increase in FTC enrollments
 - Improved student retention, up nearly ~10%
 - Improved minority retention rates
- Reduced annual operating deficit (~\$2 Million) to achieve balanced budget
- Improved diversity in faculty hiring
- Collaborated with development office to raise nearly \$12 Million in past 5 years
- Established new international partnerships and grew international programs/support
- Expanded inter-unit collaborations, e.g. 6 year joint BA/JD program
- Increased scholarships and endowments, over 2 million dollar increase
- Coordinated the strategic growth/support of academic programs
- Established new endowed professorship program to reward faculty performance
- Interim chair of University Budget Committee, provided guidance on ~\$200M budget
- Revamped marketing and recruitment materials
- Coordinated strategic planning effort for the College of Arts and Sciences
- Enhanced and improved annual evaluation process for faculty and department chairs
- Coordinated online course sharing with another UM system campus.
- Assisted with accreditation efforts for departments of Psychology, Social Work,

Theater, and Urban Planning

- Improved relationships and communications with alumni
- Oversaw efforts to revise and enhance high school dual credit program
- Created greater transparency/council of chairs participation in hiring process
- Promoted community/urban engagement opportunities (Criminal Justice, Urban Studies, “Philosophy in prison,” Gerontology, Economics, Theatre, etc.)
- Promoted expansion of online opportunities in Arts and Sciences
- Assisted with transition from honors program to Honors College
- Provided support to increase success rates for external funding
- Created a “small grants” program to meet emergency financial needs for students

2009 – 2011 Associate Dean for Undergraduate Programs

I provided general oversight for all issues pertaining to undergraduate education in the college. My responsibilities included supervision of undergraduate advising, academic dishonesty, student appeals and petitions, recruitment and retention activities, and online education. I coordinated campus visit days and new student welcome day events.

Key Accomplishments

- Development of new Online Degree Completion Program
- Guided effort toward revision of General Education Requirements and approval of the first University-Wide Student Learning Outcomes
- Coordinated of recruitment activities helping the college to manage steady growth and record enrollments.
- Created new “Life Coach” position to enhance student success
- Coordination of retention activities helping the college to achieve its highest retention rates in a decade
- Served as academic dishonesty investigator
- Oversaw academic support services and student academic appeals
- Developed new student recruitment and retention plans

2005 - 2009 Chair, Department of Philosophy

Provided departmental leadership, including course planning and evaluation, faculty evaluations, and strategic planning, and program/course development.

Key Accomplishments

- Increased number of majors from 20 to 70
- Guided the creation of a new minor and graduate certificate in bioethics
- Grew online course opportunities
- Assisted with creation of philosophy honor society
- Coordinated curriculum assessment and review
- Coordinated course offerings for multiple academic units

- Assisted with development of Phi Sigma Tau academic honor society
