

Economics (ECON)

ECON 1010 **SS**
Economics as a Social Science
3:3:0 **Fall, Spring**

An introductory course which studies the operation of a mixed market system, including production, domestic and global trade, and labor-management economics. Includes business cycles and monetary and fiscal policies designed to modify those cycles. Canvas Course Mats \$78/McGraw applies

ECON 2010 **SS**
Microeconomics
3:3:0 **Fall, Spring, Summer**
 * Prerequisite(s): MATH 1050, MATH 1055, or MATH 1090 or higher.

Designed for business management transfer students and as elective credit for other business students desiring economic decision-making skills. Covers intermediate microeconomics. Uses lecture, class discussion, videos, student presentations, and computer simulation. Completers should be ready to take university upper-level economics courses and to make upper-level management decisions. May be delivered online. Lab access fee of \$32 for computers applies. Canvas Course Mats \$72/McGraw applies.

ECON 2020 **SS**
Macroeconomics
3:3:0 **Fall, Spring, Summer**
 * Prerequisite(s): MATH 1050, MATH 1055, or MATH 1090 or higher

Required for all business management students. Introduces macro and microeconomics. Presents the necessary economic background to prepare students to function as citizens in business in a world economy and understand the role of economic policy in the United States. Uses lecture, class discussions, student presentations, computer simulations, and videos. Completers should have the necessary prerequisite knowledge to successfully gain admittance to upper-division university economics courses. May be delivered online. Lab access fee of \$32 for computers applies. Canvas Course Mats \$72/McGraw applies.

ECON 3010 **Fall**
Intermediate Microeconomics
3:3:0
 * Prerequisite(s): ECON 3340 and (MATH 1100 or MGMT 2240 with a B or higher in each), Matriculation into the Woodbury School of Business, and University Advanced Standing

Covers intermediate microeconomic theory for economics and finance majors planning on extending their economics training into econometrics, mathematical economics and other related courses. Reviews microeconomic theory and models to develop an understanding of, and ability to use, modern microeconomic theory, measurement, and policy.

ECON 3020 **Fall, Spring**
Managerial Economics
3:3:0
 * Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Extends the discussion of economic theory of markets, demand and supply, elasticity, and marginal analysis process to make more effective decisions. Emphasizes an applied approach using basic theoretical concepts. Discusses the concepts of production theory and cost analysis in both the short and long run. Describes how to apply economic decision making in a variety of competitive markets including perfect competition, monopoly, monopolistic competition and oligopoly. Reviews elements of risk and uncertainty in a microeconomic framework. Canvas Course Mats \$72/McGraw applies.

ECON 3030 **Spring**
Intermediate Macroeconomics
3:3:0
 * Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Extends discussion of models of income determination, economic growth theory, analysis of fiscal and monetary policy theory, international trade issues, and alternative views related to the impact of macro theory in the US and world economies. Prepares economics majors for other advanced economic theory and policy courses.

ECON 3040
Environmental Economics
3:3:0 **On Sufficient Demand**
 * Prerequisite(s): Instructor Approval and University Advanced Standing

Introduces economic issues of ecological and environmental theory and policy. Identifies the economic tools appropriate for the analysis of ecological and environmental challenges for an inter-disciplinary group of engineering, science, social science, and natural resources management professionals. Presents the microeconomic concepts useful for reviewing these types of issues. Evaluates public policy issues related to environmental, ecological, and natural resource challenges.

ECON 305G **Spring**
International Economics
3:3:0
 * Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Covers theoretical and practical concepts of international trade, policy, and finance in a global economy. Reviews both micro topics such as comparative advantage and trade policy as well as macro issues such as balance of payments, exchange rates, and global capital markets. Includes coverage of cultural and intercultural relationships that exist within an economic context.

ECON 3060 **Fall, Spring, Summer**
Money and Banking
3:3:0
 * Prerequisite(s): Matriculation into any Woodbury School of Business program and University Advanced Standing

Studies the US financial system including primary institutions and markets. Includes analysis of the Federal Reserve System, American and International financial markets. Reviews the impact of monetary policy on financial institutions and financial intermediation. Presents the term structure of interest rates, money, capital, and mortgage markets, and management of financial institutions and insurance companies.

ECON 3340 **Fall, Spring**
Managerial Statistics
3:3:0
 * Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Studies advanced managerial concepts. Includes multiple regression, ANOVA, test of hypotheses, and time series techniques. Emphasizes statistical modeling, statistical decision-making, and is computation intensive. Lab access fee of \$32 for computers applies.

ECON 3370 **Fall**
Economic Modeling and Quantitative Analysis
3:3:0
 * Prerequisite(s): Matriculation into Woodbury School of Business, ECON 3340, and University Advanced Standing

Discusses economic modeling, quantitative methods and applications in economics. Covers intermediate mathematical tools required for economic and financial analysis. Prerequisite course for econometrics.

ECON 3810 **On Sufficient Demand**
Labor Economics
3:3:0
 * Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Provides an analysis of the theory and practice of labor markets. Defines the factors that influence the demand and supply of labor in a modern economy. Develops the concepts for a theory of human capital. Reviews factors such as wage determination, occupational differences, problems of gender, labor turnover, discrimination, impacts of education and training, impacts of labor unions, immigration, changes in technology, and other related issues. Lab access fee of \$32 for computers applies.

Economics

ECON 3820

Economic Development

3:3:0 **Fall**
* Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Describes and evaluates economic models of development in third world and emerging economies. Includes a review of theories of economic growth, the importance of creating new economic institutions, the importance of education and human capital development, and the importance of creating stable political and social cultures in the development of modern economic systems. Lab access fee of \$32 for computers applies.

