UVU strives to ensure the accessibility of our catalogs. However, if individuals with disabilities need this document in a different format than provided, you may contact the Assistive Technology Center at ACCESSIBLETECH@uvu.edu or 801-863-6788.
Welcome to Utah Valley University!

At UVU we encourage you to come as you are — there is a place for you here. You have a unique story, and your continued development of self, combined with the acquisition and implementation of knowledge, can put you on the path to success — academically, professionally, and personally.

As part of our mission ethos, we are champions of learning by doing. We call it engaged learning. This approach takes the best learning from textbooks, research, and class lectures and combines it with a myriad of opportunities for practical application. Since our founding, we have created connections that help our students expand their horizons and become better prepared to enrich society and the world around them. The world is dynamic, and we believe higher education should reflect that.

Each UVU student, with her or his unique characteristics and background, is important to the whole of the university and plays a crucial role in the vibrancy of our community. I invite you to be actively engaged in your life as students, enjoying the many extracurricular activities and athletic offerings on our campus as you complete your degree. Be assured that the seriousness with which you pursue your studies will be richly complemented and supported by a comprehensive network of invested faculty, staff, and administrators. Together, these women and men will ensure that UVU is a place of exceptional care, exceptional accountability, and exceptional results.

I encourage you to explore the pages of UVU’s course catalog. Our wide range of offerings in certificate programs and associate, bachelor, and graduate degrees reflects our approach to higher education. This integrated model of education, combining career and technical education alongside more traditional academic degree programs, produces first-rate scholars and practitioners in highly sought-after fields. No matter your background or interests, there is a place for you at UVU. So, come as you are — bring your dreams.

Go Wolverines!

Best wishes,
Academic Policies & Standards

Academic Year
The academic year consists of three semesters: fall, spring, and summer. Fall and spring semesters are each made up of 15 weeks of class work and one week for final exams. The summer semester is 14 weeks in length; most classes are offered in one of two seven-week blocks. The time in classes is adjusted to equal the class time of fall and spring semesters, but there is no final exam period during summer.

Course Administration
UVU reserves the right to cancel any course at any time. Reasons for course cancellations include, but are not limited to, low enrollment in the course, space unavailability, instructor change, loss of instructor, and/or program changes. Students enrolled in the course will be contacted as soon as possible by the appropriate school or college when the university decides to cancel a course.

Class Periods/Credits
All credit hours are computed in semester hours. Three hours of work per week are, on average, expected to earn one semester credit hour; however, one credit hour may include any of the following combinations of work:

1. One hour of lecture, plus a minimum of two hours of personal work outside of class, regardless of delivery mode (One hour of lecture is considered to be 50 minutes per week);
2. Three hours in a laboratory, internships, practica, studio work, or other academic work, regardless of delivery mode, with additional outside work in preparation and documentation;
3. Any other combination appropriate to a particular course as determined by the academic department.

All transfer courses taken on a quarter system will be converted to semester hours using a three to two credit ratio. For example, a three credit hour course from a quarter calendar institution transfers to UVU as two semester credits.

Full-time Student Status
Graduate
UVU considers graduate students registered for 9 credits or more per semester or summer to be full-time graduate students. A 9 credit hour minimum load is generally accepted by sponsoring agencies for certifying full-time status.

Undergraduate
UVU considers students registered for 12 credits or more per semester or summer to be full-time students. A 12 credit hour minimum load is generally accepted by sponsoring agencies for certifying full-time status. Financial aid recipients receiving full benefits and students on scholarships are required to carry a minimum of 12 credits per semester.

For students attending only the fall and spring semesters, 15 to 18 credits per semester is generally required to complete associate degree programs within two academic years or bachelors degrees within four academic years, assuming all prerequisites are satisfied (See individual major requirements for exceptions).

Credit Hour Loads in Excess of 20
Students who enroll in 21 or more credit hours in a semester must have approval from the deans of the appropriate schools and/or colleges.

Year Classifications & Credit Hours
Freshman: 0-29 credit hours
Sophomore: 30-59 credit hours
Junior: 60-89 credit hours
Senior: 90 or more credit hours
Grading Policies

Grades are determined by instructors, based upon measures determined by the instructor and department and may include: evaluation of responses, written exercises and examinations, performance exercises and examinations, classroom/laboratory contributions, mastery of pertinent skills, etc. The letter grade “A” is an exceptional grade indicating superior achievement; “B” is a grade indicating commendable mastery; “C” indicates satisfactory mastery and is considered an average grade; “D” indicates substandard progress and insufficient evidence of ability to succeed in sequential courses; “E” (failing) indicates inadequate mastery of pertinent skills or repeated absences from class; “UW” indicates unofficial withdrawal from class.

The following table indicates each grade variant and the equivalent grade points for that variation.

<table>
<thead>
<tr>
<th>One credit of:</th>
<th>Equals grade points:</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A-</td>
<td>3.7</td>

</tr>
</tbody>
</table>

The GPA is determined by dividing the total grade points earned (credit hours times grade in points above) by the number of semester hours attempted.

Students may view final grades electronically on the myUVU system after the end of the semester. All financial obligations to the Institution and “holds” on academic records must be resolved before college transcripts are issued.

Incomplete (I) Grades

Students are required to complete all courses for which they are registered by the end of the semester. In some cases, a student may be unable to complete all of the course work because of extenuating circumstances. The term “extenuating circumstances” includes: (1) incapacitating illness which prevents a student from attending classes (usually more than five consecutive class days); (2) a death in the immediate family; (3) change in work schedule as required by employer; or (4) other emergencies deemed acceptable by the instructor.

If circumstances are deemed appropriate, the student may petition the instructor for time beyond the end of the semester to finish the work. If the instructor agrees, an “I” grade will be given. An Incomplete Grade Form indicating work completed and work to be completed must be signed by the student, instructor, and the department chairperson, and turned into the Registrar’s Office at the end of the semester.

“I” grades should not be requested nor given for lack of completion of work because of procrastination or dissatisfaction with the grade earned. Per policy, students must be passing the course and have completed 70% or more of the course work in order to qualify for an incomplete.
Introduction

Specific arrangements to remove an "I" grade must be made between the student and the instructor. In most circumstances, work to be completed should be finished in the first two or three weeks following the end of the semester in which the "I" was given. Failing to complete the "I" and replace it with the appropriate letter grade may negatively affect any financial aid.

Incomplete work cannot be completed by retaking the class. If such an option is preferred, the student must take the grade earned and then retake the class for a better grade. The grade for the later class will be calculated in the GPA. In all cases, the "I" grade must be made up within one year. If it is not, the "I" grade will change to an "E" on the transcript. "I" grades are not computed in the GPA.

Repeating a Course

No additional credit is allowed for repeating a course in which the initial grade was passing unless the course number for the course ends in the letter suffix "R" or "Z" (a course designed to be repeatable for credit). For other repeated courses, the most recent grade will be used in the calculation of the GPA. Upon successful completion of the repeated course, the repeat is indicated on the student's transcript (E=Exclude, I=Include). All work will remain on the records, ensuring a true and accurate academic history. (Note: Although not used in computing the UVU overall GPA for UVU purposes, many graduate programs, such as law or dental school, include ALL grades in calculating an overall GPA for admissions criteria.)

Courses are not accepted from other institutions for the purpose of posting a repeat of a course already taken at UVU.

Board of Regents policy requires that students shall be charged at the full cost of the instruction tuition for repeating a course more than once, unless the institution determines that the repetition is a result of illness, accident or other cause beyond the student's control or unless the course is prescribed by the student's program of study. This affects all courses beginning January of 2003.

Changing a Grade Other than an Incomplete

Policy

Any student who has reason to believe that a grade assigned in a specific course was not justified has the right to appeal that grade.

Procedure

Student Action—

Grades may be appealed within one year of issuance in the following manner:

First, the student shall approach the instructor of the course as soon as possible after receiving the final grade. They have the right to discuss the merits of their appeal in an informal and non-threatening environment.

Second, after obtaining feedback from the instructor regarding the rationale for assigning the original grade, and assuming dissatisfaction still exists at the conclusion of the first step, or if the original instructor is no longer available, the student has a right to submit a written appeal to the department chair, in a consultation setting.

Finally, if a mutual understanding cannot be reached in the second step, the student has the right to submit a formal written appeal through the Office of the Registrar to the University Academic Standards Committee, which exercises final authority in adjudicating the appeal.

Faculty Action

During the first year after the issuance of a grade, an instructor for a specific class may submit a grade change form with proper documentation directly to the Records Office.

During the second through fifth years, the grade change form must be accompanied by an Academic Standards Petition filled out by the student and submitted by the course instructor or department chair directly to the registrar. If a grade change is requested and the faculty member who gave the original grade is no longer employed by UVU, the appropriate department chair may make the change if it is warranted.

After five years, a grade change may be considered only where evidence exists to prove that an error occurred in the recording of the original grade or extreme extenuating circumstances existed. In the latter case, an Academic Standards Petition with appropriate documentation may be submitted to the Office of the Registrar for possible consideration by the University Academic Standards Committee.

When the Records Office receives a signed change of grade form from an instructor, the new grade(s) are entered into the computer. An explanation of the transaction is entered into the student's record, including what the old and new grades are.

Withdrawal & Reinstatement

Students may drop and withdraw from classes according to the dates and deadlines posted on the Semester Student Timetable. Classes may be dropped and not appear on the transcript through the drop deadline. After the last day to drop noted on the Semester Student Timetable, a grade of "W" will appear on the transcript for all official withdrawals and students will be responsible for tuition and fees. A "W" grade could impact a student's satisfactory academic progress with the Financial Aid and Scholarships Office.

Withdrawing from a course after the last day to withdraw deadline may only be for extenuating circumstances and not solely for academic difficulty, and requires the signature of the department chair with a department approval stamp. Such changes to a student's schedule may adversely affect current and future financial aid, scholarships and/or refunds. Students are cautioned to see a financial aid advisor before attempting to completely withdraw from school.

If a student stops attending (but does not officially withdraw) before the last day to withdraw, they should receive a "UW."
If a student stops attending (but does not officially withdraw) **beyond the last day to withdraw**, they may receive the grade earned up to that point, or an “E”, at the instructor’s discretion.

“UW’s” are calculated into the grade point average (GPA) as 0.00, the same as “E’s” (failing grades).

**Administrative Drops and Withdrawals**

Students may be dropped or withdrawn from classes by the administration if they: 1. register, but do not attend courses within the first three class periods of a semester; 2. register for courses for which they have not completed prerequisites; 3. neglect to pay tuition and fees for any given semester by the deadline published in the Student Timetable; or 4. other administrative reasons. Such changes to a student’s schedule could affect financial aid, scholarships, and/or refunds.

**Withdrawal from the Institution**

It is the responsibility of the student who withdraws from school to complete the online Leave of Absence process. If withdrawing (Leave of Absence) after the refund period noted in the Semester Student Timetable, a grade of “W” will appear on the transcript for all official withdrawals and students will be responsible for tuition and fees. A “W” (official withdrawal) grade could impact a student’s satisfactory academic progress with the Financial Aid and Scholarships Office. Complete withdrawal from college may adversely affect financial aid and/or Veterans’ benefits.

Simply stopping attendance does not qualify as an official withdrawal, and a student who does so may receive a failing grade.

**Reinstatement**

Students who withdraw from UVU and then desire to be reinstated during the same academic semester may do so by obtaining clearance from the Registrar’s Office and completing the late registration process.

**Student Military Leave Procedure**

Students activated into military service during an academic semester for which they are currently enrolled have the following options to choose from, in addition to other alternatives provided by existing policy and regulation. The student is responsible to notify appropriate Institution officials regarding the implementation of the selected option.

1. A request to withdraw from school will be honored with a full refund of all tuition and fees paid. Non-punitive “W’s” will be recorded on the transcript and the date of action maintained on the student’s record.

2. Incomplete grades may be negotiated with individual faculty and/or departments based on realistic means of completing the required objectives of the course(s). Where recommended by the department (faculty), the time limit for completing the “I” may be extended. This option may include “home study” as a means of completing the required work with faculty approval and where practical.

3. Current grades (grades earned at the point of termination) may be issued at the discretion of individual faculty. This is also a negotiated option.

In all cases, the student activated into military service is eligible for readmission.

**Noncredit Continuing Education Unit (CEU)**

Noncredit or Continuing Education Students are taking courses to pursue personal or professional interest, gain general knowledge, learn a new skill, upgrade existing skills, or enrich their personal understanding of a wide variety of topics. These courses do not offer college credit, but in some cases noncredit or continuing education students can earn continuing education units, certification or other evidence of class completion to meet personal or professional requirements. Noncredit course work cannot be substituted for a credit requirement or any required course on a degree pathway.

**College Credit**

College credit at UVU may be obtained through the following methods: 1. UVU Credit (includes Cooperative Education); 2. Transfer Credit; 3. Challenge Credit; 4. Foreign Language Challenge Credit; 5. Advanced Placement Credit; and 6. CLEP (College Level Examination Program).

**1. UVU Credit**

UVU credit is obtained through admittance to UVU, registering for classes, and satisfactorily completing all required course work. Courses completed through this method will receive a letter grade that will be used in calculating Grade Point Average (GPA).

**Cooperative Education**

Cooperative Education (Coop) offers another avenue for students to obtain UVU college credit. Students enrolled in cooperative education work as paid employees of a business, agency, or institution while enrolled at UVU in classes related to their career. Academic credit for cooperative work experience is granted according to the number of hours a student works during the semester using the following formula:

<table>
<thead>
<tr>
<th>Credit hours</th>
<th>Minimum hours of work</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>75</td>
</tr>
<tr>
<td>2</td>
<td>150</td>
</tr>
<tr>
<td>3</td>
<td>225</td>
</tr>
<tr>
<td>4</td>
<td>300</td>
</tr>
</tbody>
</table>
General Education for Transfer Students

For transfer students from any Utah State Higher Education institution, UVU shall accept at full value all General Education course work approved by the sending institution, provided it meets the minimum C- letter grade requirement, in any area specified by the Board of Regents document R470. These areas include Composition, Quantitative Literacy, Fine Arts, Humanities, Social and Behavioral Science, Biology and Physical Science. UVU shall require transfer students to complete any additional coursework needed to satisfy the unmet portions of the UVU General Education requirements. Previously completed General Studies course work shall be applied to assure the best possible fit with UVU's General Education requirements. As each transfer student's requirements may vary, see the Transfer Credit Office (BA 113 for specific requirements.

An AA or an AS degree earned at any USHE institution will meet the General Education requirements of UVU. The degree must include equivalents of UVU's English, Mathematics, and American Institutions requirements or the student will have to fulfill these requirements separately.

Credit for ACT/SAT Scores

On May 12, 2015, Senate Bill 196 - Math Competency Initiative passed which mandated that the State Board of Education establish a qualifying score for ACT/SAT scores in order to award college credit for a mathematics course. This course must satisfy the state system of higher education quantitative literacy requirement. This initiative will go into effect as of the 2016-2017 school year. High School students who have graduated during the 2016 school year and onward will be eligible for QL 1900 based off of an ACT score of 26 or an SAT score of 660.

U.S. Institutions outside of Utah

For transfer credit to be accepted by UVU, the institution from which credit is to be transferred must be accredited by one of the following regional associations:

- Middle States Association of Colleges and Schools (MSA)
- Northwest Commission on Colleges and Universities (NWCCU)
- North Central Association of Colleges and Schools (NCA)
- New England Association of Schools and Colleges, Inc./Commission on Institutions of Higher Education (NEASC-CIHE)
- Southern Association of Colleges and Schools/Commission on Colleges (SACS-CC)
- Western Association of Schools and Colleges/Accrediting Commission for Community and Jr. Colleges (WASC-Jr.)
- Western Association of Schools and Colleges/Accrediting Commission for Sr. Colleges and Universities (WASC-Sr.)

A completed associate degree (i.e. AA or AS) designed for transfer earned at one of these regionally accredited institutions will fill most of the UVU general education requirements if the degree includes a minimum of 30 semester credit hours of general education that is broad and representative of UVU's general education core. The completed AA or AS degree must include direct equivalents of UVU's English, Mathematics, and American Institutions requirements or the student must fulfill these requirements separately. If the courses within the transferable degree aren't considered to be transferable or general education courses, the classes and the degree may not be recognized and courses will be evaluated individually for transferability and equivalency.

Non-accredited institutions may be accepted on an exception basis by individual departments.

</tr>
</tbody>
</table>

Coop credits are registered for at the same time and in the same manner as UVU credits.

Courses completed through Cooperative Education will receive a credit/no-credit grade which is not included in the calculation of the GPA.

The maximum number of coop credits that may be applied toward a certificate is 8; a diploma is 14; an associate or bachelor’s degree is 16 credit hours. Departments define how coop credit is applied to specific programs. Additional coop credit may be taken (but not applied toward graduation) with approval of the cooperative education director and the appropriate dean.

2. Transfer Credit

It is the student's responsibility to have official transcripts of any previous college work completed elsewhere sent to the UVU Admissions Office. Transcripts accepted as official by the UVU Admissions Office are automatically sent to the Transfer Credit Office for evaluation and posting. The Transfer Credit Office may require the student to supply the catalog, bulletin, or course outlines from previous schools attended to assist in determining the transferability of specific courses. Transfer credit may or may not apply to UVU graduation requirements, regardless of the number of credits transferred.

Transfer courses with grades below “C-” will not be accepted by UVU. Transfer courses are not calculated in the GPA. Individual departments reserve the right to impose limits on the age and grade level of transfer credit. There is no limit to the number of transfer credits that may be accepted; however, UVU graduation requirements such as residence, total credits, and GPA must still be met.

Transfer courses will not be accepted from other institutions for the purpose of posting a repeat on a course already taken at UVU.

Courses in religion will be evaluated on the basis of the particular orientation of the course as determined by the UVU Religious Studies Committee. In order to be considered, these courses must be listed on an official transcript from a regionally accredited institution and must demonstrate scholarly rigor and critical engagement with the subject matter.
Military courses are evaluated using the ACE recommendations from the Guide to the Evaluation of Education Experiences in the Armed Services. Approved credits will be applied if they directly pertain to a student’s individual undergraduate degree program.

**International and Foreign Institutions**

The Transfer Credit Office, working with department academic advisors and faculty, is authorized to evaluate credit from foreign colleges, universities, and/or International Baccalaureate (IB) Diplomas after a student has been admitted to UVU. International students requesting transfer of credit from foreign institutions of higher education must submit a transcript from an approved Foreign Credentials evaluation Service. See the Transfer Credit Office (BA 113) for a list of these accepted services.

Transfer courses from international and foreign institutions are not calculated in the GPA.

**3. Challenge Credit/Experiential Credit**

(Equivalency Examination and/or Documentation of Earned Competency)

No more than 25 percent of the minimum credits required toward a bachelor’s degree, and associate degree, diploma, or certificate of completion, may be awarded through experiential and/or challenge credit. Challenge credit and experiential credit are not eligible for use in a certificate of proficiency. Credit for courses that appear in the current catalog may be awarded to individuals who can prove through appropriate assessment and/or documentation that they have already acquired the equivalent knowledge and/or expertise required for successful completion of that course.

To receive experiential/challenge credit for a specific course, the student must

1. Be enrolled at the University.
2. For Challenge credit, complete a comprehensive examination (theoretical and/or applied) with at least a “C-” grade; or for Experiential credit, provide documentation of practical experience to the satisfaction of the department chairperson and dean showing course objectives have been met; or with the departmental approval, complete an advanced course with a grade of “C-” or higher (if deemed necessary by the department) as a validation procedure.
3. Pay, in advance, a nonrefundable processing fee.
4. After successful completion of requirements, pay the per-credit-hour fee.

A specific course shall be challenged only once, and a student shall not receive challenge/experiential credit for a course that the student is/or has been previously enrolled in and received a grade, including a “W” or “AU” grade.

Duplicate credit will not be awarded.

Grades shall be recorded only as “CR” (credit) and shall not be calculated in a student’s university GPA.

**4. Language Challenge Credit**

Students may obtain an Experiential Language Credit Request Form in the UVU Languages and Cultures Department.

Students who have acquired proficiency in languages offered at UVU by means other than college courses (high school, foreign residency, etc.) may earn up to 16 credit hours. To qualify for these credits, a student shall complete a course in that language at a higher level than the credits for which they apply; and the grade in that course must be a “C-” or better.

To qualify for credit for language courses not offered at UVU, a student may, as an alternative, take the appropriate language test at any accredited four-year institution and provide UVU with the satisfactory (C- or better) test results. In this circumstance, the student must meet with the Languages and Cultures department chairperson to ascertain the maximum language credits that may be applied to any degree from UVU.

Proficiency tests to determine placement (not credit) in advanced courses are administered in the UVU Classroom Testing Center prior to the beginning of each semester. Students unsure of their language skills must take the test or receive permission from the course instructor before registering for advanced classes.

Students who qualify for credit under the above provisions (for example, they register for, and successfully complete, Spanish 2010 with at least a “C-” grade, thus qualifying for the credits for the previous courses—1010 and 1020) must petition for those credits (application forms are available in the Languages and Cultures Department) and pay a fee for each credit hour. No additional tuition will be charged for those credits. The credits will be listed on transcripts as “CR” and are not calculated in the GPA.

Additional information regarding language challenge credit and other policies are available from the Languages and Cultures Department.

**5. Advanced Placement Credit**

Students who complete an Advanced Placement Exam through CollegeBoard may earn up to 8 academic credits per test with a score of 3, 4, or 5, as per the policies set forth by the Utah State Board of Regents. Students having AP test scores of 3 or higher should contact the Transfer Credit Office to ensure posting of the results to their UVU transcripts.

Specific equivalencies and acceptance criteria are updated annually, upon departmental faculty review and approval.

If all residence, credit, and grade point average requirements have been met, there is no limit to the number of Advanced Placement credits that may be accepted; however, duplicate credit for tests and course work shall not be applied.

AP credit will be posted as a “CR” grade and will not be calculated in the GPA.
6. CLEP Credit (College Level Examination Program)

Students may receive college credit for CLEP exams as specified on the approved list in the Transfer Credit Office. Additionally, students intending to transfer to another institution from UVU should meet with their intended transfer institution to gain advance information on how that institution accepts CLEP credit.

CLEP credit will be posted as a “CR” grade and will not be calculated in the GPA.

The amount of credit given through CLEP subject examinations is determined by the appropriate departments. No more than 25 percent of the minimum credits required toward a degree may be awarded through CLEP and/or Challenge/Experiential Credit hours.

Course Number System

0000-0999 Remedial or preparatory noncredit courses; may not be counted toward a certificate, diploma, associate, or bachelor’s degree. Technical, nontransferable courses may count toward a certificate.

1000-2999 Lower division (freshman and sophomore courses); courses designed as transfer courses; count toward a certificate, diploma, associate, and/or bachelor’s degree.

3000-5000 Upper division (junior and senior courses); courses designed to count toward a bachelor’s degree, or any other degree as required by department.

6000 Graduate courses; regular courses in master’s level programs.

Learning Enrichment courses with 1000 level numbers do not satisfy General Education requirements for the associate or bachelor’s degrees. These classes may count as electives for the Associate in Arts, Associate in Science, and Bachelor of Science degrees.

The letter suffix “R” indicates that a course is repeatable for credit (example: PES 161R). Course descriptions indicate the number of “repeats” allowed.

Variable and partial credit is indicated by letter suffixes of “A,” “B,” “C,” etc. (example: ACC 201A = 4 credits and ACC 201B = 2 credits). Changing the hours of credit for a variable-credit class after registration may be done only through the add/drop (class change) procedure. Such changes must be made prior to completion of that partial course.

“Honors” credit courses are identified on the transcript by an “H” following the course number (example: ENGL 225H).

Global/Intercultural credit courses are identified on the transcript by a “G” following the course number (example: ANTH 101G).

Undergraduate Academic Standards

- Academic Counseling Center
- Office: LC 402
- Telephone: 801-863-8425

Policy

Academic standing is determined by the grades a student earns at UVU. A student with the most recent semester grade point average (GPA) and cumulative GPA of 2.0 or higher on a 4.0 scale is in good academic standing. When a full- or part-time undergraduate student fails to maintain a semester or cumulative GPA of 2.0 on a 4.0 scale, the student shall be notified of progressive academic intervention actions.

Students placed on alert status, academic warning, academic probation, and continued academic probation remain eligible for all extracurricular activities as governed by the rules of the specific activity. This policy does not include nor preclude additional program requirements that may be mandated by specific departmental majors.

Procedures

Academic intervention shall be applied progressively in the order described below.

Alert Status

When a student is not making adequate progress towards course completion and the instructor is unable to resolve the issue with the student, the student may be placed on alert status. A registration hold may be placed on the student’s record. The student must then meet with their academic advisor for guidance before the registration hold will be removed.

Academic Warning

When the semester GPA falls below 2.0 and the cumulative GPA is 2.0 or above, the student shall be placed on academic warning regardless of alert status. A registration hold shall be placed on the student’s record. The student must complete an academic success warning workshop and meet with their academic advisor before the registration hold will be removed.

Academic Probation

When the semester and cumulative GPA both fall below 2.0, the student will be placed on academic probation. A registration hold shall be placed on the student’s record. The student must complete an academic success probation workshop, develop an academic success plan, and meet with their academic advisor before the registration hold will be removed.
Continued Academic Probation
If the student on academic probation fails to raise the cumulative GPA to a 2.0 or above in the subsequent semester, the student will be placed on continued academic probation. A registration hold shall be placed on the student’s record and the student must prepare an academic success plan with their academic advisor as well as the academic standards counselor before the registration hold will be removed. The student may also be required to attend another academic success probation workshop and/or enroll in a college success class.

All students on continued academic probation will be required to submit an in-progress grade report to the Academic Standards Office in order to register for any subsequent semester(s). The student shall continue to receive advisement from the academic standards counselor, as well as their academic advisor, to monitor and promote academic progress.

Academic Suspension
When on continued academic probation, a student receiving a semester and cumulative GPA below 2.0 in a subsequent semester shall be placed on academic suspension. The student shall be immediately dropped from enrollment in all current semester classes and a registration hold shall be placed on the student’s record. The student shall be suspended for a minimum of one full semester. During this time the student is expected to resolve all academic problems that led to the academic suspension.

To re-enroll at the University, a student must submit a Petition for Academic Suspension Review to the Academic Support Committee. This committee will make suggestions for specific customized interventions to be approved by the Academic Standards Committee. A decision shall then be rendered as to whether or not, and under what conditions, the student may continue to study at the University. The student must complete the requirements set forth by the Academic Standards Committee before the registration hold will be removed.

Academic Probation Returning from Academic Suspension
When the academic suspension petition is granted, the student is allowed to resume their academic studies under probation returning from suspension. This status allows the student to register for classes under the guidance of the Academic Standards Office, in conjunction with their academic advisor. As long as the student acquires a semester GPA of 2.0 or above in all subsequent semesters and abides by the conditions outlined by the Academic Standards Committee, the student may continue to enroll in classes. The student will remain on academic probation returning from academic suspension until the cumulative GPA is at or above 2.0.

Academic Dismissal
When failing to comply with the conditions set forth by the Academic Standards Committee while on academic probation returning from academic suspension, the student shall be dismissed from the University and immediately dropped from enrollment in all classes. A registration hold shall be placed on the student’s record.

The student may not re-enroll at the University or submit a Petition for Academic Dismissal Review for a minimum of one full calendar year from the date of academic dismissal. During this calendar year, the student may also be required to attend another institution and complete 18 credits with a minimum cumulative GPA of 2.5. Upon review by both the Academic Support Committee and the Academic Standards Committee, a decision will be rendered as to whether or not, and under what conditions, the student may re-enroll at the University.

Any student who returns to the University after being dismissed will be placed on academic probation returning from academic dismissal and will be required to follow the academic plan outlined by the Academic Standards Committee.

Appeals
When the student’s Petition for Academic Suspension Review or Petition for Academic Dismissal Review is denied by the Academic Standards Committee, the student may present an appeal to a hearing panel that consists of the Academic Standards Committee and a representative appointed by the President of the Utah Valley University Student Association (UVUSA). After review of the petition, the hearing panel will determine if the student’s appeal is granted or denied. If the appeal is granted, the hearing panel shall determine the conditions for re-enrollment at the University.

If the student is unsatisfied with the hearing panel’s decision, the student has the right to appeal in writing to the Vice President of Academic Affairs.

Academic Renewal
For students who are challenged with a low GPA or for those who have experienced a period of low grades that does not reflect their academic potential, UVU offers academic renewal. A student is allowed to petition the Registrar for academic renewal only one time during his or her enrollment at the University. This process shall remove a limited amount of previous academic work from the student’s GPA and from credit toward graduation. To be eligible a student shall meet the following conditions at the time the petition is filed:

1. The student must be currently enrolled at UVU.
2. A minimum of two years has elapsed since the most recent course work to be eliminated was completed.
3. The student has completed at least 30 semester hours of UVU course work with a minimum cumulative GPA of 2.50. These 30 hours shall have been completed after the course work the student is requesting to eliminate.
Introduction

4. The student's cumulative GPA is below the level necessary for graduation in his or her current program of study. In most instances, this is a 2.0 cumulative GPA.

5. The requested course work has not been used toward an existing degree.

The student may request a maximum of two specific semesters/terms of academic course work be eliminated from his or her earned credits and cumulative GPA. Individual courses shall not be accepted.

If the petition qualifies under this policy, the student’s permanent academic record shall be annotated to indicate that no work taken during the disregarded semester(s) and/or term(s), even if satisfactory, shall apply toward earned credits, GPA, academic standing, and/or graduation requirements. All work shall remain on the records, ensuring a true and accurate academic history. The words “Academic Renewal” and the affected semester(s)/term(s) shall be annotated on the student’s transcript.

Academic renewal shall not be requested to earn or change academic honors status on a student’s transcript.

Academic Renewal cannot be applied for either hours attempted/completed (quantitative Satisfactory Academic Progress), or cumulative GPA (qualitative Satisfactory Academic Progress) for Title IV (Federal Financial Aid) purposes. Students who are granted Academic Renewal at UVU will have the credit hours removed from their earned credits and GPA for academic purposes. However, for Satisfactory Academic Progress purposes, students are measured based on the original grades and not the changes due to academic renewal.

No exceptions shall be made to this policy. Students shall be aware that this policy may not be accepted at transfer institutions, and all credit, including those with academic renewal, may still be calculated by the transfer institution.

Academic Distinction

The Dean’s list recognizes those who have demonstrated outstanding academic performance during a term or semester. To be eligible:

1. The student must complete 12 semester hours or more in any semester and a commensurate number of hours in any term.
2. The student must earn a semester GPA of 3.6 or above.
3. The student must have a cumulative GPA of at least 2.0.

University Advanced Standing (UAS)

Definition effective as of the 2021-2022 academic year:

Before students can register for upper-division coursework (3000-level or higher), they must qualify for University Advanced Standing (UAS) by:

- Completing or being registered for Quantitative Literacy (MAT 1030 or higher).
- Completing or being registered for ENGL 2010 or equivalent.

Accreditation

Utah Valley University is accredited by the Northwest Commission on Colleges and Universities.

Accreditation of an institution of higher education by the Northwest Commission on Colleges and Universities indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Northwest Commission on Colleges and Universities is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding an institution’s accredited status by the Northwest Commission on Colleges and Universities should be directed to the administrative staff of the institution. Individuals may also contact:

- Northwest Commission on Colleges and Universities
  - 8060 165th Avenue N.E., Suite 100
  - Redmond, WA 98052
  - (425)-558-4224
  - www.nwccu.org

The Northwest Commission on Colleges and Universities (NWCCU) is an independent, non-profit membership organization recognized by the U.S. Department of Education as the regional authority on educational quality and institutional effectiveness of higher education institutions in the seven-state Northwest region of Alaska, Idaho, Montana, Nevada, Oregon, Utah, and Washington.

In addition, some programs or majors have other specialized accreditation.

- Specialized Accreditation, Certification, and Approvals
  - Web: www.uvu.edu/accreditation/specialized.html

Gainful Employment information is provided in compliance with the U.S. Department of Education's disclosure requirements for programs eligible for Title IV financial aid that prepare students for gainful employment in a recognized occupation as required in 34 CFR 668.6(b). All programs list
Introduction

the following information: CIP Code, Level of Program, Program Length, Tuition and required fees, Estimated costs for books and supplies, Debt at program completion, Program completion in Normal Time, Job Placement, and Related Occupations. Gainful Employment Program Disclosure is listed on all marketing materials for potential students.

General Education

General Education Information

Whereas a major provides students with specialized knowledge, General Education ensures that students have the breadth of knowledge that characterizes well-rounded and well-informed citizens. General Education provides the skills of analysis, problem-solving, creative thinking, and critical thinking that prepare students for an unknown and ever-changing future.

Completion of the UVU General Education requirements will fulfill the General Education requirements at all colleges and universities within the Utah System of Higher Education. However, certain majors, both at this institution and other Utah institutions, may require specific General Education courses. While UVU has not articulated these courses with higher education institutions outside the State of Utah, they will generally articulate to other regionally accredited colleges and universities in the United States. It is the responsibility of students to complete the appropriate General Education courses required by their departments regardless of the generalized list printed in this catalog.

Note: Students taking General Education courses without having declared a specific major are advised in the Academic Counseling Center, LC 402, telephone 801-863-8425. Students who have declared a specific major that is taught at UVU will be directed to the appropriate academic advisor upon completion of new student orientation and assessment activities.

Department Articulation Agreements

In addition to General Education courses, many departments have articulated specific courses that transfer to help fulfill baccalaureate degree requirements. Information concerning these courses may be obtained from UVU department advisors or the Admissions-Transfer Services Office, BA 114.

General Education Code System

General Education course designator codes (Attributes) aid students and transfer institutions to identify how General Education courses meet graduation requirements.

The following list identifies General Education core and distribution courses as they apply to the Associate in Arts/Science Degrees and Bachelor of Arts/Science Degrees, and can be used to search the registration menu:

AS - American Institutions
BB - Biology
CC - English Composition
FF - Fine Arts
HH - Humanities
LH - Foreign Language
PP - Physical Science
SS - Social Science
QL – Quantitative Literacy
XF - Must be taken with another course to equal FF (see department)

General Education Requirements

Interstate Passport

The Interstate Passport enables successful transfer of a block of lower-level general education learning to other institutions participating in the Interstate Passport Network. Students who complete their Passport at Utah Valley University will not be required to repeat or take additional course work to meet lower-division general education requirements in the Passport’s nine areas when they transfer to any other Passport institution. Utah Valley University will begin transcripting the Interstate Passport following the Fall 2016 semester. Students with an interest in achieving the Passport should see our website at http://www.uvu.edu/transfer/passport.html and contact their Advisor.

Associate in Arts/Science Degrees and Bachelor of Arts/Science Degrees

These requirements satisfy the General Education requirements for both the Associate in Arts and the Associate in Science Degrees, as well as the Bachelor of Arts and the Bachelor of Science Degrees at UVU, taking into account adjustments that may be required by academic departments to
Introduction

fulfill their specific needs. Honors courses with the same prefix and number also satisfy distribution requirements. Total core and distribution is 35 credits.

Core Requirements

These courses provide basic skills in logic, math, written and oral communications, health, and fitness.

**Additional Guidelines for Completion of the Associate in Arts/Science Degrees**

The Associate in Arts and the Associate in Science Degrees are designed to complete General Education requirements and could complete lower division pre-majors for baccalaureate degrees at UVU or other colleges or universities.

The General Education courses shown above constitute the majority of the credits required for these degrees. In addition to the General Education requirements, these degrees require 25 additional credit hours.

Associate in Arts Degrees require 8 hours of these 25 hours to be from the same recognized foreign language.

See your specific academic department for further information on appropriate course work to complete a pre-major or the remaining 25 hours. The Academic Counseling Center (LC 402) has some specific outlines available to transfer to other institutions.

**Associate in Applied Science Degrees**

This is a general outline. Refer to the department or Graduation Office for specific requirements. A total of 16 credit hours is required. Students must have a minimum of three credits in each area, except “F” (Physical Ed/Health/Safety/Environment).

**A. ENGLISH**

Complete for 3 credits:

- ENGL 1010/101H Introduction to Writing
- MKTG 2200 Business Communication

**B. MATHEMATICS**

Complete for 3 credits:

- MAT 1000 Integrated Beginning and Intermediate Algebra
- MAT 1010 Intermediate Algebra
- Any Higher Mathematics course
- Any approved Departmental Mathematics Course

**C. HUMANITIES/FINE ARTS/FOREIGN LANGUAGE**

Complete for 3 credits:

- PHIL 2050/205G/205H Ethics and Values (Highly recommended)
- Any approved Humanities, Fine Arts, or Foreign Language Distribution Course

**D. SOCIAL AND BEHAVIORAL SCIENCE**

Complete for 3 credits:

- MGMT 3000 Organizational Behavior
- Any approved Behavioral Science, Social or Political Science Distribution Course
Introduction

E. BIOLOGY OR PHYSICAL SCIENCE
Complete for 3 credits: any approved Biology or Physical Science Distribution Course

F. PHYSICAL ED/HEALTH/SAFETY OR ENVIRONMENT
Complete for 1 credit: any approved Physical Education, Health, Safety or Environment Course

Transfer Information
For students transferring to four-year Institutions, Colleges, and Universities in the Utah System of Higher Education.

UVU courses numbered 1000 or above will transfer within the Utah System of Higher Education. However, the application of these courses toward graduation is determined by academic departments of receiving institutions.

For students transferring to colleges and universities in the Utah System of Higher Education before earning an Associate in Arts or an Associate in Science Degree, or a Bachelor of Arts or a Bachelor of Science Degree, a certified letter verifying completion of the UVU General Education requirements may be requested from the Graduation Office. This letter will cause the gaining institution (run by the State of Utah) to accept the completion of UVU General Education requirements as fulfilling all of the General Education/Liberal Education requirements of the gaining institution.

Note: Completion of an Associate in Arts/Science Degree waives only General Education requirements. It does not waive the necessary hours to graduate. A student transferring to another institution should check with that institution to see how their credits have been accepted toward their degree.

Private, Parochial, or Out-of-State Colleges & Universities
Since these schools are not bound by Utah State Regent's policies, colleges/universities outside the Utah System of Higher Education may have specific requirements and may not accept all courses available at UVU. Students should contact the institution they are transferring to in order to determine how their credits will be accepted.

Brigham Young University
Brigham Young University accepts the Associate in Arts/Science Degrees for completion of its General Education requirements. Courses with grades of "D+" or lower will not transfer. Some departments at BYU have specific General Education course requirements that will still need to be taken at BYU. Individual departments at BYU should be consulted for exceptions.

Note: BYU has a limit on the number of transfer students admitted.

General Information
Utah Valley University does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age (40 and over), disability, veteran status, pregnancy, childbirth, or pregnancy-related conditions, citizenship, genetic information, or other basis protected by applicable law, including Title IX and 34 C.F.R. Part 106, in employment, treatment, admission, access to educational programs and activities, or other University benefits or services. Inquiries about nondiscrimination at UVU may be directed to the U.S. Department of Education’s Office for Civil Rights or UVU’s Title IX Coordinator / Director of Equal Opportunity at 801-863-7999 – TitleIX@uvu.edu – 800 W University Pkwy, Orem, 84058, Suite BA 203.

Mission
Utah Valley University is an integrated university and community college that educates every student for success in work and life through excellence in engaged teaching, services, and scholarship.

Our Values
UVU’s culture supports our mission of student success. Student success encompasses both terminal degrees and the holistic education of students, and we believe that we can fulfill this mission best in an environment that allows all individuals to thrive personally and professionally. To this end, UVU, operates in accordance with three core values: exceptional care, exceptional accountability, and exceptional results.

Exceptional Care
We invite people to “come as you are” and let them know that “UVU has a place for you.” Care means that we strive always to “see” the person in front of us — their strengths and weaknesses, struggles and triumphs, past and potential, and inherent dignity and worth. This does not mean that we set low expectations or make excuses for poor efforts. Instead, our commitment to exceptional care means that we set the bar high and provide challenging, honest conversations and feedback because we are deeply invested in seeing every member of our community succeed.

Exceptional Accountability
We are strongly committed to working ethically and effectively. We approach each situation from a position of integrity, knowing that everything we do can help or hinder a positive student experience. We honor the resources and mandates we have been entrusted with and strive always to do our
best to honor that trust. We respect each member of our community, seek to understand and fulfill our responsibilities, and recognize both individual and collective successes.

Exceptional Results

We are committed to creating opportunity systematically for as many people as possible. Our engaged curricula, programs, and partnerships address the intellectual and practical needs of our service area and the larger community. We seek to prepare our students to thrive in a rapidly changing economy and an interdependent, complex world. We aspire to greatness in all that we do, while also measuring progress against rigorous metrics that show our students are becoming competent and ethical professionals, lifelong learners, and engaged citizens.

Action Commitments and Objectives

Include

Through open admission and other practices, UVU provides accessible and equitable educational opportunities for every student who wants to receive a rewarding postsecondary education.

• Objective 1: UVU integrates educational opportunities appropriate to both community colleges and universities.
• Objective 2: UVU provides accessible, equitable, and culturally diverse learning experiences and resources for students of all backgrounds, including those historically underrepresented in higher education.
• Objective 3: UVU fosters an inviting, safe, and supportive environment in which students, faculty, and staff can succeed.

Engage

UVU delivers rigorous, meaningful, and experiential learning opportunities driven by a shared responsibility for student success.

• Objective 1: UVU faculty, staff, and students practice excellent, engaged teaching and learning activities as a community of scholars, creators, and practitioners.
• Objective 2: UVU develops relationships and outreach opportunities with students, alumni, and community stakeholders.
• Objective 3: UVU employees demonstrate a commitment to student success, professionalism, ethics, and accountability.

Achieve

UVU champions a university experience that helps students realize their educational, professional, and personal aspirations.

• Objective 1: UVU supports students in completing their educational goals.
• Objective 2: UVU students master the learning outcomes of the university and their programs.
• Objective 3: UVU prepares students for success in their subsequent learning, professional, and civic pursuits.

