The Intramural Sports Program is one of the largest co-curricular activity programs that complement the formal academic curriculum. It offers extensive opportunities to currently enrolled Utah Valley University students, faculty, staff and their spouses/partners in a number of competitive and structured activities each year. Participation in the program is voluntary and determined by interest.

Participation can provide one with opportunities to have fun, learn new sports, meet people from other cultures, test one's physical ability as well as offer a break from routine. Team sports generally take on a league structure and a post-season tournament to determine champions. Special events range from one day to several day tournaments. In most events, skill levels and divisions are established to allow competition for men's, women's, co-ed and Mixed teams at various skill levels.

The Intramural Sports program strives to provide programming for all levels of ability and experience. Our aim is to serve the recreational needs of the majority of the student body and not just the athletic minority.

Club Sports bridge the gap between intramural and intercollegiate athletics by providing competition at specialized levels, participation in tournaments, and opportunities to practice. Although some clubs remain solely recreational, most are highly competitive.

UVU Club Sports offers a structured environment to practice and play the game students' love. Participation in Club Sports allows individuals to engage with the University in a unique way. Club Sports are managed and run by the participants themselves, including coach selection, travel, fundraising, scheduling, practices, and participant development. Club Sports are meant to enhance the individual learning experiences through involvement, commitment, and working in a team setting.

A competitive spirit of fair play and good sportsmanship is encouraged in order to provide all with a wholesome recreational experience. Participants and staff are asked to conduct themselves in a manner consistent with, and in support of, those values set forth by Utah Valley University.

National Student Exchange (NSE) is a domestic "study away" experience that fits into university initiatives for globalization and diversity. NSE embodies the overall mission of Utah Valley University by providing high impact meaningful Engagement Opportunities for its students. The National Student Exchange, which is a service within the Career Development Center, provides opportunities for undergraduates, to study for up to one calendar year at another NSE member university and pay UVU tuition rates or the in-state tuition rate of the host school.

Student Services

With more than 200 colleges and universities from which to choose, students can find a campus that is “custom” to individual degree plans, with just the right combination of courses, facilities, and environment to meet unique personal and academic needs and interests. Spending time at another campus will allow students to grow academically and personally. Students will develop a greater appreciation for the different regions, cultures, and people. NSE extends beyond the borders of the United States to include U.S. territories as well as Canadian provinces. Students participate in order to:

- Broaden personal and educational perspectives
- Explore and appreciate new cultures
- Widen university boundaries
- Take courses not offered at the home campus
- Learn from different professors
- Access courses with different perspectives
- Explore new areas of study
- Experience personal growth
- Live in a different geographic area
- Acquire life skills
- Investigate graduate or professional schools
- Look for future employment opportunities
- Become more mature, independent and resourceful

NSE participants have found their exchanges culturally enriching, academically rewarding, and one of the most significant experiences of their undergraduate education. Since its founding in 1968, more than 100,000 students have had the opportunity to break out of their comfort zone, and experience life from a different point of view.

Students will need a 2.5 cumulative GPA and one-year of university work to join these students who have been placed in life-changing exchange situations which challenged their thinking, expanded their educational and personal experiences, and encouraged them to take healthy risks.

After graduation, when you look back at your college days, NSE can be one of those memorable highlights! Don't let this rare opportunity pass you by!

Veteran Success Center

Veterans eligible for VA Education Benefits may obtain assistance at the Veteran Success Center located in the Woodbury Business Building. Veterans not receiving VA educational benefits are also encouraged to send their Military Transcripts or JST (Joint Service Transcripts) to the transcript office to begin the evaluation process.

Guideline for Enrollment and Progress

According to VA standards of progress, educational benefits will be paid for courses required for graduation in the student's declared educational objective. Eligible persons will be required to maintain a 2.0 cumulative and semester GPA or higher and to actively and consistently pursue their declared educational objective. To receive Veterans Educational Benefits, students are required to attend class. Benefits will be terminated for non-attendance. This may cause an over-payment to the student. Some veterans receiving VA educational benefits must verify their attendance to receive their benefits. Please check with the Veteran Success Center for current procedures.

Veterans and dependents receiving grades of "UW" (unofficial withdrawal) or "W" (withdrawal) will have to reimburse the VA for any difference in pay, retroactive up to the beginning of the semester, unless they can report mitigating circumstances to the Department of Veterans Affairs. Benefits will not be paid for a course that is audited (AU).

New Military Connected Students

New students applying for VA educational benefits may be requested to submit to the UVU Veterans' Service Coordinator either original or certified copies of the following documents: (1) VA claim (c) number, if applicable, and (2) Confirmation of VA.Gov application, (3) Certificate of Eligibility. This information is needed as soon as possible to ensure timely and accurate processing of benefits. UVU forms can be found online at uvu.edu/veterans. Official transcripts from all previously attended colleges or universities are required. The VA will not pay for any course the student has previously taken and successfully completed.

Continuing & Returning Military Connected Students

All continuing and returning military connected students must submit to UVU Veterans' Service Office promptly after registering for the semester a Veterans' Class Schedule Form that can be found online. This form must be submitted each semester to indicate that the student requests to receive educational benefits for that semester. Please be aware that adding and dropping classes may cause a debt with the Department of Veterans Affairs.