ECON 3830

History of Economic Thought

3:3:0 **Fall**
* Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Traces the evolution of formal economic theory primarily beginning with Adam Smith, the first classical economic theorist. Studies other classical writers including Ricardo and Malthus as well as Marx's criticisms. Studies neoclassical analysis through Marshall and the critiques of the Austrian school. Reviews the modern theorists including Keynes and the development of macroeconomics, the development of empirical and mathematical economic theories, monetarism, and other post-Keynesian analysis. Lab access fee of \$32 for computers applies.

ECON 4010

Advanced Microeconomics

3:3:0 **Spring**
* Prerequisite(s): ECON 3010 and University Advanced Standing

Advanced course in microeconomics for economics majors. Addresses the issues related to modern economic theories of imperfect competition, the market of factors of production, cost analysis, the distribution of income, general equilibrium, and welfare economics.

ECON 4020

Advanced Macroeconomics

3:3:0 **On Sufficient Demand**
* Prerequisite(s): ECON 3030, ECON 3340, and University Advanced Standing

Advanced course in macroeconomics for economics majors. Designed to give economics graduates an understanding of advanced modern macroeconomic theory including traditional macro issues, models with incomplete nominal adjustment, inflation theory, dynamic inconsistency and recent theories of unemployment.

ECON 4040

Game Theory

3:3:0 **On Sufficient Demand**
* Prerequisite(s): ECON 4010, ECON 4320, and University Advanced Standing

Designed to give students the skills to assess economic and social issues where strategic interaction is relevant. Teaches students to condition their responses based on the reactions and behavior of other individuals rather than merely in response to outside constraints, which is the usual approach to optimization theory. Provides concepts, tools, and experience to deal with game theory situations.

ECON 4100

Analysis of Financial Institutions and Markets

3:3:0 **Fall**
* Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Studies money, banking, and financial markets from an economics perspective. Examines the structure of interest rates and their influence in financial markets. Reviews financial instruments, financial intermediaries, banking institutions and the types of assets and liabilities common to those systems. Covers money supply and money demand within the central banking system.

ECON 4150

Public Finance

3:3:0 **Spring**
* Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Designed as elective credit for Business Management and other bachelor of science degree majors. Develops knowledge, skills, and attitudes required for those employed in and analyzing the public sector. Describes the three levels within the public structure including respective purposes and functions, revenue generation alternatives, budgeting, deficit financing, public choice, income redistribution, public goods, and externalities. Lab access fee of \$32 for computers applies. Canvas Course Mats \$78/McGraw applies.

ECON 4320

Mathematical Economics

3:3:0 **Fall**
* Prerequisite(s): ECON 3340, ECON 3010, and University Advanced Standing

Discusses advanced concepts in economic modeling, the application of mathematical models in economic analysis, and advanced research methods in economics. Covers advanced mathematical applications in economics and finance for students interested in advanced econometric analysis and model building. Lab access fee of \$32 for computers applies.

ECON 4340

Econometrics Applications

3:3:0 **Spring**
* Prerequisite(s): ECON 3370 and University Advanced Standing

Provides an opportunity for economics students with mathematical and statistical skills to apply those capabilities in real-world applications of the science of econometrics. Examines some of the well-known examples of econometric analysis that formed the foundation of econometrics science. Develops analytical skill by defining data inputs and working through a series of projects of the type students might encounter in future professional experience. Lab access fee of \$32 for computers applies.

ECON 4500

US Economic Development and History

3:3:0 **Spring**
* Prerequisite(s): Matriculation in the Woodbury School of Business, University Advanced Standing

Provides an analysis of the economic development of the United States. Describes the factors that led to the development of colonies in the Americas and the causes of the Revolution and formation of a government. Describes the economic causes for western expansion, transportation development, and the rise of American capitalism. Reviews the shift from agrarian to industrial development, the economic development of big business and big government, the impact of depression, and the economics of world war and peace. Lab access fee of \$32 for computers applies.

ECON 494R

Special Topics in Economics

3:3:0 **On Sufficient Demand**
* Prerequisite(s): Departmental approval and University Advanced Standing

Provides short courses, workshops, and special programs in economics and current business and public policy topics. May be repeated for a maximum of 6 credits toward graduation.

ECON 4960

Senior Seminar Current Economic Issues

3:3:0 **Fall, Spring**
* Prerequisite(s): Department Chair Approval and University Advanced Standing

Provides exposure to emerging topics of current interest in economics. Topics vary each semester. Lab access fee of \$32 for computers applies.

ECON 4970**Economic Research Design and Implementation****3:3:0** **On Sufficient Demand**

* Prerequisite(s): Matriculation into the Woodbury School of Business and University Advanced Standing

Defines the scientific approach to managerial decision-making and project management. Describes issues related to problem definition, model development, data collection, model implementation using the data, model validation, results analysis, and using the findings to implement changes to solve problems. Examines both quantitative and qualitative models and methods. Allows students to work on real-world projects through the Utah Community Research Group (Utah CRG) and its research partners.

ECON 6300**Managerial Economics****3:3:0** **Spring**

* Prerequisite(s): Acceptance in the MBA program

Applies concepts and theories, based on managerial economic to business problems. Analyzes cost theory, pricing, market structures, and forecasting.

ECON 6330**Econometrics****3:3:0** **On Sufficient Demand**

* Prerequisite(s): Acceptance in the MBA program

Provides graduate level introduction to applied regression tools, including simple and multivariate regression analysis; linear, nonlinear, and qualitative dependent variable models; distributed lags; seemingly unrelated regression, and model specification and validation tests.