Roles

As a regional state university, Utah Valley University:

Provides quality academic learning opportunities for students through programs at the certificate, associate, baccalaureate, and graduate levels. To encourage responsible citizenship, emphasis is placed on engaged teaching and learning as well as scholarly work, research, creative achievements, career and technical education and community and professional engagement.

Provides access to higher education and offers a broad range of opportunities from developmental education through honors programs. The institution provides services designed to meet the educational and personal needs of students, to foster student success, to prepare students for meaningful lifework, and to provide access through a variety of modalities, including satellite campuses and the use of technology.

Promotes economic and cultural development to contribute to the quality of life of the region and state. The institution fosters economic development and provides a talent-force to meet the needs of a dynamic economy by offering credit and non-credit programs and services for individuals and organizations. UVU provides cultural experiences that enrich the community and offer significant and varied opportunities for continuous learning.

Historical Development

Utah Valley University was established as Central Utah Vocational School in September 1941 with the primary function of providing war production training.

Post-war training needs found the school offering programs throughout the region and at the Utah County Fairgrounds. The three school districts within Utah County combined efforts to purchase a thirteen-acre site close to Provo High School.

In 1963, the name was changed to Utah Trade Technical Institute to emphasize its growing role in technical training. The name change to Utah Technical College at Provo in 1967 was accompanied by the authority to award the Associate in Applied Science Degree. The Associate in Science Degree was added in 1972.

The initial 185-acre Orem Campus was dedicated in 1977. In 1987, the name was changed to Utah Valley Community College and the Associate in Arts degree was added by the Utah State Board of Regents.

In 1993, the name was changed to Utah Valley State College reflecting the change in mission to offer high demand baccalaureate degrees.
Introduction

The Utah State Legislature approved, in February 2007, a name change to Utah Valley University that became effective July 1, 2008. The Utah State Board of Regents approved the corresponding mission change in December 2007 to give authority to offer master level degrees; this also became effective July 1, 2008.

Accreditation

Utah Valley University is accredited by the Northwest Commission on Colleges and Universities.

Accreditation of an institution of higher education by the Northwest Commission on Colleges and Universities indicates that it meets or exceeds criteria for the assessment of institutional quality evaluated through a peer review process. An accredited college or university is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future. Institutional integrity is also addressed through accreditation.

Accreditation by the Northwest Commission on Colleges and Universities is not partial but applies to the institution as a whole. As such, it is not a guarantee of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding an institution’s accredited status by the Northwest Commission on Colleges and Universities should be directed to the administrative staff of the institution. Individuals may also contact:

- Northwest Commission on Colleges and Universities
  - 8060 165th Avenue N.E., Suite 100
  - Redmond, WA 98052
  - (425)-558-4224
  - www.nwccu.org

The Northwest Commission on Colleges and Universities (NWCCU) is an independent, non-profit membership organization recognized by the U.S. Department of Education as the regional authority on educational quality and institutional effectiveness of higher education institutions in the seven-state Northwest region of Alaska, Idaho, Montana, Nevada, Oregon, Utah, and Washington.

In addition, some programs or majors have other specialized accreditation.

- Specialized Accreditation, Certification, and Approvals
  - Web: www.uvu.edu/accreditation/specialized.html

Gainful Employment information is provided in compliance with the U.S. Department of Education’s disclosure requirements for programs eligible for Title IV financial aid that prepare students for gainful employment in a recognized occupation as required in 34 CFR 668.6(b). All programs list the following information: CIP Code, Level of Program, Program Length, Tuition and required fees, Estimated costs for books and supplies, Debt at program completion, Program completion in Normal Time, Job Placement, and Related Occupations. Gainful Employment Program Disclosure is listed on all marketing materials for potential students.

Graduation

Graduation Office
Office: BA 113
Telephone: 801-863-8438

Utah Valley University offers the following degrees: Master of Accountancy (MAcc), Master of Business Administration (MBA), Master of Computer Science (MCS), Master of Education (M.Ed.), Master of Science in Nursing (MSN), Master of Public Service (MPS), Master of Science in Cybersecurity (MS), Master of Social Work (MSW), Baccalaureate degrees, Associate in Applied Science (AAS), Associate in Arts (AA), Associate in Pre-Engineering (APE), Associate in Science (AS), Associate in Science in Business (ASB), Associate in Science in Nursing (ASN); Diplomas, and Certificates are also offered.

General Graduation Requirements

Students are expected to familiarize themselves with the rules and regulations of both the University and their specific majors. Detailed information concerning graduation requirements is available in this catalog as part of department descriptions. Responsibility for satisfying all graduation requirements rests upon the student. UVU reserves the right to change graduation requirements at any time.

The University confers degrees, diplomas, or certificates upon students who meet both the General Education requirements of the University and the specific requirements of one of the academic departments.

</table>

Please see the Graduate Studies section of the catalog regarding credit requirements for master degree programs.

### Grade Point Average Requirement

A minimum cumulative grade point average (GPA) of 2.0 (C) is required for graduation. In some programs specific course grades below 2.0 will not be accepted for graduation and some programs require a higher cumulative grade point average (see individual program requirements).

### Graduation Catalog Requirement

Candidates for graduation will be held to the requirements of the catalog under which they were admitted. Students have a maximum of 7 years to complete bachelor degrees and 5 years to complete associate degrees; 6 years are allowed for master degrees. In the case of bachelor degree programs, the seven year limit begins when a student is formally matriculated into the program. When students take longer than the given years to complete, they must have attended UVU during the Catalog Year to use those degree requirements towards graduation.

Programs that are no longer being offered may not be pursued by students who were not admitted or formally matriculated in that program during the accepted period of time. Students may not combine portions of different catalogs to fulfill graduation requirements. Once a catalog is selected, students must abide by all the graduation requirements specified within that catalog. Minors can only be sought if offered during that catalog year. Please see the Graduate Studies section of the catalog regarding catalog year requirements for master degree programs.

### Global/Intercultural Requirement

The Global/Intercultural requirement is a graduation requirement at the baccalaureate degree level. Courses that may be used to complete this requirement will be coded with a GI course attribute. The purpose of the Global/Intercultural requirement is to assist students to become better prepared to understand and participate in the global and cultural interdependencies that characterize our world. Students who take courses at another university and want to use them for the Global/Intercultural requirement must petition through the GI committee. See the Registrar’s Office (BA 113) for further information. For a complete listing of the courses offered at UVU that fulfill this requirement, see the Course Descriptions section in the back of this catalog for course numbers ending in “G”.

### Residence Requirement

Credit hours in residency (UVU credits) at a UVU campus, satellite, or branch campus, or through distance education or concurrent enrollment, are required for all certificates, diplomas, and degrees. Minimum hours are as follows:

1. Certificates of proficiency require 25% of total credit hours (rounded up);
2. Certificates of completion require 10 credit hours;
3. Associate degrees and diplomas require 20 credit hours;
4. Baccalaureate degrees require 30 credit hours (10 credits of those 30 shall have been completed within the last 45 credit hours earned for the degree).

### Multiple Degrees

Students may earn multiple certificates. Students may earn only one academic associate degree from Utah Valley University; either an Associate in Science or an Associate in Arts. With some exceptions, students may earn multiple Associate in Applied Science (AAS) degrees, specialized associate degrees, and baccalaureate degrees.

A second bachelor’s degree may be awarded when all requirements for both degrees are satisfied, along with the following:

1. All UVU General Education requirements are satisfied;
2. Thirty semester hours beyond the original degree are completed;
3. Twenty semester hours of the 30 hours in item 2 above must be completed at UVU (resident hours).

### Dual Baccalaureate Majors (One degree– with two majors)

A baccalaureate degree with dual majors may be awarded when students complete all requirements for two degrees, but has not met the required 30 semester hours for a second degree beyond the original degree. The student shall receive a single baccalaureate degree; the diploma and transcript shall list both majors.

Other information regarding the dual major:

1. Students apply for graduation for one degree, and only one degree type, such as a Bachelor of Arts, or a Bachelor of Science;
Introduction

2. In order to be awarded a dual major, both majors must be completed during the semester when (or prior to) applying for graduation.
3. If students have already graduated in one of the majors, they may not apply for a dual major.
4. After being awarded a dual major degree, students may not apply for graduation for one of the dual majors separately.
5. Students shall have no more than three course substitutions from the required courses for the two majors combined.
6. Students may not receive minors in either major, but may be awarded a minor from another area if all requirements are met.
7. Credits shall not exceed the 160 credit hour limit with the two combined majors.

Degree Requirements

Master Degrees
Please see the Graduate Studies section of the catalog regarding degree requirements.

Bachelor of Arts/Science Degrees
Graduation requirements for the Bachelor of Arts/Science Degrees are:

- Completion of a minimum of 120 semester credits, or more if specified by program requirements;
- Overall grade point average of 2.0 (C) or above. Departments may require a higher GPA;
- Residency hours - minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours;
- At least 40 credit hours in upper division courses;
- Completion of General Education requirements. See General Education section above for specific courses required for graduation;
- Completion of specific departmental (major) requirements;
- Completion of Global/Intercultural Requirement course.

For a Bachelor of Arts Degree in programs offering the degree, students must complete 16 credit hours of course work from one language to include the 1010, 1020, 2010 and 202G levels, or transferred equivalents. Some ESL course work may be used to fulfill this requirement. See the ESL department for specific details.

Note: Academic departments may require specific General Education courses in addition to major requirements.

Multiple Emphases
Students may earn additional emphases, with departmental approval under a specific bachelor’s degree by completing the requirements for those emphases. Additional emphases shall appear on transcripts, but no additional diplomas will be awarded.

Associate in Arts/Science Degrees*
Graduation requirements for the Associate in Arts/Science Degrees are:

- Completion of a minimum of 60 or more semester credits;
- Overall grade point average of 2.0 (C) or above. Departments may require higher GPA;
- Residency hours - minimum of 20 credit hours earned through course attendance at UVU;
- Completion of General Education requirements. See General Education section for specific courses required for graduation;
- Completion of specific department (major) requirements.

Note: Academic departments may require specific General Education courses in addition to major requirements.

*The Associate in Arts Degree differs from the Associate in Science Degree in that a minimum of 8 credits must be earned in the same Foreign Language.

Language Proficiency
A second language is required to obtain the Associate in Arts Degree. This language must be different from the student’s native language. Language proficiency may be demonstrated by any one of the following methods:

- Eight credits of the same language taken at UVU or transferred from another college; or
- Application of foreign language challenge credit as described in the Foreign Language Challenge Procedures (available from the Languages Department Chair);
- Language credit does not apply to the General Education Humanities Distribution area (except for any 202G course) but will apply as elective credit in the Associate in Arts/Science Degree and as Humanities credit for the Associate in Applied Science Degree.

Associate in Applied Science Degrees
Graduation requirements for the Associate in Applied Science Degrees are:

- Completion of a minimum of 63 semester credits;
- Overall grade point average of 2.0 (C) or above;
- Residency hours - minimum of 20 credit hours earned through course attendance at UVU;
- Completion of department General Education requirements;
- Completion of specific department major requirements.
**Diplomas**
Diplomas require a minimum of 50 credits in a specialty area. Some programs offering Associate in Applied Science Degrees also offer diplomas. Not all departments offer diplomas. See specific department program listings for details.

**Certificates of Completion**
Certificates of Completion require a minimum of 30 credit hours. Not all departments offer a Certificate of Completion. See specific department program listings for details.

**Certificates of Proficiency**
Certificates of Proficiency vary in credit hours from 3-29 credit hours. Not all departments offer a Certificate of Proficiency. See Specific department program listings for details.

**General Graduation Information**

**Application for Graduation**
Graduation is not automatic. Prospective graduates must complete the online Graduation Application the graduation website (www.uvu.edu/graduation). Applicants may also be required to fill out additional forms/surveys. The application must be completed by the Application deadline as listed below:

**Application Deadlines**
- Fall semester: First Friday in October
- Spring semester: First Friday in February
- Summer semester: First Friday in June

Graduation applications are processed each semester. Diplomas are mailed to graduates after final grades are reviewed and graduation requirements are verified as completed for all students at the end of the semester. Students failing to complete graduation requirements by the following dates for which they have applied must reapply for graduation. **REQUIREMENT DEADLINES**
- Fall semester: January 15th
- Spring semester: May 31st
- Summer semester: September 15th

Requirements may include, but are not limited to: all current semester grades, all “I” (Incomplete) and “M” (Missing) grades, grade changes, challenge and experiential credit, AP (Advanced Placement) credits, CLEP (College Level Examination Program) and DSST (DANTES Subject Standardized Tests) credit, transferred credit, required testing and departmental exceptions. All these items MUST be completed and submitted by the above deadlines. Failure to comply will cause the student to have their graduation declined for that semester. Students will then have to apply for another graduation semester.

**Commencement**
Commencement exercises are held once each year at the end of spring semester. Students who have completed their graduation requirements during the summer, fall, or spring of that academic year are invited to participate. Attendance is strongly encouraged, but not mandatory.

**Financial Holds**
Candidates for graduation who owe money to UVU will not receive their diplomas until all debts are paid.

**Graduation with Distinction**
Honors at graduation are available to students who meet the following minimum cumulative grade point averages: (Honors designations are computed on hours completed; 20 hours minimum for associate degrees; 30 hours minimum for bachelor degrees.) These Distinctions are awarded and based only upon GPA and are not related to participation in the UVU Honors Program.

**Associate Degrees**
- Honors GPA 3.60
- High Honors GPA 3.80

**Bachelor Degrees**
- Cum Laude GPA 3.60
- Magna Cum Laude GPA 3.80
- Summa Cum Laude GPA 3.90

**Note:** Please contact the Honors Program (LC 204) for information about the UVU Honors Program.
Introduction

Valedictorians
Each of the Colleges and Schools of the University will select a valedictorian from a list supplied by the Graduation Office of candidates graduating with honors during the academic year. The status of valedictorian is determined by each school and college, based on competitive criteria. Please check your school or college for requirements and details.

Student Code of Conduct

Purpose of this Policy

To advance the educational objectives of Utah Valley University, this Student Code of Conduct (“Student Code”) establishes standards and procedures necessary to maintain a community conducive to UVU’s three core values: exceptional care, exceptional accountability and exceptional results. This Student Code supports the intellectual, personal, social, and ethical development of all members of the community by promoting the values of civility, integrity, inclusivity, respect, and responsibility. Students at the university are expected to uphold these values through the exercise of their personal freedom and reasoned discourse. This Student Code also establishes the conduct expectations for students of Utah Valley University, outlines students’ rights and due process procedures for addressing alleged student violations of university policies, delineates the range of disciplinary sanctions for violations and establishes procedures for appeal of disciplinary sanctions.

Policy

For a full version of this UVU Policy 541, please visit www.uvu.edu/policies, and click on Policy Manual.

Behavior which violates the Student Code of Conduct should be reported to the office of Student Conduct 801-863-5841 (non-emergency) or Campus Police 801-863-5555 (emergency).

4.1 Scope of this Policy

4.1.1 This policy applies to all students admitted to the University or enrolled in university courses, either full-time or part-time, and to all student conduct that occurs on university campus or at university-sponsored activities. It also applies to off-campus conduct, not otherwise protected by law, that adversely affects the university community and/or fulfillment of the University’s mission, values, and operations. The Dean of Students or designee shall decide whether the Student Code shall be applied to misconduct occurring off-campus on a case-by-case basis. If a student withdraws from the University while a disciplinary matter is pending, the University may continue to apply this Student Code and its processes for resolving that specific disciplinary matter.

4.1.2 The University may respond to allegations of student misconduct at any time even if the alleged misconduct occurs before classes begin, after classes end, during breaks within the semester, or during the break between semesters. The University may also institute its conduct proceedings after a degree is awarded in the event misconduct is subsequently discovered. Where warranted, the University retains the right to revoke an awarded certificate, diploma, or degree.

4.1.3 All academic and behavioral misconduct complaints are subject to the due process procedures for investigation, resolution, and appeals as set forth in this Student Code, with the exception of sexual misconduct and protected class discrimination and harassment, which are exclusively subject to the procedures found in UVU Policy 162 Sexual Misconduct and UVU Policy 165 Discrimination, Harassment, and Affirmative Action.

4.2 Student Responsibilities and Rights

4.2.1 Nothing in this policy shall be interpreted to deny the rights of individuals protected by the U.S. Constitution, including their protected rights to freedom of speech and association, including as set forth in UVU Policy 161 Freedom of Speech.

4.2.2 The University expects all students to engage in responsible conduct, to obey the law, to maintain integrity, and to uphold high standards of individual honesty in all their actions and academic work. The University promotes an environment that values inclusivity and civility, and encourages students to be thoughtful and respectful in their dealings with other members of the campus community.

4.2.3 Students are responsible for knowing the information and procedures in this policy and other university policies applicable to students. The University publishes this Student Code in its catalog, online and in print, and in the University’s Online Policy Manual. The University reserves the right to modify this policy. Alleged policy violations are governed by the policy version in place at the time of the alleged violation. However, Student Code procedures effective at the time of the reporting of the alleged violation will govern the investigation and resolution.

4.2.4 Students shall promptly participate in good faith in informal or formal student conduct investigations related to this policy. If the complainant or respondent fails to participate, the Student Conduct Office may make findings without the response of that party, potentially leading to an unfavorable outcome for that party.

4.2.5 As members of the university community, students have certain rights in addition to their constitutional rights and protections. Students should respect each other’s rights. The University will endeavor to safeguard these rights for all.

4.2.5.1 Academic Evaluation. Students have the right to performance evaluation based on a written syllabus, to accurate information regarding changes in course programs or university requirements and reasonable accommodation of those already enrolled in a program or class(es), to receive academic credit and/or degrees when all specified requirements and coursework have been satisfied, and to make academic appeals.
Introduce the content of the text.
perceived inclusion (in the case of disability, sexual orientation, gender identity, or gender expression) in one or more of the protected classes that has the effect of denying or limiting participation in university employment or in a university program or activity.

4.3.2.7 Disruptive behavior. Disruption, obstruction, or interference with university operations, teaching, learning, research, administration, other university activities, and/or other authorized non-university activities that occur on the university campus as defined in section 3.22.

4.3.2.8 Drugs. Use, possession, distribution, manufacturing, or being under the influence of illegal drugs or other controlled substances or drug paraphernalia, including abuse, misuse, sale, or distribution of prescription or over-the-counter medications, and other conduct prohibited in UVU Policy 157 Alcoholic Beverages, Unlawful Drugs, and other Illegal Substances.

4.3.2.9 Federal, state, or local law or regulation. Violation of federal, state, or local law or regulations that adversely affects the university community and/or the pursuit of its objectives.

4.3.2.10 Fire safety. Violation of local, state, federal, or university fire policies, including but not limited to causing a fire that damages university or personal property or that causes injury to another; improper use of university fire safety equipment; or tampering with or improperly engaging a fire alarm or fire detection/control equipment while on university property.

4.3.2.11 Gambling. Activities that violate state or federal law regarding gambling, including but not limited to risking anything of value for a return or risking anything of value upon the outcome of a contest, game, gaming scheme, or gaming device when the return or outcome is based upon an element of chance; and is in accord with an agreement or understanding that someone will receive something of value in the event of a certain outcome. Gambling includes a lottery and fringe gambling.

4.3.2.12 Harm to person(s). Intentional or reckless physical harm, threats, intimidation, hazing, bullying, cyberbullying, coercion, retaliation, and/or other conduct, including assisting in the foregoing, that threatens or endangers the health or safety of any person. Additionally, participation or cooperation by person(s) being harmed does not excuse the violation.

4.3.2.13 Misuse of computing facilities. Unauthorized use of computing facilities and other conduct prohibited in UVU Policy 441 Appropriate Use of Computing Facilities, including but not limited to attempting to gain access to any system or account without authorization from a system administrator; sharing passwords or accounts; copying or changing system files or software without authorization from a system administrator; using destructive or invasive software; displaying images, sounds, or messages that are obscene where others may be affected by them; consuming inordinate amounts of system resources; crashing machines or systems deliberately; and using the university computing facilities for disruptive or illegal activities.

4.3.2.14 Other policies. Violation of other written university policies, guidelines, or practices.

4.3.2.15 Retaliation. Reprials or retaliation as defined in this Student Code and other applicable policies.

4.3.2.16 Sexual misconduct. Sexual misconduct, as defined by UVU Policy 162 Sexual Misconduct, includes but is not limited to acts and attempts of dating and relationship violence; domestic violence; discrimination based on sex, pregnancy, pregnancy-related conditions, sexual orientation, gender identity, or gender expression; hostile environment based on sex, pregnancy, pregnancy-related conditions, sexual orientation, gender identity, or gender expression (including intimidation and hazing/bullying); sexual harassment; sexual assault (including nonconsensual sexual contact or nonconsensual sexual intercourse); sexual exploitation (including engaging in sexual trafficking); and stalking.

4.3.2.17 Theft. Intentional and unauthorized taking of, attempted taking of, or maintaining possession of university property or others' personal or public property, including goods, services, or other valuables.

4.3.2.18 Tobacco. Smoking, vaping, or using electronic cigarettes or tobacco inside campus buildings and within 25 feet of entrances, windows, and air intake vents, or other conduct prohibited in UVU Policy 158 Tobacco.

4.3.2.19 Trademark/copyright violations. Unauthorized use (including misuse) of university or organizational names, logos, images, or other university trademarks or copyrighted materials, or other conduct prohibited by UVU Policy 135 Use of Copyrighted Materials.

4.3.2.20 Unauthorized access. Trespassing, misuse of access devices or privileges to university property, or unauthorized entry to or use of buildings or offices, including unauthorized possession, duplication, or use of any means of access to any university building (e.g., keys, proximity cards, etc.), or opening or other unauthorized use of alarmed doors for entry into or exit from a university building.

4.3.2.21 Weapons. Unauthorized possession or use of a firearm, ammunition, explosives, dangerous weapons, or dangerous chemicals on university property. UVU students must adhere to Utah law regarding the lawful possession of permitted and concealed firearms on public university campuses.

4.3.2.22 Wheeled devices. Skateboards, roller blades, roller skates, bicycles, hoverboards, and similar wheeled devices are not permitted inside university buildings or on any stairways, structures, landscaped areas, or concourses, or other areas as prohibited by UVU Policy 403 Restrictions on the Use of Skateboards, Roller Blades, Roller Skates, Bicycles, Motorcycles, and Hoverboards.

4.4 Non-University Legal Cases

4.4.1 University student conduct processes may apply to a student charged with conduct that potentially violates both the law and this Student Code (that is, if both possible violations result from the same alleged conduct). Processes under this Student Code may be carried out before, after, or at the same time as civil or criminal cases at the discretion of the Dean of Students or designee or as otherwise required by law. Determinations made or sanctions imposed under this Student Code are not subject to change when civil or criminal charges addressing the same alleged incident or act are dismissed, reduced, or resolved in favor of or against the student.

4.4.2 When a student is charged by federal, state, or local authorities with a violation of law, the University will not request special consideration for that individual because of their status as a student. If the alleged offense is also being processed under the Student Code, the University may advise off-campus authorities of the existence of the Student Code and of how such matters are typically handled within the university community.
The University will cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus policies or sanctions).

4.5 Reporting, Investigations, and Disciplinary Proceedings

4.5.1 Reports of any suspected or alleged violation(s) of the Student Code shall be made to the Student Conduct Office.

4.5.2 In responding to reports of alleged violations of the Student Code, the University shall provide prompt, fair, and impartial investigations and disciplinary processes. During these processes, both complainant and respondent shall be provided equitable rights and opportunities, including notice and an opportunity to be heard, as outlined in section 5.0.

4.5.3 The University may sanction any student who violates this Student Code and other applicable university policies, up to and including expulsion from the University.

4.5.4 If a student has been disciplined for serious violations of institutional policies regarding sexual misconduct, sex discrimination, harassment, or other serious misconduct resulting in suspension or expulsion, the University may enter a notation on the student's transcript in accordance with the Family Educational Rights and Privacy Act.

4.5.5 The University prohibits retaliation as defined in this policy. The University shall take steps to prevent retaliation and respond to threats or acts of retaliation, up to and including expulsion from the University. Individuals who deliberately make false or malicious accusations of violation of this Student Code or other applicable university policies may be subject to disciplinary action, up to and including expulsion from the University. However, a no-violation finding does not in itself constitute proof of a false or malicious accusation.

4.6 Interim Measures

4.6.1 The Director of Student Conduct or designee may institute interim measures before the final resolution of an alleged incident of misconduct, including ensuring the safety and well-being of members of the campus community, preservation of university property, or if the student poses an ongoing threat of disruption or interference with the operations of the University. Interim measures may include but are not limited to

4.6.1.1 University issued no-contact directive(s);
4.6.1.2 Providing an escort;
4.6.1.3 Making reasonable adjustments to exams, assignments, and/or providing alternative course completions options in collaboration with faculty;
4.6.1.4 Making adjustment to class schedules, including the ability to transfer course sections or withdraw from a student course without penalty;
4.6.1.5 Making adjustments to living, transportation, and working situations;
4.6.1.6 Limiting a student’s or organization’s access to certain university facilities or activities pending resolution of the matter;
4.6.1.7 Interim suspension, which may include denial of access to campus (including classes) and/or all other activities or privileges for which the student might otherwise be eligible, as the Dean of Students or designee may determine to be appropriate.
4.6.1.8 Any measure deemed necessary and appropriate by the student conduct administrator in compliance with this policy.
4.6.2 Interim measures do not replace the student conduct process, which will still proceed in a timely manner.

4.7 Sanctions

4.7.1 The University may sanction any student who violates this policy, up to and including expulsion from the University. Sanctions are intended to educate students on the effects of their behavior and invoke change in future decision making. Sanctions shall be applied in a fair manner and be assigned in accordance with two criteria: (1) educational value for the student found in violation of this policy; and (2) the sanction being commensurate and consistent with the type of violation and any prior misconduct. Except in urgent circumstances where there is significant threat of harm, disruption, or of undermining the integrity of the educational environment, the student conduct administrator shall not impose irreversible sanctions (i.e., denying access to class, final exams, or other student programs).

4.7.2 One or more of the following sanctions may be imposed upon students for violation(s) of the Student Code or other university policies.

4.7.2.1 Academic sanctions. Sanction of academic nature including but are not limited to failing grades, reduced grades, and/or redoing academic exercises.
4.7.2.2 Disciplinary no-contact directive. Specified parameters restricting communicative contact and/or physical proximity with a university community member or campus entity.
4.7.2.3 Discretionary sanctions, Educational meetings or interventions, behavior agreements, work assignments, essays, service to the University, or other related alternative, educational and/or restorative remedies.
4.7.2.4 Expulsion. Permanent separation of the student from the University.
4.7.2.5 Fines. Fines may be imposed as published on the Student Conduct Office website.
4.7.2.6 Group sanctions. Sanctions imposed upon student organizations found to have violated the Student Code as listed above, including loss of all privileges or status.
Introduction

4.7.2.7 Loss of Privileges. Denial of specified privileges for which the student might otherwise be eligible for a designated period of time.

4.7.2.8 Probation. A written reprimand for violation of specified standards. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any university standard(s) during the probationary period. Probation may also include specific conditions that the student must meet.

4.7.2.9 Restitution. Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.

4.7.2.10 Revocation or withholding of degree. Revocation or withholding award of a degree or certificate otherwise earned.

4.7.2.11 Suspension. Separation of the student from the University for a definite period of time, after which the student is eligible to return. Conditions for readmission will typically be specified at the time of the suspension.

4.7.2.12 University-sponsored housing sanctions. Removal, probation, or reassignment.

4.7.2.13 Warning. A written notice to the student that the student is violating or has violated university standards of student conduct as laid out in this policy and that the misconduct must not be repeated.

Policy

5.1 Reporting

5.1.1 While all members of the university community are encouraged to report any suspected violation(s) of the Student Code to the Student Conduct Office, university employees are required to report any suspected student violation(s) of the Student Code to the Student Conduct Office within 24 hours of learning of the alleged violation. The Student Conduct Office will then forward the report to the appropriate student conduct administrator as outlined in section 5.8.1.

5.1.2 While all members of the university community are encouraged to report any suspected violations of UVU Policy 162 Sexual Misconduct or Policy 165 Discrimination, Harassment, and Affirmative Action, university employees (except licensed counselors and health providers, as provided in Policy 162) are required to report any suspected violations of Policy 162 to the Office of Equal Opportunity and Affirmative Action/Title IX within 24 hours of learning of the alleged violation. Any reports of such violations that may be received by the Student Conduct Office will be immediately reported to the Office of Equal Opportunity and Affirmative Action/Title IX.

5.1.3 Individuals may submit reports of alleged violations of the Student Code or other university policies through several methods listed on the Student Conduct website at https://www.uvu.edu/studentresponsibilities, including options for reporting anonymously.

5.1.4 Reports made through tip/crisis reporting methods designated on the student conduct website will be forwarded to the UVU Police, Associate Dean of Students, Director of Crisis Services, and other individuals as needed for an effective response. Each report will be individually assessed to determine the nature, severity, and likelihood of harm to members of the university community and the appropriate response.

5.2 Amnesty

5.2.1 The University encourages all community members to proactively assist others whose health or safety are at risk. The University will not pursue student conduct process against a reporting student, a complainant, a respondent, or witness for personal involvement in minor policy violations, including but not limited to the use of alcohol, marijuana or other drugs, at or near the time of the incident as long as the reporting student’s behavior did not place the health or safety of any other person at risk. The University may, however, initiate an educational discussion with any student regarding their personal involvement in minor policy violations.

5.2.2 If the same person or student organization repeatedly requests amnesty for substantially similar minor policy violations, the student conduct administrator may deny amnesty to that person or student organization.

5.3 Safe Harbor

5.3.1 Students who have a drug or alcohol addiction may be granted safe harbor from discipline. If a student self-reports their own addiction to the appropriate university officials before the threat of drug testing and/or discipline, the University may decide not to initiate a conduct complaint. A written action plan by the student may be used to track cooperation with the safe harbor program. Failure to follow the action plan may nullify the safe harbor protection and the University may initiate student disciplinary processes.

5.4 Collective Violations by Student Organizations

5.4.1 When violations of this Student Code occur at events sponsored or co-sponsored by a student organization, its officers and membership may be held collectively and/or individually responsible when:

5.4.1.1 The student organization’s leader(s) or officer(s) gave consent to, or encouraged, the behavior; or

5.4.1.2 The student organization’s leader(s) or officer(s) knew or should have reasonably known about the behavior.

5.4.2 Hearings for student organizations follow the same student conduct process as for individuals. In any such action, determinations as to violations and sanctions may be made collectively to the student organization and/or individually and will be proportionate to the involvement of each individual and the student organization.
5.5 Confidentiality and Recordkeeping

5.5.1 University personnel involved in student conduct processes shall maintain confidentiality to the extent allowed by the Utah Government Records and Management Act (GRAMA), the federal Family Educational Rights and Privacy Act (FERPA), the federal Health Information Portability and Accountability Act (HIPAA), and other applicable laws governing record protection and/or mandatory reporting.

5.5.2 The Student Conduct Office strives to maintain confidentiality throughout the investigation and appeals hearing process.

5.5.3 The Student Conduct Office is responsible for maintaining appropriate records directly related to alleged violations, investigations, findings, sanctions, etc. as described in section 5.15 If complaints are found to be without merit, records of the complaint and processes will not be entered onto a student’s disciplinary record, but the Student Conduct Office will keep record of the case in its internal databases.

5.5.4 Complainants, respondents, witnesses, and any other participants in the conduct process are prohibited from recording interviews, hearings, and other meetings before, during, and after the disciplinary process.

5.6 Support Persons and Advisors

5.6.1 As required by Utah State Board of Regents’ Policy R256 Student Disciplinary Processes, in matters of behavioral (non-academic) misconduct where the University believes in good faith, based on facts known by the University at the time or when additional facts are discovered later, that the student conduct matter may result in expulsion or a minimum ten-day suspension, the additional protections provided in this section apply. Students may waive any rights described in this section. This section does not apply to UVU Police Department law enforcement activities.

5.6.1.1 Before interviewing the student, the investigator or representative of the Student Conduct Office shall notify the student in writing of the allegations (including the time and place of the alleged misconduct, where available) made against the student and of the student’s right to have a support person or advisor throughout the process who may be, but need not be, an attorney. This notice will be given at least 24 hours before a student is interviewed about the student conduct matter. If a student wishes to seek counsel from a support person or advisor, the University shall reschedule the interview, giving the student reasonable time to obtain a support person/advisor.

5.6.1.2 In meetings and interviews under section 5.12 and section 5.13 of this policy on behavioral (non-academic) misconduct matters, student complainants and respondents may be accompanied by a support person/advisor of the student’s choice, who may be an attorney. During such meetings or interviews, the support person or advisor may only advise the student and may not actively participate in the investigation or process.

5.6.2 During any appeals hearing under section 5.14 of this policy, student complainants and respondents may each have a support person/advisor of their choice, who may be an attorney, advocate for them.

5.6.3 A support person/advisor may not be an employee of the University who would have a conflict of interest in serving in the support person/advisor role. Support persons/advisors must be willing to agree maintain the confidentiality of student conduct investigation and appeals hearing processes.

5.6.4 The University may proceed with the investigation and hearing processes in a timely fashion without the complainant or respondent if that party fails to respond or declines to participate. The University may set reasonable deadlines and move forward with processes regardless of whether a party and/or a party’s support person/advisor is able to accommodate those deadlines.

5.7 Preliminary Review

5.7.1 After receiving a report of an alleged violation of the Student Code or other applicable university policies, the student conduct administrator shall promptly conduct a preliminary review to determine if interim measures are needed, if a violation of the Student Code is alleged, and if an investigation is necessary to resolve a genuine dispute of material facts.

5.7.2 If the student conduct administrator determines that no violation of the Student Code has been alleged and/or there’s no genuine dispute of material facts, the administrator shall issue a written notice of this decision to the respondent, complainant (if required by law), and the Student Conduct Office.

5.7.3 A preliminary review dismissal shall be final with no additional internal appeals available to the parties.

5.7.4 If the student conduct administrator determines that a violation of the Student Code or other policy has been alleged and that an investigation is necessary to resolve a genuine dispute of material facts, then the Administrator may proceed with an investigation of the alleged violation.

5.7.5 The student conduct administrator shall report the complaint to the Director of Student Conduct or designee.

5.7.6 At the recommendation of the student conduct administrator, the Director of Student Conduct or designee may apply an interim measure to a student or student organization or invoke other safety measures, as provided in section 4.6, pending the outcome of the investigation and subsequent proceedings.

5.7.6.1 The Dean of Students or designee will notify the student in writing of this action, including a brief description of the reason for the interim measure. When required by law, such as in sexual misconduct cases, applicable notices will be provided to both complainants and respondents. A student who receives an interim suspension may request a meeting with the Dean of Students or designee to present information and/or reasoning as to why the interim measure is inappropriate or unnecessary.

5.7.6.2 At the discretion of the Dean of Students or designee, and in collaboration with faculty and/or the appropriate academic dean(s), alternative coursework options may be approved to minimize impact on the student during any interim measure.
5.8 Delineation of Authority
5.8.1 For purposes of this policy, the Dean of Students shall delegate authority for the investigation, resolution, decision-making (including appeals), and sanctions based on the type of misconduct as defined in section 3.1 and 3.2 as follows:

<table>
<thead>
<tr>
<th>Type of Misconduct</th>
<th>Student Conduct Administrator</th>
<th>Student Conduct Appeal Decision Maker</th>
</tr>
</thead>
<tbody>
<tr>
<td>Academic</td>
<td>Faculty member of course in which misconduct occurred</td>
<td>Academic dean of college/school or designated chair of department in which misconduct occurred</td>
</tr>
<tr>
<td>Behavioral</td>
<td>Director of Student Conduct or designee</td>
<td>Dean of Students or designee</td>
</tr>
</tbody>
</table>

5.9 Informal Resolution
5.9.1 Informal resolution may include an inquiry into the facts but typically does not include an investigation. Informal resolution is flexible and includes options such as mediating an agreement between the parties, separating the parties, referring the parties to counseling programs, negotiating an agreement for disciplinary action, conducting targeted preventive educational and training programs, or providing remedies for the individual harmed by the offense. Informal resolution also includes options such as discussions with the parties, making recommendations for resolution, and conducting a follow-up review after a period of time to ensure that the resolution has resolved concerns effectively.

5.9.2 Because each alleged violation is different, the student conduct administrator shall tailor each resolution to the specific facts of the case, including determining whether the alleged violation is appropriate for informal resolution. Informal resolution may result in resolutions such as behavior agreements and/or sanctions combined with educational or restorative measures.

5.9.3 Informal resolution is encouraged to resolve concerns at the earliest stage possible with the cooperation of all parties involved. Participation in the informal resolution process is voluntary. Informal resolution may be appropriate for anonymous and/or third-party reports, or when respondents accept responsibility for their violations. Information resolution may be inappropriate when one or both of the parties are reluctant to participate in good faith, or when there are allegations of violent behavior.

5.9.4 Any unsuccessful informal resolution, including but not limited to noncompliance with the informal process, may be referred for student conduct hearing.

5.9.5 After concluding informal resolution, the student conduct administrator shall notify the complainant and respondent in writing of the resolution that was agreed upon.

5.9.6 Participation in informal resolution does not prohibit either party from terminating informal resolution and/or requesting an investigation at any point during the informal resolution process. Where a report is closed after informal resolution, the matter may later be reopened at the discretion of the student conduct administrator when requested by the complainant and/or if the student conduct administrator determines there is good cause to do so.

5.10 Investigation
5.10.1 If the student conduct administrator determines an investigation is necessary, the University shall conduct a reliable and impartial investigation by interviewing relevant witnesses, collecting relevant documentary evidence, and preparing a written summary of findings. The purpose of the investigation is to establish whether there is a reasonable basis, based on a preponderance of the evidence, for concluding that the alleged violation of the Student Code has occurred. The University reserves the right to engage an outside investigator to conduct the investigation if it is determined there is a conflict of interest or other compelling reason to do so.

5.10.2 If a student withdraws from the University before the completion of an investigation and hearing, the University may continue to investigate and apply this process for resolving the specific disciplinary matter in the student's absence. If a respondent is found to have violated university policy, the University may restrict the respondent's readmission on terms or under circumstances it may prescribe at the time of the finding.

5.10.3 Complainants, respondents, and witnesses shall be treated with respect throughout the investigation process, disciplinary process, and other proceedings.

5.10.3.1 Accordingly, the University endeavors through this policy and diligent effort to secure the following for complainants and respondents:

5.10.3.1.1 Reasonably prompt and equitable resolution of allegations for respondents and complainants,

5.10.3.1.2 Freedom from retaliation for making a good faith report or for participating in any investigation or proceeding under this policy.

5.10.3.1.3 Timely and equal access to allegations for respondents and complainants, and the opportunity to respond to information that will be used against them in any disciplinary proceeding.

5.10.3.1.4 The opportunity for complainants and respondents to offer information, present evidence, and identify witnesses during an investigation.

5.10.3.1.5 Interim measures made available for complainants, respondents, and witnesses, and the opportunity to request modifications necessary for physical and/or emotional safety.

5.10.3.1.6 Timely notice of meetings where complainants’ and respondents’ presence is necessary.

5.10.3.1.7 Simultaneous notification to complainants and respondents, in writing, of the results of any proceedings.

5.10.3.1.8 The opportunity for complainants and respondents to articulate concerns or issues about proceedings under this policy.
5.13 Student Conduct Hearing

5.13.1 Allegations of misconduct and/or sanctions not resolved during the pre-hearing meeting will be referred to a student conduct hearing, which will be scheduled as promptly as possible after the pre-hearing meeting. The student conduct administrator may delay the hearing if further investigation is needed or other circumstances require a delay. Hearing proceedings may be conducted over the course of multiple meetings.

5.13.2 The participating parties will receive notice of hearing meetings and access to all evidence to be considered at the hearing at least five school days in advance.

5.13.3 Student conduct hearings will be conducted according to the following procedures:

1. The student conduct administrator will conduct the student conduct hearing with the respondent. The complainant and/or others will be invited to attend the hearing. If either party fails to attend the hearing without good cause and without prior notice to the student conduct administrator, the hearing may proceed. Neither party is required to participate in the hearing for the hearing to proceed. The University reserves the right to modify hearing procedures to protect the safety of all parties involved.

2. Student conduct hearings and outcomes will be shared with the parties to the extent allowed by law, but will otherwise remain confidential.

3. Student conduct hearings will be conducted by the student conduct administrator.

4. In behavioral (non-academic) misconduct matters, the complainant and respondent have the right to be assisted by a support person/advisor of their choice during the Student Conduct Hearing and during any subsequent appeal hearings. Parties must notify the student conduct administrator at least five school days in advance of the pre-hearing meeting of their support person/advisor’s identity and the nature of the student’s relationship to the support person/advisor. The University has the right to disqualify a support person/advisor when their participation would create a conflict of interest or a potential disruption in the student conduct process.
administrator at least five school days in advance of the hearing of the hearing of their support person/advisor’s identity and the nature of their relationship to
the support person/advisor (including whether the support person/advisor is an attorney). The University has the right to disqualify a support
person/advisor when that person’s participation would create a conflict of interest or potentially disrupt the student conduct process. (If the
complainant or the respondent do not provide the required information about their support person/advisor at least five days in advance, the
support person/advisor may attend but shall not participate in the hearing.) Support persons/advisors may give opening statements, advise
students throughout the hearing, question witnesses as allowed by the student conduct administrator, and present a closing statement.
Support persons/advisors may not serve as witnesses. Neither the Rules of Civil Procedure nor the Rules of Evidence apply to these hearings.
5. If the complainant, respondent, and/or other witnesses have concerns for their personal safety, well-being, or fear confrontation during the
hearing, they may request other reasonable means of participating. The student conduct administrator will determine whether the proposed
means are reasonable.
6. Reasonable efforts will be made to accommodate the schedules of all participants in the hearing. Typically, no more than one extension will be
granted.
7. In student conduct hearings involving more than one respondent, the student conduct administrator may permit separate or joint student
conduct hearings concerning each student.
8. The complainant, respondent, and the student conduct administrator may arrange for witnesses to present relevant information during the
student conduct hearing.
9. Records, exhibits, and written statements will be accepted if deemed relevant by the Student Conduct Administrator.
10. All procedural questions are subject to the final decision of the student conduct administrator.
11. After all pertinent information has been received, the student conduct administrator shall deliberate on all available information and determine,
   based on a preponderance of the evidence, whether the respondent has violated the Student Code.
12. The respondent and complainant will receive prompt notice of hearing decisions in writing to the student’s university email address, or hand-
delivered, typically within five school days of the hearing date, unless circumstances require delay. The notice will include whether the policy
   was violated, actions taken to resolve the complaint, and any applicable sanctions to both respondents and complainants to the extent allowed
   by law.
13. A finding of not-in-violation will resolve the matter with no further action or appeals.
14. Disciplinary sanctions may be imposed upon respondent(s) found in violation of the Student Code and communicated to the respondent in
   a written sanction letter. Elements of the sanctions may be imposed either singularly or in combination with other sanctions. Sanctions do not
   take effect until the completion of the appeal process, if any, unless otherwise specified by the student conduct administrator.

