The mission of UVU Aviation Science is to provide a superior educational experience which prepares students for successful careers and promotes responsible citizenship in a global aviation environment. Degrees are offered through technology-enhanced traditional classroom and innovative online delivery methods. Simulations and flight training are integrated with scholarly work to create a complete and well-balanced aeronautics program. The curriculum is developed through ties with industry to incorporate changing standards in technology and procedural advances. Our student-centered approach encourages leadership and engaged life-long learning. We emphasize public awareness and safety in aviation as our commitment to the community at large.

Institute for Emergency Services & Homeland Security

- Under the direction of John Fisher
  - Office: FS 120a
  - Telephone: 801-863-7732
  - Email: John.Fisher@uvu.edu

The mission of the Institute of Emergency Services and Homeland Security at Utah Valley University is to support preparedness, resiliency, and security disciplines through excellence and innovation in education, training, and scholarly research.

The Institute can collaborate with other institutions of higher education, as well as local, regional, national agencies, and private sector interests, in order to reach all target audiences identified by the Department of Homeland Security, as well as fill a much needed niche in higher education. Collaboration will allow us to work with other dimensions of a broader Homeland Security framework to plan for, create and implement local, regional and possibly national educational and training programs designed to prepare people with responsibilities for prevention, initial response, mitigation, and recovery of local, regional, and/or national security incidents.
