

Navigating the app

The app has 3 primary pages:

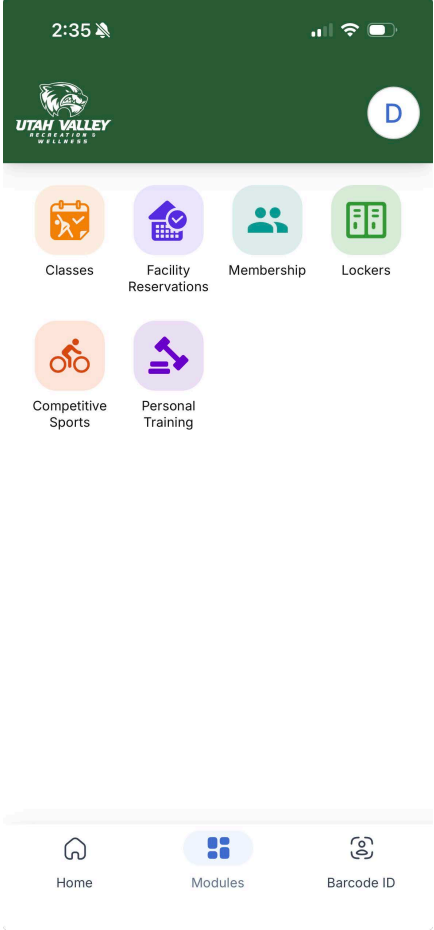

Home

This page displays a list of upcoming activities that the user has registered for or reserved

Modules

This page displays a list of modules from membership plans, fitness class registration, personal training options, locker rentals, etc.

Barcode ID

This page displays a barcode that can be used to check into the UVU Gym in addition to ID cards or ID numbers.

The screenshot shows a mobile application interface for the Rec Center. At the top, there is a blue header with the 'dse' logo on the left, the text 'Rec Center' in the middle, and a white circle containing the letter 'M' on the right. The main content area is a white rounded rectangle containing a vertical barcode. To the right of the barcode, the alphanumeric string '\$B\$7rBLdzYJrS' is displayed vertically. Below the barcode, the text 'Present this code to a card reader at the check-in location' is centered. At the bottom of the screen is a navigation bar with three icons: a house icon labeled 'Home', a grid icon labeled 'Modules', and a person icon labeled 'Barcode ID', which is currently selected and highlighted with a blue glow.