5.14 Appeal Process

5.14.1 Respondent(s) or complainant(s) may appeal a decision or sanction of the student conduct administrator to the Student Conduct Appeal
Panel within five school days of the decision. These appeals shall be in writing and shall be delivered to the Student Conduct Office via email or
postal mail. Untimely requests will not be considered absent extraordinary circumstances. Activities such as graduation, study abroad, internships/
teacherships, business travel, or educational, sabbatical, or extracurricular activities generally do not in themselves constitute extraordinary
circumstances.

5.14.2 When requesting the appeal, the respondent or complainant must identify in the written request at least one or more of the following grounds
for appeal:

1. New evidence unavailable to the party during the investigation has been discovered that could substantially impact the investigation, findings,
   and/or resolution.
2. Substantial departure from the procedures outlined in this Student Code or that the process was unfair and/or biased, which substantially
   impacted the outcome of the investigation or hearing. The duration of the investigation or severity of the sanction are not considered
   procedural errors.
3. Findings lacked substantial evidence such that no reasonable person would reach the same conclusion as the student conduct administrator.
4. The sanction imposed is substantially disproportionate to the severity of the violation (i.e., too severe or not severe enough).

5.14.3 Unless the appeal panel (the composition of which is explained below) determines by majority vote that one or more of the grounds stated in
5.14.2 has been met and that modifications to the original decision should be recommended, the student conduct administrator’s decision or sanction
shall be upheld.

5.14.4 While an appeal is pending, the student conduct administrator may impose interim measures.

5.14.5 The Student Conduct Office shall promptly convene a three-member appeal panel from the Policy 162/165 review panel pool. The appeal
panel will include one faculty, one staff, and one student.

5.14.6 Panel members must be in good standing with the University and must not have any relevant conflict of interest. The student conduct
administrator will notify the parties of the panel members’ identities and appeal procedures in this policy. Within 3 school days of receiving this
notice, parties may request in writing that a review panel member be disqualified based on bias or conflict of interest and explain the reasons for this
request. If the Student Conduct Office, in consultation with the Office of General Counsel, confirms a bias or conflict, a new panel member shall be
selected.

5.14.7 The Office of General Counsel will appoint an impartial attorney to preside over the appeal hearing as hearing officer. This attorney must have
no prior involvement in either advocacy or investigatory matters related to the conduct matter. The hearing officer will ensure order, fairness, due
process, efficiency, and civility at the hearing, and ensure a relevant and sufficient evidentiary record for the panel’s consideration. To advance this
aim, the hearing officer may set time limits proportionate to the complexity of the case; exclude irrelevant and unduly repetitious exhibits, witnesses,
questions, statements, or other information; and exclude material deemed privileged under the law. Formal rules of evidence do not apply. The appeal
panel shall consult with the hearing officer during the appeal process regarding legal, procedural, policy, and other questions as needed. The hearing
officer, in consultation with the panel, will review and respond to any pre-hearing questions or objections from the parties related to hearing matters.

5.14.8 Once the panel is confirmed, they shall promptly determine, based on a preponderance of the evidence, whether the appeal request meets
one or more criteria under section 5.14.2.
5.14.9 The Student Conduct Office shall then notify parties in writing of the appeal hearing panel’s determination and, if a hearing is warranted, of the appeal hearing date, which will be scheduled promptly.

5.14.10 The hearing officer may conduct a pre-hearing conference to formulate or simplify the issues; obtain admission of fact and documents that will avoid unnecessary proof; arrange for the exchange of proposed exhibits; outline expectations for the hearing; or agree to other matters that may expedite the orderly conduct of the hearing.

5.14.11 The complainant and respondent will be allowed to attend the entire appeal hearing, excluding deliberations. In behavioral (non-academic) misconduct matters, the complainant’s and respondent’s support person/advisor, if any, will be allowed to attend the entire appeal hearing, excluding deliberations. Admission of any other person to the appeal hearing shall be at the discretion of the hearing officer.

5.14.12 The scope of the appeal hearing and the standard of review shall be limited to those stated in section 5.14.2. Along with written notice of the hearing date, the Student Conduct Office shall provide the review panel and parties copies of a summary of the case (where applicable), written findings, sanction letter, the written request for appeal, and any additional opposition statements already provided by the parties.

5.14.13 The appeal hearing is an opportunity for the parties to be heard by the appeal panel in person about the issues and criteria being considered for the appeal, including addressing the information in the summary of the investigation, any supplemental statements or new evidence unavailable during the investigation, any written impact or mitigation statements, to identify witnesses for the panel’s consideration, and to respond to any questions from the appeal panel.

5.14.14 In behavioral (non-academic) misconduct matters, the respondent and complainant have the right to be assisted by a support person/advisor of their choice, who may be, but need not be, an attorney and who may participate during the appeal hearing. Parties must notify the Student Conduct Office at least 5 school days in advance of the hearing of their support person/advisor and the nature of their relationship to the support person/advisor (including whether the support person/advisor is an attorney). The University has the right to disqualify a support person/advisor when their participation would create a conflict of interest or would create the potential for disrupting the student conduct process. If the complainant or the respondent do not provide the required information about their support person/advisor at least five days in advance, the support person/advisor may attend but shall not participate in the appeal hearing. Support persons/advisors may give opening statements, advise students throughout the hearing, question witnesses as allowed by the hearing officer, and present a closing statement. Support persons or advisors may not serve as a witness. Neither the Rules of Civil Procedure nor the Rules of Evidence apply to these hearings.

5.14.15 Documents, evidence, other statements, and requests for the appearance of witnesses to be considered at the hearing may be made by the panel, respondent, complainant, and/or student conduct administrator, and must be submitted in writing to the Student Conduct Office at least 5 school days before the hearing, and must include explanations of how each document or request is relevant to the reasons for the appeal. Only witnesses and other evidence that are relevant to the section 5.14.2 bases for appeal may be considered by the appeal panel. It is the responsibility of the party requesting a particular witness to invite that witness to attend the hearing.

5.14.16 In the event that any party fails to attend the appeal hearing without good cause and prior notice to the Student Conduct Office, the appeal panel may proceed with the hearing. Neither party is required to participate in the hearing for the appeal panel to proceed.

5.14.17 The hearing, except for deliberations, will be audio recorded by the appeal panel chair, who will give the recording to the Student Conduct Office. A copy of the audio file and/or transcription will be made available for review by either party upon request. Participants are prohibited from recording interviews and other meetings before and after the hearing.

5.14.18 Each party has up to 60 minutes to present their portion of the case (opening statement, testimony of the party and party’s witnesses, questioning the other witnesses if any, and closing statement). The hearing officer will keep track of time.

5.14.19 The hearing officer will begin the hearing by asking the student conduct administrator to provide an oral summary of the investigation process, findings, and conclusions contained in the case summary and sanction letter.

5.14.20 The respondent and complainant shall each have the opportunity to make a personal statement, relevant to the scope of the appeal and bases for the appeal, including the personal impact of the alleged misconduct and/or sanction, the relief sought, and mitigating or aggravating information. In behavioral (non-academic) misconduct matters, each party’s support person/advisor shall also have the opportunity to make an opening statement relevant to the scope of appeal. Each party, or their respective support person/advisor, may call witnesses that the hearing officer deems relevant to the scope of the appeal, question witnesses through the hearing officer, present evidence, and make concluding remarks.

5.14.21 The panel may question any party and witness. Only the person to whom a question is directed may answer (for example, support persons/advisors shall not be permitted to answer the appeal panel’s questions on a party’s behalf.)

5.14.22 Panel deliberations and voting shall occur in closed session from which all other persons are excluded. The hearing officer shall be present during the deliberations but shall have no vote. A majority vote by the members of the panel who attended the hearing shall decide whether the appealing party has shown one or more bases for appeal stated in section 5.14.2.

5.14.23 The panel shall provide the Student Conduct Office a summary of their findings and recommendation(s) regarding whether and how to uphold, modify, or remedy the conduct and/or sanction decision or process within 5 school days of the appeal hearing. The Student Conduct Office will promptly provide the recommendation(s) to the appropriate dean or designee as outlined in section 5.1.1.

5.14.24 The student conduct appeal decision maker, in consultation with the Office of General Counsel as needed, is responsible for reviewing the recommendations of the appeal panel, all the information that was available to the appeal panel, and determining whether to (1) remand the investigation to the original or an alternate student conduct administrator for additional investigation; (2) affirm the student conduct administrator’s original decision; (3) adopt the sanction and resolution recommendation(s) of the appeal panel; and/or (4) determine an alternative outcome. If the matter is remanded for further investigation, the appropriate student conduct administrator shall promptly investigate and provide a written summary of the new evidence considered and/or changes to the findings, if any, to the student conduct appeal decision maker, who shall then determine sanctions or resolutions.
5.14.25 The student conduct appeal decision maker shall promptly notify the respondent and complainant in writing of their decision and the rationale for the outcome. The decision of the student conduct appeal decision maker is final, with no additional internal appeals available.

5.15 Records

5.15.1 The Student Conduct Office shall submit and maintain for confidential storage all Student Conduct Office records, including investigation findings, informal remedies, disciplinary action, and any subsequent appeals. Student Conduct records shall typically be retained for ten years after a student’s graduation or withdrawal.

5.15.2 Records documenting informal resolution and/or remedies and investigations resulting in no-conduct violation shall also be submitted to and maintained by the Student Conduct Office, but will not be entered into a student’s permanent disciplinary record with the University.

5.15.3 Student Conduct disciplinary records are educational records as defined by FERPA and shall be private. Access shall be limited to university officers on a need-to-know basis. Disciplinary sanctions resulting from serious violations of institutional policies regarding sexual misconduct, sex discrimination, harassment, or other serious misconduct resulting in suspension or expulsion may be notated on the student’s official transcript. Additionally, the University may disclose to an alleged victim of any crime of violence or non-forcible sex offense the final results of a disciplinary process conducted by the institution against the alleged perpetrator of that crime, regardless of whether the institution concluded a violation was committed.

5.15.4 Transcript notations regarding suspension and/or expulsion shall not contain any information about the underlying conduct, but will state that formal disciplinary action resulting in suspension and/or expulsion has been imposed. If a student withdraws from the University before the completion of an investigation and prior to a final determination, an updated transcript will be sent to any transferring institutions if suspension and/or expulsion are determined.

5.15.5 Transcript notations for suspension shall remain on a student’s transcript for the duration of the suspension, and typically not longer than one year after the suspension period. Transcript notations for expulsion will typically remain on a student’s transcript indefinitely.

5.15.6 Students may apply to the Dean of Students or designee to have their disciplinary records and/or transcript notation removed. Factors relevant to the decision to retain or remove specific records and/or transcript notations include the amount of time that has elapsed since the infraction, whether the student has graduated, and the seriousness of the infraction and the resulting sanctions.

Accessibility Services

Services for Students with Disabilities
Office: LC 312
Telephone: 801-863-8747
Web: Accessibility Services

The Accessibility Services Department serves Utah Valley University students and the community by providing access to the campus and curriculum for individuals with disabilities to facilitate, support, and encourage their academic success, their retention and ensure their academic rights. Services are available to students who have documentation substantiating various conditions (including a physical, psychological, or learning disability) and may include: sign language interpreting, testing accommodations, text in audio format, note taking, adaptive equipment, transfer of printed material to Braille, and other individualized services.

Alumni Association
Office: AL 003
Telephone: 801-863-8179
Web: uvualumni.org

The Utah Valley University (UVU) Alumni Association connects the 185,000+ strong alumni community to current students, the University, and to each other in support of UVU’s mission on student success. Through Academic Colleges and Schools Networks, Industry and Regional Networks, Affinity Communities, Career Development, and Volunteering, our alumni are active participants in the life of UVU. As students, you are our future alumni and lifelong members of the Wolverine family. Details about Alumni-Student programs can be found at uvu.edu/alumni.
Campus Connection
Located: SC 106f
Telephone: 801-863-8797
Email: campusconnection@uvu.edu
Web: Campus Connection

Hours:
- Monday - Thursday 8 a.m. - 8 p.m.
- Friday 8 a.m. - 5 p.m.
- Saturday 9 a.m. - 2 p.m.
- Holiday hours may vary

Campus Connection is the place to go to get your UVU OneCard/UVU Plus Card (Student ID) and information on all student activities sponsored by or held at the Utah Valley University Campus along with the following services:

**UVU OneCard/UVU PlusCard**
The card will allow discounted access to most student activities and athletic events. The card allows access to services provided by the library, PE Issue Room, and athletic facilities. It also offers discounted entrance into selected community events, activities, and dances. Student fees entitle each student to one UVU OneCard for the duration of his/her enrollment at UVU (minimum of 5 years). Students should save their cards even if they skip a semester or a year or two, because the card is automatically validated when registration is paid. Replacement cards are $15, some exceptions may apply.

UVU PlusCard is everything the UVU OneCard is PLUS it becomes your UCCU Debit Card all in one. Just go to the Campus Connection site.

The UVU GreenBucks Account is a debit account made available for students to deposit funds at Campus Connection or online at onecard.uvu.edu (VISA, MasterCard, and Discover cards are accepted to put money on the UVU OneCard). With these funds on their card, students can make purchases on campus for food, books, postal services, and special event tickets. When the UVU GreenBucks is used in Dining Services, students receive a 5% discount. For more details, call Campus Connection 801-863-8797 or go to SC 106f.

**UTA Transit Pass**
All UVU students are eligible to receive a free UTA Transit Pass. Patrons must be registered for at least one class of the current semester AND have a UVU ID Card before the pass can be activated. Students are also eligible to have dependent passes for their spouse or any children between the ages of 6 and 24. Replacement dependent cards are $15 and can be obtained from the Campus Connection desk or by requesting them online.

**Other Services**
Tickets and SmithsTix for various campus and community events; faxing domestic and international; campus lost and found; passport photos; monitoring and placement of all temporary signage; general information. See uvu.edu/campusconnection for more up to date information.

**US Post Office**
Located: SC 104
Telephone: 801-863-6067
Email: campusconnection@uvu.edu

Hours:
- Monday - Thursday 8 a.m. - 8 p.m.
- Friday 8 a.m. - 5 p.m.
- Saturday 9 a.m. - 2 p.m.
- Holiday hours may vary
- Mail pick-up:
  - Monday - Friday 2:45 p.m.
  - Saturday 12:45 p.m.
- Holiday mail pick-up times may vary

The US Postal Service is also available across the hall from Campus Connection. Stamps (singles, books, and rolls), Packaging Products, Express, Priority, Media-Mail, Bound Printed Matter, Global Priority, Global Express, Global Air Mail, Registered, Certified, Delivery Confirmation, and so forth, are available. Cash, Check, Credit, Debit Cards, UVU GreenBucks and UVU ProCards are accepted. Index codes are not an acceptable form of payment. Go to https://www.uvu.edu/postoffice for more information.

**Campus Recreation & Wellness**
Located: SL 211
Telephone: 801-863-5553
Web: Campus Recreation

The Department of Campus Recreation & Wellness includes recreational portion of the Student Life & Wellness Center (SLWC), SLWC Bowling Alley/Gaming Center, The Project Climbing Wall, and Wellness Programs, Intramurals and Club Sports, Rodeo and Outdoor Adventure Center departments.
Introduction

Through our various services and programs, we offer a variety of engaging recreational, health and wellness opportunities for UVU students and staff. Our mission is to enrich the quality of life for students, faculty and staff by providing a broad range of recreation, wellness, and student engagement opportunities that complement the academic experience. We actively promote the pursuit of a balanced, healthy lifestyle to our diverse university community.

Care about Childcare at Utah Valley University

Program Director: Joyce Hasting
Office: EE 009
Telephone: 801-863-8557
Email: jhasting@uvu.edu
Web: Care About Child Care

Care About Childcare at Utah Valley University is a resource and referral agency to assist persons seeking licensed childcare and preschool programs. They provide childcare referrals in Utah, Summit, Wasatch and Juab counties. A free personalized list of available child care can be found online at careaboutchildcare.utah.gov, and by calling the referral line at 801-863-8589 or toll free 1-800-952-8220. Their program also provides technical assistance to persons wanting information about child development and child care. One of the most important services they offer is to help child care programs, improve their professional development by providing low cost professional child care courses. The program also offers grants, program coaching and technical assistance to early child care learning professionals. All of their services are offered in both English and Spanish to community members, students, parents, early childhood professionals and programs.

Career Development Center

Office: LC 409
Telephone: 801-863-6364
E-mail: careerdevcenter@uvu.edu
Web: Career Development Center

Hours:
- Monday, Thursday and Friday 8 a.m. – 5 p.m
- Tuesday, Wednesday 8:00 a.m. – 6 p.m.

Through comprehensive career counseling services, and by fostering community, regional, and national employer relationships, the Career Development Center promotes individual career success and employment potential for students and alumni.

Our services include access to:
- Handshake at uvu.edu/cdc for students and employers (online job posting, job search, submitting resumes, scheduling interviews, etc.)
- Off-campus full-time, part-time, summer and temporary job openings and internships
- Counseling on career planning and preparation including Career Exploration (through various Career inventories)
- Training and online workshops for writing resumes, interviewing, networking, negotiating and more
- Labor market, salary and career employment information
- Career Lab walk in hours 9 a.m. - 4 p.m., Monday - Friday
- Job Search Strategies
- Interview Preparation/Mock Interviews
- Career & Internship Fairs
- Part-Time Job Fairs
- Local, national and international employers recruiting on campus
- Group and class presentations on career related topics
- Career options for different majors

Center for Global and Intercultural Engagement

CO-Directors Michelle Kearns and Janet Colvin
Location: LA 114
Telephone: 801-863-8357Email: cgie@uvu.edu
Web: Center for Global and Intercultural Engagement

- Hours: Monday - Friday 9 a.m. - 5 p.m.

The Center for Global and Intercultural Engagement (CGIE) supports the University efforts to prepare globally competent citizens. To accomplish these objectives, CGIE collaborates closely with colleges, schools, and other units across campus to create a community of students, staff, and faculty that share multicultural and international knowledge, attitudes, experiences, and efforts. We are committed to fostering an inclusive atmosphere for all students and to preparing them for an increasingly complex, diverse, and globalized society. CGIE is comprised of three programs.

1. Office for Global Engagement (GEO): GEO facilitates international academic and co-curricular engaged learning experiences through study abroad and exchange programs, diplomacy, and intercultural events. Our programs include Study Abroad and other international travel opportunities, Global Initiatives, Visiting Scholars, and Dignitary & Global Events. GEO liaisons with the General Counsel for International Agreements, the UVU Internships office for international internships, and with the Office of Engaged Learning for the G/I Distinction program.
We serve as the central hub for the UVU’s affiliate membership with the United Nations Department of Global Communication, UN Academic Impact, and the Fulbright Program.

1. Multicultural Student Services (MSS): Our programs provide a full range of support services targeting historically underrepresented populations with an eye toward inclusion of all students across campus. The mission is to promote educational opportunities and intercultural enrichment for diverse students, LGBTQIA+ students, and the wider campus community. Our programs aim to nurture student achievement and develop relationships that support student success, academic growth, retention, and completion of educational programs. Services include general academic advising and cultural navigation, registration and financial aid help, student leadership opportunities and support, multicultural club advisement and support, academic and social events, and initiative programs that provide specific resources for students who identify under the African diaspora, Latino/a/x, LGBTQIA+, Native American, and Pacific Islander student populations.

2. International Student Services (ISS): Our programs provide advisement and support on visa, employment, and academic issues for UVU’s international student population. Students with questions regarding immigration, visa, or related issues may visit one of our advisors in LA 114. ISS activities including orientations each semester for all new international students, managing the federally mandated Student and Exchange Visitor Information System (SEVIS) to ensure that all international students at UVU are legally “in status,” and providing a variety of services designed to promote the academic success of our international students.

Center for Social Impact

Office: SC 105
Telephone: 801-863-8786
E-mail: socialimpact@uvu.edu
Web: Center for Social Impact

Welcome to the Center for Social Impact! We develop active citizens who make social impact in our communities. We work in six pathways of social impact: direct service, community-engaged learning and research, social entrepreneurship, policy and governance, community organizing and activism, and philanthropy. Come join the Social Impact Fellows, go on an Alternative Spring Break, be a Social Impact Scholar, launch a project in the Impact Incubators, or take a service-learning class! For more information on all the ways you can make an impact, visit uvu.edu/socialimpact.

Dean of Students/AVP Student Life

Alexis Palmer
Office: SL 201
Telephone: 801-863-8311
Web: Student Life

The Dean of Students is committed to creating resources, programs, initiatives, and events that support and advocate for students. Student Life supports the holistic development of students by collaborating with campus and community partners in providing intellectual, physical, emotional, social, and civic experiences.

Dining Services

Office: SC 201
Telephone: 801-863-8664
Web: Dining Services

Dining Services provides a variety of food options on campus, and is always working to expand our variety of options for our customers. The mission of the department is centered to students and their dining enjoyment and benefit. For a list of locations and operating hours, visit the Dining Services website.

First-Year Advising Center

Location: LC 402
Telephone: 801-863-8425
Email: firstyear@uvu.edu
Web: First Year Advising

Hours:

Fall/Spring/Summer

- Monday - Thursday, Friday 8 a.m. – 5 p.m.
- Tuesday, Wednesday 8 a.m. - 6 p.m.

The First-Year Advising Center (FAC) provides free, holistic academic advising services to new students, students who have yet to earn 30 credit hours, and any undecided students pursuing a associate's degree of university studies. Our advisors provide a personalized support experience for students as they transition to studies at UVU.

First-Year Experience (FYE)

Office: LC 405
Telephone: 801-863-4000
E-mail: success@uvu.edu
Web: First Year Experience
Introduction

UVU’s First-Year Experience (FYE) program is designed to help new students make a smooth and successful transition to college life. Participation in the following FYE programs will help students build a foundation of success:

- Jumpstart Orientation
- Personalized Academic Advisement
- Freshman Reading Program
- Freshman Convocation
- Department of Student Leadership and Success Courses, degrees, and Programs
- StartSmart Emails
- Freshman Celebration

Fulton Library

Telephone: 801-863-8265
Fax: 801-863-7065
Web: Fulton Library

Hours:

- Fall/Spring
  - Monday - Friday 7 a.m. - midnight
  - Saturday 8 a.m. - 7 p.m.
  - Sunday 1 p.m. - 9 p.m.
- Summer
  - Monday - Friday 7 a.m. - 9 p.m.
  - Saturday 9 a.m. - 5 p.m.
  - Sunday 1 p.m. - 9 p.m.

Director: Lesli Baker
Office: FL 503e
Telephone: 801-863-8286

The Fulton Library has friendly librarians and staff waiting to help! In-person and online research help is available to assist students and faculty with locating the information and resources they need. The library houses hundreds of thousands of materials both online and inhouse, including books, films, journals, newspapers, audio/visual equipment for checkout, and much more. UVU ID cards are accepted for checking out materials at all college and university libraries in the state. Interlibrary Loan service quickly gets materials not available at the Fulton Library from other libraries for free. The Fulton Library is a dynamic space that hosts two open computer labs with specialized software, a family study room, group study rooms, the Writing Center, a copy center, a deaf studies lab, the Assistive Technology Center, the Office of Teaching and Learning, the Center for Constitutional Studies, and an art gallery. It is also home to Mom Fulton’s Café and the Bingham Gallery, which contains the Roots of Knowledge stained glass exhibit.

Housing and Residence Life

Office: SL 214
Telephone: 801-863-8659
E-mail: housing@uvu.edu
Web: Housing

Hours:

- Monday - Friday 9 a.m. - 5 p.m.

The Department of Housing and Residence Life provides students with a variety of housing services including: an annual Student Housing Booklet, resources for married, graduate and international students, information on available housing scholarships and state and national housing laws. Information concerning local housing options, is available on our website, in the Housing Office, or through email.

Utah Valley University does not own, manage, or approve any student housing. The University works closely with local student housing complexes to provide accurate and up-to-date information on all housing options listed within the local area, so that students can choose the most suitable housing while attending UVU.

Should disputes between a Landlord and a UVU Student Tenant arise, a free mediation service is available through the Office Student Conduct and Conflict Resolution located in SL 212b. To schedule an appointment for mediation services, please call 801-863-7237. The Office of Housing and Residence Life does not provide legal counsel regarding housing.

Intramural and Club Sports

Director: Dustin LaMont
Manager: Alex Gebers
Office: SL 213
Telephone: 801-863-5568
E-mail: dustin.lamont@uvu.edu
E-mail: agebers@uvu.edu
Web: Intramurals
The Intramural Sports Program is one of the largest co-curricular activity programs that complement the formal academic curriculum. It offers extensive opportunities to currently enrolled Utah Valley University students, faculty, staff and their spouses/partners in a number of competitive and structured activities each year. Participation in the program is voluntary and determined by interest.

Participation can provide one with opportunities to have fun, learn new sports, meet people from other cultures, test one’s physical ability as well as offer a break from routine. Team sports generally take on a league structure and a post-season tournament to determine champions. Special events range from one day to several day tournaments. In most events, skill levels and divisions are established to allow competition for men’s, women’s, co-ed and Mixed teams at various skill levels.

The Intramural Sports program strives to provide programming for all levels of ability and experience. Our aim is to serve the recreational needs of the majority of the student body and not just the athletic minority.

Club Sports bridge the gap between intramural and intercollegiate athletics by providing competition at specialized levels, participation in tournaments, and opportunities to practice. Although some clubs remain solely recreational, most are highly competitive.

UVU Club Sports offers a structured environment to practice and play the game students’ love. Participation in Club Sports allows individuals to engage with the University in a unique way. Club Sports are managed and run by the participants themselves, including coach selection, travel, fundraising, scheduling, practices, and participant development. Club Sports are meant to enhance the individual learning experiences through involvement, commitment, and working in a team setting.

A competitive spirit of fair play and good sportsmanship is encouraged in order to provide all with a wholesome recreational experience. Participants and staff are asked to conduct themselves in a manner consistent with, and in support of, those values set forth by Utah Valley University.

**Learning Strategies Support**

See University College.

**Lockers**

Office: FC 100 (Facilities Complex)
936 S. 400 W., Orem (Next to Parking Services)
Telephone: 801-863-8130

Hours:
- Monday - Friday 7 a.m. - 5 p.m.

Lockers are available for student use in the Gunther Technology Building and are rented through the Facilities/Physical Plant Office. Locker rentals are $5 per semester or $13 per year. This fee is non-refundable. Renewal of lockers needs to be completed before the end of the semester to avoid locker changes and clearance of contents. The renter is responsible for any damages to the locker(s).

**Math Lab**

See Math Lab.

**National Student Exchange**

Office: LC 409q
Telephone: 801-863-6219
E-mail: sue.stephenson@uvu.edu

National Student Exchange (NSE) is a domestic “study away” experience that fits into university initiatives for globalization and diversity. NSE embodies the overall mission of Utah Valley University by providing high impact meaningful Engagement Opportunities for its students. The National Student Exchange, which is a service within the Career Development Center, provides opportunities for undergraduates, to study for up to one calendar year at another NSE member university and pay UVU tuition rates or the in-state tuition rate of the host school.

With more than 200 colleges and universities from which to choose, students can find a campus that is “custom” to individual degree plans, with just the right combination of courses, facilities, and environment to meet unique personal and academic needs and interests. Spending time at another campus will allow students to grow academically and personally. Students will develop a greater appreciation for the different regions, cultures, and people. NSE extends beyond the borders of the United States to include U.S. territories as well as Canadian provinces. Students participate in order to:

- Broaden personal and educational perspectives
- Explore and appreciate new cultures
- Widen university boundaries
- Take courses not offered at the home campus
- Learn from different professors
- Access courses with different perspectives
- Explore new areas of study
- Experience personal growth
- Live in a different geographic area
- Acquire life skills
- Investigate graduate or professional schools
Introduction

- Look for future employment opportunities
- Become more mature, independent and resourceful

NSE participants have found their exchanges culturally enriching, academically rewarding, and one of the most significant experiences of their undergraduate education. Since its founding in 1968, more than 100,000 students have had the opportunity to break out of their comfort zone, and experience life from a different point of view.

Students will need a 2.5 cumulative GPA and one-year of university work to join these students who have been placed in life-changing exchange situations which challenged their thinking, expanded their educational and personal experiences, and encouraged them to take healthy risks.

After graduation, when you look back at your college days, NSE can be one of those memorable highlights! Don’t let this rare opportunity pass you by!

Ombuds

Office: SL 212b
Telephone: 801-863-7237
Web: Ombuds

Within the UVU community misunderstandings and disagreements needing resolution occur. The UVU Ombuds is a mediator and resource who is familiar with campus policies, student’s rights and responsibilities, and can help find useful options within these guidelines. In order to serve as a mediator, as opposed to an advocate, the Ombuds neutrally and objectively listens to all problems and works with the parties involved to find a solution. The Ombuds may be used as a resource for help in a variety of difficult situations. The Ombuds can help with:

- University related or personal issues
- Interpersonal conflicts
- Sexual Harassment
- Academic complaints and conflicts
- Housing/Landlord disagreements
- Discrimination complaints
- Grading procedure disputes
- School policy and procedures
- Others

All services are offered free of charge.

Outdoor Adventure Center

Office: SL 216
Telephone: 801-863-7052
Web: Outdoor Adventure Center

Hours:

- Fall Semester
  - Monday - Friday 9 a.m. - 5 p.m.
  - Saturdays 9 a.m. - 1 p.m.
- Spring Semester
  - Monday - Friday 9 a.m. - 5 p.m.
  - Saturdays 8 a.m. - 1 p.m.
- Summer Semester
  - Monday - Friday 9 a.m. - 5 p.m.
  - Saturdays 9 a.m. - 1 p.m.

The Outdoor Adventure Center provides students, staff, faculty and the community an opportunity to learn from the vast outdoor classroom. We offer participants a chance to experience nature while also learning how to protect and preserve the natural environment. Opportunities range from clinics, adventure outings, and afternoon activities. We also offer equipment rentals and retail items that will help get you outside! We collaborate with different academic departments in offering experiential education outside of the classroom, call us today if you are interested in planning an activity for your students. Come in today and let us help with your next adventure. For a list of rental prices visit www.uvu.edu/oac/rentals.

Parking and Transportation Services

Located: 936 S. 400 W., Orem
Telephone: 801-863-8188
Web: Parking Services

Hours:

- Monday - Friday 7 a.m. - 5 p.m.

Parking permits are required to park anywhere on the UVU main campus and west campus. UVU uses license plate reader technology and assigns a digital permit to your vehicle license plate at the time of permit purchase. Parking permits are available in our office at 936 S. 400 W. or online
through the link found at uvu.edu/parking - there is also information on the site regarding parking maps, regulations, and other information to assist you in parking on campus. We can also be contacted by phone at 801-863-8188 Monday through Friday 7 am to 5 pm.

Parking for People with Disabilities

Only those vehicles carrying distinctive (logo) license plates for people with disabilities or temporary/permanent permits obtained from the Utah State Division of Motor Vehicles at 150 E. Center in Provo plus a valid UVU handicapped parking permit shall be allowed to park in stalls for the disabled. If all disabled stalls are full in a given area, those displaying a disabled permit may park in the nearest available stall.

Student and Employee Parking

Students and employees operating vehicles on University properties must adhere to all state, local, and university traffic/parking regulations. To park on campus, students and employees must obtain a valid parking permit from Parking Services. Employees and Students will need to provide their vehicle information e.g. license plate number, make and model before a permit can be issued to them. Permits are not required to park in any employee or student lot after 5 p.m.

Visitor Parking

Visitors operating vehicles on University property must adhere to all state, local, and university traffic/parking regulations. There are three visitor pay lots on campus.

- Park at one of our two metered lots
- Park at one of our eleven pay-by-phone lots
- Purchase a Day Pass online and park in the outlying parking lots of L9, L10, M28, or M29.

If you are visiting campus, you will need to use one of our pay lots when you park on campus. There are thirteen pay lots throughout campus. The L1 pay lot at the front of campus is $1 per hour and has a 2 hour maximum limit for short term parking. The Parking Garage in the middle of campus is $1 per hour with a 2 hour minimum. Both of these lots have parking meters that will accept all major credit cards (we transitioned to a cashless system) or you can use the totally contactless Passport phone application. The remaining 11 pay lots require payment through the phone application only.

Our Day Pass can be purchased by faculty, staff, students, or guest. The cost is $5 per day and it allows access to our parking lots, L9, L10, M28, M29.

Payment is required in all of our pay lots between 5 a.m. and 10 p.m., seven days a week

If you have any questions regarding parking on campus, please contact the Parking Services Office at 801-863-8188.

Physical Education Services (Issue Room)

PE Services Director: Sam Atoa
Office: RL 119
Telephone: 801-863-8567

Assistant Director: Ashley Iosefa
Office: RL150 (Issue Room)
Telephone: 801-863-8628

The Rebecca Lockhart building serves as the home for many Physical Education classes, Intercollegiate Women's Volleyball, and Men's Wrestling.

Facilities included are: men's/women's locker rooms, one main basketball floor, a single lane indoor track, one aerobic/dance area, a martial arts room, weight room, cardio machines, a motor learn lab, dance rooms, and various faculty/staff offices.

UVU PE Issue t-shirts are used for the Physical Education Facilities. You must have your UVU ID card or valid ID to check out the issue clothing. Lockers are available to rent each semester. For additional information and hours of operation, please refer to the PE Issue room (RL 150) or call 801-863-8628.

Student Action Learning
Director: Grant Flygare
Office: LC 205
Telephone: 801-863-6227
Web: Student Action Learning

Student Action Learning creates and implements activities and expeditions for student centered learning (out of the classroom, hands-on, experience-centered learning). Action Learning works collaboratively with students, faculty and professional community partners to bring about a full and exciting student life experience.

Students can develop leadership skills by becoming an Action Learning Leader, creating learning expeditions connected to specific interests, or as a Zone Manager, facilitating day time activities on campus that are centered on student interests.

Student Computing
Office: LA 003V
Telephone: 801-863-5852
Web: Student Computing

Student Computing has been established to provide computing resources and technical support services that enhance the educational experience of the students of UVU. These services include: The Open Student Computer Labs, Campus Kiosks, Hallway printing, Various Academic labs, Student printing (lab printing, mobility printing, and print.uvu.edu).

The Open Student Computer Labs are available to all currently registered UVU students on a first-come, first-serve basis. No charge is required for the use of the computers. Lab Assistants are available to provide support and to help keep the equipment running. These labs contain 254 computers and have Internet access and E-mail as well as popular application software to assist students with their class work. There is also tables set up for students to bring their own personal device to charge as needed and get assistance from the Lab Assistants.

Info Commons Lab
Located: FL 1st Floor
Telephone: 801-863-6932

Hours:
• Monday - Friday 7 a.m. - midnight
• Saturday 8 a.m. - 7 p.m.
• Sunday 1 p.m. - 9 p.m.
• Check with lab assistant for holiday and summer hours

The "InfoCommons" lab is located on the bottom floor of the Fulton Library. With 124 workstations, and 20iMac Desktops, this is the largest open lab on campus.

Campus View Lab
Located: FL 2nd floor
Telephone: 801-863-5634

Hours:
• Monday - Friday 7 a.m. - midnight
• Saturday 8 a.m. - 7 p.m.
• Sunday 1 p.m. - 9 p.m.
• Check with lab assistant for holiday and summer hours

The "Campus View" lab is located on the second floor of the Fulton Library, with 39 workstations, it is overlooking the café and study area.
Introduction

Computer Loft
Located: SC 215  
Telephone: 801-863-6081

Hours:
• Monday - Friday 7 a.m. - 11 p.m.
• Saturday 8 a.m. - 5 p.m.
• Closed Sunday
• Check with lab assistant for holiday and summer hours

The “Computer Loft” lab is located upstairs from the bookstore and across from the Ragan Theater and has 56 workstations.

Fishbowl Lab
Located: SC 116  
Telephone: 801-863-8390

Hours:
• Monday - Friday 8 a.m. - 6 p.m.
• Check with lab assistant for holiday and summer hours

The “Fishbowl” is located at the junction of the Student Center, Losee Center and Woodbury Business building and has 29 workstations.

Wasatch Campus Lab
Located: NG 107  
Telephone: 801-863-7147

Hours:
• Monday - Thursday 8 a.m. - 8 p.m.
• Friday 8 a.m. - 4:30 p.m.
• Saturday 8 a.m. - 5 p.m.
• Check with lab assistant for holiday and summer hours

Wasatch
Located: WC 206 (Heber)  
Telephone: 801-863-6628

Hours:
• Monday - Thursday 6 a.m. - 9 p.m.
• Friday 7 a.m. - 7 p.m.
• Saturday 8 a.m. - 5 p.m.

Student Computing has also put in place Open lab Computers in the hallways throughout campus, with printing capabilities.

For information on Student computing, tutorial videos, list of software available to students, and print and charging station locations visit the Student Computing site, also follow us in Facebook, Instagram, and Twitter @uvus

Student Government
Utah Valley University Student Association (UVUSA)
Office: SL 122  
Telephone: 801-863-8652  
Web: UVUSA

Every student is a member of the Utah Valley University Student Association (UVUSA). Student government/student council is the governing body of UVUSA and has multiple ways for students to get involved! The program offers a variety of volunteer, appointed, elected positions where students can influence and enhance the social and academic culture of the University. Student leaders can participate on campus committees, plan events and activities, and advocate for student needs and issues.

Information on ways to get involved with UVUSA/Student Government can found at uvu.edu/uvusa or by visiting their office in SL 122.

Student Health Services
Office: SC 221  
Telephone: 801-863-8876  
Web: Student Health
Introduction

Student Health Services is designed to assist students with a variety of health issues. Our purpose is to provide students with opportunities to improve their health through basic medical care, psychological services, suicide prevention and awareness, and learning disability assessment. We offer life enhancing services that increase the safety, productivity and life experience of the individual and the campus. Through our services we enhance the personal development and lifelong opportunities of UVU students.

Therapy Services
Personal Counseling, Emotional Support, Learning Disability Testing and Referral

Student Health Services offers short-term counseling to assist students through stressful and crisis situations affecting their performance in school and personal relationships. We provide assessment and treatment for a variety of mental health concerns such as anxiety, depression, eating disorders, trauma, grief, substance abuse and relationship issues.

The therapists are experienced professionals who offer support in an atmosphere of understanding and confidentiality. Programs offer individual assessment, individual, couples and group counseling and referral to campus and community resources. To set an appointment with a psychological professional, please contact us at 801-863-8876.

Medical Services

Student health is promoted through a complete offering of medical and psychiatric services. We are able to write prescriptions, do lab work, medication management, physical exams, sutures and treat many other medical conditions. We treat a variety of acute and chronic illnesses and injuries. We are staffed by medical doctors, nurse practitioners and medical assistants.

Students currently enrolled at UVU or any of its satellite campus locations are eligible for medical care on the Orem Campus. To set an appointment with a medical professional, please contact us at 801-863-8876.

Suicide Prevention

For staff or classroom training please contact us at 801-863-8876. Crisis counseling is available at Student Health Services. If you are currently in a suicide crisis please notify the front desk for priority scheduling. In the case of an emergency or outside of our business hours, please call 911 or 801-863-5555.

Student Media & Publications

Office: SL 214
Telephone: 801-863-6498

Student Media and Publications is UVU’s home of The UVU Review, the independent student newspaper. Students interested in producing news, writing, photography, graphic design, advertising sales, video broadcast content, web page content and design should come for practical experience and learning. These nationally award winning student media are produced year around. If you’re interested in receiving hands on experience producing media publications visit us in SL 214. Call Media Coordinator 801-863-6498 for additional information.

Student Success/UV Mentor Program

See University College.

Testing Services

Office: Wolverine Service Center–North Entrance

Testing Services assists students, faculty, and the community. It is divided into three branches: Assessment, Classroom Testing, and the Proctored Exam Center.

Assessment Center

Located: WS 101
Telephone: 801-863-8269
See: Testing Services

The primary responsibility of the Assessment Center is to provide assessment testing for various courses. Testing sessions for are conducted throughout the day, some require an appointment while others do not. Check our website for details at uvu.edu/testingservices, and take special note of our hours, as they do change at different times during the year.

New students must meet one of following assessment requirements:

- ACT/SAT Scores
  - English: Not older than 5 years.
  - Math: Not older than 2 years.
- New Student Assessment (some students may need to take the ALEKS or Accuplacer exam)
Introduction

- Transfer Credit
  - Completed English Composition and Algebra at another college/university, with a C or higher (verified by official college transcripts mailed directly from your previous institution to UVU Admissions).
- Another function of Testing Services is to administer screening instruments, standardized tests, and other assessment instruments required by University programs and departments. Some of these include the GED, CLEP, ACT, EMT and POST tests. Certification testing for different programs offered by UVU and the surrounding community is also available. Students can obtain information on tests in the office and hours of operation by calling 801-863-8269 or by visiting the web page at: uvu.edu/testingservices.

Classroom Testing Center

Located: WS 112
Telephone: 801-863-7461

The Classroom Testing Center (CTC) is located in the Wolverine Service Center (WS 112). The CTC provides testing services enabling students to take participating instructors’ exams in the center on a flexible schedule. The CTC is generally open six days a week Monday - Saturday. Students can obtain test schedules and scores by logging into chitester.uvu.edu and use UV Link user name and password to log in. Highlight the exam name and click on View test score(s).

