Master of Education

The Master of Education (M.Ed.) degree at Utah Valley University is an applied master's degree aimed at building the instructional skill and professional competency of teachers, clinicians and administrative leaders in K-12 and higher education. The goal is to enable participants to become more proficient in selecting optimum, research-based, curriculum design strategies that best apply to specific teaching situations.

There are currently eleven emphases in the Master of Education Degree:

- Applied Behavioral Analysis
- Educational Leadership
- Educational Technology
- Elementary Mathematics
- Elementary STEM
- English as a Second Language (ESL)
- Gifted and Talented Education
- Higher Education Leadership
- Reading I

- Secondary Teaching
- Teacher Leadership

The M.Ed. requires 30-33 semester hours of graduate course work and completion of a culminating applied instructional project tailored to the particular interests of program participants. Participants enter the M.Ed. program in cohorts and progress through the degree program in a group. While the culminating applied instructional project is unique to each student, some course work and many class activities are done in collaboration with fellow students.

Graduate Certificate in Secondary Teaching

The Graduate Certificate in Secondary Teaching is designed for individuals who would like to receive a Utah Secondary Teaching License, and have earned a bachelor's degree in one of the teaching major subject areas for secondary education approved by the Utah State Board of Education. This program will include the basic coursework and field experiences required of all teacher candidates for an initial teaching license, ensuring that competencies in both subject knowledge and pedagogy are met. Students completing this certificate may transfer the credits earned in this program toward an emphasis in Secondary Teaching in the Master of Education degree.

Graduate Certificate in Educational Leadership

The Graduate Certificate for Educational Leadership in UVU's School of Education (SOE) is designed to align with the current Ed Leadership emphasis in the M.Ed. The certificate will meet the needs of candidates who have previously completed a master's degree (M.Ed) and now wish to prepare as potential administrative and instructional school leaders for Utah's schools. Curriculum for this option will be based on the standards for administrative/supervisory endorsement from the Utah State Office of Education (USOE), and the Interstate School Leaders Licensure Consortium (ISLLC). The grad certificate program will be formatted to meet the needs of adult learners, with courses offered in the evenings and in blended and online formats, but will not require them to retake core courses previously completed. The administrative/supervisory certificate will prepare leaders for 21st century schools in the areas of curriculum, instruction, and human resource administration. Course objectives will emphasize performance of school and classroom leadership functions, functional knowledge of local, state, and national educational agencies and regulations, demonstrated competencies in administrative skills, and applied understandings of current research around effective teaching, theories of learning, and educational policy. Candidates will be required to complete supervised internship work that is required by Utah code.

Admission & Retention

Application to the Program

Admission to graduate programs or permission of the Dean of the School of Education is required for enrollment in the Master of Education and Graduate Certificate courses.

Applicants should complete an online graduate application by following the application link on the UVU Web site and follow all instructions for graduate application and admission. Applications and application fees must be received by January 10 for consideration for summer semester. Students in the M.Ed. program begin with full-time coursework in the summers and part-time enrollment in the fall and spring semesters. Applicants to the K-12 Leadership emphasis will need a letter of support from their school administrator.

Required support materials received after the application deadline will delay processing of the application. The School of Education Graduate Screening Committee reviews applications and schedules interviews for applicants meeting minimum admission requirements. The Program Director of Graduate Studies for the School of Education notifies all applicants in writing of the admission decision. The University cannot guarantee a response on or before a specific date. All admission

materials become the property of UVU and will not be returned to the applicant.

Reapplication

If an applicant is not admitted, s/he may reapply. All current admission requirements at the time of application must be met in order to be fully admitted to the program.

Satisfactory Progress

Continuation in the Master of Education program is determined by: (1) satisfactory progress (B- or higher) in all courses and (2) satisfactory completion

Academic Probation

A student can be recommended for academic probation for the following reason(s): (1) Failure to meet the scholarship requirements of the Graduate Program of an overall GPA of 3.00 (on a 4.00 scale) or higher, with no individual course grade lower than B-; (2) Failure to complete prescribed courses; and/or (3) Failure to adhere to University student rights and responsibilities standards.

