AVIATION SCIENCES

R-ATP Qualification Guide – New & Current Students

To qualify as an Airline Transport Pilot (ATP) following graduation you must meet the criteria listed below. Your academic and flight achievements at UVU can significantly reduce those requirements by opening a pathway for Restricted ATP (R-ATP) qualification.

Baseline ATP Requirements

- 1500 hrs flight time (~1250 beyond flight training)
- 500 hrs cross-country flight time (~450 beyond flight training)

R-ATP Requirements with a UVU Aviation Degree & Pilot Certificates from UVU

- 1000 hrs flight time (bachelor degree) or 1250 hrs flight time (associate degree)
- 200 hrs cross-country flight time

R-ATP qualification is not automatic with an aviation degree & flight training.
You must complete the following steps to qualify:

(If you are a transfer student, refer to the
R-ATP Qualification Guide for Transfer Students *found on the website)*

1. ***Enter a UVU Aviation degree program – bachelor degree provides the greatest benefit.***
2. ***Use the attached worksheet to review the requirements & track your progress.***
3. ***Plan your coursework with an advisor*** – not all degree courses qualify toward R-ATP, and you can't get a degree only taking R-ATP approved courses.
4. ***Complete Instrument and Commercial flight training at UVU under FAR Part 141***
5. ***Graduate with:***
    i. ***Associate degree in Aviation Science, or***
    ii. ***Bachelor degree in Professional Pilot or Aviation Management***
6. ***Request your "R-ATP Certifying Statement"*** with Aviation Records Office ***after*** graduation.
7. ***Complete the remaining R-ATP requirements***: (see next page for details)
   You will only obtain just over 200 hours of flight time during training so the remainder of your flight hours must be accrued by some other method afterward.

AVIATION SCIENCES

R-ATP Certificate Requirement Summary

- Obtain an Instrument Rating and Commercial Pilot Certificate from UVU
  (both ground and flight training must have been from UVU under FAR Part 141)
- Minimum required total hours depends on degree & credits:
  - 1000 hours total flight time as a pilot (*500 hour reduction from ATP*), plus
    - Bachelor of Science / Professional Pilot, and
    - 60+ credits FAA-approved coursework

    or
  - 1250 hours total flight time as a pilot (*250 hour reduction from ATP*), plus…
    - Bachelor of Science / Professional Pilot, or
      Associates of Applied Science / Aviation
    - 30+ credits FAA-approved coursework
- Additional flight experience requirements:
  - 200 hours cross-country flight time (*300 hour reduction from ATP*)
  - 100 hours night flight time
  - 50 hours multiengine flight time (some might be done at the airline)
  - 75 hours instrument / simulated instrument time (max 25 hours in FTD)
  - 250 hours PIC time
  - 100 hours cross-country PIC
- Complete an ATP Certified Training Program (CTP):
  A rigorous ground and simulator program typically offered by the hiring airline
- Pass the FAA ATP Knowledge Test (must have completed the ATP-CTP first)
- Pass the FAA R-ATP Practical Test (typically done at the airline that hires you)

(For the official R-ATP requirements see FAR §§61.151-169 and AC 61-159.)

Bachelor's Degree & 1000 hrs – R-ATP Planning Worksheet

Use the following worksheet to track your progress. When you meet all qualifications, you may request an R-ATP Certifying Statement from the Aviation Records Office.

ACADEMIC QUALIFICATION

□ Complete **60+** credit hours of FAA-approved coursework

- Use the course worksheet on the next page to track progress
- Count only courses from your transcript under "Institution Credit"
- Transfer credits only qualify if they meet the requirements*
- Challenge/experiential credits do not qualify
- Work with an advisor to plan your courses

Credits Earned: _____ (of 60 required)

□ Graduate with a Bachelor of Science - Professional Pilot or Aviation Management
Graduation Date: _____

□ Obtain an official copy of your UVU transcripts

If you are using transfer credit: (*)

□ Obtain official transcripts from the other school
□ Obtain a copy of the other school's R-ATP LOA

(Keep copies of your graduation and pilot certificates.)

PILOT QUALIFICATION

□ 141 Instrument Course Graduation at UVU
Graduation Date: _____

□ Pass Instrument checkride at UVU
Instrument Rating Date: _____

(Keep copies of your graduation and pilot certificates.)

□ 141 Commercial Course Graduation at UVU
Graduation Date: _____

□ Pass Commercial Pilot checkride at UVU
Commercial Pilot Certificate Date: _____

** Transfer credits only count toward R-ATP if the school where the course was taken has an FAA-approved LOA for R-ATP and the course is included on that LOA. Use of qualifying transferred courses requires a copy of the original school's LOA. Transfer credits used cannot exceed the number of credits approved on that school's LOA. Challenge/experiential credits do not qualify.*

Associate's Degree & 1250 hrs – R-ATP Planning Worksheet

Use the following worksheet to track your progress. When you meet all qualifications, you may request an R-ATP Certifying Statement from the Aviation Records Office.

ACADEMIC QUALIFICATION

☐ Complete **30+** credit hours of FAA-approved coursework

- Use the course worksheet on the next page to track progress
- Count only courses from your transcript under "Institution Credit"
- Transfer credits only qualify if they meet the requirements*
- Challenge/experiential credits do not qualify
- Work with an advisor to plan your courses

Credits Earned: _____ (of 30 required)

☐ Graduate with an Associate of Science or Applied Science in Aviation Science
Graduation Date: _____

☐ Obtain an official copy of your UVU transcripts

If you are using transfer credit: (*)

☐ Obtain official transcripts from the other school
☐ Obtain a copy of the other school's R-ATP LOA

(Keep copies of your graduation and pilot certificates.)

PILOT QUALIFICATION

☐ 141 Instrument Course Graduation at UVU
Graduation Date: _____

☐ Pass Instrument checkride at UVU
Instrument Rating Date: _____

(Keep copies of your graduation and pilot certificates.)

☐ 141 Commercial Course Graduation at UVU
Graduation Date: _____

☐ Pass Commercial Pilot checkride at UVU
Commercial Pilot Certificate Date: _____

** Transfer credits only count toward R-ATP if the school where the course was taken has an FAA-approved LOA for R-ATP and the course is included on that LOA. Use of qualifying transferred courses requires a copy of the original school's LOA. Transfer credits used cannot exceed the number of credits approved on that school's LOA. Challenge/experiential credits do not qualify.*

AVIATION SCIENCES

Using only courses listed as "Institution Credit" on your transcript, write the number of ***Credits Earned*** *for each course below. See previous page note (*) for transfer credit procedures. The number of credits on your transcript for these courses will apply.*

Semester Credits		**FAA-Approved Aviation & Aviation-Related Courses**	
Earned	***Possible***	***Course Number***	***Course Title***
	3	AVSC 1010	Survey of Aviation Science
	3	AVSC 1100	Ground I – Private
	3	AVSC 1110	Flight I – Private
	1	AVSC 1120	Basic Aircraft Systems
	1	AVSC 1150	Mountain and Desert Flying
	3	AVSC 1240	Ground II – Instrument
	3	AVSC 1250	Flight II – Instrument II
	1	AVSC 1260	21st Century Avionics and Instrumentation
	3	AVSC 2070	Communication for Aviation Professionals
	3	AVSC 2110	Aviation Weather
	3	AVSC 2130	Aviation Safety
	3	AVSC 2300	Ground IV – Commercial
	3	AVSC 2310	Flight IV – Commercial
	1	AVSC 2350R	Unusual Attitude Safety Training