Proctored Exam Center (PEC)

Located: WS 111
Telephone: 801-863-8544

The Proctored Exam Center (PEC) provides testing accommodations to UVU students with disabilities as well as services for distance education students who need to have a test proctored from another university or college. Students with disabilities requiring assistance MUST obtain a letter from the Accessibility Services Department before being eligible to use the PEC. Scheduling an individual appointment for testing is required for both parties. For scheduling information and further assistance, call 801-863-8544.

TRIO College Prep Programs

- See TRIO

Educational Talent Search & Upward Bound

Talent Search

Director: Michael M. Campbell
Telephone: 801-863-8569
E-mail: campbemi@uvu.edu

Coordinator: Rebecca Ayala
Telephone: 801-863-7216

Administrative Support: Kasha Farmer
Telephone: 801-863-7414

Talent Search serves young people in grades six through twelve. In addition to counseling, participants receive information about college admissions requirements, scholarships and various student financial aid programs. This early intervention program helps young people to better understand their educational opportunities and options. UVU services Orem, Provo, Wasatch, South Summit, Duchesne, and Uintah.

Upward Bound

Director: Michael M. Campbell
Telephone: 801-863-8569
E-mail: campbemi@uvu.edu

Coordinator: Alex Atwood
Telephone: 801-863-8570

Administrative Support: Kasha Farmer
Telephone: 801-863-7216

Upward Bound helps young people and adults prepare for higher education. Participants receive instruction in literature, composition, mathematics and science on college campuses after school, on Saturdays and during the summer. UVU services students from Orem, Provo, Wasatch, Duchesne and Uintah.

TRIO Student Support Services (SSS)

Office: LA 012
Telephone: 801-863-8541

TRIO Student Support Services (SSS) is a federally funded program. The purpose of TRIO SSS is to:
• Increase the retention and graduation rates of eligible students
• Foster an institutional climate supportive of the success of low-income and first generation college students and individuals with disabilities through a variety of services such as:
  • needs assessment testing
  • individual education planning
  • academic, career, and transfer counseling
  • tutoring
  • cultural events
  • SLSS 1100 Stress Management—Hardiness and FIN 1060 Personal Finance
  • workshops and guest presentations

To be eligible to receive TRIO SSS services, a student must meet all of the following requirements:

• Is a citizen or national of the U.S. or meets the residency requirement for Federal student financial assistance
• Is enrolled at UVU or accepted for enrollment in the next academic semester
• Has a need for academic support, as determined by UVU’s TRIO SSS Department, in order to successfully pursue a post-secondary educational program

Meets at least one of the following criteria:

• Low income
• First generation college student
• Has a disability which inhibits the learning process

Eligible students are selected into UVU’s TRIO SSS program based upon their academic need and upon their ability to benefit from the services offered. Space is limited, so students are advised to apply early.

Turning Point (Community Education)

Director: TBA  
Office: HP 116  
Telephone: 801-863-7580  
Web: Turning Point

The Turning Point Program is a community and university resource, which provides access to numerous services to help individuals’ complete educational goals, build personal relationships, master communication skills, and explore varied career options in the workforce. Dedicated to quality support service, this program increases the emotional, social, and economic well-being of all participants.

Class offerings include:

• Managing Life Transitions I: Personal & Professional Development
• Managing Life Transitions II: Relationships
• Anger Management
• Back to School
• Marriage and Pre-Marriage Workshops

Additional Turning Point Services:

Professional Clothing Source, GED referrals, mentoring, referrals to community and campus resources, and reduced tuition for low-income individuals who qualify.

Tutoring & Academic Skills Services

See University College.

UCCU Center

Office: EC 012  
Telephone: 801-863-8768  
Web: UCCU Center

The UCCU Center is a multipurpose facility serving the University and the community. The UCCU Center hosts a variety of local and special performances, sports events, educational seminars, concerts, conventions, trade shows, lectures and other community gatherings.

Some events that are hosted here include basketball games, circus performances, business trade shows and expos as well as various types of concerts. The events center is an excellent choice for hosting any kind of event.

Athletics

The mission of UVU Athletics is to provide a wide range of athletic programs that are highly competitive and nationally recognized on a consistent basis. The department seeks to provide the individual athlete with the opportunity to improve athletic skills and abilities while obtaining an exceptional quality education with the best facilities and coaching staff available, to benefit the athlete in future academic, athletic, and vocational endeavors.
Introduction

Each student-athlete is required to be in good standing academically and making progress toward graduation with a bachelor degree according to NCAA requirements.

The Wolverines compete at the NCAA Division I level and currently are members of the Western Athletic Conference. UVU offers the following NCAA Division I sports: Baseball, Softball, Men’s and Women’s Basketball, Men’s and Women’s Cross Country, Men’s and Women’s Golf, Men’s and Women’s Indoor and Outdoor Track and Field, Men’s and Women’s Soccer, and Women’s Volleyball.

For more specific information regarding any sport or team, please call our Athletic Department Office at 801-863-8998, or look us up on the internet at: wolverinegreen.com.

Cheerleaders & “THE WOLVERINE”

The UVU Cheerleaders are a large part of promoting fan involvement and enthusiasm at UVU athletic events. The squad consists of highly talented young men and women who perform stunting and tumbling routines.

The WOLVERINE is the school mascot who is also involved in crowd interaction and may be seen hanging from the rafters or dropping through the middle of the basketball hoop to excite fans.

Tryouts for these positions are held each spring, and specific information about tryouts may be obtained by calling Student Leadership and Activities at 801-863-8150.

Dance Team

The UVU Dance Team is comprised of 12-16 skilled dancers who perform regularly at UVU Athletic Events. The Team employs a wide range of styles and utilizes Jazz, Funk, and Lyrical Dance numbers, all choreographed by the team members and director. Tryouts are held each spring. For more information call Student Leadership and Activities at 801-863-8150.

UVU Campus Store

Located: SC 102 (Centre Stage Temporary Location for June 2020 to April 2021 during Sorensen Center Construction)
Telephone: 801-863-8641

Hours:

• Fall and Spring semesters:
  • Monday - Thursday 7:30 a.m. - 6 p.m.
  • Friday 7:30 a.m. - 5 p.m.
  • Saturday 9 a.m. - 1 p.m.
• Summer semester:
  • Monday, Friday 8 a.m. - 5 p.m.
  • Tuesday, Wednesday 8 a.m. - 6 p.m.
  • Closed Sundays and Campus Holidays

The UVU Campus Store is open each weekday to serve the students, faculty and staff of UVU. Course Materials are purchased online at bncvirtual.com/uvu.htm or MyUVU/Textbooks. At the UVU Campus Store you find your required Course Materials and everything else you will need for your college career: UVU apparel, backpacks, UVU insignia, school supplies, computers, calculators, cables, headphones, general reading materials, reference books, snacks.

UVU Clubs

Office: SL 122
Telephone: 801-863-8820
Web: Clubs

UVU Clubs connects students to UVU in a unique way that reflects each student’s individual interests and academic desires.

The Clubs Branch, also known as the ICC Executive Board, works with 100+ active clubs by facilitating club success on campus. Many clubs are very active on campus and have received local, state, and national recognitions.

By getting involved in a club, students have the opportunity to increase leadership, citizenship, and service skills that enhance UVU and the community. Students meet new people, develop skill sets, and most of all, have fun. For information on existing clubs and/or procedures for chartering a new club, look on the web at uvu.edu/clubs, or contact the UVU Clubs Office in SL 122.

Veteran Success Center

Office: WB 100a
Telephone: 801-863-8212
E-mail: veterans@uvu.edu
Web: Veterans Success

Veterans eligible for VA Education Benefits may obtain assistance at the Veteran Success Center located in the Woodbury Business Building. Veterans not receiving VA educational benefits are also encouraged to send their Military Transcripts or JST (Joint Service Transcripts) to the transcript office to begin the evaluation process.
Guideline for Enrollment and Progress

According to VA standards of progress, educational benefits will be paid for courses required for graduation in the student's declared educational objective. Eligible persons will be required to maintain the academic standards of the school and to actively and consistently pursue their declared educational objective in order to maintain benefits. To receive Veterans Educational Benefits, students are required to attend class. Benefits will be terminated for non-attendance. This may cause an over-payment to the student and result in debts that the student is ultimately responsible for. Some veterans receiving VA educational benefits must verify their attendance to receive their benefits. Please check with the Veteran Success Center for current procedures.

Veterans and dependents receiving grades of "UW" (unofficial withdrawal) or "W" (withdrawal) will have to reimburse the VA for any difference in pay, retroactive up to the beginning of the semester; exceptions may be made if students can report mitigating circumstances to the Department of Veterans Affairs. Benefits will not be paid for a course that is audited (AU).

New Military Connected Students

New students applying for VA educational benefits may be requested to submit to the UVU Veterans' Service Coordinator either original or certified copies of the following documents: (1) VA claim (c) number, if applicable, and (2) Confirmation of VA.Gov application, (3) Certificate of Eligibility. This information is needed as soon as possible to ensure timely and accurate processing of benefits. UVU forms can be found online at uvu.edu/veterans. Official transcripts from all previously attended colleges or universities are required. The VA will not pay for any course the student has previously taken and successfully completed.

Continuing & Returning Military Connected Students

All continuing and returning military connected students must submit to UVU Veteran Success Center promptly after registering for the semester a Veterans' Class Schedule Form that can be found online. This form must be submitted each semester to indicate that the student requests to receive educational benefits for that semester. Please be aware that adding and dropping classes may cause a debt with the Department of Veterans Affairs. Students are required to keep the UVU Veteran Success Center informed of any changes made to their class schedule. Failure to inform of changes may result in a debt to the University or the VA.

In accordance with Title 38 US Code 3679(e), Utah Valley University adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post-9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from VA. Utah Valley University will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the VA Certificate of Eligibility (COE) by the first day of class;
- Provide a written request to be certified; or turn in proper documentation requesting certification;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA).

Wee Care Center

Web: Wee Care Center
Email: weecarecenter@uvu.edu

Director: Jolene Merica
Location: WE 102
Telephone: 801-863-7267

Manager: Melisa Hunt
Location: WE 103
Telephone: 801-863-4775

The Wee Care Center is designed to meet the childcare needs of parent-students at UVU. Quality care is provided to children ages six weeks to six years. All services are based on a sliding fee scale according to size of family and income. Enrollment is based on a first-come, first-served basis with priority given to Pell-eligible returning parents and parent-students who are single, low income or near degree completion. The Wee Care Center is NECPA accredited.

Women’s Success Center

Web: Women's Success Center

Senior Director: Tara Ivie
Office: LC 302c
The mission of the Women’s Success Center is to recruit, retain, and graduate female students. We work to help all women graduate by providing support and removing barriers that prevent them from finishing a degree.

Writing Center
See Writing Center.

Other Important Student Information

Student Right to Know
Utah Valley University hosts information regarding the Student Right-to-Know and Campus Security Act of 1991 on the HEA Student Consumer Information website. The Student Right-to-Know Act of 1991 requires all colleges and universities participating in Federal Student Aid Programs to disclose campus security policies, crime statistics, and information on students receiving athletically-related student aid, graduation rates, and other basic information about the University. To access a copy of the current Campus Security Report please visit www.uvu.edu/police.

Alcohol, Tobacco & Drugs
Utah Valley University, historically and at present, seeks to encourage and sustain an academic environment that promotes the health, safety, and welfare of all members of its community. In keeping with these objectives, alcoholic beverages, unlawful drugs, or other illegal substances shall not be consumed, used, carried, sold, or unlawfully manufactured on any property or in any building owned, leased, or rented by UVU, or at any activity sponsored by the University. (UVU Policy 157)

Any individual known to be in violation will be subject to University disciplinary action and to substantial legal sanctions pursuant to Local, County, State and Federal laws.

Smoking is prohibited in all University buildings and concourses. (UVU Policy 158)

All students can access a copy of the University Drug Policy online each semester at www.uvu.edu/wellness/aboutus/drug-policy.html. It explains the policy and University sanctions that may follow as a result of inappropriate drug and or alcohol use and the known health risks associated with inappropriate use.

Confidentiality of Records Policy
Utah Valley University is concerned for the confidentiality of student academic records, and a reasonable balance between the obligation of the institution for the instruction and welfare of the student and its responsibility to society. The University will make every effort to maintain student academic records in confidence by keeping information from individuals who are not authorized to receive it or who might use it for illegitimate purposes. The policy also reflects the efforts of the University to comply with the provisions of the Family Educational Rights and Privacy Act of 1974.

Upon presentation of appropriate identification and under circumstances which preclude alteration or mutilation of records, students will be able to inspect all records relating to themselves which are not considered by the University to be private records of University Personnel. A student is entitled to an explanation of any recorded data and may initiate action leading to a hearing, if necessary, to correct or expunge information he or she considers inaccurate or misleading.
Faculty and administrative officers who have a legitimate need to use student records will be allowed access to such records, as needed without prior permission from the student. A request from an educational institution to which the student has applied for admission, or from an institution or agency, from which the student is seeking financial assistance will be granted without written permission of the student. Similarly, data will be furnished to university accrediting bodies and governmental officials without written permission of the student.

No student information other than directory information will be given to any third party (except those mentioned above) without written consent of the student, and then only those records accessible to the student. The term party is construed to include parents, employers, government agencies, or any other people or organizations. Parents or guardians may have access to grade reports of a student's activity if the parents establish to the satisfaction of the University that they are providing one-half or more of the student’s support. Court orders and subpoenas for records will be referred to and acted upon according to the directions of the Registrar. The University will make a reasonable effort to notify the student prior to release of information in response to subpoenas or court orders prior to actual submission of the material.

Directory information will be released to news media and to others upon request.

Directory information is defined as follows:

- Name of student
- Student identification number
- Telephone number of student
- University student email address
- Photographs
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Hometown city and state of student
- Verification of current enrollment
- Dates of enrollment
- Degrees conferred, dates, major field of concentration and honors received

Students may request, at any time, through the University Registrar’s office.

**Civil Rights**

Utah Valley University does not discriminate on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity, gender expression, age (40 and over), disability, veteran status, pregnancy, childbirth, or pregnancy-related conditions, citizenship, genetic information, or other basis protected by applicable law in employment, treatment, admission, access to educational programs and activities, or other University benefits or services. The following office has been designated to handle inquiries regarding non-discrimination: EOAA/Title IX – 801-863-5704 – 800 W University Pkwy, Orem, 84058, Suite BA 203.

Complete policies and procedures regarding Civil Rights (UVU Policies 152, 153, 154, 157, 158, 160, 161 162, 165) can be found at www.uvu.edu/policies, then click on Policy Manual.

**Policy**

The University prohibits all forms of protected class discrimination, harassment, and retaliation that violate Title VII of the Civil Rights Act of 1964 (Title VII), Title IV of the Higher Education Amendments Act of 1972 (Title IV), Title VI of the Higher Education Amendments Act of 1972 (Title VI), or related applicable laws. The University shall respond promptly and effectively to reports of protected class discrimination, harassment, and retaliation and shall take appropriate action to stop and prevent the recurrence of such conduct on the complainant and/or the university community.

**Prohibited Conduct**

Violations of policy 165 include acts of protected class discrimination, harassment, and retaliation within the meaning of Title VII, Title IV, Title VI, or related applicable laws. The University shall respond promptly and effectively to reports of protected class discrimination, harassment, and retaliation and shall take appropriate action to stop and prevent the recurrence of such conduct on the complainant and/or the university community. The University shall take steps to prevent retaliation and shall take strong, responsive action to threats or acts of retaliation. Individuals who, in bad faith, deliberately make false or malicious accusations of violation of this policy shall be subject to disciplinary action, up to and including termination of employment and/or expulsion from the University. A finding of no violation by the investigator(s) does not in itself constitute proof of a false or malicious accusation. The University may discipline any person who is found to have violated this policy.

**Freedom of Speech and Peaceful Assembly**

**Policy**

Because free expression and the free exchange of ideas are central to the goals of a university, Utah Valley University is committed to the principles of free speech and assembly guaranteed by the United States Constitution and the Utah Constitution, and in accordance with generally accepted concepts of academic freedom. The University is committed to protecting and enhancing the free exchange of ideas and to artistic expression, the right to free speech, and academic freedom in the University and on the university campus without prior restraint or censorship, subject to limitations on unlawful/unprotected speech and to clearly stated, reasonable, and nondiscriminatory rules regarding time, place, and manner.

**Preparation Strategies**

- Plan your peaceful assemblies through the Dean of Students Office
- Reserve an appropriate location from the list below
- Schedule appropriate amplification, if necessary
- Contact University Police for traffic and crowd control, if necessary
Introduction

- Post fliers and/or cardboard signs according to the University Signage Policy
- Pay rental charges, if required
- Commit to obey local, state and federal laws and University policies
- Agree not to disrupt the educational process of the University

Prohibitions

- Disruption or obstruction of university functions, organized meetings, or other assemblies in such a way as to invade the rights of others to assemble and the rights of speakers to free expression
- Violence
- Assemblies inside buildings where minors or vulnerable populations are predominantly present
- Damage to University or private property
- Use of administrative or academic offices
- Jeopardizing public order or safety
- Interference with entrances and exits to buildings or the normal flow of pedestrian or vehicular traffic
- Interference with classes and teaching, and activities related to teaching or research

Penalties

Persons violating the time, place, and manner restrictions relating to protests and demonstrations may be subject to arrest or other action authorized by law after notice is given of the restrictions being violated and the personas refuse to cease and desist. Student violations of UVU Policy 541 Student Code of Conduct may face disciplinary action.

Locations Appropriate For Peaceful Assembly

Locations are subject to availability; some locations may not be available at all times due to previously scheduled engagements. Speakers may speak in any outdoor area, as long as such speech does not violate time, place, and manner restrictions in UVU policy 161 section 4.8.6.

Locations include rooms inside the Sorensen Student Center, Grand Ballroom, Theater, Centre Stage or meeting rooms; Athletic fields/Lawn areas; Events Center: Arena, or Presidential Level; Student Life and Wellness Center Plaza; and Pope Science Courtyard

Scheduling

Although it is not necessary for persons planning protests, demonstrations, or speakers to obtain prior permission from the University, the University encourages such personals to contact the campus Event Services to reserve or schedule a place in advance to ensure availability.

UVU Event Services, SC 103, 801-863-8612
Events Center Scheduling, EC Concourse, 801-863-8767

Sound equipment shall be used only at volume levels that so not disrupt or disturb teaching, research, or other duly authorized meetings or activities at the University, and in accordance with city ordinances.

Utah Safety Law

In 1965 the Utah State Legislature passed a law requiring every student, teacher, and visitor in any public or private school to wear industrial quality eye protection devices while participating in or observing the following: industrial educational activities involving hot or molten metals; operation of machinery or equipment that may throw particles of foreign matter into the eyes; heating, treating, tempering, or kiln firing of industrial materials; chemistry or physics laboratories when using caustic, explosive, or hot chemicals, liquids, or solids.

Tuition & Fees

Bursar’s Office/UVU Cashier

- Office: BA 108
- Telephone: 801-863-7200
- Fax: 801-863-8787
- E-mail: bursar@uvu.edu
- Hours: Monday, Thursday, Friday 8 a.m. - 5 p.m.; Tuesday, Wednesday 8 a.m. - 6 p.m.

Tuition & Fees Policy

Tuition and student fees are established by the Utah State Board of Regents. University Policy regarding payment of tuition and fees states that all tuition and fees assessed at the time of registration are due and payable. This policy applies to all registration periods. Tuition and other charges are subject to change without notice. Please check current policies, procedures, tuition and fee tables, payment deadlines, and other important information at uvu.edu/registration.

Early registration not covered by Financial Aid or paid in full by the published payment deadline may be purged (dropped) for non-payment. After the published deadline, Utah Valley University will not drop courses for non-payment or non-attendance. Students who change their mind are responsible to drop their own classes or file a Leave of Absence. Filing a Leave of Absence does not absolve a student of any financial obligation to the University for tuition or other charges owing or repayment of a financial aid disbursement. Students must drop or withdraw by the published 100%
Refund Date or they will be responsible to pay the total tuition and fees owed. For exact refund and drop deadlines, please refer to the Registration Dates and Deadlines at uvu.edu/registration.

Students who default on all or any portion of their tuition and fees will be suspended from further registration and records activity at UVU until their accounts are paid in full.

Past due tuition accounts may be reported to a Nationwide Credit Reporting Agency, and/or turned over to an outside collection agency for collection.

Tuition Surcharge Policy

Students are encouraged to avoid accumulating credit hours beyond those needed to successfully complete their identified program of study. A student may be charged the excess credit hour surcharge for credit hours in excess of 125% of a student’s program of study. The surcharge amount for resident students is double the current year’s resident tuition rates for the number of credit hours taken. Non-resident students will continue to pay non-resident tuition. (Board of Regents Policy R515)

For further information regarding this policy, please contact your advisor or the Graduation/Transfer Services Office.

Dropping/Withdrawing from Courses

When students enroll in a course, they are reserving a seat in the class. If a student decides not to take a class, it is the responsibility of the student to drop the course before the 100% Refund Deadline. Dropping the class before this deadline removes the charges from the student’s account and allows other students to register. Charges for classes dropped after the 100% Refund Period deadlines will remain owing and will not be credited back to the student’s account balance.

Student Financial Responsibility

Before students can register for classes they must review and agree to the terms and conditions outlined in the Student Financial Responsibility Agreement, then review and update their address and other demographic information. It is important that students carefully update their demographic information as the University periodically sends bills, refund checks, and other important correspondence through the mail.

The Student Financial Responsibility Agreement (SFRA) includes agreements to pay tuition and fees, requires adherence to payment and withdrawal deadlines, outlines the consequences of delinquencies, and presents required financial aid consents. It also provides students an opportunity to consent to electronic delivery of their 1098-T Tax Form. The following is a brief description of terms included in the SFRA. To view the SFRA document in full, visit uvu.edu/cashier/sfra.html.

- FINANCIAL RESPONSIBILITY: I agree to pay all tuition, fees, and other related costs that result from my registration and/or future drop/add activity and understand that acceptance of these terms constitutes a promise to pay agreement.

- DROPPING/WITHDRAWING FROM COURSES: I understand and agree it is my responsibility to drop my own classes if I decide not to attend and further understand that I must drop my classes and/or file a Leave of Absence before the 100% Refund Deadline or I will be responsible for all tuition and fees.

- CONSEQUENCES OF DELINQUENT ACCOUNT/COLLECTION: I agree to pay all charges by the published deadlines and understand the consequences of delinquencies on my account including late payment charges, registration holds, and possible collection fees.

- COMMUNICATION: I understand all correspondence from Utah Valley University will be sent to the student’s myUVU email account (including my billing statements) and therefore I am responsible for reading the e-mails I receive from UVU on a timely basis. I agree to keep my contact information current with UVU and further agree to allow Utah Valley University and its agents to contact me at any address, telephone, or cell phone number that I provide now or in the future.

- FINANCIAL AID DISBURSEMENTS: I understand that if I am expecting Financial Aid, I am responsible to follow up and ensure I have met all requirements to receive it, and acknowledge that I may be charged a late fee if my Financial Aid has not disbursed by the Late Fee Deadline. I further acknowledge that aid is contingent upon my enrollment and attendance in each class.

Tuition Refund Policy

The tuition refund policy is established by the Utah State Board of Regents and amended by each college or university to fit their programs. Utah Valley University refunds to students who withdraw from school or drop classes as follows:

Semester:

- Through the 100% refund date published on the Student Timetable....100%
- After the 100% refund date published on the student Timetable....0%

Exact dates for semester, block, and weekend classes can be found at uvu.edu/schedule.

Students must drop classes or completely withdraw by the published 100% Refund Deadline in order to have the charges removed from their account. Students who withdraw after that date will not receive a refund; if they have not paid, they will continue to owe the University for these charges and will be subject to collections procedures if left unpaid.

Changes in enrollment may affect Financial Aid eligibility and amounts received. Financial Aid awards may be revoked when dropping courses, thus increasing the amount owed.

A Petition to the Refund Policy Form can be obtained online through myUVU or from the Office of the Registrar.
State-Mandated Refund Policies

Students who are living in the following states while actively participating in UVU courses will receive refunds as designated by the state departments of education.

**New Mexico**

5.100.3.11 PAYMENT AND REFUNDS FOR TUITION:

A. Cooling off period: Any student signing an enrollment agreement or making an initial deposit or payment toward tuition and fees of the institution shall be entitled to a cooling off period of at least three work days from the date of agreement or payment or from the date that the student first visits the institution, whichever is longer. During the cooling off period the agreement can be withdrawn and all payments shall be refunded. Evidence of personal appearance at the institution or deposit of a written statement of withdrawal for delivery by mail or other means shall be deemed as meeting the terms of the cooling off period.

B. Refunds prior to commencing instruction: Following the cooling off period but prior to the beginning of instruction, a student may withdraw from enrollment, effective upon personal appearance at the institution or deposit of a written statement of withdrawal for delivery (as defined above), and the institution shall be entitled to retain no more than $200 in tuition or fees as registration charges.

C. In the case of students enrolling for non-traditional instruction, a student may withdraw from enrollment following the cooling off period, prior to submission by the student of any lesson materials and effective upon deposit of a written statement of withdrawal for delivery (as defined above) and the institution shall be entitled to retain no more than $200 in tuition or fees as registration charges or an alternative amount that the institution can demonstrate to have been expended in preparation for that particular student's enrollment.

D. Refunds following commencement of instruction: An institution registered with the department shall adhere to either the following tuition refund policy or to a policy established by the institution's state of residence or accrediting body.

E. A student may withdraw after beginning instruction or submitting lesson materials, effective upon appearance at the institution or deposit of a written statement of withdrawal for delivery (as defined above), and the institution shall be entitled to retain no more than $200 in tuition or fees as registration charges or an alternative amount that the institution can demonstrate to have been expended in undertaking that particular student's instruction plus a pro rata amount of any additional tuition and fees earned and paid according to the following schedule:

<table>
<thead>
<tr>
<th>Date of withdrawal as a percent of the enrollment period for which the student was obligated</th>
<th>Portion of tuition and fees obligated and paid that are eligible to be retained by the institution</th>
</tr>
</thead>
<tbody>
<tr>
<td>within 1st 10 percent</td>
<td>10 percent</td>
</tr>
<tr>
<td>within 2nd 10 percent</td>
<td>25 percent</td>
</tr>
<tr>
<td>within 3rd 10 percent</td>
<td>40 percent</td>
</tr>
<tr>
<td>within 4th 10 percent</td>
<td>55 percent</td>
</tr>
<tr>
<td>within 5th 10 percent</td>
<td>70 percent</td>
</tr>
<tr>
<td>within 6th 10 percent</td>
<td>85 percent</td>
</tr>
<tr>
<td>thereafter</td>
<td>100 percent</td>
</tr>
</tbody>
</table>

F. "Enrollment period for which the student was obligated" means a quarter, semester, or other term of instruction followed by the institution which the student has begun and for which the student has agreed to pay tuition.

G. Tuition/fee refunds must be made within 30 calendar days of the institution receiving written notice of a student's withdrawal or of the institution terminating enrollment of the student, whichever is earlier. Upon request by a student or the department, the institution shall provide an accounting for such amounts retained under this standard within five work days.

H. The institution's payment and refund policies shall be clearly articulated in the institution's catalog and as part of all enrollment agreements.

Special Lab & Course Fees

Some classes require fees in addition to standard tuition and fees. The online class schedule indicates such lab, course, and materials fees.

Late Payment Fee (Late Fee)

Late Payment Fees are assessed each Wednesday night throughout the semester with a begin date according to the Student Timetable. Late fees are assessed on ALL unpaid account balances at 20%, not to exceed $200.00 per semester, including accounts awaiting Financial Aid.

Late Registration Fee (Late ADD Fee)

Special approvals are required to register late for a class. The length of time for each late registration period is relative to each part of term and is governed by the Student Timetable. Students who add classes during the late registration period must finalize the process by paying for appropriate late registration fees in addition to their tuition/fees according to the published dates on the Semester Student Timetable.
Payment Options

At the Cashier Windows
- Cash
- Check
- PIN-based debit

Online through Tuition Payment Plus

Electronic Checks
Electronic Check payments are free of charge and can be made online only with the bank routing number and account number. Payments can be made from a personal checking or savings account. Corporate checks, credit card checks, home equity, traveler’s cheques, etc. are not accepted. Electronic check payments are processed through Tuition Payment PLUS, accessed through myUVU. Any check returned by the payor’s bank for any reason, will be considered a “dishonored” check and all penalties for a “dishonored” check will be applicable.

Credit Cards
Payments with credit cards are accepted online only and will be charged a non-refundable service fee of 2.85% (minimum $3.00). Most major credit cards are accepted including VISA, MasterCard, American Express, and Discover.

Tuition Payment Plan
The tuition payment plan allows students to pay installments on their tuition and fees over the course of the semester with a minimal fee to enroll. If students enroll before the published Payment Deadline dates, their classes will not be dropped for nonpayment. In addition, enrollment in the payment plan before the Late Fee Deadline will prevent the 20% late fee from being assessed. More information about the payment plan can be found at https://www.uvu.edu/collections/tuition.html.

Check Cashing Procedures
The University does not accept two-party checks. Checks written to UVU must have the student’s UV ID number, and the payor’s address and phone number on the face of the check.

Checks made for an amount larger than the total tuition and fees due will not be accepted.

Dishonored Checks
A dishonored check is any check returned by the payor’s bank for any reason, including, but not limited to, insufficient funds, no account, bad account, stop payment, unauthorized account, refer to maker. Checks written that later have a “stop payment” placed upon them will be considered as “dishonored”.

A service charge will be assessed on each dishonored check unless the payor can document in writing from the bank that it was a bank error.

Third Party/Sponsored Payments
Students are responsible for ensuring that appropriate documentation for a third-party or sponsored payment is submitted to the Accounts Receivable Office prior to the start of classes each semester. If paperwork cannot be submitted to the Accounts Receivable Office by the published Payment Deadline, students should consider enrolling in the Tuition Payment Plan to avoid having their classes purged (dropped) for nonpayment.

Students who are sponsored by a third-party must comply with the terms of the sponsor agreement and verify that all tuition and fees charges are paid by the sponsor. Any balance not paid by the sponsor remains the student responsibility and is subject to all payment deadlines and late fees.

If a student adjusts their registration schedule after their authorization has been received by UVU, it is the student’s responsibility to verify that any course or tuition and fee changes will be paid by the sponsor and that these changes are reported to the Accounts Receivable office for proper processing.

If the sponsor does not provide funding by the end of the semester, the student will be responsible for payment of tuition and fees.

Undergraduate Tuition and Fees
Tuition and student fees are established by the Utah State Board of Regents. Tuition and such other changes as appear in the catalog and other College publications are subject to change without notice. All tuition and fees are payable at the time of registration. Checks for more than the total tuition and fees due will not be accepted.

### Graduate Tuition and Fees

Tuition and student fees are established by the Utah State Board of Regents. Tuition and such other changes as appear in the catalog and other College publications are subject to change without notice. All tuition and fees are payable at the time of registration. Checks for more than the total tuition and fees due will not be accepted.

### Master of Education, Master of Nursing, Master of Science - Mathematics Education, Graduate Certificates

Course Descriptions

Accounting...

Degrees & Programs

Accounting, A.S.

Requirements

The Associate in Science degree provides a broad business foundation and prepares students for upper-division studies in accounting. Students receive a broad range of theoretical and applied knowledge in the areas of accounting, economics, business law, and quantitative applications.

Total Program Credits: 60

<table>
<thead>
<tr>

Accounting, Certificate of Completion

Requirements

A certificate of completion introduces students to the knowledge and skills need to perform in a basic business environment. It includes a knowledge of basic business math, accounting, and accounting software. Skills include communication and presentation skills. This is primarily an applied certificate with a brief conceptual background in business.

Accounting, B.S.

Requirements

This degree offers a balanced theoretical and applied approach to study a broad range of business and accounting disciplines. This includes business topics of marketing, finance, law, operations, and strategy. Following a study of the primary accounting disciplines of financial, managerial, audit, information systems, and tax, students can engage in a more specialized study of internal audit, management accounting, tax, or public accounting/graduate school. Students also develop important business skills in communication, critical thinking, team building, and computer applications.

Total Program Credits: 120

Graduation Requirements:

1. Overall grade point average of 2.5 GPA in all Woodbury School of Business courses and no grade lower than a C- in business courses.
2. Completion of GE and specified departmental requirements.

NOTES: Students are responsible for completing all prerequisite courses.

Footnote

1 Only take ACC 3010 if you intend to take ACC 3020 as one of your electives.

2 Course may require completion of prerequisite courses not included in the minor.

- ACC 4400 - Taxation of Business Entities (3)
- ACC 470R - Current Topics in Accounting (3)
- ACC 481R - Internship (3) (Subject to approval by department chair) (Repeat for up to 3 credits)
- ACC 5140 - Fraud Examination (3)

### Elective Requirements:

Complete 14 credits of any courses 1000-level or higher 14 Credits

#### Graduation Requirements:

1. Completion of a minimum of 120 semester credits; a minimum of 40 credits must be upper division.
2. Overall grade point average 2.0 or above with a minimum of 2.5 GPA in all Woodbury School of Business courses. No grade lower than a "C-" in core and specialization courses.
3. Residency hours: Minimum of 30 credit hours of business courses through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Successful completion of at least one Global/Intercultural course.

---

**Footnote**

1. Course cannot be taken until student is matriculated
2. Must be completed with a grade of B- or higher.
Accounting Graduate Programs

Master of Accountancy Graduate Program

The Master of Accountancy Graduate Program is in the Woodbury School of Business. To find the most up-to-date information, including Program Learning Outcomes for the Master of Accountancy Graduate Program, visit their website.

Master of Accountancy Graduate Program

Course Descriptions

Accounting .......................................................... 465
Business Management .......................................... 710

Degrees & Programs

Master of Accountancy, M.Acc

Requirements

The Master of Accountancy (M.Acc) degree prepares students for professional positions in accounting with potential for advancement throughout their career. It qualifies students for entry-level positions in public accounting, industry, government, and not-for-profit organizations. The MAcc qualifies students to sit for the Uniform CPA Examinations in the State of Utah, a necessary step in becoming a Certified Public Accountant (CPA). It also provides a base to pursue related certifications as Certified Internal Auditor (CIA), Certified Management Accountant (CMA), and Certified Fraud Examiner (CFE). Ultimately, a MAcc can lead to a wide variety of significant leadership positions in accounting and business including CFO and CEO.

Total Program Credits: 30

Matriculation Requirements:

1. Application for admission to graduate program with application fee by the established deadline.
2. Submit official transcripts from all universities attended.
3. A bachelor’s degree from a regionally accredited college/ university, a nationally accredited program, or the international equivalent.
4. A 3.0 cumulative undergraduate GPA or a 3.0 GPA calculated on the last 60 semester hours (90 quarter hours) of undergraduate work.
5. For international students whose native language is not English, submit official TOEFL or IELTS band scores. A TOEFL score of 80 iBT (550 pBT) or higher, or an IELTS band score of 6.5 or higher within the past two years is required.
6. International students must also meet all US government requirements for international students.
7. The university uses a selective admissions process for admitting students to graduate programs. Meeting minimum admissions criteria does not guarantee admission to the graduate program or to the University as a graduate student.
8. Required prerequisite classes to the MAcc program must be taken from a regionally accredited U.S. institution or an AACSB International accredited business program. A minimum average GPA of 3.0 in the prerequisite classes is required. No individual grade for a prerequisite class may be a C or lower. Required prerequisite classes include Acc 3300 and 3510 or their equivalents. Required prerequisite classes also include Acc 3010, 3020, 4110, and 3400 or their equivalents which must cover U.S. financial accounting, auditing, and tax standards and regulations.

Graduation Requirements:

1. A minimum of 30 credit hours shall be completed.
2. Graduate coursework shall be completed within a six-year period.
3. Credit for courses in which a student earns a grade of C- or lower shall not be applied toward any master’s degree or graduate certificate program.
4. A cumulative grade point average of 3.0 or higher shall be maintained in graduate program courses.
5. Graduate credits accepted from another regionally accredited institution or equivalent shall have been completed within four years of the graduate student’s matriculation into the graduate program and cannot be older than six years at the time of graduation with a master’s degree or graduate certificate from the University.

Degrees & Programs

Military Science, Minor

Requirements

The ROTC program at UVU trains and prepares cadets to commission and become officers in the United States Army. Classes taught in the program include Army history and structure, small unit tactics and movement techniques, leadership and management techniques and strategies, and physical fitness. The program is designed to be complementary to a school environment, with the emphasis placed on school completion and graduation. Upon completion of their college degree, cadets will also commission as second lieutenants in the United States Army, becoming junior leaders in their respective organizations.

Dental Hygiene .......................................................... 562
Respiratory Therapy ...................................................... 772

Degrees & Programs

Dental Hygiene, A.A.S.

Requirements

Dental hygienists examine patients for signs of oral diseases, such as gingivitis, and provide preventive care, including oral hygiene. Working in a private dental office continues to be the primary place of employment for dental hygienists. For today’s dental hygiene professional, there are many other career pathways to explore as well. Employment of dental hygienists is projected to grow 6 percent from 2019 to 2029, faster than the average for all occupations. The demand for dental services will increase as the population ages and as research continues to link oral health to overall health.

Total Program Credits: 84

Matriculation Requirements:

1. ENGL 1010 Introduction to Academic Writing or ENGH 1005 Literacies and Composition Across Contexts, CHEM 1110 Elementary Chemistry for the Health Sciences, BIOL 1610 College Biology, ZOOL 2320 Human Anatomy /ZOOL 2325 Human Anatomy Lab and ZOOL 2420 Human Physiology /ZOOL 2425 Human Physiology Lab with a minimum of a "C" grade or higher

2. Complete the HSRT - Health Science Reasoning Test.

3. Complete 20 hours of clinical/dental office observation.

4. Submit two letters of reference by either a current supervisor/employer or academic instructor.

5. Submit a 2 page essay on topic provided by department.

6. Submit the Dental Hygiene Application Fee by February 1.

7. Complete interview process and be formally accepted into program.

Healthcare Services, A.A.S.

Requirements

The Associate in Applied Science in Healthcare Services is designed for individuals working in a health-related area who have obtained, or are working toward a technical certification, license, etc. Many of these students will be looking for a pathway to allow them better upward mobility in their professions or education to help them become a certified health professional. Students initially finish a program at Mountainland Technical College to develop a portfolio that presents licenses and work-related certifications as well as provides a rationale for receiving technical, experiential credit. Students matriculating into UVU’s AAS program will add to their portfolio core courses that provide fundamental knowledge of health professions, human anatomy and physiology, as well as elective courses; students enhance their technical knowledge and skills in one or more health-related areas (e.g. surgical physiology, obstetrics, psychology, anatomy).

UVU's AAS program will add to their portfolio core courses that provide fundamental knowledge of health professions, human anatomy and physiology, as well as elective courses; students enhance their technical knowledge and skills in one or more health-related areas (e.g. surgical physiology, obstetrics, psychology, anatomy).

5. Completion of an approved and articulated MTECH certificate

Respiratory Therapy, A.A.S.

Requirements

An Associate of Applied Science in Respiratory Therapy consists of comprehensive classroom and clinical curricula that prepares students for matriculation into the BS Respiratory Therapy program and credentialing exam offered by the National Board of Respiratory Care (NBRC). The NBRC is the credentialing arm of the American Association of Respiratory Care. Successful completion of the curriculum and the credentialing exam certifies students as a Registered Respiratory Therapist (RRT) and enables them to apply for licensure in their state of residence. Employment opportunities with health care providers range from home health and hospice to neonatal, pediatric, and adult intensive care units in UVU’s service area and across the country.

Total Program Credits: 72

Matriculation Requirements:

1. Complete the following coursework:
   • College English
### Allied Health

- Quantitative Literacy
- Personal Health and Wellness
- Microbiology with lab (4 credits)
- College Biology with lab (5 credits)
- Chemistry (4 credits)
- Human Anatomy with lab (4 credits)
- Human Physiology with lab (4 credits)
- Physics
- Survey of Respiratory Therapy
- Note: Must pass all general education and pre-requisite courses with a minimum of a "C" grade or higher

2. Complete the Test of Academic Skills (TEAS)

3. Submit Application Fee and Application by the third Friday in September

4. Personal Interview: All candidates will be screened and those deemed to meet or exceed basic application requirements will be invited for an interview. This interview does not guarantee acceptance into the program as students will compete with all other applicants for matriculation into a cohort. Applicants must bring a photo ID to the interview.

5. Other Determining Factors
   - Prior healthcare experience (preferred, but not required)
   - Shadowing opportunity (recommended)
   - Discipline for academic performance
   - Successful completion of a background check
   - Drug Screen

### Graduation Requirements:

1. Completion of a minimum of 72 semester credits
2. Must earn a C or higher in ALL Respiratory Therapy discipline courses, general education courses, and pre-requisite courses.
3. Residency hours: minimum of 20 credit hours through course attendance at UVU.
4. Completion of specified departmental requirements.

### Dental Hygiene, B.S.

**Requirements**

This is a Bachelor Completion program, meaning you must first have a two year degree in dental hygiene to apply and be accepted. Please refer to our website at www.uvu.edu/dental and/or call us at 801-863-7536 or 7592 for specific information about the application process. The BS degree builds on the AAS degree in dental hygiene. The BS degree consists of 120 credits and builds on the credits already earned in the AAS program. This degree can be for those who want to: increase their knowledge in their field, move onto an advanced degree, become a hygiene faculty and teach, work for private companies, research work for the government, become a mid-level provider or...
want to improve their critical thinking and problem solving skills. This degree is aimed at the working professional, as the Dental Hygiene courses are offered on-line. There is not a clinical component. There are also no special fees involved. The first four (4) semesters and AAS pre-requisites are listed. You must have completed your AAS degree before you can matriculate into the BS program. Because applicants will present with a variety of previous courses already taken, the following plan is only meant to be a guide. It is based on a student completing the UVU AAS Dental Hygiene Degree. Once you have applied, and are in the BS program, you must speak with the Department of Dental Hygiene advisor to help you customize a plan that works for you.