Dismissal from the Program

A student can be dismissed from the Master of Education program for the following reason(s):

1. Academic dishonesty;
2. Continued failure to meet academic standards; and/or
3. Continued failure to adhere to University student rights and responsibilities standards.

Degrees & Programs

Dual Language Immersion, Endorsement

Requirements

The Dual Language Immersion (DLI) Endorsement program is designed to prepare teachers to be sensitive and responsive to the needs of dual language immersion (DLI) learners and to become advocates

for DLI in a variety of educational settings. Coursework is designed to address historical and political foundations of DLI education and methods and materials for engaging DLI students in challenging educational experiences. The UVU endorsement program is intended to provide educators with an opportunity to develop, expand, and integrate their knowledge of content, pedagogy, and cultural perspectives in dual language immersion education. Completed program coursework qualifies students to apply to the Utah State Office of Education for an endorsement to their current Utah Teaching License.

Dual Language Immersion, Endorsement Careers

Careers:
While the Master of Education degree program is designed primarily to enhance the skills and understandings of practicing classroom teachers, it also prepares these graduate students for expanded leadership roles at the school, district, or state level in delivering professional development, designing and evaluating curriculum and textbooks, and mentoring novice teachers. A Master of Education degree may also qualify a student as an instructor for teacher preparation courses in a community college or as an adjunct instructor at the undergraduate level in a four-year college or university. Successful completion of this master's degree also provides a valuable foundation for those students who choose to pursue a doctoral degree. Program options in English as a Second Language, Educational Technology, Elementary Mathematics, and Reading I will also qualify students to apply for an endorsement to their current Utah Teaching Certificate.

Educational Leadership, Graduate Certificate

Requirements

The Graduate Certificate for Educational Leadership in UVU's School of Education (SOE) is designed to align with the current Ed Leadership emphasis in the M.Ed. The certificate will meet the needs of candidates who have previously completed a master's degree (M.Ed) and now wish to prepare as potential administrative and instructional school leaders for Utah's schools. Curriculum for this option will be based on the standards for administrative/supervisory endorsement from the Utah State Office of Education (USOE), and the Interstate School Leaders Licensure Consortium (ISLLC). The grad certificate program will be formatted to meet the needs of adult learners, with courses offered in the evenings and in blended and online formats, but will not require them to retake core courses previously completed. The administrative/supervisory certificate will prepare leaders for 21st century schools in the areas of curriculum, instruction, and human resource administration. Course objectives will emphasize performance of school and classroom leadership functions, functional knowledge of local, state, and national educational agencies and regulations, demonstrated competencies in administrative skills, and applied understandings of current research around effective teaching, theories of learning, and educational policy. Candidates will be required to complete supervised internship work that is required by Utah code.

Master of Education - Applied Behavioral Analysis Emphasis, M.Ed.

Careers

While the Master of Education degree program is designed primarily to enhance the skills and understandings of practicing classroom teachers, it also prepares these graduate students for expanded leadership roles at the school, district, or state level in delivering professional development, designing and evaluating curriculum and textbooks, and mentoring novice teachers. A Master of Education degree may also qualify a student as an instructor for teacher preparation courses in a community college or as an adjunct instructor at the undergraduate level in a four-year college or university. Successful completion of this master's degree also provides a valuable foundation for those students who choose to pursue a doctoral degree. Completed coursework in English as a Second Language, Elementary Mathematics, Educational Technology, and the Reading 1 options qualifies students for an endorsement to their existing Utah Teaching Certificate.

Master of Education - Reading I Emphasis, M.Ed. Careers

While the Master of Education degree program is designed primarily to enhance the skills and understandings of practicing classroom teachers, it also prepares these graduate students for expanded leadership roles at the school, district, or state level in delivering professional development, designing and evaluating curriculum and textbooks, and mentoring novice teachers. A Master of Education degree may also qualify a student as an instructor for teacher preparation courses in a community college or as an adjunct instructor at the undergraduate level in a four-year college or university. Successful completion of this master's degree also provides a valuable foundation for those students who choose to pursue a doctoral degree. Completed coursework in English as a Second Language, Elementary Mathematics, Educational Technology, and the Reading 1 options qualifies students for an endorsement to their existing Utah Teaching Certificate.