**Total Program Credits: 121**

Other advisor approved upper division elective

### Graduation Requirements:

1. Completion of a minimum of 121 semester credits
2. All courses must have a grade of "C" or higher.
3. Residency hours: minimum of 30 credit hours through course attendance at UVU, with 10 hours earned during the last 45 hours
4. Completion of GE and specified departmental requirements
5. A minimum of 40 upper division credit hours
6. Successful completion of at least one Global/Intercultural course.

### Respiratory Therapy, B.S.

**Requirements**

The BSRT includes five semesters of course study after completion of the first two years of undergraduate curriculum. The program is designed to provide students with educational and clinical competence by emphasizing advanced clinical knowledge, critical thinking, and versatility. Students are engaged in the theoretical, practical, and clinical aspects of adult, pediatric, and neonatal respiratory care. They gain a well-rounded and in-depth knowledge base of respiratory clinical science and its application in health care.

**Total Program Credits: 124**

### Matriculation Requirements:

Unless students already have an RRT Certification and associate’s degree, the following matriculation requirements may apply.

1. Complete the following coursework:
   - College English (6 credits)
   - Quantitative Literacy
   - Personal Health and Wellness
   - Microbiology with lab (4 credits)
   - College Biology with lab (5 credits)
   - Chemistry (4 credits)
   - Human Anatomy with lab (4 credits)
   - Human Physiology with lab (4 credits)
   - Physics

   - Survey of Respiratory Therapy
     - Note: Must pass all general education and pre-requisite courses with a minimum of a "C" grade or higher

2. Complete the Test of Academic Skills (TEAS)

3. Submit the Respiratory Therapy Application Fee and Application by the third Friday in September

4. Personal Interview: All candidates will be screened and those deemed to meet or exceed basic application requirements will be invited for an interview. This interview does not guarantee acceptance into the program as students will compete with all other applicants for matriculation into a cohort. Applicants must bring a photo ID to the interview.

5. Other Determining Factors
   - Prior healthcare experience (preferred, but not required)
   - Shadowing opportunity (recommended)
   - Discipline for academic performance
   - Successful completion of background check
   - Drug Screen

Degrees & Programs

Engineering Design Technology, A.A.S.

Requirements

The Associate in Applied Science Degree is a "job ready" degree and applies the technical and functional elements of several Drafting and Design fields. Students will take courses in the fundamentals of drafting and design, industry standard two-dimensional and three-dimensional software, Architectural Design, Civil Design and Surveying, Electrical Design, Mechanical Design, and Structural Steel Detailing and Design. Students will take other supporting classes and advanced courses in a minimum of two specialty areas of their choosing.

Graduation Requirements:

1. Completion of a minimum of 65 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours-- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements, including a portfolio and exit interview.

Engineering Design Technology, A.S.

Requirements

The Associate in Science Degree is a transferable degree and applies the technical and functional elements of several Drafting and Design fields without taking the advanced course work required in the Associate in Applied Science Degree. Students will take fundamental courses in drafting and design, industry standard two-dimensional and three-dimensional software, Architectural Design, Civil Design and Surveying, Electrical Design, Mechanical Design, and Structural Steel Detailing and Design.

Architecture and Engineering Design

Structural Drafting and Design Track. (Students select this track if interested in a career in structural drafting and design.)

- **EGDT 1020** 3D Architectural Modeling (3)
- **EGDT 1040** Fundamentals of Technical Engineering Drawing (3)
- **EGDT 1100** Architectural Drafting and Design (3)
- **EGDT 1300** Structural Drafting (3)
- **EGDT 1600** Technical Math Algebra (3)
- **MATH 1060** Trigonometry (3)
- **EGDT 2300** Advanced Structural CAD (3) (MATH 1050, MATH 1060 or EGDT 1600 and EGDT 1610 are prerequisites for this course)
- **EGDT 2310** Structural Steel Modeling (3)
- **EGDT 2600** Applied Structures I - Statics (3) (MATH 1050, or EGDT 1600 and EGDT 1610 are prerequisites for this course)
- **EGDT 2610** Applied Structures II - Strength of Materials (3) (MATH 1050, or EGDT 1600 and EGDT 1610 are prerequisites for this course)

General Drafting and Design Track. (Students select this track if interested in a career in general techniques and principles.) Complete the following:

- **EGDT 1020** 3D Architectural Modeling (3)
- **EGDT 1040** Fundamentals of Technical Engineering Drawing (3)
- **EGDT 1070** 3 Dimensional Modeling--Inventor (3)
- **EGDT 1071** 3 Dimensional Modeling--Solidworks (3)
- **EGDT 1300** Structural Drafting (3)
- **EGDT 1400** Surveying Applications and Field Techniques I (3)

Choose 11 Credits of Electives from the following: (Some courses may have additional prereqs.)

- **ARC 1010** Classical Architecture Workshop (3)
- **ARC 2110** Architecture Studio I (4)
- **ARC 2210** Architecture Studio II (4)
- **EGDT 1010** Electrical Electronic Drafting (3)
- **EGDT 1050** 3 Dimensional Modeling--Civil 3D (3.0)
- **EGDT 1060** MicroStation Infrastructure Design (3)
- **EGDT 1100** Architectural Drafting and Design (3)
- **EGDT 1200** Mechanical Drafting (3)
- **EGDT 1300** Structural Drafting (3)
- **EGDT 1600** Technical Math Algebra (3)
- **EGDT 1610** Technical Math Geometry Trig (3)
- **EGDT 1720** Architectural Rendering (3)
- **EGDT 2020** Descriptive Geometry (3)
- **EGDT 2040** Piping Drafting (2)
- **EGDT 2100** Architecture Materials and Methods (3)
- **EGDT 2200** Advanced Mechanical (3)
- **EGDT 2300** Advanced Structural--CAD (3)
- **EGDT 2310** Structural Steel Modeling (3)
- **EGDT 2400** Surveying Applications and Field Techniques II (3)
- **EGDT 2500** 3 Dimensional Modeling--Field Techniques II (3)
- **EGDT 2610** Applied Structures II - Strength of Materials (3)
- **EGDT 281R** Internship (1)
- **EGDT 285R** AEC Design Lecture Series (0.5)
- **EGDT 2860** Cooperative Correlated Instruction SkillsUSA (0.5)

Graduation Requirements:
1. Completion of a minimum of 61 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours-- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Surveying Technology, A.A.S.

Requirements

The AAS in Surveying Technology meets the educational component for licensure as a Professional Land Surveyor (PLS) in the State of Utah according to the State of Utah Office of Administrative Rules 156-22-302(c)(1). This degree prepares students for immediate employment beyond entry level work in surveying or civil engineering firms. Students will be prepared to perform many of the various field and office tasks related to surveying including site and topographic surveys, boundary investigation and research, map-making, various survey adjustment calculations, writing of legal property descriptions, and other survey technician duties and responsibilities.

Total Program Credits: 63

Matriculation Requirements:
Before being formally admitted into the AAS Surveying Technology degree program, full and part-time students must matriculate into the AAS Surveying and Mapping Cohort by completing a Matriculation Application on or before the July 15th deadline prior to the Fall cohort to which the student desires to gain entry. No courses may be taken until the student has been approved by the Surveying and Mapping Program Coordinator.
Complete My Educator with an exam score of 80% or higher OR complete IM 2010 Business Computer Proficiency (3.0 credit hours) with B- or higher. All Surveying and Mapping students who have been matriculated into the Associate of Applied Science degree program must have access to their own laptop computer which can be made available during classes and which meets the minimum hardware specifications as defined by current AutoCAD® hardware specifications prior to starting classes in the semester for which they have matriculated.

General Education Requirements: 12 Credits

Any lower division elective courses with the following prefixes: SURV, GIS, GEOG, EGDT, CIVE, CMGT, or MATH for a total of 12 credit hours 15

Graduation Requirements:

1. Completion of a minimum of 63 semester credits required for an AAS degree
2. Minimum overall grade point average 2.0 or above.
3. Residency hours: Minimum of 20 credit hours of Surveying and Mapping courses through course attendance at UVU.

Surveying and Mapping, A.S.

Requirements

Geomatics is the study of geospatial measurement and representation including such disciplines as land surveying, photogrammetry, remote sensing (satellite imaging and laser scanning), geographic information systems (GIS), cartography, global positioning systems (GPS), and some parts of geography and civil engineering.

Geomatics is a discipline which integrates acquisition, modeling, analysis, and management of geo-spatial reference data. Based on the scientific framework of geodesy, it uses terrestrial, marine, airborne, satellite-based sensors, and measurement systems and technologies to acquire spatial and other data.

The Land Surveying component of Geomatics includes investigation, analysis, and application of boundary/property laws and legal principles pertaining to specific public and private properties and is a regulated profession wherein a license to practice land surveying is issued by each state in an effort to protect the public and private interests in property boundaries.

Students in the Geomatics program may earn an Associate in Science in Geomatics which will help them be immediately employable as entry level surveyor GIS technician. Students may also earn a Bachelor of Science in Geomatics which will prepare them to successfully pass the national Fundamentals of Surveying (FS) exam which is a significant step towards surveying licensure.

The bachelor degree program has been developed around four core disciplines which build on an in-depth foundation of knowledge needed for the professional practice of surveying and GIS.

Geomatics program goals are to secure ABET/ASAC accreditation by Fall Semester 2017 and to continue to encourage student interest in obtaining graduate degrees in the field of Geomatics from other nationally ranked institutions.
The program is operating under an annual cohort system starting in the fall semester of each year, so matriculation is required to ensure that each perspective student completes all required course prerequisites prior to entrance into a cohort.

3. Residency hours: minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

* Students will be required to complete the My Educator exam with a score of 80 percent or higher or complete the IM 2010 course with a score of 80 percent or higher.

---

**Architectural Design Technology, Certificate of Proficiency**

**Requirements**

The Certificate of Proficiency in Architectural Design Technology applies the technical and functional elements of residential and commercial architectural design. Students will take courses in the fundamentals of drafting and design, two-dimensional and three-dimensional software/Building Information Modeling (BIM) packages, architectural rendering, residential design and construction, and commercial design and construction.

**Total Program Credits: 17**

3. Overall grade point average of 2.0 (C) or above.
4. Residency hours-- minimum of 5 credit hours through course attendance at UVU.
Civil Design and Surveying Technology, Certificate of Proficiency

Requirements
The Certificate of Proficiency in Civil Design and Surveying Technology will be dedicated to teaching the technical and functional elements of civil design and surveying, and will educate students in the process of taking civil related projects from data obtained from ground observations and measurements made by surveying to conceptual design to completed construction documents and finally to surveying and staking the proposed design on the ground so it can be constructed. Students will be required to take civil and surveying courses currently offered in the Engineering Design Technology (EDT) department including the courses from the Drafting Technology program and the Surveying and Mapping program. From these courses students will learn the basics of surveying, civil drafting and design, and be trained in industry standard two-dimensional and three-dimensional software packages. Students will also take courses in surveying applications, land development, advanced field and office surveying, and civil design. A student with a Certificate of Proficiency in Civil Design and Surveying Technology will be prepared for an entry level job as a civil drafter/designer or survey technician. They can increase their education, training, and employability by completing the Associate of Applied Science in Engineering Design Technology, Certificate of Proficiency in Mapping Technology, Certificate of Proficiency in Surveying Technology, Associate of Applied Science in Surveying Technology (pending), Associate of Science in Surveying and Mapping and/or a Bachelor of Science in Surveying and Mapping.

Surveying Technology, Certificate of Proficiency

Requirements

The Certificate of Proficiency in Surveying Technology is intended to provide part of the educational competency required for licensure as a Professional Land Surveyor (PLS) in the State of Utah. If an individual holds a bachelor of science degree in a related surveying field such as civil engineering or construction management, according to the State of Utah Office of Administrative Rules 156-22-302(c)(3), they may complete an additional 30 semester hours of surveying specific course work to complete the educational component for licensure. This certificate meets this regulatory educational requirement if the related degree includes algebra, calculus, geometry, statistics, or trigonometry. It prepares students for immediate employment beyond entry level work in surveying or civil engineering firms as a crew chief or a position with similar responsibilities. Students will be prepared to perform many of the various field and office tasks related to surveying including site and topographic surveys, boundary investigation and research, map-making, various survey adjustment calculations, writing of legal property descriptions, and other survey technician duties and responsibilities.

Total Program Credits: 28

Discipline Core Requirements 22 Credits
Surveying Technology Foundation
SURV 1020 Introduction to Surveying and Mapping WE 1
EGDT 1040 Fundamentals of Technical Engineering Drawing 3
EGDT 1400 Surveying Applications and Field Techniques I 3
SURV 1220 Remote Sensing and Photogrammetry 3
EGDT 2400 Surveying Applications and Field Techniques II 3
SURV 2310 Surveying US Public Lands 3
SURV 2320 Property Descriptions and Public Land Records 3
SURV 3340 Boundary Law 3
Elective Requirements 6 Credits
Approved Surveying and Mapping elective courses can be taken with the following prefixes: SURV, GIS, GEOG, EGDT, ENGR, CIVE, CMGT, MATH, or LEGL. Total of 6 credit hours

Graduation Requirements:

1. Completion of a minimum of 28 semester credits required for a Certificate of Completion in Surveying Technology
2. Overall grade point average 2.5 or above with a minimum of 3.0 GPA in all Surveying Technology courses. No grade lower than a “B” in all Surveying Technology Foundation courses.
3. Residency hours: Minimum of 8 credit hours of Surveying and Mapping courses through course attendance at UVU.

Architecture, B.Arch

Requirements

The Bachelor of Architecture (B.Arch) is a five-year professional degree that prepares students for leadership in the profession of architecture and urban design. The program promotes a built environment that bolsters genuine communities through architecture that is durable, useful, beautiful, and human-scaled. Designed to meet the National Architectural Accreditation Board (NAAB) requirements, the degree is rooted in classical and traditional architecture with a holistic foundation in the craft of building, building technology, practice-based coursework, plan and document generation, building codes, specifications, digital parametric modeling, building information modeling, architectural visualization, digital fabrication, building envelope systems, structural systems, and sustainability.

The program is structured as a two-plus-three stackable credential, awarding an Associate of Science in Engineering Design Technology (Architectural Design & Drafting Track) after the first two years and a comprehensive professional B.Arch degree for the final three years. This allows students who do not wish to pursue licensure a two-year path into the profession. In their final three years, students engage in coursework which readies them to become licensed, practicing architects, project managers, principals, owners, and community leaders in the profession. Students learn to design buildings in a historical and cultural context through coursework in history, theory, culture, and community service. Concurrently, students engage in arts and science courses to expand critical thinking and understand current design and building technologies, making them ideal employees in architecture offices and related design & construction industries including civil, mechanical, and electrical engineering. Students acquire leadership skills through courses in professional practice, ethics, and architectural registration exam preparation.

A total of at least 153 hours of coursework is required for the Bachelor of Architecture (B.Arch).

Total Program Credits: 153

All Architecture students must complete a Matriculation Application and Portfolio by the appointed deadline during the Spring semester prior to the Fall Bachelor Degree cohort to which the student desires to gain entry. Subsequently an official acceptance letter must be obtained from the Architecture Program Coordinator prior to taking any further Architecture courses. Part-time students may be admitted into the Architecture cohort and may be allowed to proceed through the program at their own pace. All transfer credits must be approved in writing by UVU and the B-ARCH Program Coordinator.

Graduation Requirements:

1. Completion of a minimum of 153 semester credits required for the B.Arch degree; at least 40 credit hours must be upper-division courses.
2. Overall grade point average of 2.5 or above, with a minimum grade of C- in all Architecture courses and elective requirements.
3. Residency hours: Minimum of 45 credit hours of Architecture courses through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Successful completion of at least one Global/Intercultural course.

Surveying and Mapping, B.S.

Requirements

Surveying and Mapping is the study of geospatial measurement and representation including such disciplines as land surveying, photogrammetry, remote sensing (satellite imaging and laser scanning), geographic information systems (GIS), cartography, global positioning systems (GPS), and some parts of geography and civil engineering. Surveying and Mapping is a discipline which integrates acquisition, modeling, analysis, and management of geo-spatial reference data. Based on the scientific framework of geodesy, it uses terrestrial, marine, airborne, satellite-based sensors, and measurement systems and technologies to acquire spatial and other data.

The Land Surveying component of Surveying and Mapping includes investigation, analysis, and application of boundary/property laws and legal principles pertaining to public and private properties and is a regulated profession wherein a license to practice land surveying is issued by each state in an effort to protect the public and private interests in property boundaries. Students in the Surveying and Mapping program may earn an Associate in Science in Surveying and Mapping which will help them be immediately employable as an entry level surveyor GIS technician.

Students may also earn a Bachelor of Science in Surveying and Mapping which will prepare them to successfully pass the national Fundamentals of Surveying (FS) exam which is a significant step towards surveying licensure. The bachelor degree program has been developed around four core disciplines which build on an in-depth foundation of knowledge needed for the professional practice of surveying and GIS. Surveying and Mapping program goals are to secure ABET/ASAC accreditation by Fall Semester 2017 and to continue to encourage student interest in obtaining graduate degrees in the field of Surveying and Mapping from other nationally ranked institutions. The program operates under an annual cohort model starting in the fall semester of each year, and matriculation is required to ensure that each perspective student completes all required course prerequisites prior to entry into a cohort.

Total Program Credits: 121

Matriculation Requirements:

1. Before being formally admitted into the BS Surveying and Mapping, students must matriculate into the Surveying and Mapping Cohort (the final 2 years of the program) by either completing an AS in Surveying and Mapping with a minimum grade of C or better, (except for MATH 1060 and/or its equivalents which must be a B or better) OR by completing AS in Engineering Design Technology-Civil Drafting and Design Track OR by completing matriculation requirements 2 and 3.

2. Complete My Educator with an exam score of 80% or higher OR complete IM 2010 Business Computer Proficiency (3.0 credit hours) with B- or higher.

3. Complete the following courses with a B grade or better:
   - SURV 1020 Introduction to Surveying and Mapping WE (1)
   - EGDT 1040 Fundamentals of Technical Engineering Drawing (3)
   - EGDT 1400 Surveying Applications and Field Techniques I (3)
   - MATH 1060 Trigonometry (3)
   - or EGDT 1800 Technical Math-Geometry/Trig (3)
   - MKTG 220G Written Business Communication GI WE (3)

4. All Surveying and Mapping students must complete a Matriculation Application by the appointed deadline during the Spring semester prior to the Fall bachelor degree cohort to which the student desires to gain entry. Subsequently official approval must be obtained from the Program Coordinator prior to taking any further Surveying and Mapping courses. Part-time students may be admitted into the Surveying and Mapping cohort and may be allowed to proceed through the program at their own pace.

All Surveying and Mapping, Bachelor of Science degree program students must have access to their own laptop computer which can be made available during classes and which meets the minimum hardware specifications as defined by current AutoCAD hardware specifications prior to starting classes in the semester for which they are matriculating.

### Elective Requirements:

- Approved Surveying and Mapping elective courses can be taken with the following prefixes: SURV, GIS, EGDT, ARC, ENGR, CSVE, PHYS, GEOG, CMGT, CS, ENST, MATH, or LEGL.

### Graduation Requirements:

1. Completion of a minimum of 121 semester credits required for a BS degree; at least 40 credit hours must be upper-division courses.
2. Overall grade point average 2.5 or above with a minimum of 3.0 GPA in all Surveying and Mapping courses including Surveying and Mapping Core and Professional Focus Areas.
3. Residency hours: Minimum of 30 credit hours of Surveying and Mapping courses through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Successful completion of at least one Global/Intercultural course.
6. Taken the Fundamentals of Surveying (FS) exam offered by the National Council of Examiners for Engineering and Surveying (NCEES) if they have the Professional Surveying Focus.

Degrees & Programs

Art and Design - Design/Illustration Emphasis, A.A.S.

Requirements
The Applied Associate in Science is a two-year work-ready degree that helps prepare students for entry level jobs within the Illustration industry. This degree and credits earned can be used to further their studies in a Bachelor of Fine Arts or other programs.

Total Program Credits: 63

Matriculation Requirements:
Portfolio review required for students seeking the AAS - Art and Design - Graphic Design Emphasis.(The Portfolio Review occurs after the first year of coursework. Students who do not pass the review may apply the first year of coursework to the AA or AS in Art & Design.)

General Education Requirements: 16 Credits

<table>
<thead>

</tr>
</tbody>
</table>

Graduation Requirements:
1. Completion of a minimum of 63 semester credits.
2. Overall grade point average of 2.0 (C) or above with no grade lower than a C- in all Art and Design courses.
3. Residency hours--minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. Portfolio Submission.

<td></td>
</tr>
</tbody>
</table>

**Graduation Requirements:**
1. Completion of a minimum of 63 semester credits.
2. Overall grade point average of 2.0 (C) or above with no grade lower than a C- in all Art and Design courses.
3. Residency hours--minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. Portfolio Submission.

**Art and Design, A.A.**

**Requirements**

Students who elect to earn a bachelor of arts or associate of arts degree are required to complete a foreign language requirement, while those who earn a bachelor of science or associate of science degree have the option to take more electives. All of these degrees allow students to explore a few areas within the department and gain a more well-rounded education in the visual arts.

**Total Program Credits: 61**

- ART 1420 Graphic Design I (3)
- ART 1750 Intro to Digital Imaging (3)
- ART 2630 Painting I (3)

**Elective Requirements:** 9 Credits

- Complete a minimum of 8 credits from any ART/ARTH Course not already required. Courses relative to the type of Bachelors Degree you plan to pursue are recommended. (See department advisor for appropriate courses.)

**Graduation Requirements:**

1. Completion of a minimum of 61 semester credits.
2. Overall grade point average of 2.0 (C) or above with no grade lower than a C- in all Art and Design courses.
3. Residency hours—minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. Portfolio Submission.

**Entertainment Design, A.A.S.**

**Requirements**

A successful career in Entertainment Design requires a limitless imagination, the ability to invent and conceptualize new realities, and an understanding of the traditional and technological toolset used to do so. This interdisciplinary degree encompasses concept, character, story, place, and timeliness to the entertainment industry. Students can expect to learn the skills and creative abilities required of concept artists in the disciplines of character and story development such as character design, storyboarding, motion sequencing, and art direction.

**Total Program Credits: 30**

**Art and Design, Certificate of Completion**

**Requirements**

The certificate provides basic instruction in both two-dimensional and three-dimensional using traditional and digital tools.

**Total Program Credits: 30**
Art and Design

Discipline Core Requirements: 18 Credits

Elective Requirements: 12 Credits

- Any ART course not already taken (See Department Advisor).

Graduation Requirements:

1. Portfolio Submission.
2. Completion of a minimum of 30 credits.
3. Overall GPA of 2.0 or higher.
4. Residency hours -- Minimum of 10 credits required through course attendance at UVU.

Art and Design, Certificate of Proficiency

Requirements

This certificate is available for all UVU students with a particular focus designed to provide high school students an opportunity to obtain a certificate of proficiency in a Career and Technical Education (CTE) field while still enrolled in high school and stack into certificate, associate, and bachelor degrees at UVU. This certificate is meant to help students become college ready; it does not prepare them to be job ready.

Total Program Credits: 16

- ENGL 1010 Introduction to Academic Writing 3
- or ENGH 1005 Literacies and Composition Across Contexts (5)
- MAT 1030 Quantitative Reasoning 3
- or MATH 1050 College Algebra (4)
- BIOL 1010 General Biology 3
- BIOL 1015 General Biology Laboratory 1
- ART 1120 2D Design 3
- ART 1400 Graphic Computer Applications 3

Graduation Requirements:

1. Completion of a minimum of 16 semester credits.
2. Overall grade point average of 2.5 or above.
3. All courses must be completed with grade 'C' or higher.

Art History, Minor

Requirements

Because art history is cross-disciplinary by nature, a minor in art history would compliment almost any degree, whether within or outside of the arts. The minor requires 18 credits of art history courses, including the survey classes Art to and from the Renaissance, as well as four upper division electives, ranging from ancient to contemporary art history. The minor creates a more diverse skill set for students of the visual arts, as well as a more culturally rich educational experience for students outside of the arts.

Total Program Credits: 18

Discipline Core Requirements: 6 Credits

- ARTH 3310 Art Theory and Criticism (3)
- ARTH 3400 Arts Management (3)
- ARTH 400R Art History Seminar WE (3)

or any other advisor approved upper division courses.

Art Education, B.S.

Requirements

The Bachelor of Science in Art Education prepares students to qualify for teaching licensure for 7–12th grade. Curriculum is designed to give students a background in general education, as well as secondary education. Students can also focus on a single studio area within visual arts such as painting/drawing, sculpture/ceramics, illustration or printmaking.

Total Program Credits: 120
Art and Design

Matriculation Requirements:

Students will apply for formal admission to the Secondary Education and the Art and Design Department Art Education program in the semester prior to the beginning of their junior year. Admission criteria include:

1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read/Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in discipline core courses.
3. Completion of all General Education requirements and the majority of discipline core courses.
4. Pass LiveScan Criminal Background Check.

General Education Requirements: 35 Credits

2. Overall GPA of 3.0 (B) or above with no grade lower than a C in discipline core courses and no grade lower than a B- in Licensure and Methods courses.
3. Completion of GE and specified departmental requirements.
4. Portfolio Submission
5. Successful completion of at least one Global/Intercultural course

**Art History, B.A.**

**Requirements**
The Bachelors of Art in Art History degree at UVU offers a strong foundation in the study of art history and the liberal arts, with an emphasis on both intellectual and practical skills. The department offers an array of art history courses on topics ranging from ancient culture to contemporary art, as well as specialized courses on such relevant topics as museum studies and arts management.

**Total Program Credits: 120**

¹ Humanities Distribution includes a selection of courses from English, History, Philosophy, Political Science, and even Social Science. This distribution offers students a broad understanding of human history and thought.
Art and Design

| 2 | Complete any courses from Humanities, History, Philosophy, English, Art, or Art History (at least four courses must be 3000 level). The major adviser will have a list of approved courses. |

Graduation Requirements:

1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above and a grade point average of 3.0 (B) or above in all ARTH courses.
3. Residency hours- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Successful completion of at least one Global/Intercultural course.
6. Portfolio Submission.

Footnote:
1-Fulfilled with Foreign Language 202G/2020

Art and Design - Graphic Design Emphasis, B.F.A.

Requirements

Situated in the heart of the “Silicon Slopes,” UVU’s graphic design program is uniquely situated to offer students cutting-edge learning, internship, and job-placement opportunities. As students use the latest software to practice communicating creatively using typography and imagery, they learn to approach problem solving from marketing and artistic standpoints that resonate with target audiences. Courses emphasize creative, concept-intensive communication, and effective design implementation in both print and interactive design.

Total Program Credits: 120

Matriculation Requirements:

1. AA, AS, or AAS Degree or equivalent in Art and Design or advisor approval (Graphic Design Emphasis B.F.A. candidates must complete the AAS Degree or equivalent in Graphic Design; Illustration Emphasis. B.F.A. candidates must complete the AAS Degree or equivalent in Illustration)
2. Portfolio Review

General Education Requirements: 35 Credits

| ENGL 1010 | Introduction to Academic Writing | 3 |
| ENGH 1005 | Literacies and Composition Across Contexts (5) |
| ENGL 2010 | Intermediate Writing Academic Writing and Research | 3 |

Complete one of the following: (NOTE: A higher level MATH course may substitute for this requirement) 3

| MAT 1030 | Quantitative Reasoning (recommended for Humanities or Arts majors) (3) |
| MAT 1035 | Quantitative Reasoning with Integrated Algebra (6) |

Complete one of the following: 3

| HIST 2700 | US History to 1877 (3) |
| HIST 2710 | US History since 1877 (3) |
| HIST 1700 | American Civilization (3) |
| HIST 1740 | US Economic History (3) |
| POLS 1000 | American Heritage (3) |

Complete the following:

| POLS 1100 | American National Government (3) |

Distribution Courses:

| Biology |
| Physical Science |
| Additional Biology or Physical Science |
| Humanities |
| ARTH 2710 | Prehistoric Through Gothic Art History (3) |
| Social/Behavioral Science |

Discipline Core Requirements: 26 Credits

Courses taken to fulfill individual program emphases will not also count toward the Discipline Core Requirements (credit will not count twice)

| ART 1120 | 2D Design |
| ART 1130 | 3D Design |
| ART 200R | Art and Design Lecture Series (1) (Must be taken 2 times) |
| ART 499R | BFA Project WE (3) (must be taken in two consecutive semesters) |
| ARTH 2720 | Renaissance Through Contemporary Art History |

Complete 9 credits from the following list (please note: ART 1210 is required for Illustration BFA degrees, ART 1110 is required for Painting/Drawing BFA degrees, ART 1400 is required for Graphic Design and Illustration BFA degrees, ART 1750 is required for Photography BFA degrees)

| ART 1110 | Drawing I (3) |
| ART 1210 | Observational Drawing (3) |

| ART 2440 | Motion Graphics I |

BFA Portfolio Review

Upper Division Core

| ART 3420 | Typography II |
| ART 3440 | Motion Graphics II |
Art and Design - Illustration Emphasis, B.F.A.

Requirements
The program is ideal for students wanting to pursue careers in traditional illustration, digital illustration, or animation. In addition to working with faculty who are professionals in their fields, students have access to the best software in the industry. Courses in figure drawing, children's book illustration, anatomy and figure structure, flash animation, 3-D computer rendering, and advanced illustration are just a few of the classes available to students. The courses offer a well-rounded and practical learning experience. Students in the illustration program benefit from interaction with instructors who are nationally known professional illustrators.

Total Program Credits: 120

Matriculation Requirements:
1. AA, AS, or AAS Degree or equivalent in Art and Design or advisor approval (Graphic Design Emphasis B.F.A. candidates must complete the AAS Degree or equivalent in Graphic Design; Illustration Emphasis. B.F.A. candidates must complete the AAS Degree or equivalent in Illustration)
2. Portfolio Review

General Education Requirements: 35 Credits
ENGL 1010 Introduction to Academic Writing 3
or ENGH 1005 Literacies and Composition Across Contexts (5)
ENGL 2010 Intermediate Writing Academic Writing and Research 3

Emphasis Elective Requirements: 9 Credits
Complete any ART/ARTH courses not already used (Five credits must be upper division) 9

Graduation Requirements:
1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above with no grade lower than a C- in all Art and Design courses.
3. Residency hours—minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Portfolio submission required during senior year.
6. Successful completion of at least one Global/Intercultural course.
Art and Design - Painting and Drawing Emphasis, B.F.A.

Requirements

Within the painting/drawing program, students emphasize one of four areas: drawing, watermedia, painting, or printmaking. In their senior year, B.F.A. students receive one-on-one instruction from the professor of their choice. Students explore their personal artistic identity while learning the rigor and attention to detail needed to put together a solo exhibition as their culminating experience.

Graduation Requirements:

1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above with no grade lower than a C- in all Art and Design courses.
3. Residency hours—minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Portfolio submission required during senior year.
6. Successful completion of at least one Global/Intercultural course.

Footnote

¹ ART 1110, 1350, and 2630 taken to fulfill this requirement will not also count toward the BFA Discipline Core (credit will not count twice).
Art and Design - Photography Emphasis, B.F.A.

Requirements

UVU’s photography program teaches the language of photography. Students will take courses to diversify their skill set in the creation and appreciation of different approaches to photography. They will work with film, historic photographic processes, and cutting edge digital technology. Students learn about and work in commercial and fine art environments. They will be taught working methods in the darkroom, studio lighting techniques, motion, and digital manipulation. The photo program emphasizes a hands-on and engaged approach. We actively look for opportunities to get our students on location and into real world scenarios through internships, study abroad programs, service oriented programs, and classes taught off campus.

Total Program Credits: 120

Matriculation Requirements:

1. AA, AS, or AAS Degree or equivalent in Art and Design or advisor approval (Graphic Design Emphasis B.F.A. candidates must complete the AAS Degree or equivalent in Graphic Design; Illustration Emphasis. B.F.A. candidates must complete the AAS Degree or equivalent in Illustration)
2. Portfolio Review

General Education Requirements: 35 Credits

### Art and Design - Sculpture and Ceramics Emphasis, B.F.A.

**Requirements**

UVU’s BFA in ceramics and sculpture helps students build a strong foundation of design fundamentals, technical skills, and the use of materials. Whether throwing clay on a potter’s wheel or listening to a class lecture, students discover endless sources of creative ideas while taking courses in low-fire ceramics, mold making, casting, ceramic technologies, and more.

**Total Program Credits: 120**

### Matriculation Requirements:

1. AA, AS, or AAS Degree or equivalent in Art and Design or advisor approval (Graphic Design Emphasis B.F.A. candidates must complete the AAS Degree or equivalent in Graphic Design; Illustration Emphasis. B.F.A. candidates must complete the AAS Degree or equivalent in Illustration)
2. Portfolio Review

Art and Design

Emphasis Elective Requirements: 14 Credits
- Two upper-division Art History classes (6 credits) 6
- Complete any ART/ARTH courses not already used (4 credits must be upper division). 8

Graduation Requirements:
1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above with no grade lower than a C- in all Art and Design courses.
3. Residency hours—minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Portfolio submission required during senior year.
6. Successful completion of at least one Global/Intercultural course.

Art and Design, B.A.

Requirements
Students who elect to earn a bachelor of arts or associate of arts degree are required to complete a foreign language requirement, while those who earn a bachelor of science or associate of science degree have the option to take more electives. All of these degrees allow students to explore a few areas within the department and gain a more well-rounded education in the visual arts.

Matriculation Requirements
Portfolio review or completion of A.A., A.S. or A.A.S. degree in Art & Design.

Total Program Credits: 120

General Education Requirements: 36 Credits
- ENGL 1010 Introduction to Academic Writing 3
- or ENGH 1005 Literacies and Composition Across Contexts (5)
- ENGL 2010 Intermediate Writing/Academic Writing and Research 3

Complete one of the following: 3
- MAT 1030 Quantitative Reasoning (3)
- MAT 1035 Quantitative Reasoning with Integrated Algebra (6)
- STAT 1040 Introduction to Statistics (3)
- STAT 1045 Introduction to Statistics with Algebra (5)
- MATH 1050 College Algebra (4)
- MATH 1055 College Algebra with Preliminaries (5)
- MATH 1090 College Algebra for Business (3)

Complete one of the following: 3
- HIST 2700 US History to 1877 (3)
- and HIST 2710 US History since 1877 (3)
- HIST 1700 American Civilization (3)
- HIST 1740 US Economic History (3)
- POLS 1000 American Heritage (3)

Discipline Core Requirements: 47 Credits
- ART 1120 2D Design 3
- ART 1130 3D Design 3
- ART 200R Art and Design Lecture Series 2
- ARTH 2720 Renaissance Through Contemporary Art History 3

Complete 9 credits from the following list (please note: when selecting electives be mindful of prerequisite requirements for advanced courses): 9
- ART 1110 Drawing I (3)
- ART 1210 Observational Drawing (3)
- ART 1350 Ceramics I (3)
- ART 1400 Graphic Computer Applications (3)
- ART 1420 Graphic Design I (3)
- ART 1650 Watercolor (3)
- ART 1750 Intro to Digital Imaging (3)

Complete 3 of the 4 following classes: 3
- ART 4820 Professional Practices for the Visual Arts I WE (1)
- ART 4830 Professional Practices for the Visual Arts II WE (1)
- ART 4840 Professional Presentation for the Visual Arts WE (1)
- ART 4850 Professional Writing for the Visual Arts WE (1)

Complete 24 credits from any ART/ARTH courses not already taken (students must have 40 upper division credit hours to graduate, see Graduation Requirement 1). 24

Elective Requirements: 37 Credits
- One Foreign Language 12

Complete any courses 1000 level or higher (students must have 40 upper division credit hours to graduate, see Graduation Requirement 1). 25

Graduation Requirements:
1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above with no grade lower than a C- in all Art & Design courses.
3. Residency hours—minimum of 30 credit hours through course attendance at UVU, with at least 10 hours in the last 45 hours.
Art and Design, B.S.

5. Portfolio Submission.
6. Successful completion of at least one Global/Intercultural course.

Entertainment Design, B.F.A.

Requirements

A successful career in Entertainment Design requires a limitless imagination, the ability to invent and conceptualize new realities, and an understanding of the traditional and technological tools used to do so. This interdisciplinary degree encompasses concept, character, story, place, and time relevant to the entertainment industry. Students can expect to learn the skills and creative ability required of concept artists...
Art and Design

in the disciplines of character and story development such as character design, storyboarding, motion sequencing, and art direction. As an Entertainment Designer, you will create realities and experiences that excite minds by combining art and technology to bring extraordinary experiences to life in toys, games, comics, movies, environments, and more.

Course Descriptions

Aviation Science

Degrees & Programs

Aviation Science, A.A.S.

Requirements

The A.A.S. degree prepares the student by concentrating on aviation courses. It is commonly referred to as the job-ready degree, preparing the student for entry level positions in the industry.

Total Program Credits: 63

Matriculation Requirements:

Students seeking admission to the program will be required to meet the following admission requirements.

1. Hold a second class FFA medical certificate from an Aviation Medical Examiner.
2. An overall GPA of at least 2.5
3. Due to limited availability of flight training resources, flight student admission into the on-campus AVSC 100 Ground I - Private and AVCS 1110 Flight I - Private course, when necessary, may require selection through a competitive application process.

General Education Requirements: 18 Credits

Elective Credits 12

Graduation Requirements:

1. Completion of a minimum of 63 or more semester credits.
2. Overall grade point average of 2.0 (C) or above. Aviation courses require a C- or above.
3. Residency hours—minimum of 20 credit hours through course attendance at UVU.

Notes:

* If student chooses HIST 2700 US History to 1877 AS and Histroy 2710 US Histroy since 1877 AS, the additional hours may be used towards a social science distribution requirement.

** METO 1010 Introduction to Meteorology PP Recommended.
Aviation Science, A.S.

Requirements

The A.S. degree is designed to prepare the student with all the ratings necessary to be qualified for entry-level jobs in the aviation field. Obtaining an associate degree helps the graduate prepare for a diversity of job-related responsibilities and prepares students to enter directly into the B.S. degree.

1. Completion of a minimum of 62 or more semester credits.
2. Overall grade point average of 2.0 (C) or above. Aviation courses require a C- or above. (Departments may require a higher GPA.)
3. Residency hours—minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Footnotes

1. If student chooses HIST 2700 and HIST 2710 as the additional hours may be used towards a social science distribution requirement.
2. PHYS 1850 recommended
3. METO 1010 recommended
4. COMM 1020 recommended
5. PSY 1010 recommended

Aviation Science, Certificate of Proficiency

Requirements

The Certificate of Proficiency in Aviation Science is available for all UVU students with an aviation particular focus designed to provide high school students an opportunity to obtain a stackable certificate of proficiency with an emphasis in career and technical education while still enrolled in high school. This certificate is available from the University for college students/adults looking for basic entry-level skills leading to further academic advancement.

Total Program Credits: 15

**Graduation Requirements:**

1. Overall grade point average of 2.0 (C) or above.
2. Completion of 16 credit hours in subjects included in the course list.
3. All courses must be completed with a grade of C- or better.

**Aerospace Technology Management, B.S. Requirements**

The BS in Aerospace Technology Management from Utah Valley University is designed to prepare graduates for various technical aerospace professional roles across a product's life cycle. Skills associated with air and space vehicle sustainability systems and risk management, customer management, project management, aftermarket services, business development, manufacturing and inspection processes, safety management systems, and process improvement will be learned and applied. The program will provide a completion degree for students who possess the Airframe and Powerplant ratings of an FAA issued Aircraft Maintenance Technician Certificate under the rules defined by FAR Part 65 or possess a license as an Aircraft Maintenance Engineer (Cat B1) issued under EASA Part 66 regulations.

**Total Program Credits: 123**

**Matriculation Requirements:**

Completion of a Technical Specialty associated with FAA issued Airframe & Powerplant Maintenance Technician Certificate issued under rules of FAR Part 65 OR Completion of an Associates in Science or an Associates of Applied Science Degree from a regionally accredited institution of higher education with a designated technical specialty associated with FAA issued Airframe & Powerplant Maintenance Technician Certificate issued under the rules of FAR Part 147 OR possess a license as an Aircraft Maintenance Engineer (AME) (Cat B1) issued under EASA Part 66 regulations. A total not to exceed 45 credit hours will be awarded for evidence of the possession of the A&P or AME certificate.

6. Successful completion of at least one (1) Global/Intercultural course.

Aviation Management, B.S.

Requirements
This degree is designed to develop practical leadership skills for a variety of careers in the aviation industry. Courses are based on real world aviation needs and are developed through ties with industry experts. The curriculum will prepare students with a broad range of knowledge and skills, including airline and airport management, aviation security and safety, marketing, aviation finance, human resources, and many others.

Total Program Credits: 120

Matriculation Requirements:
Students seeking admission to the program will be required to meet the following admissions requirements:
1. Completion of ENGL 1010 or ENGH 1005 and 25 aviation credits with a grade of C+ or higher
2. Overall GPA of at least 2.5

AVSC 4160  Aviation Law  3
AVSC 4700  Aviation Professional Seminars  3
AVSC 4710  Aviation Career Preparation  1
Elective Requirements: 15 Credits
Must complete 15 credits.

Graduation Requirements:
1. Completion of a minimum of 120 or more semester credits, with a minimum of 40 upper division semester credits.
2. Overall grade point average of 2.0 (C) or above. Aviation courses require a C- or above. (Departments may require a higher GPA.)
3. Residency hours--minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Students may count no more than 8 credit hours of total cooperative work experience (AVSC 281R/AVSC 285R /AVSC 481R/AVSC 485R toward the degree requirement without department approval.
5. Successful completion of at least one Global/Intercultural course.

Footnote:
1- If student chooses HIST 2700 and HIST 2710, the additional hours may be used towards a social science distribution requirement.
2-PHYS 1010 Elementary Physics PP recommended
3-METO 1010 Introduction to Meteorology PP recommended
4-COMM 1020 Public Speaking and COMM 1025 Public Speaking Lab recommended
5-PSY 1010 General Psychology SS recommended

Professional Pilot, B.S.

Requirements
The Bachelor of Science in Professional Pilot prepares students to enter the work force as a certified flight instructor and commercial, multi-engine rated pilot. Students receive specific training under Federal Aviation Administration (FAA) 14 CFR Part 141 and Restricted Air Transport Pilot (R-ATP) regulations to qualify for specialized employment requirements with a regional airline. Delivery focuses on technical training and applied exercises providing the knowledge and skills required for several licenses and ratings.

Total Program Credits: 120

Matriculation Requirements:
Students seeking admission to the program will be required to meet the following admission requirements:
1. Hold a second class FAA medical certificate from an FAA designated Medical.
2. An overall GPA of at least 2.5.
3. Due to limited availability of flight training resources, flight student admission into the on-campus AVSC 1110 Flight I - Private Pilot course, when necessary, may require selection through a competitive point based application.

General Education Requirements: 35 Credits

Degrees & Programs

Advanced Substance Use Disorder Counseling, Certificate of Proficiency

Requirements

The UVU Behavioral Science Department offers classes that fulfill the social science distribution requirements for graduation, the Behavioral Science pre-major for the associate degree, the Behavioral Science major for the bachelor degree (with an emphasis in Anthropology, Psychology, or Sociology), a Bachelor of Social Work, and a Certificate of Proficiency in Substance Use Disorder Counseling (SUDC).

Total Program Credits: 32

Matriculation Requirements: ......................................................... 9 Credits

Students must apply and be admitted to the UVU SUDC program. The following four courses must be completed with a C- grade or higher prior to starting the SUDC program. Completion of these courses, as well as University Advanced Standing, must be verified on the application for admission. For additional admission information for this program please visit www.uvu.edu/besc/sudc.html.

ENGL 2010 Introduction to Academic Writing 3

SUDC 4400 Advanced Substance Use Disorder Counseling 3
SUDC 4720 Advanced Professional Development 3
SUDC 481R Internship 6

Graduation Requirements:

1. Completion of a minimum of 32 semester credits.
2. Overall grade point average of a 2.0 (C) or above. All courses must be passed with a C- grade or higher in order for students to receive their Certificate of Proficiency from this program.
3. Upon completion of the UVU SUDC Certificate of Proficiency program, students will work with the Utah Division of Occupational and Professional Licensing (DOPL) in regards to meeting the additional licensing requirements and obtaining their SUDC or ASUDC license(s).
4. Residency hours -- minimum of 8 credit hours through course attendance at UVU.

Interdisciplinary Gerontology, Certificate of Proficiency

Requirements

The certificate will be housed in the Department of Behavioral Science yet is an interdisciplinary (Public and Community Health, Nursing, and Behavioral Science: Psychology, Sociology, Social Work, and Family Studies) undergraduate gerontology certificate that allows students to build a unique set of credentials they compose from a menu of existing UVU courses that meet the guidelines set forth by the Association for Gerontology in Higher Education (AGHE).

Anthropology, Minor

Requirements

The BA/BS/Minor will give students the opportunity to earn a full major/minor in the field of anthropology. Students who obtain this degree will a) develop anthropological knowledge, enabling them to analyze trends in culture and society, b) methodological competence, learning to apply anthropological methods for learning about cultural/ideological differences and navigating them in daily life, and c) essential skills, written and spoken communication, analytic reading and writing, building rapport with people from different backgrounds. The Minor in Anthropology will allow students pursuing other majors to earn a credential that suggests critical thinking skills, writing ability, and cultural sensitivity.

Cognitive Neuroscience, Minor

Requirements
The Minor in Cognitive Neuroscience is for students who desire a career in the cognitive neuroscience areas within psychology, including becoming a human factors consultant, a clinicineuropsychologist, a neuroscience research technician, or director of memory care for individuals with dementia. The curriculum will expose students to understand the biology and chemistry that underlie nervous system functioning and human behavior as well as the relationship between these biological bases and cognition.

Family Science, Minor

Requirements
This minor provides individuals insight into relationship and group dynamics. This include important relationship skills, such as speaking, listening, and other communication skills that could be applied to family and professional settings. Content in the minor may also include important research findings and evidence-based curricula listed on the National Registry of Evidenced-based Programs and Practices (NREPP) on the SAMHSA website.

Psychology, Minor

Requirements
The Minor in Psychology is designed for students who desire a full bachelor’s degree in psychology. The degree will prepare students for careers and further education in Utah, the Mountain West, and nationwide by (a) creating a curriculum built around the five pillars of psychology described by the American Psychological Association (APA); (b) emphasizing skills desired by employers (e.g., written communication, critical thinking, working in teams); and (c) providing engaged learning experiences (e.g., service-learning, internship, capstone) about current psychological topics.

Sociology, Minor

Requirements
Sociology is the scientific study of society which includes studying individuals in their primary and secondary groups and larger social institutions. It examines the social context of individual and collective
Sociology is a relatively young discipline that describes, explains, and predicts social interactions and institutions using theoretical as well as social scientific methods of inquiry. According to the American Sociological Association, the essential concepts that students will learn within sociology are social construction of everyday life and sociological imagination; social structure; socialization; social stratification, and social change. Students will also gain competencies in critical and theoretical thinking and application of social scientific methodology towards rigorous data analysis.

**Graduation Requirements:**

All course work taken to meet Behavioral Science requirements must be completed with a grade of C- or better.

### Anthropology, B.A.

**Requirements**

The BA/BS/Minor will give students the opportunity to earn a full major/minor in the field of anthropology. Students who obtain this degree will a) develop anthropological knowledge, enabling them to analyze trends in culture and society, b) methodological competence, learning to apply anthropological methods for learning about cultural/ideological differences and navigating them in daily life, and c) essential skills, written and spoken communication, analytic reading and writing, building rapport with people from different backgrounds. The Minor in Anthropology will allow students pursuing other majors to earn a credential that suggests critical thinking skills, writing ability, and cultural sensitivity.

**Total Program Credits: 120**
Behavioral Science

Graduation Requirements:

1. Completion of a minimum of 120 credits, 40 of which must be 3000 level or higher.
2. Minimum UVU GPA of 2.0 upon graduation.
3. Residency hours--minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Successful completion of at least one Global/Intercultural course.

Note: Please see department advisor for an explanation of all program requirements, a list of recommended classes, and for assistance with creating an academic plan for graduation.

Note: If a student has completed an associate degree through another institution, the required general education courses may be waived.

Anthropology, B.S.

Requirements

Clinical Mental Health Counseling, M.S.

Requirements

The Master in Clinical Mental Health Counseling (CMHC) prepares individuals to provide counseling services, mental health evaluations, and referrals to ameliorate and prevent cognitive and emotional crises as well as personal and interpersonal problems. Instruction will include coursework on individual and group counseling, psychotherapy theory and practice, human development, psychological assessment, psychopathology and diagnostics, professional standards and ethics as well as the governing laws and regulations of the field. Successful graduates will be eligible for employment and licensure as a Clinical Mental Health Counselor in the state of Utah.

**Master of Social Work Advanced Standing, M.S.W.**

**Requirements**

The Master of Social Work (MSW) at UVU is designed to educate and prepare students for a career at the next level in the social work profession. The MSW will prepare students to become a Licensed Clinical Social Worker (LCSW) qualifying them for a wider range of employment opportunities (mental health, medical social work, child welfare, etc.) working with various populations (children, adolescents, adults, elderly, disabled, etc.). The MSW Program will have three different specializations: Mental Health, Addictions (including substance and nonsubstance addictions, i.e. pornography, gambling, painkillers, etc.), and Engaging with Diverse Populations.

Total Program Credits: 44

---

**Psychology, B.A.**

**Requirements**

The BA in Psychology is designed for students who desire a full bachelor’s degree in psychology. The degree will prepare students for careers and further education in Utah, the Mountain West, and nationwide by (a) creating a curriculum built around the five pillars of psychology described by the American Psychological Association.
Behavioral Science

(APA); (b) emphasizing skills desired by employers (e.g., written communication, critical thinking, working in teams); and (c) providing engaged learning experiences (e.g., service-learning, internship, capstone) about current psychological topics.

**Elective Requirements: 51 Credits**

Complete 12 credits of one Foreign Language, including ASL (Foreign Language 202G/2020 course fulfills Humanities Distribution) 12

Complete 39 credits of 1000-level or higher coursework from any subject 39

**Graduation Requirements:**

1. Completion of a minimum of 120 credits, 40 of which must be 3000 level or higher.
2. Minimum overall UVU GPA of 2.0 upon graduation.
3. Minimum 2.5 program GPA upon graduation.
4. Residency hours—minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
5. All major course work taken to meet Psychology requirements must be completed with a grade of C- or better.
6. For the BA degree, completion of 16 credit hours of course work from one language to include the 1010, 1020, 2010, 202G/2020 levels or transferred equivalents.
7. Successful completion of at least one Global/Intercultural course.

Note: Please see department advisor for explanation of all program requirements, a list of recommended classes, and for assistance with creating an academic plan for graduation.

Note: If a student has completed an associate degree through another institution, the required general education courses may be waived.

Note: Students would need to pass ENGL 1010 or ENGH 1005 and ENGL 2010 with a C+ or higher as prerequisites for the Psychology Bachelor degree courses.

Psychology, B.S.

Requirements

The BS in Psychology is designed for students who desire a full bachelor’s degree in psychology. The degree will prepare students for careers and further education in Utah, the Mountain West, and nationwide by (a) creating a curriculum built around the five pillars of psychology described by the American Psychological Association (APA); (b) emphasizing skills desired by employers (e.g., written communication, critical thinking, working in teams); and (c) providing engaged learning experiences (e.g., service-learning, internship, capstone) about current psychological topics.

**Elective Requirements:** 21 Credits

Complete 21 additional credits of any courses 1000 to 4000 level.

**Graduation Requirements:**

1. Completion of a minimum of 120 semester credits, 40 of which must be upper division.
2. Overall grade point average of 2.5 or above.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 credit hours earned in the last 45 credit hours.
4. Complete PSY 3110 and BESC 3020 with a grade of C- or higher. All other BSW Social Work Core requirements must be completed with a grade of B- or higher.
5. All 15 credits of Social Work electives must be completed with a C- grade or higher.
6. Successful completion of at least one Global/Intercultural course.

Note: Please see department advisor to make an academic plan and for an explanation of all admission and program requirements.

**Footnote**

* Students must be formally admitted into the BSW program before they can register for this course.

---

**Social Work, M.S.W.**

**Requirements**

The Master of Social Work (MSW) at UVU is designed to educate and prepare students for a career at the next level in the social work profession. The MSW will prepare students to become a Licensed Clinical Social Worker (LCSW) qualifying them for a wider range of employment opportunities (mental health, medical social work, child welfare, etc.) working with various populations (children, adolescents, adults, elderly, disabled, etc.). The MSW Program will have three different specializations: Mental Health, Addictions (including substance and nonsubstance addictions, i.e. pornography, gambling, painkillers, etc.), and Engaging with Diverse Populations.

- SW 679R Special Topics in Social Work Practice
- SW 6945 Supplemental Field Practicum (1-4)

or other departmental approved courses

**Graduation Requirements:**

1. Completion of a minimum of 64 semester credits required in the Master of Social Work degree.
2. A minimum of two-thirds of graduate degree credit hours must be completed at Utah Valley University.
Behavioral Science

3. Overall grade point average of 3.0 or higher in all Master of Social Work courses.
4. A grade of "C" or higher required for all courses used to satisfy graduation requirement.

Sociology, B.A.

Requirements

Sociology is the scientific study of society which includes studying individuals in their primary and secondary groups and larger social institutions. It examines the social context of individual and collective lives. Sociology is a relatively young discipline that describes, explains, and predicts social interactions and institutions using theoretical as well as social scientific methods of inquiry. According to the American Sociological Association, the essential concepts that students will learn within sociology are social construction of everyday life and sociological imagination; social structure; socialization; social stratification, and social change. Students will also gain competencies in critical and theoretical thinking and application of social scientific methodology towards rigorous data analysis.

Degrees & Programs

Biology, A.A.

Requirements

Students interested in biology, or related fields, are encouraged to earn at least a baccalaureate degree (BS). Many professions (e.g., Pharmacy or Medicine) require additional post-baccalaureate education. The AS/AA degree is intended for students who plan to use it as a first step toward a baccalaureate degree. The AS/AA degree may be granted to those who do not continue in a bachelor’s program and meet the minimum requirements.

**Graduation Requirements:**

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. For the AA degree, completion of 8 credit hours of course work from one language.

---

**Biology, A.S. Requirements**

Students interested in biology, or related fields, are encouraged to earn at least a baccalaureate degree (BS). Many professions (e.g., Pharmacy or Medicine) require additional post-baccalaureate education. The AS/AA degree is intended for students who plan to use it as a first step toward a baccalaureate degree. The AS/AA degree may be granted to those who do not continue in a bachelor's program and meet the minimum requirements.

**Total Program Credits: 60**

Bioinformatics, B.S.

Requirements

Bioinformatics is the fastest growing field in Biology. In general terms, bioinformatics is the synthesis of computational methods and biological systems and comprises many sub-fields that approach different questions in biology. A Bachelor of Science in Bioinformatics will prepare students to enter a variety of fields such as: medical informatics and interventions, new agricultural paradigms, pharmaceutical discovery, and molecular genealogy predictions, among others. This degree would provide students with the knowledge, skills, and experience to be competitive for both graduate school and employment opportunities.

Total Program Credits: 120

Matriculation Requirements:

BIOL 1610 with C- or higher
CS 1400 with a C+ or higher, and approval of Biology Department or Computer Science Department advisor.

1. Choose 6 credits from any general electives.
**Biology Education, B.S.**

**Requirements**

Biology is the study of living organisms and includes study of subjects such as evolution, ecology, zoology, physiology, anatomy, and botany among other subjects. Completion of this degree will prepare students to teach classes in high school biology, and related subjects, plus integrated science at the 7th grade level.

**Total Program Credits: 126**

### Graduation Requirements:

1. Complete the required minimum credit hours.
2. If an AA or AS degree has been earned, a maximum of 64 of these credits may apply toward the BS.
3. At least 30 credit hours in residence at UVU or satellite sites are required, with 10 hours earned during the last 45 hours.
4. A minimum of 40 credits must be upper-division (numbered 3000 or above).
5. A minimum of 40 credits must be in the major, 30 of which must be upper-division. A minimum of nine Department credits must be taken at UVU.
6. Except for 490R Special Topics courses, a maximum cumulative total of 9 credits in any combination of upper division Departmental courses with an "R" designation may count toward graduation.
7. Complete Biology Department core courses with a grade of "C-" or higher in each course.
8. Achieve a minimum overall GPA of 2.0 with a minimum GPA of 2.25 in biology department courses.
9. Complete the appropriate application for graduation form.
10. Successful completion of at least one Global/Intercultural course.

### Footnotes:

1. Upper division is suggested to meet upper division requirements.

**Elective Requirements:** 12 Credits

- Additional credits to meet credit and upper-division requirements.

**Graduation Requirements:**

1. Complete the required minimum credit hours.
2. At least 30 credit hours in residence at UVU or satellite sites are required, with 10 hours earned during the last 45 hours.
3. A minimum of 40 credits must be upper-division (numbered 3000 or above).
4. Complete core courses with a grade of "C" or higher in each BTEC course and a "C-") or higher in all other core courses.
5. Achieve a minimum overall GPA of 2.0 with a minimum GPA of 2.25 in core courses.
6. Successful completion of at least one Global/Intercultural course.

**Botany, B.S.**

**Requirements**

Students interested in botany, or related fields, are strongly encouraged to earn at least a baccalaureate degree (BS). To be competitive in the job market additional post-baccalaureate education is suggested. The BS degree in Botany may be used for entry into a career or in preparation for graduate (Masters/PhD) or professional schools (medical, pharmacy etc.).

**Total Program Credits: 120**

**Matriculation Requirements:**

1. BIOL 1610 with C- or higher and approval of Biology Department adviser.

Microbiology, B.S.

Requirements

Microbiology is the study of microorganisms, the smallest living things on earth, including bacteria, viruses, fungi, protozoa, and algae. While microorganisms are most known for their ability to cause disease, they are actually ubiquitous on earth and central to many of the essential life processes on this planet. The field of microbiology is a major contributor to human, animal, plant, and environmental health as well as central to the food/beverage, biotechnology, bioremediation, and pharmaceutical industries. This curriculum will examine the diverse roles of microorganisms and cover the fundamentals of microbial diversity, physiology, and genetics. Students will examine the roles and interactions of microbial populations in aquatic, terrestrial, human, animal, and plant systems.

A degree in microbiology can open the door to a wide variety of careers in different industries. Studying microbiology will prepare students to go to medical, dental, veterinary, or graduate school, and also provides them a highly employable career option in healthcare, industry, or government agencies. A degree in microbiology allows students to easily enter the workforce or continue on to a professional or graduate program.

Total Program Credits: 120
Matriculation Requirements:
- BIOL 1610 with C- or higher and approval of Biology Department advisor.

General Education Requirements: 39 Credits

- BOT 4430 Plant Pathology (3)
- CHEM 3020 Environmental Chemistry (3)
- CHEM 3025 Environmental Chemistry Laboratory (1)
- ENVT 1270 Environmental Microbiology (3)
- Choose 6 credits from:
- MICR 489R Student Research (1)
- BIOL 3100 Introduction to Data Analysis for Biologists (3)
- BIOL 369R Introduction to Undergraduate Research (1)
- BIOL 4300 Bioinformatics and Genome Analysis (4)
- Choose 4 credits from BIOL, BOT, BTEC, ZOOL, or CHEM

Graduation Requirements:
1. Complete the required minimum credit hours.
2. If an AA or AS degree has been earned, a maximum of 64 of these credits may apply toward the BS.
3. At least 30 credit hours in residence at UVU or satellite sites are required, with 10 hours earned during the last 45 hours.
4. A minimum of 40 credits must be upper-division (numbered 3000 or above).
5. A minimum of 40 credits must be in the Biology Department (BIOL, BOT, BTEC, MICR, or ZOOL prefixes), 30 of which must be upper-division. A minimum of nine Department credits must be taken at UVU.
6. Except for 490R Special Topics courses, a maximum cumulative total of 13 credits in any combination of upper division Departmental courses with an "R" designation may count toward graduation.
7. Complete Biology Department core courses with a grade of "C-" or higher in each course.
8. Achieve a minimum overall GPA of 2.0 with a minimum GPA of 2.25 in biology department courses.
9. Complete the appropriate application for graduation form.
10. Successful completion of at least one Global/Intercultural course.

Footnotes:

1 Upper division is suggested to meet upper division requirements

Degrees & Programs

Finance, Graduate Certificate

Requirements

The Woodbury School of Business MBA program offers a Graduate Certificate in Finance that provides an introduction to the global securities market and its role in capital formation, wealth-creation, economic development, risk mitigation, wealth management, and other finance-related goals. Courses focus on international corporate finance transactions and the currency implications of financial statement translations. Bloomberg Terminals are used extensively for company and industry analyses.

Total Program Credits: 9

Graduation Requirements:

2. Overall GPA of 3.0 or higher required in graduate certificate courses with no grade lower than a "C" in graduate certificate courses.
3. Residency hours -- minimum of 6 credit hours through course attendance at UVU.
4. Graduate certificate coursework shall be completed within a period of six years. (Note: See Policy 524, Section 4.3.3).

Healthcare Management, Graduate Certificate

Requirements

The Graduate Certificate in Healthcare Management is designed for professionals who want to enhance their proficiency and breadth of healthcare knowledge. It provides individuals with an understanding of the context, management, and issues for healthcare organizations. It prepares students for a career in a healthcare environment by providing additional management skills and knowledge, including healthcare systems, healthcare policies, and healthcare population management affecting the healthcare delivery system.

Total Program Credits: 9

Matriculation Requirements:

Application for admission:

1. Application for admission to the Graduate Certificate Program in Healthcare Management with application fee.
2. A bachelor's degree from a regionally accredited college/university, a nationally accredited program, or the international equivalent.
3. A 3.0 cumulative undergraduate GPA or a 3.0 GPA calculated on the last 60 semester hours (90 quarter hours) of undergraduate work.
4. Acceptance of graduate certificate program student status offers is valid only for the semester in the offer. Applicants who do not begin attendance during the semester in their admissions offers must reapply and pay the application fees before the applicable semester deadline. At the graduate certificate program's discretion, graduate certificate programs may defer enrollment if students apply for a deferment before the end of the semester for which they were admitted.

(Note: See Policy 524, Section 4.3.3).

Management, Graduate Certificate

Requirements

The Woodbury School of Business MBA program offers a Graduate Certificate in Management that examines the strategic needs of any organization and how the function of information systemsassists operations. Utilizes advanced topics in operations research that develop decision-making processes for complex organizations and systems. Identifies creative methods to analyze problems, develop alternative decision-making strategies, and optimize business and organization processes.

Total Program Credits: 9

Matriculation Requirements:

Application for admission:
1. Application for admission to the Graduate Certificate Program in Management with application fee.
2. A bachelor's degree from a regionally accredited college/university, a nationally accredited program, or the international equivalent.

Discipline Core Requirements: 9 Credits

MGMT 6740 Operations and Supply Chain Management
MGMT 6510 Information Systems and Project Management
MGMT 6760 Applied Business Research

Graduation Requirements:

2. Overall GPA of 3.0 or higher required in graduate certificate courses with no grade lower than a "C" in graduate certificate courses.
3. Residency hours -- minimum of 6 credit hours through course attendance at UVU.
4. Graduate certificate coursework shall be completed within a period of six years.
(Note: See Policy 524, Section 4.3.3).

Marketing, Graduate Certificate

Requirements

The Woodbury School of Business MBA program offers a Marketing Graduate Certificate that teaches conceptual frameworks and analytical tools for marketing decision-making from a cross-functional and strategic orientation. Focuses on understanding user needs, forecasting and planning, solution design, managing adoption, and communicating value. Utilizes research tools, such as survey design, experimentation, interviewing, and analytics to collect and analyze data. Focuses on the practice of advanced marketing management topics including brand management, product management, product development, services marketing, pricing and conjoint analysis. Integrates forecasting including diffusion models and other tactics, resource allocation, and managing profit and loss statements. Also integrates marketing communication and distribution concepts and frameworks from digital marketing and e-commerce.

Total Program Credits: 12

Matriculation Requirements:

Application for admission:
1. Application for admission to the Graduate Certificate Program in Marketing with application fee.
2. A bachelor's degree from a regionally accredited college/university, a nationally accredited program, or the international equivalent.
3. A 3.0 cumulative undergraduate GPA or a 3.0 GPA calculated on the last 60 semester hours (90 quarter hours) of undergraduate work.

3. Residency hours -- minimum of 8 credit hours through course attendance at UVU.
4. Graduate certificate coursework shall be completed within a period of six years.
(Note: See Policy 524, Section 4.3.3).

Master of Business Administration, M.B.A.

Requirements

The UVU Master of Business Administration is an applied graduate degree that reflects the Woodbury School of Business's commitment to teaching excellence and engaged learning. Our curriculum teaches critical skills in leadership, teamwork, ethical decision making, economic and financial analyses, and critical thinking. Course offerings include accounting, finance, strategy, marketing, operations, technology, management, and people management. The program includes an international trip as part of an applied consultancy course. The program culminates with a comprehensive real-life consulting project with a company. The Master of Business Administration program at Utah Valley University offers both a one-year accelerated option and a two-
Business Graduate Programs

yearplan for working professionals which embraces the university’s designation as an engaged learning campus. The MBA program is AACSB accredited.

Elective Requirements: 3 Credits

Any upper-division chemistry class numbered above 3000 with a minimum of 3 credit hours

Graduation Requirements:
1. Complete all courses with a minimum grade of "C-" or better.

Chemistry - Biochemistry Emphasis, B.S.

Requirements

Biochemistry studies the chemical composition of living things. Biochemistry combines the study of biology with organic and inorganic chemistry as applied to topics such as enzymology, genetics, toxicology, pharmacology, food science, and medicine. Students with this degree may pursue graduate study or work in the field of biotechnology or in one of the many related areas or be eligible for many employment opportunities in chemistry and biology.

Total Program Credits: 120

Matriculation Requirements:
To matriculate into the Chemistry degree, students must have adviser approval, and completed CHEM 1210, CHEM 1220, CHEM 1250, and CHEM 1260 all with a C- or higher.

General Education Requirements: 39 Credits

Discipline Core Requirements: 41 Credits
Chemistry - Professional Chemistry Emphasis, B.S.

Requirements

This bachelor's degree in professional chemistry prepares a student for employment as a chemist. It also prepares a student for further study in a graduate degree or professional program. This degree is designed to meet American Chemical standards for a bachelor degree. Job opportunities for students with this degree are very good. Students with this degree can have careers in test laboratories, government laboratories, hospital laboratories, research and development, quality control, manufacturing, and many other areas.
In obtaining this degree, students will learn how to:
- Use modern scientific instruments and interpret results
- Apply principles used in chemistry to solve everyday problems
- Think analytically
- Use problem solving skills
- Categorize information
- Apply learned math skills
- Develop laboratory skills

**Total Program Credits: 120**

**Matriculation Requirements:**
To matriculate into the Chemistry degree, students must have adviser approval, and completed CHEM 1210, CHEM 1220, CHEM 1250, and CHEM 1260 all with a C- or higher.

**General Education Requirements:** 40 Credits

- **ENGL 1010** Introduction to Academic Writing CC 3
- or **ENGH 1005** Literacies and Composition Across Context CC (5.0)
- **ENGL 2010** Intermediate Academic Writing CC 3
- **MATH 1210** Calculus I QL 4

**Complete one of the following:**

- **HIST 1700** American Civilization AS (3.0)
- **HIST 2700** US History to 1877 AS (3.0)
- **HIST 2710** US History since 1877 AS (3.0)
- **POLS 1000** American Heritage SS (3.0)
- **POLS 1100** American National Government AS (3.0)

**Complete the following:**

- **PHIL 2050** Ethics and Values IH 3
- or **PHIL 205G** Ethics and Values IH GI
- or **PHIL 205H** Ethics and Values IH
- **HLTH 1100** Personal Health and Wellness TE (2.0)
- or **EXSC 1097** Fitness for Life TE 2

**Distribution Courses:**

- **BIOL 1610** College Biology I BB 4
- **CHEM 1210** Principles of Chemistry I PP 1 4
- **CHEM 1220** Principles of Chemistry II PP 2 4

- **Fine Arts** 3
- **Humanities** 3
- **Social/Behavioral Science** 3

**Discipline Core Requirements:** 41 Credits

- **CHEM 1215** Principles of Chemistry I Laboratory 3 1
- **CHEM 1225** Principles of Chemistry II Laboratory 4 1
- **CHEM 1250** Chemistry Cornerstone- Research and Careers 1
- **CHEM 1260** Chemistry Cornerstone- Ethics 1
- **BIOL 1615** College Biology I Laboratory 1
- **CHEM 2310** Organic Chemistry I 4
- **CHEM 2315** Organic Chemistry I Laboratory 1
- **CHEM 2320** Organic Chemistry II 4

**Chemistry Electives (16 credits) from the following:**

- **CHEM 2325** Organic Chemistry II Laboratory 1
- **CHEM 3000** Analytical Chemistry 2
- **CHEM 3005** Analytical Chemistry Laboratory 2
- **CHEM 3600** Biological Chemistry 3
- **CHEM 3605** Biological Chemistry Lab 1
- **CHEM 4000** Instrumental Analysis WE 2
- **CHEM 4005** Instrumental Analysis Laboratory 2
- **MATH 1220** Calculus II 4
- **PHYS 2210** Physics for Scientists and Engineers I PP 4
- **PHYS 2220** Physics for Scientists and Engineers II PP 4
- **PHYS 2215** Physics for Scientists and Engineers I Lab 1
- **PHYS 2225** Physics for Scientists and Engineers II Lab 1

**Emphasis Requirements:** 40 Credits

- **CHEM 3060** Physical Chemistry I WE 4
- **CHEM 3065** Physical Chemistry I Lab 1
- **CHEM 3070** Physical Chemistry II 4
- **CHEM 3075** Physical Chemistry II Lab 1
- **CHEM 3100** Advanced Inorganic Chemistry 4
- **CHEM 3115** Advanced Inorganic Chemistry Lab 1
- **MATH 2210** Calculus III 4
- **MATH 2280** Ordinary Differential Equations 3
- **PHYS 3300** Mathematical Physics 3

**CHEM 3020** Environmental Chemistry (3.0)

**CHEM 3025** Environmental Chemistry Laboratory (1.0)

**CHEM 3080** Physical Chemistry III (3.0)

**CHEM 3300** Biomolecular Modeling and Simulations (4.0)

**CHEM 3620** Biological Chemistry II (3.0)

**CHEM 3800** Energy Use on Earth (3.0)

**CHEM 4030** Radiochemistry (3.0)

**CHEM 4600** Structure Determination (3.0)

**CHEM 4605** Structure Determination Laboratory (1.0)

**CHEM 4800** Pharmacology (3.0)

**CHEM 482R** Chemistry Internship (1.0-4.0)

**CHEM 489R** Undergraduate Research in Chemistry (1.0-4.0)

**CHEM 491R** Advanced Topics in Inorganic Chemistry (3.0)

**CHEM 495R** Advanced Topics in Organic Chemistry (3.0)

**CHEM 496R** Special Topics in Chemistry (1.0-4.0)

**CHEM 499R** Independent Study and Research (1.0-4.0)
Graduation Requirements:
1. Completion of a minimum of 120 semester credits with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.0 (C) or above with a minimum of 2.25 in Major.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. A minimum of 54 credit hours must be in the major with a minimum of 20 credits taken at UVU. A minimum of 28 chemistry credits must be upper-division.
6. Complete all chemistry and physics courses with a minimum grade of "C-" or better.
7. Successful completion of at least one Global/Intercultural course.

Footnote:
1 To be taken with CHEM 1215 Principles of Chemistry I Laboratory
2 To be taken with CHEM 1225 Principles of Chemistry II Laboratory
3 To be taken with CHEM 1210 Principles of Chemistry I PP
4 To be taken with CHEM 1220 Principles of Chemistry II PP

Chemistry Education, B.S.

Requirements
The degree in chemistry education prepares a student to teach chemistry in secondary education. Students that complete this degree receive endorsements to teach chemistry. Completion of this program is dependent upon being accepted into the Secondary Education program through the School of Education. There is a great demand for teachers in chemistry and employment opportunities are excellent. In obtaining this degree, students will learn how to:
- Use modern scientific instruments and interpret results
- Apply principles used in chemistry to solve everyday problems
- Think analytically
- Use problem solving skills
- Categorize information
- Apply learned math skills
- Develop laboratory skills

Total Program Credits: 120

Matriculation Requirements:
1. Students are admitted directly to the Baccalaureate degree program in Chemistry Education upon acceptance to the Secondary Education Program.
2. Students must obtain the departmental Advisor's signature on an approved program plan prior to enrollment in their second semester of study.

Degrees & Programs

Humanities and Social Sciences, A.A.

Requirements

The AA/AS in Humanities and Social Sciences is designed to (a) allow students to explore different majors and career paths within the humanities and social sciences, (b) provide a completion point for students who do not want to pursue a bachelor’s degree, and (c) facilitate transfer to another institution for students who would like to finish their bachelor’s degree elsewhere. The curriculum consists of 35 credits of general education, 12 credits of electives in the College of Humanities and Social Sciences, and 13 free electives from any college within the university.

Total Program Credits: 60

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above (departments may require a higher GPA).
3. Residency hours: minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Applied Communication, Minor

Requirements

The BA/BS/Minor will give students the opportunity to earn a full major/minor in the field of applied communication. This degree prepares students with the necessary skills to (a) examine a wide range of diverse issues, including the communication needs of organizations, effective social interaction, improvement of health care understandings or delivery, implementation of behavioral interventions, training to improve communication, and activist efforts to achieve social change, (b) methodological and (c) theoretical competence to address issues of applied communication, and (d) to practice oral, written, and critical thinking skills.

</table>

Elective Requirements: 9 Credits

Complete 9 credits in the Communication department; 6 of those credits must be upper-division credits (3000-4000 level classes)

Graduation Requirements:

1. Completion of a minimum of 18 or more semester credits.
2. Overall grade point average of 2.0 (C) or above (departments may require a higher GPA).
3. Completion of COMM courses with a C- or higher
Ethnic Studies, Minor

Requirements

Ethnic Studies is an interdisciplinary and intersectional study of differences and diverse connections. Such differences and connections include race, ethnicity, culture, nation, sexuality, and physical abilities that span humanities and social sciences. These studies re-frame and re-center conversations and knowledges about non-dominant histories in the United States and the world.

Total Program Credits: 18

Matriculation Requirements:

1. Admitted to a bachelor degree program at UVU.

Graduation Requirements:

Public Relations and Strategic Communication, Minor

Requirements

Programs of study in Communication at UVU offer a balance of analytic and applied approaches to study in the field. The department offers an expanding menu of beginning and advanced courses in mass communication, public relations, media studies, interpersonal communication, intercultural communication, international communication, organizational communication, and journalism.

Total Program Credits: 18

Discipline Core Requirements:

<table>
<thead>
<tr>

</table>
Graduation Requirements:
1. Completion of a minimum of 18 or more semester credits.
2. Overall grade point average of 2.0 (C) or above (departments may require a higher GPA).
3. Complete all communication classes with a C- or better

Applied Communication, B.A.

Requirements
The BA/BS/Minor will give students the opportunity to earn a full major/ minor in the field of applied communication. This degree prepares students with the necessary skills to (a) examine a wide range of diverse issues, including the communication needs of organizations, effective social interaction, improvement of health care understandings or delivery, implementation of behavioral interventions, training to improve communication, and activist efforts to achieve social change, (b) methodological and (c) theoretical competence to address issues of applied communication, and (d) to practice oral, written, and critical thinking skills.

Total Program Credits: 120

Graduation Requirements:
1. Completion of a minimum of 120 or more semester credits.
2. Overall grade point average of 2.0 (C) or above (departments may require a higher GPA).
3. Residency hours: minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Completion of 16 credit hours of course work from one language to include the 1010, 1020, 2010, and 202G/2020 levels or transferred equivalents.
6. Completion of COMM courses with a C- or higher.
7. Successful completion of at least one Global/Intercultural course.

Applied Communication, B.S.

Requirements
The BA/BS/Minor will give students the opportunity to earn a full major/ minor in the field of applied communication. This degree prepares students with the necessary skills to (a) examine a wide range of diverse issues, including the communication needs of organizations, effective social interaction, improvement of health care understandings or delivery, implementation of behavioral interventions, training to improve communication, and activist efforts to achieve social change, (b) methodological and (c) theoretical competence to address issues of applied communication, and (d) to practice oral, written, and critical thinking skills.

Total Program Credits: 120

Graduation Requirements:
1. Completion of a minimum of 120 or more semester credits.
2. Overall grade point average of 2.0 (C) or above (departments may require a higher GPA).

and HIST 2710  US History since 1877 (3)

Computer Science

Computer Science - Computing and Networking Sciences Emphasis, A.A.S.

Requirements

The program introduces the student to a wide range of networking and data communications technologies and entry level programming.

Total Program Credits: 63

General Education Requirements: 13 Credits

- A minimum of 16 credits of General Education requirements are required for graduation. Not all GE requirements are listed in this section (see Specialty Core requirements for more details).
- ENGL 1010 Introduction to Academic Writing 3
- or ENGH 1005 Literacies and Composition Across Contexts (5)
- HUMANITIES/FINE ARTS/FOREIGN LANGUAGE 1 3
- COMM 2110 Interpersonal Communication (Minimum grade of C- required) 3
- BIOLOGY
- or PHYS 2210 Physics for Scientists and Engineers I (4) (Minimum grade of C- required)
- PHYSICAL EDUCATION/HEALTH/SAFETY OR ENVIRONMENT 2 1

Discipline Core Requirements: 9 Credits

Complete the following:

- CS 1400 Fundamentals of Programming (Minimum grade of C- required) 3
- CS 2600 Computer Networks I (Minimum grade of C- required) 3
- CS 2810 Computer Organization and Architecture (Minimum grade of C- required) 3

Emphasis Requirements: 25 Credits

Complete the following:

- CS 1410 Object-Oriented Programming 3
- CS 2300 Discrete Mathematical Structures I 3
- CS 2370 C plus plus Programming WE 3
- CS 2420 Introduction to Algorithms and Data Structures 3
- CS 2450 Software Engineering 3
- CS 2550 Web Programming I 3
- CS 2690 Computer Networks II 3
- MATH 1210 Calculus 4

Emphasis Elective Requirements: 16 Credits

Complete 16 credits from the following courses (minimum grade of C- required). (Must be approved by CSE Department. See CSE Advisor):

- CS 1030 Foundations of Computer Science (3)
- CS 281R Internship (3.0 credits max.) (1)
- ECE 2700 Digital Design I (3)
- and ECE 2705 Digital Design I Lab (1)

Graduation Requirements:

1. Completion of a minimum of 64 semester credits.
2. Overall grade point average of 2.0 (C) or above.
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.

Footnote

1 Minimum grade of C- required
Computational Data Science, B.S.

Requirements

The BS in Computational Data Science develops strong interdisciplinary skills in mathematics, statistics, computer science, and big data processing. The program teaches how to create algorithms and write code and scripts to solve problems beyond the basic use of existing tools in support of an industrial, enterprise-level big data pipeline. The mix of competencies and experiences required for data science differs significantly from those developed in the individual degree programs in the four areas mentioned above. Students will gain real-world experience as a springboard to working in industry as a data scientist or to pursue a graduate degree.

**Elective Requirements:**

Complete 12 credits from any of the following (A minimum grade of C- is required): 12

- 4 courses from another discipline, at least 6 hours of which must be 3000 level or higher. Requires department head approval.
- Any CS 3000 or 4000 level course not already required

**Graduation Requirements:**

1. Completion of a minimum of 120 semester credits, with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.0 or above.
3. Must have a minimum grade of C- with a combined GPA of 2.5 or higher in all discipline requirements and the General Education requirements that are marked with an *.
4. Residency hours -- minimum of 30 credit hours through course attendance at UVU. 10 of these hours must be within the last 45 hours earned. At least 12 of the credit hours earned in residence must be in approved Computational Data Science (CDS) courses.
5. All transfer credit must be approved in writing by UVU.
6. No more than 80 semester hours and no more than 20 hours in CDS type courses of transfer credit from a two-year college.
7. No more than 30 semester hours may be earned through independent study and/or extension classes.
8. Successful completion of at least one Global/Intercultural course. CS 305G satisfies this requirement.

### Computer Science - Computer Networking Emphasis, B.S.

**Requirements**

The Networking specialization in the Computer Science degree program is designed to prepare students with strong internet-related programming and/or engineering skills. In addition to core Computer Science courses, it requires in-depth courses in network and Internet operations as well as extensive experience in web and network software development.

**Total Program Credits: 120**

**Matriculation Requirements:**

1. Completion of CS 1400, CS 1410, CS 2300, and CS 2420 with a grade of C+ better.
2. Completion of MATH 1210 and ENGL 1010 or ENGH 1005 with a grade of C or better.
3. Each of CS 1400, CS 1410, CS 2300, CS 2420, MATH 1210, and (ENGL 1010 or ENGH 1005) cannot be taken more than twice to obtain the required grade.
4. Overall GPA of 2.5 or higher.

**General Education Requirements:**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>

### Graduation Requirements:

1. Completion of a minimum of 120 semester credits, with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.0 or above. Must have a minimum grade of C with a combined GPA of 2.5 or higher in all discipline core and emphasis requirements and the General Education requirements marked with a footnote.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU. 10 of these hours must be within the last 45 hours earned. At least 12 of the credit hours earned in residence must be in approved CSE Department courses.
4. All transfer credit must be approved in writing by UVU.
5. No more than 80 semester hours and no more than 20 hours in CS type courses of transfer credit from a two-year college.
6. No more than 30 semester hours may be earned through independent study and/or extension classes.
7. Successful completion of at least one Global/Intercultural course.

### Computer Science - Computer Science Emphasis, B.S.

#### Requirements

Computer Science spans the range from theory through programming to cutting-edge development of computing solutions. Computer Scientists master the theory and practice of computing, and explore new and exciting ways to use computers. Systems like Google and Amazon are created by computer scientists.

### Total Program Credits: 120

#### Matriculation Requirements:

1. Completion of CS 1400, CS 1410, CS 2300, and CS 2420 with a grade of C+ better.
2. Completion of MATH 1210 and ENGL 1010 with a grade of C or better.
3. Each of CS 1400, CS 1410, CS 2300, CS 2420, MATH 1210, and (ENGL 1010 or ENGH 1005) cannot be taken more than twice to obtain the required grade.
4. Overall GPA of 2.5 or higher.

The program will appeal to students who largely complete a major, but realize that they need a different major in order to secure a good job. The program is also designed for individuals who have graduated from college, but find it necessary to be retrained in software development in order to enhance long-term employment prospects. For students who already have a baccalaureate degree, they can complete the computer science portion of the program in five to six semesters, depending on the desired course load.

**Total Program Credits: 120**

### Matriculation Requirements:

1. Completion of CS 1400, CS 1410, CS 2300, and CS 2420 with a grade of C+ better.
2. Completion of MATH 1050 and ENGL 1010 with a grade of C or better.
3. Overall GPA of 2.5 or higher.

### General Education Requirements:

- **Physical Science:** 3
- **Additional Biology or Physical Science:** 3

---

**Graduation Requirements:**

1. Completion of a minimum of 120 semester credits, with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.0 or above. Must have a minimum grade of C- with a combined GPA of 2.5 or higher in all discipline core and emphasis requirements and the General Education requirements marked with aa footnote.
3. Residency hours – minimum of 30 credit hours through course attendance at UVU. 10 of these hours must be within the last 45 hours earned. At least 12 of the credit hours earned in residence must be in approved CSE Department courses.
4. All transfer credit must be approved in writing by UVU.
5. No more than 80 semester hours and no more than 20 hours in CS type courses of transfer credit from a two-year college.
6. No more than 30 semester hours may be earned through independent study and/or extension classes.
7. Successful completion of at least one Global/Intercultural course.

---

Footnote

1 Minimum grade required (see Graduation Requirements)

---

**Software Development, B.A.S.**

**Requirements**

The Bachelor of Applied Science in Software Development is a degree to provide a solid foundation of software development skills. It consists mainly of 45 credit hours of computer science classes; the core computer science classes, plus several additional computer science courses selected so as to have greatest practical applicability. The degree will qualify students for mid-level programming jobs with good long-term prospects but not necessarily technical leadership roles.

Extra-Major Specialization: 33 Credits

Courses in a single major other than Computer Science or Software Engineering. At least 16 credit hours must be upper division.

Graduation Requirements:

1. Completion of a minimum of 120 semester credits, with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.0 or above. Must have a minimum grade of C- with a combined GPA of 2.5 or higher in all discipline requirements.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU. Ten of these hours must be within the last 45 hours earned. At least 12 of the credit hours earned in residence must be in approved Computer Science Department courses.
4. No more than 80 semester hours and no more than 20 hours of transfer credit from a two-year college may be applied to the core or elective courses.
5. No more than 30 semester hours may be earned through independent study.
6. Successful completion of at least one Global/Intercultural course.

**Software Engineering, B.S.**

Requirements

Software Engineers design and develop large software systems. In addition, they may lead teams of software developers or quality assurance engineers. They also work with users and customers to understand their needs. Software systems we take for granted, such as Microsoft Office, are implemented by software engineers. Software engineers employ innovative software development approaches, such as Agile software development, to effectively manage software development projects.

Total Program Credits: 120

Matriculation Requirements:

1. Completion of CS 1400, CS 1410, CS 2300, and CS 2420 with a grade of C+ better.
2. Completion of MATH 1210 and (ENGL 1010 or ENGH 1005) with a grade of C or better.
3. Each of CS 1400, CS 1410, CS 2300, CS 2420, MATH 1210, and (ENGL ENGL 1010 or ENGH 1005) cannot be taken more than twice to obtain the required grade.
4. Overall GPA of 2.5 or higher.

Elective Requirements: 9 Credits

Complete 9 credits from the following: 9

Any CS course numbered 3000 or higher not already required.

Graduation Requirements:

1. Completion of a minimum of 120 semester credits, with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.0 or above. Must have a minimum grade of C- with a combined GPA of 2.5 or higher in all discipline core and elective requirements and the General Education requirements marked with a footnote 1.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU. Ten of these hours must be within the last 45 hours earned. At least 12 of the credit hours earned in residence must be in approved CSE Department courses.
4. No more than 80 semester hours and no more than 20 hours of transfer credit from a two-year college may be applied to the core or elective courses.
5. No more than 6 semester hours may be earned through independent study.
6. Successful completion of at least one Global/Intercultural course.

Footnotes: ^Minimum grade of C- required.

Master of Computer Science Graduate Program

Course Descriptions

Computer Science

Degrees & Programs

Computer Science, M.C.S.

Requirements

The Master of Computer Science (MCS) at Utah Valley University is an applied graduate program resulting in a professional degree. Students graduating with this degree will have a broad grounding in computer science as a discipline and be well equipped to take on leadership roles in a wide range of computing technology-related industries. Student education will be focused on developing software systems using current technologies while allowing them the freedom to explore and exploit new technologies to solve real-world problems. Students will be required to develop a broad base of competency by passing required courses in large scale implementation, applied mathematics computing, information management, and software engineering. Electives will allow a student to continue to add breadth to their education or allow them to focus on specific areas of computer science they find interesting or feel will best advance their professional objectives.

Total Program Credits: 30

Graduation Requirements:

6. Applicants found lacking in fundamental computer science background can be conditionally admitted to the MCS. Conditionally admitted students will have an individualized MCS Leveling Plan (MCS LP) developed for them by the Computer Science Graduate Committee. Once the MCS LP has been met by the applicant, the applicant will be deemed to have the fundamental computer science background to enter the program. Graduate policy precludes conditionally admitted students from taking 6000 level courses.

7. All applicants will be subject to the approval of the Computer Science Graduate Committee.

### Cabinetry and Architectural Woodwork, A.S.

**Requirements**

Students may receive a One-Year Certificate, a Diploma, an Associate in Applied Science degree, an Associate in Science degree, or a Bachelor of Science Degree in Technology Management.

**Total Program Credits:** 63
Construction Management, A.A.S.

Requirements

Students may earn an Associate in Applied Science degree. The Clyde Institute of Construction Management Program has been designed to provide students a strong foundation in Construction Management that prepares them for jobs in construction site supervision and/or for advancement on to a BS degree in Construction Management. The program provides courses in building construction, construction management and construction science that apply to all segments of the construction industry with an emphasis on heavy civil and commercial construction. Students will learn about construction materials and methods through the use of readings, 3-D models, hands-on laboratory exercises, and site visits. Construction management courses in estimating and scheduling are also provided along with a strong background in mathematics, computer technology, business and other general education subjects. A supervisory course is also required so students can learn to manage workers at construction sites.

Utah Valley University Course Catalog 2022-2023
## Construction Technologies

### EGDT 1600
Technical Math--Algebra 3

or

### MAT 1030
Quantitative Reasoning (3)

or

### MAT 1035
Quantitative Reasoning with Integrated Algebra (3)

### PHIL 2050
Ethics and Values 3

Any approved Biology or Physical Science Distribution Course 3

### TECH 200G
Technology and Human Life 3

#### Discipline Core Requirements:

48 Credits

### ACC 2010
Financial Accounting 3

### BIT 1010
Building Codes 3

### BIT 1230
Plan Review 3

### CMGT 1010
Introduction to Construction Management 3

### CMGT 1190
Concrete and Framing Lab (3.0)

or

### CMGT 281R
Internship (1)

### CMGT 1220
Finishing Lab (3.0)

or

### CMGT 281R
Internship (1)

### CMGT 2035
Construction Computer Applications 3

### CMGT 2080
Principles of Construction Scheduling 3

### CMGT 3020
Building Envelopes and Mechanical Systems 3

### CMGT 3160
Building Information Modeling 3

### EGDT 1020
3D Architectural Modeling 3

### FAC 1010
Survey of Facilities Management 3

### LEGL 3130
Real Estate Principles and Finance 3

### LEGL 3140
Real Estate Law 3

### MKTG 220G
Written Business Communication WE 3

### MGMT 3000
Organizational Behavior WE 3

#### Graduation Requirements:

1. Completion of a minimum of 65 semester credits.
2. Overall grade point average of 2.0 (C) or above (departments may require a higher GPA).
3. Residency hours: minimum of 20 credit hours through course attendance at UVU.

---

## Building Inspection Technology, Certificate of Completion

### Requirements

Students may earn a One-Year Certificate, an Associate in Applied Science degree, or a Bachelor of Science Degree in Technology Management.

#### Total Program Credits: 31

### Discipline Core Requirements:

31 Credits

### COMM 2110
Interpersonal Communication 3

### BIT 1010
Building Codes 3

### BIT 1170
Field Lab--Building Codes 1

### BIT 1240
Plumbing Codes 3

### BIT 1330
Mechanical Codes 3

### BIT 1340
Electrical Codes 3

### BIT 1380
Ride-Along Lab 1

### CMGT 1020
Construction Materials and Methods I 3

### CMGT 1150
Construction Safety 2

### CMGT 1190
Concrete and Framing Lab (3.0)

or

### CMGT 281R
Internship (3.0)

### CMGT 1220
Finishing Lab (3.0)

or

### CMGT 281R
Internship (3)

### CMGT 2010
Construction Materials and Methods II 3

#### Graduation Requirements:

1. Completion of a minimum of 31 credits.
2. Overall GPA of 2.0 or higher
3. Residency hours -- Minimum of 10 credits required through course attendance at UVU

---

## Cabinetry and Architectural Woodwork, Certificate of Completion

### Requirements

Students may receive a One-Year Certificate, a Diploma, an Associate in Applied Science degree, an Associate in Science degree, or a Bachelor of Science Degree in Technology Management.

#### Total Program Credits: 32

### Discipline Core Requirements:

32 Credits

### ACC 1150
Fundamentals of Business Math 3

### CAW 1130
Residential Cabinetry 4

### CAW 1140
Millworking and Safety Shop I 5

### CAW 1150
Design Drafting and Billing 3

### CAW 1170
Finish Technology 2

### CAW 1210
Cabinetmaking Materials and Hardware 1

### CAW 1240
Millworking Shop II 5

### CAW 1250
Drafting and Computer Applications for Cabinetmakers 4

### CAW 2310
Cabinetry Math 2

### EGDT 1040
Fundamentals of Technical Engineering Drawing 3

#### Graduation Requirements:

1. Completion of a minimum of 32 semester credits.
2. Overall grade point average of 2.0 (C) or above.
3. Residency hours -- minimum of 10 credit hours required through course attendance at UVU.
4. Complete all courses with a minimum grade of "C-" or better.
Cabinetry and Architectural Woodwork, Certificate of Proficiency

Requirements
The Certificate of Proficiency in Cabinetry and Architectural Woodwork is available for all UVU students with a particular focus for high school students who desire to obtain a stackable certificate of proficiency with an emphasis in career and technical education while still enrolled in high school. This certificate will also be available from the University for college students/adults looking for basic entry-level skills leading to further academic advancement and learn more about the Cabinetry career field.

Total Program Credits: 17

Woodworking Education, Certificate of Proficiency

Requirements
The CP in Woodworking Education is a package of existing courses that provides licensed, secondary education teachers in Utah with a pathway for adding the Associate level Woods endorsement to their professional portfolio. In addition, it establishes a means for individuals who wish to enter the teaching profession and are seeking a teaching credential with a means to demonstrate the content knowledge required for the Associate level Woods endorsement. It supports the endorsement portion of the licensing process only. It is not a full-fledged teacher preparation program and does not result in a recommendation for licensure.

Choose 9 credits from the following:

- Upper division Woodbury School of Business courses
- Upper division Technology Management courses
- Other upper division Technical Specialty courses as approved by Department Chair
- Any upper division CMGT or EGDT courses not already completed.

### Graduation Requirements:

1. Completion of a minimum of 120 semester hours
2. A minimum of 40 credits must be upper-division (numbered 3000 or above).
3. Overall grade point average of 2.0 (C) or above
4. No grade lower than a C- in any Discipline Core or Elective course
5. Completion of GE and specified departmental requirements
6. Residency hours - Minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours
7. Successful completion of at least one Global/Intercultural course.

Graduation Requirements:

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours: Minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. For the AA degree, completion of 8 credit hours of course work from one language.
6. Must have a grade of C- or higher in all discipline core and criminal justice elective requirements.

Criminal Justice, A.S.

Requirements

Students in Criminal Justice may receive a Certificate of Proficiency in Law Enforcement Academy, an Associate in Science Degree in Criminal Justice, a Bachelor of Science Degree in Criminal Justice, or a Bachelor of Science Degree in Forensic Science.
Criminal Justice/Law Enforcement

Total Program Credits: 60

General Education Requirements: 35 Credits

ENGL 1010 Introduction to Academic Writing 3
or ENGH 1005 Literacies and Composition Across Contexts (5)
ENGL 2010 Intermediate Writing/Academic Writing and Research 3

Complete one of the following: 3

MAT 1030 Quantitative Reasoning (3)
MAT 1035 Quantitative Reasoning with Integrated Algebra (6)
STAT 1040 Introduction to Statistics (3)
STAT 1045 Introduction to Statistics with Algebra (5)
MATH 1050 College Algebra (4)
MATH 1055 College Algebra with Preliminaries (5)

Complete one of the following: 3

HIST 2700 US History to 1877 (3)
and HIST 2710 US History since 1877 (3)
HIST 1700 American Civilization (3)
HIST 1740 US Economic History (3)
POLS 1000 American Heritage (3)
POLS 1100 American National Government (3)

Complete the following:

PHIL 2050 Ethics and Values 3
HLTH 1100 Personal Health and Wellness 2
or EXSC 1097 Fitness for Life (2)

Distribution Courses:

Biology 3
Physical Science 3
Additional Biology or Physical Science 3
Humanities Distribution 3
Fine Arts Distribution 3
Social/Behavioral Science 3

Discipline Core Requirements: 15 Credits

CJ 1010 Introduction to Criminal Justice 3
CJ 1340 Criminal Investigations 3
CJ 1350 Introduction to Forensic Science 3
CJ 1330 Criminal Law 3
CJ 2350 Laws of Evidence 3

Elective Requirements: 10 Credits

Electives may consist of any Criminal Justice (CJ) course that is not part of the core requirements, Forensic Science (FSCI) or National Security Studies (NSS) courses.

Graduation Requirements:

1. Completion of a minimum of 60 or more semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)

3. Residency hours: Minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. Must have a grade of C- or higher in all discipline core and criminal justice elective requirements.

Intelligence Studies, A.S.

Requirements

The Associate of Science in Intelligence Studies exposes students to the wide range of theoretical and functional issues related to the field of military intelligence. Students are prepared for employment in the intelligence field. This degree is limited to students participating in the Utah National Guard’s (UNG) military intelligence education program at Camp Williams in Bluffdale, Utah.

Total Program Credits: 60

Matriculation Requirements:

Students in the AS program must be admitted to the Utah National Guard’s Military Intelligence Education program and admitted to UVU.

General Education Requirements: 35 Credits

ENGL 1010 Introduction to Academic Writing 3
or ENGH 1005 Literacies and Composition Across Contexts (5.0)
ENGL 2010 Intermediate Writing/Academic Writing and Research 3

Complete one of the following: 3

MAT 1030 Quantitative Reasoning (3.0)
MAT 1035 Quantitative Reasoning with Integrated Algebra (6.0)
MAT 103H Quantitative Reasoning (3.0)
STAT 1040 Introduction to Statistics (3.0)
STAT 1045 Introduction to Statistics with Algebra (5.0)
MATH 1050 College Algebra QL (4)
MATH 1055 College Algebra with Preliminaries (5)
MATH 1090 College Algebra for Business (3.0)

Complete one of the following: 3

HIST 1700 American Civilization (3.0)
HIST 1740 US Economic History (3.0)
POLS 1000 American Heritage (3.0)
POLS 1100 American National Government (3.0)

Complete the following:

PHIL 2050 Ethics and Values 3
HLTH 1100 Personal Health and Wellness 2
or EXSC 1097 Fitness for Life (2.0)

Distribution Courses:

Biology 3
Physical Science 3
Additional Biology or Physical Science 3
Humanities 3
Fine Arts 3
Social/Behavioral Science 3
Graduation Requirements:

1. Students will be required to earn 60 credits in order to graduate with the AS in Intelligence Studies.
2. 15 of those credits must be from Intelligence Studies (INST) classes.
3. Students must also complete 35 credits of general education courses as described below and ten credits of elective courses.
4. Students must have an overall grade point average of 2.0 (C) or above and a grade of C- or higher in all core and elective requirements.
5. A minimum of 20 credit hours must be earned through course attendance at UVU.

Criminal Justice, Certificate of Proficiency

Requirements

The Certificate of Proficiency in Criminal Justice is available for all UVU students with a particular focus designed to provide high school students an opportunity to obtain a certificate of proficiency with a focus on a Career and Technical Education (CTE) field while still enrolled in high school that will stack into certificates and associate degrees at UVU. This certificate will be available from the University for college students/adults looking for entry-level skills leading to further academic advancement and learn more about the criminal justice field.

Total Program Credits: 15

Law Enforcement, Certificate of Proficiency

Requirements

Utah Valley University is a sanctioned provider of the Utah Law Enforcement Academy, the basic training program for certification of law enforcement officers. The academy is divided into two modules. The first, or core, provides training required for certification of special function officers and is foundational for law enforcement and correctional officers. The second module is required for certification as a reserve or law enforcement officer.

Total Program Credits: 18

National Security Studies, Certificate of Proficiency

Requirements

The NSS certificate of proficiency is aimed at students with a baccalaureate degree who are looking to re-tool or specialize in national security in order to enter or advance in a national security career. The certificate will provide an interdisciplinary program that prepares students for and allows existing professionals to advance in public and private sector national security careers through acquisition of subject matter expertise and analytical skills. This certificate will expose students to the wide variety of critically important security challenges and issues faced in the twenty-first century, such as terrorism and cyber security, nuclear proliferation and weapons of mass destruction, piracy and global pandemics, sovereignty and the use of force, and civil liberties and the rule of law. Students will also acquire skills such as critical thinking, writing, briefing, and analysis techniques specifically tailored for the national security field, but applicable in many others. Whether students are interested in counterterrorism, homeland security, intelligence gathering and analysis, foreign relations, law and politics, diplomacy, or international development, the NSS certificate of proficiency will provide insight and skills needed to succeed in these professions.

Graduation Requirements:

1. Completion of a minimum of 120 semester credits with 40 semester credits from 3000- and 4000-level courses.
2. Overall grade point average of 2.0 (C) or above. Must have a grade of C- or higher in all discipline core and criminal justice elective requirements.
3. Residency hours: minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Successful completion of at least one Global/Intercultural course.

Forensic Science - Forensic Investigation Emphasis, B.S.

Requirements

The Forensic Investigation Emphasis within the BS in Forensic Science will provide an interdisciplinary program that prepares students for public, state, and federal careers with needed forensic investigation subject matter expertise and analytical skills. This emphasis will expose students to the wide variety of critically important forensic investigation techniques, which are currently practiced within various forensic service providers and law enforcement agencies today. Students will be exposed to various techniques such as the identification and proper collection of evidence found at crime scenes, accurate crime scene documentation skills, forensic photography, death investigations, fingerprint processing/examinations, impression evidence/examination, bloodstain pattern analysis, crime scene reconstruction, firearms and tool mark evidence/examination. Students will also acquire skills such as critical thinking, writing, expert testimony, and analysis techniques specifically tailored for forensic investigation fieldwork. This emphasis will provide students with the overall professional skills, work ethic, and demeanor required of forensic investigators.

Total Program Credits: 125

Matriculation Requirements:

1. Completion of all general education courses.
2. Completion of all lower division CJ courses with a B- grade or higher.
3. Completion of MATH 1080 (or MATH 1050 and MATH 1060), BIOL 1610, BIOL 1615, CHEM 1210, CHEM 1215, CHEM 1220, 1225, PHYS 2010, PHYS 2015 with a B- grade or higher.
4. Overall GPA of 2.7 or higher.
5. Interview with forensic science faculty member.

3. Must have a grade of C+ or higher in CJ 1350 and FSCI 3400; must have a C- or higher in all other core and elective courses.
4. Residency hours: minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
5. Completion of GE and specified departmental requirements.
6. Successful completion of at least one Global/Intercultural course.

**Forensic Science - Forensic Laboratory Emphasis, B.S.**

**Requirements**

The Forensic Laboratory Emphasis within the BS in Forensic Science will provide students with a comprehensive science-based undergraduate education, which enables students to enter into a forensic science career. This emphasis will provide the necessary technical and theoretical knowledge, skills, and abilities of modern forensic techniques. Students will employ the theoretical and practical principles of chemistry, biology, physics, and mathematics in order to perform forensic science work commonly conducted within a crime laboratory. Science-based study and application of these principles will expose students to a stimulating academic environment conducive to scholarly inquiry. Students will gain the knowledge and ability for research-based projects and for potential improvement of the forensic community. Throughout this program, students will utilize effective written and oral communication skills required of forensic experts, as well as demonstrate work ethic, professional demeanor, reliability, and proper interpersonal skills.

Any Upper Division CJ Course

**Graduation Requirements:**
1. Completion of a minimum of 125 or more semester credits, 40 credits of which must be upper division.
2. Overall grade point average of 2.0 (C) or above.
3. Must have a grade of C+ or higher in CJ 1350 and FSCI 3400; must have a C- or higher in all other core and elective courses.
4. Residency hours: minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
5. Completion of GE and specified departmental requirements.
6. Successful completion of at least one Global/Intercultural course.

**National Security Studies, B.A. Requirements**

The BA/BS in National Security Studies (NSS) will provide an interdisciplinary program that prepares students for public and private sector national security careers through acquisition of subject matter expertise and analytical skills. This baccalaureate degree program will expose students to the wide variety of critically important security challenges and issues faced in the twenty-first century such as: terrorism and cyber security, nuclear proliferation and weapons of mass destruction, piracy and global pandemics, sovereignty and the use of force, and civil liberties and the rule of law. Students will also acquire skills such as critical thinking, writing, briefing, and analysis techniques specifically tailored for the national security field, but applicable in many others. Whether students are interested in counterterrorism, homeland security, intelligence gathering and analysis, foreign relations, and law...
politics, diplomacy, or international development, the NSS BA/BS will provide insight and skills needed to succeed in these professions.

**Total Program Credits: 120**

Degrees & Programs
Culinary Arts, A.A.S.

Requirements
The Culinary Arts Institute (CAI) at UVU provides premier training for students interested in a career in professional cooking or baking. The program offers small, hands-on classes, focusing on individualized attention and development. The Culinary Arts Institute provides experience, through “engage” industry based learning.

The Culinary Arts Institutes comprehensive course of study covers several service areas; including not only learning how to cook and bake, but key requirement to success such as; customer service, business and finance management, marketing and advertising. CAI students learn how to apply these skills to a variety of food service establishments and operations. The practical and theoretical instruction covers such areas as food service safety and sanitation, professional dining room service, menu planning, nutrition and purchasing-storeroom management procedures.

While studying Culinary Arts at UVU, students gain a solid understanding of the food and beverage industry and learn the newest techniques in food and baking production using state-of-the-art equipment in our kitchen labs. The CAI also applies real world training as students run, full service, fine dining operations at Restaurant Forte, located in the UCCU Center and the Canyon Park Café located the Culinary Arts Institute in North Orem. These industry based learning models allow students to work with a wide range of foods while directly interacting with the public. In order to get the full breadth of running their own food service establishment, students work in a variety of functions including waiting tables, purchasing, preparing food, hosting, and supervising as the head chef.

Total Program Credits: 63

Matriculation Requirements:

1. Completion of the following courses with a grade of C- or better. CA 1160; CA 1490 (including current ServSafe certification); MAT 0990; ENGL 1005 or ENGL 1010.

2. Acceptance into the Culinary Arts Institute by completion of application process (see Advisor for specific details).

3. Overall GPA: 2.0 or better.

General Education Requirements: 10 Credits

degrees & Programs

Cybersecurity, M.S.

Requirements

The Master of Science in Cybersecurity is intended for individuals who desire to acquire additional cybersecurity knowledge, skills, and abilities in order to pursue new or advance existing careers in cybersecurity. The program is also designed for individuals who plan to pursue doctorate degrees in cybersecurity or related fields. The program focuses on the managerial and technical perspectives of cybersecurity through extensive use of case-studies and hands-on lab exercises.

Total Program Credits: 30

Matriculation Requirements:

1. Bachelor's degree with a GPA of at least 3.2 on a 4.0 scale from an accredited institution in one of the following fields: (Applicants who have bachelor's degrees in other fields may be admitted to the program if they have at least two years of technology or cybersecurity industry experience and have completed undergraduate courses in data communication, programming, and server administration with a grade of C+ or better. Students may also take a comprehensive exam on these topics to satisfy this admission requirement. These applications will be handled on a case-by-case basis.) 1. Information Systems; 2. Information Security; 3. Information Technology; 4. Computer Science
2. Admission essay.
3. Completed application for admission.
4. Official transcripts from all attended institutions of higher education.
5. Two letters of recommendation

Discipline Core Requirements: 21 Credits

Course Descriptions

Dance

Degrees & Programs

Dance, A.S.

Requirements

Students interested in pursuing a degree in dance can choose from the following degree paths: AS Pro-Major in Dance, BFA in Dance with an emphasis in Ballet or Modern Dance, BS in Dance with an emphasis in Ballroom Dance, and BS in Dance Education. In addition to career training, the Department of Dance provides opportunities for all interested students to explore the many forms of dance as elective and/or general education credit. The study of dance offers personal and cultural enrichment for majors and non-majors alike and allows students to augment their physical and theoretical skill as they study dance in relationship to the self, society, and other arts and disciplines.

Total Program Credits: 60

Elective Requirements: 22 Credits

Complete the following: 22 Credits

Distribution Courses:

- Biology (BIOL 1010 recommended) 3
- Physical Science 3
- Additional Biology or Physical Science (ZOOL 1090 recommended) 3
- Humanities Distribution 3
- DANC 2110 Orientation to Dance 3
- Social/Behavioral Science 3

Discipline Core Requirements: 22 Credits

Choose one of the following: 1

- DANC 144R Modern/Contemporary Dance Technique and Theory I/Semester II 3
- DANC 161R Dance Conditioning 1
- DANC 2330 Improvisation 1
- DANC 2340 Composition 2
- DANC 265R Fundamentals of Movement 2
- or DANC 2670 Introduction to Laban Studies 2
- DANC 256G Dance and Culture 3

Choose one of the following: 1

- DANC 150R Beginning Jazz Dance 1
- DANC 151R Intermediate Jazz Dance 1
- DANC 156R African Dance I 1
- DANC 158R Tap Dance I 1
- DANC 159R Urban Dance I 1
- DANC 160R Urban Dance II 1
- DANC 162R Polynesian Dance I 1
- DANC 170R American Social Dance I 1

Elective Requirements: 5 Credits

Complete 2 credits from the following: 2

- DANC 171R International Ballroom Dance I 1
- DANC 172R Latin Ballroom Dance I 1

Complete one of the following: 3

- HIST 2700 US History to 1877 (3)
- and HIST 2710 US History since 1877 (3)
- HIST 1700 American Civilization (3)
- HIST 1740 US Economic History (3)
- POLS 1000 American Heritage (3)
- POLS 1100 American National Government (3)

Complete one of the following: 3

- PHIL 2050 Ethics and Values 3

Complete the following:

Introduction to Laban Studies (2)

Complete 2 credits from the following:

- DANC 160R African Dance I (1)
- DANC 156R African Dance I (1)
- DANC 158R Tap Dance I (1)
- DANC 159R Urban Dance I (1)
- DANC 160R Urban Dance II (1)
- DANC 162R Polynesian Dance I (1)
- DANC 170R American Social Dance I (1)

Complete one of the following: 1

- DANC 150R Beginning Jazz Dance (1)
- DANC 151R Intermediate Jazz Dance (1)
- DANC 156R African Dance I (1)
- DANC 158R Tap Dance I (1)
- DANC 159R Urban Dance I (1)
- DANC 160R Urban Dance II (1)
- DANC 162R Polynesian Dance I (1)
- DANC 170R American Social Dance I (1)

Complete 2 credits from the following:

- DANC 171R International Ballroom Dance I (1)
- DANC 172R Latin Ballroom Dance I (1)

Complete one of the following: 3

- STAT 1045 Introduction to Statistics with Algebra (5)
- MATH 1050 College Algebra (recommended for Business, Education, Science, and Health Professions majors) (4)
- MATH 1055 College Algebra with Preliminaries (5)
- MATH 1090 College Algebra for Business (3)
Graduation Requirements:
1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Dance - Ballet Emphasis, B.F.A.

Requirements
Students interested in pursuing a degree in dance can choose from the following degree paths: AS Pre-Major in Dance, BFA in Dance with an emphasis in Ballet or Modern Dance, BS in Dance with an emphasis in Ballroom Dance, and BS in Dance Education. In addition to career training, the Department of Dance provides opportunities for all interested students to explore the many forms of dance as elective and/or general education credit. The study of dance offers personal and cultural enrichment for majors and non-majors alike and allows students to augment their physical and theoretical skill as they study dance in relationship to the self, society, and other arts and disciplines.

Total Program Credits: 120

Matriculation Requirements:
1. Completion DANC 2110, and DANC 2330 with B- or higher.
2. Ballet emphasis: Completion of DANC 227R (2 semesters), with a grade of B- or higher.
3. Modern emphasis: Completion of DANC 143R and DANC 144R with a B- or higher.
4. Pass audition, interview, and portfolio review with faculty members.
5. Cumulative GPA of 2.75 or higher.
### Dance

**DANCE 221R**  
Pointe II (2 semesters required) (1)  
2

or

**DANCE 222R**  
Ballet Technique and Theory II for Men (2 semesters required) (1)

**DANCE 225R**  
Character Dance I (1)

1

**DANCE 321R**  
Pointe III (2 semesters required) (1)  
2

or

**DANCE 322R**  
Ballet Technique and Theory III for Men (2 semesters required) (1)

**DANCE 327R**  
Ballet Technique III (four semesters in Level III or higher) (3)  
12

**DANCE 421R**  
Pointe IV (4 semesters required) (1)  
4

or

**DANCE 423R**  
Ballet Technique and Theory IV for Men (4 semesters required) (1)

**DANCE 424R**  
Pas de deux (1)

1

**DANCE 425R**  
Repertory Ballet Ensemble (2 semesters required total) (3)

or

**DANCE 429R**  
Utah Metropolitan Ballet Repertory (2 semesters required total) (3)

**DANCE 3340**  
Ballet Choreography (2)

2

**DANCE 427R**  
Ballet Technique IV (2 semesters in Level IV or higher) (3)  
6

or

**DANCE 428R**  
Ballet Technique V (2 semesters in Level IV or higher) (3)

**DANCE 4260**  
Ballet Pedagogy

3

**Emphasis Elective Requirements:**  
6 Credits

Choose 6 credits from the following:  
6

**DANCE 151R**  
Intermediate Jazz Dance (1)

**DANCE 170R**  
American Social Dance I (1)

**DANCE 171R**  
International Ballroom Dance I (1)

**DANCE 172R**  
Latin Ballroom Dance (1)

**DANCE 2260**  
Character Dance II (1)

**DANC 3610**  
Intermediate Dance Conditioning and Injury Prevention (2)

**DANC 365R**  
Advanced Fundamentals of Movement (2)

**DANC 3670**  
Movement Analysis (3)

**DANC 425R**  
Repertory Ballet Ensemble (3)

**DANC 429R**  
Utah Metropolitan Ballet Repertory (repeatable for 9 semesters) (3)

**THEA 1033**  
Acting I (3)

Any DANC course not previously taken.

Complete 3 credits from any course(s) 1000 level or higher (Students must have 40 upper division credits hours to graduate.)  
3

### Graduation Requirements:

1. Completion of a minimum of 120 semester credits; a minimum of 40 credits must be upper division.
2. Overall GPA of 2.0 (C) or above.
3. Overall GPA of 2.5 or above in all DANC courses.
4. Residency hours: minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
5. Completion of GE and specified departmental requirements.
6. Successful completion of at least one Global/Intercultural course.

### Dance - Ballroom Dance Emphasis, B.S.

**Requirements**

Students interested in pursuing a degree in dance can choose from the following degree paths: AS Pre-Major in Dance, BFA in Dance with an emphasis in Ballet or Modern Dance, BS in Dance with an emphasis in Ballroom Dance, and BS in Dance Education. In addition to career training, the Department of Dance provides opportunities for all interested students to explore the many forms of dance as elective and/or general education credit. The study of dance offers personal and cultural enrichment for majors and non-majors alike and allows students to augment their physical and theoretical skill as they study dance in relationship to the self, society, and other arts and disciplines.

**Total Program Credits: 120**

#### Matriculation Requirements:

1. Completion of DANC 270R, DANC 271R, DANC 272R, DANC 2110, and DANC 2330 with a grade of B- or better.
2. Pass audition, interview, and portfolio review with faculty members.
3. Cumulative G.P.A. of 2.75 or higher.

**Education Courses:** Must be completed with a grade of B- or higher.

- EDEL 1010 | Introduction to Education | 2 |
- EDSC 3000 | Educational Psychology | 3 |
- EDSC 325G | Equitable Technology Integration | 2 |
- EDSP 340G | Exceptional Students | 2 |
- EDSC 4250 | Classroom Management II | 2 |
- EDSC 4440 | Content Area Literacies | 3 |
- EDSC 445G | Multicultural Instruction ESL | 3 |
- EDSC 455G | Secondary Curriculum Instruction and Assessment | 3 |
- EDSC 4850 | Student Teaching--Secondary | 8 |
- EDSC 4990 | Teacher Performance Assessment Project WE | 2 |

**Graduation Requirements:**

1. Completion of a minimum of 125 semester credits, a minimum of 40 credits must be upper division.
2. Overall Grade of 3.0 (B) or above with no grade lower than a C or better in major required content courses and no grade lower than a B- in Licensure and Methods courses.
3. Residency hours: minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Successful completion of at least one Global/Intercultural course.

Degrees & Programs

Digital Audio, A.A.S.

Requirements

The UVU AAS in Digital Audio is a powerful gateway into the fascinating world of album recording and mixing, location and post-production sound for film and video, audio restoration and forensics, live sound, radio production, gaming, and audio hardware and software design. Students will use industry-leading equipment including SSL, Audient, AVID ProTools, Universal Audio, Neumann, Waves, Tube Tech, AKG, and many others. By graduation, each student will have produced and engineered numerous music, ADR, Foley, and sound effects sessions, including professional-level mixes; will have their choice of many other areas of audio expertise; and will be professional employment-ready.

Graduation Requirements:

1. Completion of a minimum of 64 semester credits.
2. Residency hours—minimum of 20 credit hours through course attendance at UVU.
3. Students must have a minimum AGGREGATE GPA of 2.0 (C letter grade) or higher (including core, electives, and GE)
4. Students must have an individual GPA in EACH CORE COURSE in the Audio AAS program of 2.5 (B minus) or higher.

Digital Cinema Production, A.A.S.

Requirements

Digital cinema is the design, development, and delivery of digital cinema content through the process of pre-production, production, and post-production. The curriculum integrates digital cinema mediums to entertain, educate, and communicate ideas and information. This program provides motivated and dedicated students the opportunity to work with professionally active faculty members committed to the future of digital disciplines. The Associate of Applied Science in Digital Cinema will provide students with employable skills and a pathway to further education.

### Digital Communication Technology, A.A.S.

**Requirements**

Digital Media (DGM) fuses both fundamental theory and practical application in the production of electronically-generated content to be delivered via internet, radio and television, digital cinema, computer games, animation and cinematic visual effects, as well as for emerging technologies such as mobile computing (hand-held computing devices). The curriculum integrates these digital mediums to entertain, educate, and communicate ideas through meaningful human interaction. DGM provides motivated and dedicated students the opportunity to work closely with professionally active faculty members committed to the future of the digital disciplines. Students in Digital Media may earn either a Certificate of Proficiency in Digital Cinema, Associate in Applied Science Degree, or a Bachelor of Science Degree. Areas of emphasis include: Digital Communication Technology, Audio Production, Digital Motion Picture Production, Gaming and Animation, Internet Technologies.

**Total Program Credits: 63**

---

### General Education Requirements:
- **17 Credits**
- **ENGLISH**
  - ENGL 1010 Introduction to Academic Writing (3)
  - or ENGH 1005 Literacies and Composition Across Contexts (5)
- **MATHEMATICS**
  - MAT 1010 Intermediate Algebra (4)
- **HUMANITIES/FINE ARTS/FOREIGN LANGUAGE**
  - Choose one of the following: (3)
    - PHIL 2050 Ethics and Values (3)
    - Any approved Humanities, Fine Arts, or Foreign Language Distribution Course
- **SOCIAL AND BEHAVIORAL SCIENCE**
  - Any approved Behavioral Science, Social or Political Science Distribution Course
- **BIOLOGY OR PHYSICAL SCIENCE**
  - Any approved Biology or Physical Science Distribution Course
- **PHYSICAL EDUCATION/HEALTH/SAFETY OR ENVIRONMENT**
  - Choose one of the following: (1)
    - HLTH 1100 Personal Health and Wellness (2)
Graduation Requirements:
1. Completion of a minimum of 63 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Web Design and Development, A.A.S.

Requirements
Web design and development fuses together the design, development, and delivery of rich media content through the medium of the internet to hand held mobile devices as well as desktop computers. The curriculum integrates these digital mediums to entertain, educate, and communicate ideas and information through meaningful human interaction. This program provides motivated and dedicated students the opportunity to work closely with professionally active faculty members committed to the future of digital disciplines. The Associate of Applied Science in Web Design and Development will provide students with employable skills and a pathway to further education.

Total Program Credits: 63

Elective Requirements: 30 Credits
Complete 30 credits from approved DGM electives (see advisor)

Digital Media

Graduation Requirements:
1. Completion of a minimum of 63 semester credits.
2. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
3. Overall grade point average of 2.0 (C) or above.
4. Completion of GE and specified departmental requirements.

Digital Cinema, Certificate of Proficiency

Requirements
Digital Media (DGM) fuses both fundamental theory and practical application in the production of electronically-generated content to be delivered via internet, radio and television, digital cinema, computer games, animation and cinematic visual effects, as well as for emerging technologies such as mobile computing (hand-held computing devices). The curriculum integrates these digital mediums to entertain, educate, and communicate ideas through meaningful human interaction. DGM provides motivated and dedicated students the opportunity to work closely with professionally active faculty members committed to the future of the digital disciplines. Students in Digital Media may earn either a Certificate of Proficiency in Digital Cinema, Associate in Applied Science Degree, or a Bachelor of Science Degree. Areas of emphasis include: Digital Communication Technology, Audio Production, Digital Motion Picture Production, Gaming and Animation, Internet Technologies.

Elective Requirements: 7 Credits
Take 7 credits from the following:
- ART 1210 Observational Drawing (3)
- ART 2250 Gestural Drawing (3)
- CS 1410 Object-Oriented Programming (3)
- DGM 2600 The Animated Image (3)
- DGM 281R Internship (1-8)
- DGM 3610 Game Design II (3)
- DGM 3641 Game Level Design (3)
- DGM 4621 Performance Animation (3)
- DGM 481R Internship (1-8)
- THEA 1033 Acting I (3)
Or advisor approved electives

Graduation Requirements:
1. Completion of a minimum of 120 semester credits.
2. A minimum of 2.5 GPA in all discipline core courses with no grade lower than a C- required for graduation. To qualify for the portfolio review, DGM courses must be completed with a grade of B- or higher.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements, which includes a portfolio review and acceptance into the degree.
5. Successful completion of at least one Global/Intercultural course.

Footnotes:
1-ENGL 220G Introduction to Literature or ENGL 2130 Science Fiction recommended
2-THEA 1023 Introduction to Film recommended

Digital Audio, B.S.
Requirements
The BS in Digital Audio allows students to study, without distraction, the physics and mathematics of audio engineering, basic audio-related electronics, recording tools and techniques, mixing tools and techniques, mastering tools and techniques, radio production, room acoustics and design, production sound for film and television, post-production sound, audio restoration (archival, historical, and forensic), and the business and marketing practices of the audio industry.

Total Program Credits: 120

5. Successful completion of at least one Global/Intercultural course.

**Digital Cinema Production, B.S.**

**Requirements**

The BS degrees in Digital Cinema Production trains students in the development, production, and post-production process of filmed media content for a variety of platforms. Using a hands-on, practical approach, students learn the tools, equipment, technologies, software, and protocols that are used on sets and post-production facilities, large and small, throughout the world. The curriculum focuses on creating character driven stories and how to use emerging digital technologies to enhance storytelling. Advanced students can choose to focus their study on different skill-sets within the digital cinema production process including, but not limited to, directing for digital cinema, writing for digital cinema, cinematography, production, post-production, documentary, and sports broadcasting.

**Graduation Requirements:**

1. Completion of a minimum of 120 semester credits.
2. A minimum of 2.5 GPA in all discipline core courses with no grade lower than a C- required for graduation. To qualify for the portfolio review, DGM courses must be completed with a grade of B- or higher.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements, which includes a portfolio review and acceptance into the degree.
5. Successful completion of at least one Global/Intercultural course.

**Footnote:**

1. THEA 2311 recommended
2. MGMT 1010 recommended

### Web Design and Development - Interaction and Design Emphasis, B.S.

**Requirements**

The BS in Web Design and Development allows students to study app development for mobile devices, web design, and development for mobile friendly websites, digital magazine publishing, and user experience design. In order to be successful in these areas, students need skills in design and content creation.

**Total Program Credits: 120**

Complete one of the following:

- 3
Complete one of the following: 3
- HIST 2700 US History to 1877 (3.0)
- and
- HIST 2710 US History since 1877 (3.0)
- HIST 1700 American Civilization (3.0)
- HIST 1740 US Economic History (3.0)
- POLS 1000 American Heritage (3.0)
- POLS 1100 American National Government (3.0)

Complete the following:
- PHIL 2050 Ethics and Values (3)
- HLTH 1100 Personal Health and Wellness (2)
- or
- EXSC 1097 Fitness for Life (2.0)

Distribution Courses
- Biology (3)
- Physical Science (3)
- Additional Biology or Physical Science (3)
- Humanities Distribution (3)
- Fine Arts Distribution (3)
- Social/Behavioral Science (3)

Discipline Core Requirements: 44 Credits
- DGM 1220 Digital Design Essentials (3)
- DGM 1230 Interaction Design Essentials (3)
- DGM 1240 Communicating Digital Design WE (3)
- DGM 1600 Scripting for Internet Technologies (3)
- DGM 2120 Web Essentials (3)
- DGM 221R Interaction Design Practicum (1)
- DGM 2240 Interaction Design (3)
- DGM 2250 Principles of Digital Design (3)
- DGM 2341 Media Formats and Outputs (3)
- DGM 301R Digital Lecture Series (1)
- DGM 312G Digital Media for Intercultural Communication (3)
- DGM 3110 Corporate Issues in Digital Media WE (3)
- DGM 3220 Digital Media Project Management (3)
- MKTG 3690 Digital Marketing Analytics (3)
- DGM 490R Senior Capstone (This course must be repeated for a total of 6 credits)

Emphasis Requirements: 6 Credits
- DGM 3240 Interaction Design Colloquium (3)
- DGM 3260 Immersive Experiences II (3)
- DGM 3271 Digital Product Design Studio (3)
- DGM 481R Internship (1)

Emphasis Elective Requirements: 31 Credits
Complete 31 credits from one of the following two tracks

Interaction and Design Requirements
- ART 1410 Typography I (3)
- DGM 221R Interaction Design Practicum (1)
- DGM 2260 Immersive Experiences I (3)
- DGM 2270 Digital Product Experiences I (3)
- DGM 2280 Interactive Media Production (3)
- DGM 2320 Digital Photography and Compositing I (3)
- DGM 281R Internship (1)
- DGM 320R Advanced Topics in Digital Media Design (3)
- DGM 321R Advanced Interaction Design Practicum (1)
- DGM 3270 Digital Product Experiences II (3)
- DGM 3280 Adaptive Media Experiences (3)
- DGM 3320 Digital Photography and Compositing II (3)
- DGM 4260 Interactive Media Strategies (3)
- DGM 4290 Designing Voice Experiences (3)
- DGM 4620 Producing Technology-based Training (3)

Mixed Reality Track Recommended Electives
- DGM 1110 Digital Media Essentials I (4)
- DGM 1645 Mixed Reality Essentials (3)
- DGM 2245 Mixed Reality Experiences I (3)
- DGM 2545 Virtual Reality for Digital Cinema Storytelling (3)
- DGM 2760 Web Languages I (3)
- DGM 3261 Mixed Reality Experiences II (3)
- DGM 4261 Mixed Reality Studio (3)
- DGM 3545 Advanced Editing for Mixed Reality Content (3)
- DGM 3320 Digital Photography and Compositing II (3) (This has a prerequisite of DGM 2320)
- DGM 3270 Digital Product Experiences II (3)
- DGM 3280 Adaptive Media Experiences (3)
- DGM 320R Advanced Topics in Digital Media Design (1)
- DGM 321R Advanced Interaction Design Practicum (1)

Graduation Requirements:
1. Completion of a minimum of 120 semester credits.
2. A minimum of 2.5 GPA in all discipline core courses with no grade lower than a C- required for graduation. To qualify for the portfolio review, DGM courses must be completed with a grade of B- or higher.

3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.

4. Completion of GE and specified departmental requirements, which includes a portfolio review and acceptance into the degree.

5. Successful completion of at least one Global/Intercultural course.

Web Design and Development - Web and App Development Emphasis, B.S.

Requirements

The BS in Web Design and Development allows students to study app development for mobile devices, web design, and development for mobile friendly websites, digital magazine publishing, and user experience design. In order to be successful in these areas, students need skills in design and content creation.

Elective Requirements:  12 Credits
Complete 12 credits from the following (not to include any course being used to fill one of the requirements above). Consult with an advisor to determine which courses best match your long-term educational and career goals.

CHEM 1210  Principles of Chemistry I  (4)
CHEM 1215  Principles of Chemistry I Laboratory  (1)
CHEM 1220  Principles of Chemistry II  (4)
CHEM 1225  Principles of Chemistry II Laboratory  (1)
CHEM 2310  Organic Chemistry I  (4)
CHEM 2315  Organic Chemistry I Laboratory  (1)
CHEM 2320  Organic Chemistry II  (4)
CHEM 2325  Organic Chemistry II Laboratory  (1)
GEO 1010  Introduction to Geology  (3)
GEO 1080  Introduction to Oceanography  (3)
GEO 1220  Historical Geology  (3)
GEO 1225  Historical Geology Laboratory  (1)
GEOG 1000  Introduction to Physical Geography  (3)
MATH 1060  Trigonometry  (3)
MATH 1210  Calculus I  (4)  (MATH 1060 is a prerequisite for this course.)
MATH 1220  Calculus II  (4)
MATH 2210  Calculus III  (3)
MATH 2270  Linear Algebra  (3)
MATH 2280  Ordinary Differential Equations  (3)
METO 1010  Introduction to Meteorology  (3)
PHYS 2210  Physics for Scientists and Engineers I  (4)
PHYS 2215  Physics for Scientists and Engineers I Laboratory  (1)
PHYS 2220  Physics for Scientists and Engineers II  (4)
PHYS 2225  Physics for Scientists and Engineers II Laboratory  (1)
STAT 1040  Principles of Statistics  (3)

Graduation Requirements:
1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above (departments may require a higher GPA).
3. Residency hours: minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Geographic Information Systems, Certificate of Proficiency

Requirements
The Certificate of Proficiency in Geographic Information Systems (GIS) provides students with a focused program of study in the fundamentals required to succeed in a wide range of careers in geospatial science.

Total Program Credits: 19
Discipline Core Requirements:  19 Credits
- GEOG 3400  Environmental Remote Sensing*  3
  or SURV 1220  Remote Sensing and Photogrammetry  (3.0)
- GEOG 3600  Introduction to Geographic Information Systems  4
  or GIS 3600  Introduction to Geographic Information Systems  (4.0)
- GIS 3620  Advanced Geographic Information Systems  3
  or GEOG 3650  Advanced Geographic Information Systems  (4.0)
- GEOG 4100  Geospatial Field Methods  3
  or EGDT 2400  Surveying Applications and Field Techniques II  (3.0)
Complete 6 credits from the following courses:  6
- CS 1400  Fundamentals of Programming  (3.0)
- GEOG 482R  GIS Internship  (1.0)
- GEOG 489R  Student Research in Geography  (1.0)
- GIS 3630  Geographic Information Systems Application Development  (3.0)
- SURV 1340  Fundamentals of Boundary Law  (3.0)
- SURV 2030  Geodesy  (3.0)
- SURV 3210  Advanced Photogrammetry  (3.0)
- EGDT 1040  Fundamentals of Technical Engineering Drawing  (3.0)
  or any courses with the following prefix: GEOG, SURV, GIS, EGDT subject to department approval

Graduation Requirements:
1. Grade of C- or higher in all courses used to satisfy requirements of the certificate.

Footnotes:
*Earth Science majors are encouraged to take GEOG 3400

Water and Wastewater Operations, Certificate of Completion

Requirements
Total Program Credits: 31

### Geography, Minor

**Requirements**

The Minor in Geography allows students to focus on either of the major sub-disciplines of geography, namely physical geography or human geography, or to follow a broad curriculum in geography. The minor will also overlap with the coursework required of students seeking a Utah state teaching endorsement in geography.

**Total Program Credits: 20**

**Matriculation Requirements:**

1. Admitted to a bachelor degree program at UVU.

**Discipline Core Requirements:** 10 Credits

Earth Science Education, B.S.

Requirements

Earth Science is the study of the Earth, including its water and atmosphere, and their relationship to humans and other living things. Earth Science applies chemistry, physics, mathematics and biology to scientific problems of the Earth. The Earth Science Education program prepares students to receive a Utah State teaching credential with an endorsement in Earth Science. Through careful choice of courses, students may also earn endorsements in the other physical sciences.

Total Program Credits: 121

Matriculation Requirements:
1. Complete the following courses: GEO 1010 Introduction to Geology, GEO 1015 Introduction to Geology Lab, MATH 1050 College Algebra (or MATH 1055 College Algebra with Preliminaries QL), MATH 1060 Trigonometry QL, BIOL 1010 General Biology BB with a grade of "C" or higher in each.
2. Complete a minimum of 30 semester hours of college credit.
3. Apply to the department of Earth Science for admission.

Secondary Education Requirements:
1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read/Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check.

General Education Requirements: 30 Credits

Total Program Credits: 120

Graduation Requirements:
1. Completion of a minimum of 121 semester credits.
2. Overall GPA of 3.0 (B) or above with no grade lower than a C in major required content courses and no grade lower than a B- in Licensure and Methods courses. (Departments may require a higher GPA.)
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. Grade of C or higher in all GEO, BIOL, and METO courses.
6. Successful completion of at least one Global/Intercultural course.

Note: *This requirement is fulfilled with the core requirements.

Environmental Science and Management, B.S.

Requirements
Environmental Science is the study of the Earth’s surface, including its water and atmosphere, with a particular focus on their relationship to humans and other living things. Environmental Science applies chemistry, physics, mathematics and biology to answer questions about the Earth and its interrelationships with living things. Environmental Management focuses on the maintenance of environmental resources, for example water resources. Environmental scientists may conduct studies in the field, in the laboratory using advanced analytical equipment, and in the office using specialized computer software. The program is preparation for a variety of career paths, including water monitoring, treatment, and pollution control with local, state or federal agencies; environmental consulting with private industry; and other careers that draw on a background in the natural sciences, including law, public policy, and public health.

Geography, B.S.

Requirements

Geography is the study of the earth's places, peoples, environments and their interrelationships from both the physical and social science perspectives. Geographers use many different scientific tools to study the relationships between earth's systems including geospatial technology and are employed in public agencies, local governments, federal offices, technology sectors, business planning, and careers related to spatial planning. The Bachelor of Science in Geography provides students with a program of study in the fundamentals of geography and prepares them to succeed as geographers as well as in many other careers related to geography. Students learn theories and methods of analysis related to land use and land cover change, urbanization, sustainability, human-environment interactions, and Geographic Information Systems (GIS) technology through the core courses of the program. Through elective courses, students can choose to further focus their studies on physical sciences, social sciences, and/or geospatial techniques to meet their career goals.

Graduation Requirements:

1. Completion of a minimum of 120 semester credits, including 40 hours of upper-division credit.
2. Overall grade point average of 2.0 (C) or above.
3. Grade of C- or better in every ENVT, GEO, GEOG, METO, and core curriculum course.
4. Residency hours—minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
5. Successful completion of at least one Global/Intercultural course.
Earth Science

Footnote
1 You need at least 40 hours of upper division credit to graduate. Work with your advisor to make sure you are meeting the 40 credits of upper division requirement.

Geology, B.S.

Requirements
Geology is the study of the Earth, including its water and atmosphere, and its relationship to humans and other living things. Geology applies chemistry, physics, mathematics and biology to answer questions about the Earth. Geologists conduct studies in the field, in the laboratory using advanced analytical equipment, and in the office using specialized computer software. Geology is particularly focused on the Earth’s history, resources, hazards and resources including groundwater. Sub-disciplines of geology include economic geology, geochemistry, geologic hazards, geomorphology, hydrogeology, petrology, and tectonics. A B.S. in geology is preparation for a variety of career paths, including hazard assessment with government or private companies, ground and surface water monitoring and development, oil and gas, mining, and many other careers that draw on a background in the natural earth, including law, public policy, and public health; the program is also excellent preparation for graduate school.

Educational Leadership, Graduate Certificate

Requirements

The Graduate Certificate for Educational Leadership in UVU's School of Education (SOE) is designed to align with the current Ed Leadership emphasis in the M.Ed. The certificate will meet the needs of candidates who have previously completed a master's degree (M.Ed) and now wish to prepare as potential administrative and instructional school leaders for Utah's schools. Curriculum for this option will be based on the standards for administrative/ supervisory endorsement from the Utah State Office of Education (USOE), and the Interstate School Leaders Licensure Consortium (ISLLC). The grad certificate program will be formatted to meet the needs of adult learners, with courses offered in the evenings and in blended and online formats, but will not require them to retake core courses previously completed. The administrative/ supervisory certificate will prepare leaders for 21st century schools in the areas of curriculum, instruction, and human resource administration. Course objectives will emphasize performance of school and classroom leadership functions, functional knowledge of local, state, and national educational agencies and regulations, demonstrated competencies in administrative skills, and applied understandings of current research around effective teaching, theories of learning, and educational policy. Candidates will be required to complete supervised internship work that is required by Utah code.

</table>

Graduation Requirements:

1. Completion of all required coursework, with a grade of B- or better.
2. Successful completion of USBE required competencies or internship hours.
3. Complete 21 credit hours through course attendance at UVU.

Requirements

The Master of Education Degree (M.Ed.) at Utah Valley University is an applied master’s program aimed at building the instructional skills and professional competency of teachers. Currently there are twelve emphases for participants: Applied Behavioral Analysis; Educational Leadership; Educational Technology; Elementary Mathematics; Elementary STEM, English as a Second Language (ESL), Gifted and Talented Education, Higher Education Leadership, Reading I, School Counseling, Secondary Teaching and Teacher Leadership. The M.Ed. program emphasizes coursework that prepares teachers to become instructional leaders, with classes in advanced pedagogy, subject matter content, curriculum design, and assessment. Core coursework in research methods is required of participants in all options, however, students select a topic for a culminating project according to their interest or area of licensure in K-12 education.

(Program inactive beginning Summer 2023)

Total Program Credits: 35

Matriculation Requirements:

1. Application for admission.
2. Bachelor degree from an accredited institution.
3. Overall grade point average in undergraduate work of 3.0 or higher or have a grade point average of 3.0 or higher for the last 60 semester hours of college or university credit.
4. Interview with School of Education Graduate Committee.
5. Three professional letters of recommendation.

Preference will be given to individuals who have at least one year of successful teaching experience in grades K-12. A one-year internship will count as the preferred year of successful teaching. Preference will be given to practicing teachers who have access to an established classroom.

### Master of Education - Elementary Arts Integration Emphasis, M.Ed.

**Requirements**

The Master of Education Degree (M.Ed.) at Utah Valley University is an applied master’s program aimed at building the instructional skills and professional competency of teachers. The Earned Endorsement Emphasis is for teachers who have previously earned an endorsement from the Utah State Board of Education (USBE). The following endorsements are accepted at UVU: Elementary Arts Integration, Elementary Mathematics, Elementary Science, Elementary STEM, English as a Second Language (ESL), Reading I, Gifted & Talented, and Educational Technology. Up to 12 (5000-level) credits from a recently completed endorsement may be applied toward the M.Ed. Please note - all applicable coursework from the endorsement must be completed within the three years prior to admission to the M.Ed. The M.Ed. program emphasizes coursework that prepares teachers to become instructional leaders, with classes in advanced pedagogy, subject matter content, curriculum design, and assessment. Core coursework in research methods is required of participants in all options, however, students select a topic for a culminating project according to their interest and endorsement area.

**Total Program Credits: 36**

### Master of Education in Applied Behavioral Analysis, M.Ed.

**Requirements**

The ABA Graduate program will qualify students to meet the requirements necessary to apply for the Board Certified Behavior Analyst (BCBA) examination. This program includes all required ABA specific coursework and supervised practicum hours.

*(Program available beginning Summer 2023)*

**Total Program Credits: 37**

**Matriculation Requirements:**

1. Application for admission to the graduate program with application fee by the established deadline.
2. Submit official transcripts from all universities attended.
3. A bachelor's degree from a regionally accredited college/university or the international equivalent.
4. A 3.0 cumulative undergraduate GPA or a 3.0 GPA calculated on the last 60 semester hours (90 quarter hours) of undergraduate work.
5. For international students whose native language is not English, submit official TOEFL or IELTS band scores. A TOEFL score of 80 iBT (550 pBT) or higher, or an IELTS band score of 6.5 or higher within the past two years is required.
6. International students must also meet all US government requirements for international students.
7. The university uses a selective admissions process for admitting students to graduate programs. Meeting minimum admissions criteria does not guarantee admission to the graduate program or to the University as a graduate student.

4. Satisfactory completion of capstone project
5. Completion of a minimum of 30 credits

**Master of Education in K-12 Education Leadership, M.Ed.**

**Requirements**
The Master of Education Degree (M.Ed.) in K-12 Educational Leadership in the UVU School of Education is based on state and national standards, and prepares educational leaders for elementary and secondary schools, and district offices. The leadership program is aligned with all applicable Utah Board of Education rules and meets all state requirements for the Educational Leadership License Area of Concentration. The Educational Leadership program is designed to build individual school leaders in the competency areas identified in the state and national standards, including: Personal Leadership & Organizational Design; Organizational Operations and Management; Leading Evidence-Based Curriculum, Instruction, & Assessment; Leading Professional Learning Communities; and Leading Change, Innovation & Educational Entrepreneurship. Candidates are required to complete clinical work that is embedded within the coursework and in individual work carried on throughout the program.

(Program available beginning Summer 2023)

**Total Program Credits: 36**

**Matriculation Requirements:**
1. Application for admission to the graduate program with application fee by the established deadline.
2. Submit official transcripts from all universities attended.
3. A bachelor's degree from a regionally accredited college/university or the international equivalent.
4. A 3.0 cumulative undergraduate GPA or a 3.0 GPA calculated on the last 60 semester hours (90 quarter hours) of undergraduate work.
5. Letter of recommendation from supervising administrator.
6. For international students whose native language is not English, submit official TOEFL or IELTS band scores. A TOEFL score of 80 iBT (550 pBT) or higher, or an IELTS band score of 6.5 or higher within the past two years is required.
7. International students must also meet all US government requirements for international students.

8. Interview with graduate program committee.
9. The university uses a selective admissions process for admitting students to graduate programs. Meeting minimum admissions criteria does not guarantee admission to the graduate program or to the University as a graduate student.

**Discipline Core Requirements:** 36 Credits

**Master of Education in School Counseling, M.Ed.**

**Requirements**
The Master of Education in School Counseling (MEdSC) program in the UVU school of Education prepares individuals to provide school counseling services in grades P-12 in public and private schools, as well as work in related fields at universities or colleges. The curriculum is aligned to the learning standards required for licensure by the Utah State Board of Education including Professional Counseling Orientation and Ethical Practice, Social and Cultural Diversity, Human Growth and Development, Career Development, Counseling and Helping Relationships, Group Counseling and Group Work, Assessment and Testing, and Research and Program Evaluation.

(Program becomes available Summer 2023)

**Matriculation Requirements**
1. Application for admission to the graduate program with application fee by the established deadline.
2. Submit official transcripts from all universities attended.
3. A bachelor's degree from a regionally accredited college/university or the international equivalent.

Secondary Teaching, Graduate Certificate

Requirements

The Graduate Certificate in Secondary Teaching is designed for individuals who have earned a bachelor’s degree. They must have completed coursework in one of the teaching major subject areas for secondary education approved by the Utah State Board of Education (USBE) prior to admission into either program. The primary goal of the program will be to ensure that teacher candidates, through support, supervision, and evaluation, can demonstrate and apply the competencies required by the USBE for teacher licensure. Includes the basic coursework and field experiences required of all teacher candidates for an initial teaching license, ensuring that competencies in both subject knowledge and pedagogy are met.

Total Program Credits: 29

<table>

<tbody>
<tr>
<td>Requirements for admission to the Graduate Certificate in Secondary Teaching (GCST) program include the following:</td>
</tr>
<tr>
<td>1. Verification of a bachelor's degree from an accredited university in a recognized content major (or with equivalent coursework) in a discipline taught in Utah secondary schools and for which</td>
</tr>
</tbody>
</table>

UVU can recommend a secondary teaching license. Any coursework required by the Utah State Board of Education (USBE) for a content major* must be completed with a grade of C or higher prior to admission into the GCST program.

2. A cumulative GPA of 3.0 or a GPA of 3.0 for the last 60 credits of university coursework.

3. Passing scores from the Praxis II [subject-area test(s)] as required by the USBE.

4. Successful completion of a background check through USBE.

* Students will have completed a content-specific methods course prior to admission into the program. These courses are not offered in the School of Education, but in the appropriate content areas across the University. The following courses would be examples.

- ART 3500 Secondary Art Education Methods I WE (3)
- ART 3510 Secondary Art Education Methods II WE (3)
- ENGL 4240 Grammar and Unit Design in the English Classroom (3)
- ENGL 4220 Teaching Reading and Literature (3)
- ENGL 4230 Teaching Writing (3)
- LANG 4200 Methods of Teaching a Foreign Language (3)
- SCIE 4220 Teaching Methods in Science II (3)

Discipline Core Requirements: 29 Credits

Degrees & Programs

Early Childhood Education, A.S.

Requirements

Individuals who earn an Associate Degree in Early Childhood Education are prepared to teach preschool in private and corporate centers, Head Start, and public education tuition preschools, or work as center directors. The Associate Degree in Early Childhood Education can be planned to fill the majority of the requirements for entry into the Early Childhood Education Program. The UVU Early Childhood Education program is accredited by the Northwest Commission on Colleges and Universities. The UVU Teacher Education Preschool is accredited by the National Association for the Education of Young Children.

- EDEC 2630 Literacy and Literature for Early Childhood 3
- EDEC 2700 Early Childhood Practicum 3
- EDEC 2720 Early Childhood Assessment 2

Graduation Requirements:

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above. C- grade or higher in all program classes unless otherwise specified.
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. First aid/CPR certification, food handler’s permit, portfolio review and acceptance by Education Committee.
Pre-Elementary Education, A.S.

Requirements
Prepares students for matriculation into the Bachelor of Science Professional Elementary Education program.

Total Program Credits: 60

General Education Requirements: 35 Credits
- ENGL 1010 Introduction to Academic Writing 3
- or ENGH 1005 Literacies and Composition Across Context (5)
- ENGL 2010 Intermediate Writing Academic Writing and Research 3

Complete one of the following:
- MATH 1050 College Algebra (4) *
- MATH 1055 College Algebra with Preliminaries (5) *
- MATH 2000 Algebraic Reasoning with Modeling (3) *

Complete one of the following:
- HIST 2700 US History to 1877 (3)
- and HIST 2710 US History since 1877 (3)
- HIST 1700 American Civilization (3)
- HIST 1740 US Economic History (3)
- POLS 1000 American Heritage (3)
- POLS 1100 American National Government (3)

Complete the following:
- PHIL 2050 Ethics and Values 3
- HLTH 2900 Health Education for Elementary Teachers 2

Distribution Courses:
- Biology 3
- Physical Science 3
- Additional Biology or Physical Science 3
- Humanities Distribution 3
- PSY 1100 Human Development Life Span (Social/Behavioral Science) 3

Fine Arts Distribution:
- ART 2100 Teaching Art for Children (3)
- DANC 2100 Teaching Dance for Children (3)
- MUSC 2100 Teaching Music for Children (3)
- THEA 2100 Teaching Theatre For Children (3)

Discipline Core Requirements: 15 Credits
Complete the following:
- EDEL 1010 Introduction to Education ** 2
- EDEL 2200 Computer Technology in Education ** 2
- EDEL 2330 Children's Literature ** 3
- MATH 2010 Mathematics for Elementary Teachers I * 3
- MATH 2020 Mathematics for Elementary Teachers II * 3

Elective Requirements: 10 Credits
Complete 10 credits of course 1000 or higher. The following is a list of recommended courses to choose from:
- ART 2100 Teaching Art for Children (3)
- DANC 2100 Teaching Dance for Children (3)
- MUSC 2100 Teaching Music for Children (3)
- THEA 2100 Teaching Theatre For Children (3)

Graduation Requirements:
1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Footnotes
* Must be completed with a C grade or higher.
** Must be completed with a B- grade or higher.

Early Care and Education, Certificate of Completion

Requirements
This certificate is for students interested in increasing their skills in working with children in child care and preschool programs. Individuals are prepared to work as technicians in public education classrooms and as teacher aides in private centers or Head Start.

Total Program Credits: 30

Discipline Core Requirements: 28 Credits
Complete the following courses:
- PSY 1100 Human Development Life Span (Social/Behavioral Science) (C grade or higher)** 3
- EDEC 1640 Children's Music and Movement 2
- EDEC 2300 Including Young Diverse Learners*** 2
- or EDSP 340G Exceptional Students (2.0)
- EDEC 2500 Child Development Birth to Eight Years*** 3
- EDEC 2600 Introduction to Early Childhood Education**** 3
- EDEC 2610 Child Guidance 3
- EDEC 2620 Early Childhood Curriculum 3
- EDEC 2630 Literacy and Literature for Early Childhood 3
- EDEC 2700 Early Childhood Practicum 3
- EDEC 2720 Early Childhood Assessment 2
- EDEL 2200 Computer Technology in Education 2
Elective Requirements: 2 Credits
Advisor Approval 2

Graduation Requirements:
1. Completion of a minimum of 30 semester credits.
2. Overall grade point average of 2.0 (C) or above. C- grade or higher in all program courses unless otherwise specified.
3. Residency hours — minimum of 10 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
5. First aid/CPR certification, food handler's permit, portfolio review and acceptance by Education Committee.

footnotes
*ACT 21+ or ENGH 1005 or ENGL 1010 with a C- grade or higher except for PSY 1100, EDEC 1640, and EDEL 2200
**This course must be taken before EDEC 2300 and EDEC 2500
***PSY 1100 is a prerequisite for these courses
****Must receive a B- grade or higher in this course prior to enrolling in EDEC 2700 and EDEC 2720

Elementary Education, B.S.

Requirements
The Professional Elementary Teacher Education Program at Utah Valley University is designed to prepare quality, entry level candidates for teaching in elementary education programs grades K-6. Students successfully completing the UVU professional teacher education program graduation and licensure requirements receive a baccalaureate degree in Elementary Education and a Level I Utah Professional Teaching License. To continue in the teacher education program, students are expected to maintain all program standards. They must maintain expected levels of competency in all coursework, field work, and student teaching with all course grades at or above a B- and a program GPA of 3.00 or higher. Additionally, teacher candidates are expected to adhere to standards of personal integrity, responsibility, and citizenship commonly expected of professional educators. The UVU teacher education program is accredited by the Association for Advancing Quality in Educator Preparation (AAQEP), the Utah State Office of Education, and the Northwest Commission on Colleges and Universities.

Total Program Credits: 120

Admissions Requirements:
1. Reading and Writing—Complete ENGL 2010 with B- or higher
2. Mathematics—Complete MATH 1050, 1055 or 2000 with a C or higher
3. GPA of 3.0 or higher
4. General Education coursework completed
5. Completion of Pre-Professional Core Requirements with a B- or higher (Math courses C or higher)
6. Pass LiveScan Criminal Background Check

**Graduation Requirements:**

1. Overall grade point average of 2.0 (C) or above, with completion of each Emergency Services class with a C- or higher.
2. Completion of a minimum of 32 credits.
3. Residency hours -- Minimum of 10 credits required through course attendance at UVU.

Note: CERTIFICATION: Upon completion of courses for the Basic Recruit Certificate, students are eligible to apply for certification at the Firefighter I, Firefighter II, Hazardous Materials First Responder-Awareness and Hazardous Materials First Responder-Operations levels through the Utah Fire Science Certification System. Students are also eligible for certification at the Emergency Medical Technician-Basic level through the Utah Bureau of Emergency Medical Services.

**Paramedic, Certificate of Completion**

**Requirements**

Our degree provides our students with the knowledge, skills and abilities to assist them in obtaining a job in Emergency Services, or if already employed, to give them the knowledge, skills and abilities to advance in their careers.

**Total Program Credits: 31**

**Matriculation Requirements:**

1. Complete Anatomy and Physiology (transfer credit accepted) with a grade of C or higher; ZOOL 1090 (requires BIOL 1010 as a pre-req) or ZOOL 2320 and 2420 with labs (requires BIOL 1610 and CHEM 1110 as pre-req).
2. Meet the English requirement: Placement into ENGL 1010 or ENGH 1005 or higher with valid test scores, (Completion of ENGL 1010 or ENGH 1005 highly recommended).
3. Meet the Math requirement: Completion of MAT 0950 with a grade of C- or higher, or placement into MAT 1000 or higher valid test scores, (Completion of QL Requirement highly recommended).
4. Possess a current Utah EMT certification (MUST REMAIN VALID THROUGH THE COURSE)
5. Have current CPR certification.
7. Be at least 18 years old and have a valid driver’s license.
8. Have current vaccinations as required by Utah Bureau of EMS. (Additional vaccinations may be required for clinical site internships.)
9. Have current TB test results as required by Utah Bureau of EMS.
10. Obtain a current physical examination supporting entrance into the Paramedic Program.
11. Complete UVU paramedic application process, including written testing, oral interview, passing of background and drug screening testing, and be accepted to the program.

**Graduation Requirements:**

1. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.) Upon completion of the course requirements and recommendation from the Medical Director, Program Director and Utah Bureau of Emergency Services Course Coordinator, students are eligible to apply for certification as an Emergency Medical Technician/Paramedic through the National Registry EMT and the Utah Bureau of Emergency Medical Services.
2. Completion of a minimum of 31 credits.
3. Overall course GPA of 2.7 or higher.
4. Residency hours -- Minimum of 10 credits required through course attendance at UVU.

**Homeland Security, Minor**

**Requirements**

The Minor in Homeland Security is an interdisciplinary learning opportunity for fostering the knowledge, skills, and abilities associated with public and private positions relating to homeland security. The program is structured for students across different academic disciplines desiring aricher understanding, as well as an academic credential, specific to homeland security. The purpose of the minor is to broaden the learner’s understanding of homeland security so as to complement their chosen field of study such as criminal justice, emergency management, emergency services,and national security studies or take a combination of classes in any or all of the four areas. Those choosing to pursue this minor will grow in their critical thinking and decision-making skillset. In addition, the program hones the learner’s ability to communicate through the written word, function and produce deliverables within a virtual/remote environment, discover pertinent usable intelligence within large amounts of data, and gist information for building succinct briefings.

**Total Program Credits: 18**

Emergency Services Administration - Emergency Leadership Emphasis, B.S.

Requirements
A degree in emergency services prepares practicing and future emergency service professionals through a program that balances technical skills, critical and ethical thinking, leadership, and effective communication. The department's programs address multiple emergency service educational needs, from professional certifications to degrees.

Total Program Credits: 120

Graduation Requirements:

1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above, with completion of each Emergency Services class with a "C-" or higher.
3. Residency hours — minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Successful completion of at least one Global/Intercultural course.

Footnotes:
1 - Consult current Paramedic Program Standards & Guidelines for GPA requirements to be recommended for National Registry Paramedic certification testing.
2-Repeatable for a maximum of 15 credits.
3-Repeatable for a maximum of 6 credits.
4-Repeatable for a maximum of 6 credits.
5-Repeatable for a maximum of 4 credits.
### Emergency Services Administration - Emergency Management and Disaster Assistance Emphasis, B.S.

**Requirements**
The Emergency Management and Disaster Assistance emphasis is designed to meet the needs of students aspiring for a career in emergency management and/or disaster assistance at the local, regional, state, or national level.

**Total Program Credits: 120**

- ESMG 425G Crisis and Disaster Management (3)
- ESMG 4300 Disaster Recovery and Mitigation (3)
- ESMG 445G Human Factors in Emergency Management (3)
- ESMG 4550 Principles of Disaster and Emergency Management (3)
- ESMG 481R Emergency Services Internship (1-6) ¹

Any ESEC, ESMG, ES, ESFO, ESAF, CJ, NSS, FSCI, MILS courses 6

Graduation Requirements:

1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above, with completion of each Emergency Services class with a "C"- or higher.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Successful completion of at least one Global/Intercultural course.

Footnote:

¹May be repeated for a maximum of 6 credits
## Engineering
### Engineering

The Engineering department is in the Scott M. Smith College of Engineering. To find the most up-to-date information, including Program Learning Outcomes for degree programs offered by the Engineering department, visit their website.

### Engineering department

**DEPARTMENT CHAIR**
- SHERKAT MASOUM, Mohammad Associate Professor

**FACULTY**
- ABDULLAH, Alaa Visiting Professor
- AMIN, Masood Associate Professor
- BALLARD, Matthew Assistant Professor
- BORDELON, Amanda C. Associate Professor
- COX, James Associate Professor
- JENSEN, Matthew J. Assistant Professor
- MANAHILOH, Kalehiwot Assistant Professor
- MINAIE, Afsaneh Professor
- NARDIN, Mark Assistant Professor
- ROHANI, Ehsan Assistant Professor
- SEIBI, Abdennour Professor
- SHAABAN, Khaled Associate Professor
- SHEIKH, Waseem Ahmad Associate Professor
- SHEKARAMIZ, Mohammad Assistant Professor
- SHERKAT MASOUM, Mohammad Associate Professor
- SWANI, Mohamed Lecturer
- STONE, Brett Lecturer
- TOLMAN, Sean Associate Professor
- WILLARDSON, Bennington Assistant Professor

### Degrees & Programs

**Associate in Pre-Engineering - Biological and Chemical Engineering Emphasis, A.P.E.**

**Requirements**

The pre-engineering program at UVU has been created for students who plan to complete the first two to three years of their engineering education at the ABET accredited UVU and then transfer to a baccalaureate university to complete their engineering degree. With adequate planning, pre-engineering coursework completed at UVU will be sufficient for students to remain at UVU or to transfer to all of the Utah universities with baccalaureate engineering degrees. All students who declare pre-engineering as their major are automatically accepted into pre-engineering status. After completion of the pre-engineering program at UVU, the student applies for professional status at UVU or at an institution of the student’s choice.

**Total Program Credits:** 69

### General Education Requirements:

Students should carefully select electives from the following list, based on the engineering discipline (Biological or Chemical) they are interested in and the college or university they want to attend to finish their BS degree. See your advisor.
Associate in Pre-Engineering - Civil and Mechanical Engineering Emphasis, A.P.E.

Requirements

The pre-engineering program at UVU has been created for students who plan to complete the first two to three years of their engineering education at the ABET accredited UVU, then either continue at UVU or transfer to a baccalaureate university to complete their engineering degree. With adequate planning, pre-engineering coursework completed at UVU will be sufficient for students to remain at UVU or to transfer to all of the Utah universities with baccalaureate engineering degrees. All students who declare pre-engineering as their major are automatically accepted into pre-engineering status. After completion of the pre-engineering program at UVU, the student applies for professional status at UVU or at an institution of the student’s choice.

Total Program Credits: 69

**General Education Requirements:**

- ENGL 1010 Introduction to Academic Writing 3
- or ENGH 1005 Literacies and Composition Across Contexts (5)
- ENGL 2010 Intermediate Writing/Academic Writing and Research 3

Complete the following Natural and Physical Science courses:

- Biology 3
- CHEM 1210 Principles of Chemistry I 4
- CHEM 1215 Principles of Chemistry I Laboratory 1
- PHYS 2210 Physics for Scientists and Engineers I 4

**Discipline Core Requirements:**

- MATH 1210 Calculus I 4
- MATH 1220 Calculus II 4
- ENGR 1030 Engineering Programming 3
- or CS 1400 Fundamentals of Programming (3)
- PHYS 2220 Physics for Scientists and Engineers II 4
- PHYS 2225 Physics for Scientists and Engineers II Lab 1

**Emphasis Requirements:**

- ENGR 2010 Engineering Statics 3
- ENGR 2030 Engineering Dynamics 3
- ENGR 2140 Mechanics of Materials 3
- or ENGR 2160 Introduction to Materials Science and Engineering (3)
- or ENGR 2450 Computational Methods for Engineering Analysis (3)

**Emphasis Elective Requirements:**

- Students should carefully select electives from the following list, based on the engineering discipline (Civil or Mechanical) they are interested in and the college or university they want to attend to finish their BS degree. See your advisor.

- ECE 1000 Introduction to Electrical and Computer Engineering (3)
- ECE 2210 Fundamentals of Electric Circuit Analysis (3)
- EGDT 1040 Fundamentals of Technical Engineering Drawing (3)
- EGDT 1071 3 Dimensional Modeling–Solidworks (3)
- EGDT 1400 Surveying Applications and Field Techniques (3)
- ENGR 1000 Introduction to Engineering WE (3)
- ENGR 1020 Survey of Engineering (1)
- ENGR 2140 Mechanics of Materials (3)
- ENGR 2160 Introduction to Materials Science and Engineering (3)
Engineering

ENGR 2300 Engineering Thermodynamics (3)

ENGR 2450 Computational Methods for Engineering Analysis (3)

MATH 2210 Calculus III (4)

MATH 2250 Differential Equations and Linear Algebra (4)

or MATH 2270 Linear Algebra (3)

and MATH 2280 Ordinary Differential Equations (3)

Graduation Requirements:

1. Completion of a minimum of 69 semester credits.
2. Overall grade point average of 2.0 (C) or above. 2.5 or above in Math, Science, and Engineering.
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Associate in Pre-Engineering - Computer and Electrical Engineering Emphasis, A.P.E.

Requirements

The pre-engineering program at UVU has been created for students who plan to complete the first two to three years of their engineering education at the ABET accredited UVU, then either continue at UVU or transfer to a baccalaureate university to complete their engineering degree. With adequate planning, pre-engineering coursework completed at UVU will be sufficient for students to remain at UVU or to transfer to all of the Utah universities with baccalaureate engineering degrees. All students who declare pre-engineering as their major are automatically accepted into pre-engineering status. After completion of the pre-engineering program at UVU, the student applies for professional status at UVU or at an institution of the student’s choice.

Total Program Credits: 69

General Education Requirements: 28 Credits

ENGL 1010 Introduction to Academic Writing (3)

or ENGH 1005 Literacies and Composition Across Contexts (5)

ENGL 2010 Intermediate Writing Academic Writing and Research (3)

Complete the following Natural and Physical Science courses:

Biology (3)

CHEM 1210 Principles of Chemistry I (4)

CHEM 1215 Principles of Chemistry I Laboratory (1)

PHYS 2210 Physics for Scientists and Engineers I (4)

PHYS 2215 Physics for Scientists and Engineers I Lab (1)

Complete any combination of the following with no more than 1 course each from Humanities, Fine Arts, and Social/Behavioral Science:

Humanities (from list) (6)

Fine Arts (from list)

Social/Behavioral Sciences (from list)

Complete any American Institutions course: (3)

POLS 1000 American Heritage (3)

HIST 2700 US History to 1877

and HIST 2710 US History since 1877 (6)

HIST 1700 American Civilization (3)

HIST 1740 US Economic History (3)

POLS 1100 American National Government (3)

Discipline Core Requirements: 16 Credits

MATH 1210 Calculus I (4)

MATH 1220 Calculus II (4)

ENGR 1030 Engineering Programming (3)

or CS 1400 Fundamentals of Programming (3)

PHYS 2220 Physics for Scientists and Engineers II (4)

PHYS 2225 Physics for Scientists and Engineers II Lab (1)

Emphasis Requirements: 11 Credits

ECE 1000 Introduction to Electrical and Computer Engineering (3)

ECE 2250 Circuit Theory (3)

ECE 2255 Circuit Theory Lab (1)

ECE 2700 Digital Design I (3)

ECE 2705 Digital Design I Lab (1)

Emphasis Elective Requirements: 14 Credits

Students should carefully select electives from the following list (or other advisor approved courses), based on the engineering discipline (Computer or Electrical) they are interested in and the college or university they want to attend to finish their BS degree. See your advisor.

CS 1410 Object-Oriented Programming (3)

CS 2300 Discrete Mathematical Structures I (3)

CS 2420 Introduction to Algorithms and Data Structures (3)

CS 2600 Computer Networks I (3)

CS 2810 Computer Organization and Architecture (3)

ENGR 1000 Introduction to Engineering WE (3)

ENGR 2450 Computational Methods for Engineering Analysis (3)

ENGR 1020 Survey of Engineering (1)

MATH 2210 Calculus III (4)

MATH 2250 Differential Equations and Linear Algebra (4)

or MATH 2270 Linear Algebra (3)

and MATH 2280 Ordinary Differential Equations (3)

Graduation Requirements:

1. Completion of a minimum of 69 semester credits.
2. Overall grade point average of 2.0 (C) or above. 2.5 or above in Math, Science, and Engineering.
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.
Pre-Engineering, A.S.

Requirements

The pre-engineering program at UVU has been created for students who plan to complete the first two to three years of their engineering education at UVU and then transfer to a baccalaureate university to complete their engineering degree. With adequate planning, pre-engineering coursework completed at UVU will transfer to all of the Utah universities with baccalaureate engineering degrees. All students who declare pre-engineering as their major are automatically accepted into pre-engineering status. After completion of the pre-engineering program at UVU, the student applies for professional status at an institution of the student's choice.

Graduation Requirements:
1. Completion of a minimum of 61 semester credits.
2. Overall grade point average of 2.0 (C) or above. 2.5 or above in Math, Science, and Engineering courses.
3. Residency hours: minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Civil Engineering, B.S.

Requirements
Civil engineering is the oldest engineering discipline. The Bachelor of Science in Civil Engineering prepares graduates to apply mathematical and scientific principles to the design and supervision of infrastructure components including: buildings, roads, bridges, dams, tunnels, mass transit systems, and airports. Civil engineers are also involved in environmental studies and the design and supervision of municipal water supplies and sewage systems.

Total Program Credits: 126

Matriculation Requirements:
1. To be admitted to the BSCE program, a student must complete the foundation courses in Mathematics (MATH 1210, 1220, 2210, 2250); Physics and Chemistry (PHYS 2210, 2215, CHEM 1210, with 1215 and PHYS 2220 with 2225 or CHEM 1220 with 1225); English (ENGL 1010 or ENGL 1005, ENGL 2010); Engineering (ENGR 1000, 2010, 2030, 2140, 2160); Computer Aided Drafting (EGDT 1040), and Surveying Applications and Field Techniques I (EGDT 1400) with a minimum grade of C in these courses.
2. Must complete courses with a grade point average of 2.5 or above.
3. A student not meeting all of the admission requirements, may request in writing, a provisional admission status for a semester from the department. The provisional admission status must be approved by the civil engineering program coordinator.

| CIVE 3140  | Structural Steel Design                                   |         |

**Graduation Requirements:**

1. Completion of a minimum of 125 semester credits, with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.5 or above, with a minimum grade of C in all discipline core and elective requirements.
3. Residency hours - minimum of 30 credit hours through course attendance at UVU. Ten of these hours must be within the last 45 hours earned. At least 12 of the credit hours earned in residence must be in approved CIVE courses.
4. All transfer credits must be approved in writing by UVU and the civil engineering program coordinator.
5. No more than 80 semester hours and no more than 20 hours in CIVE courses of transfer credit.
6. No more than 6 semester hours may be earned through independent study.
7. Successful completion of at least one Global/Intercultural course.
Computer Engineering, B.S.

Requirements

Computer Engineering encompasses the science and technology of design, construction, implementation, testing, and maintenance of integrated software and hardware components of modern computing systems and computer–controlled equipment (cell phones, video games, laptops).

Total Program Credits: 124

Matriculation Requirements:

To be admitted to the BSCE program a student must complete the following courses with a minimum grade of C in these courses and a grade point average of 2.5 or above. A student not meeting all of the admission requirements, may request in writing, a provisional admission status for a semester from the department. The provisional admission status must be approved by the computer engineering program coordinator.

- MATH 1210 Calculus I (4)
- MATH 1220 Calculus II (4)
- PHYS 2210 Physics for Scientists and Engineers I (4)

Electrical Engineering, B.S.

Requirements

A Bachelor of Science in Electrical Engineering provides a broad foundation in electrical engineering through combined classroom and laboratory work and prepares students for entering the profession of electrical engineering as well as further study at the graduate level. The core courses will provide students with a strong background in mathematics, physical science, and fundamentals of engineering.

Total Program Credits: 125

Graduation Requirements:

1. Completion of a minimum of 124 semester credits, with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.5 or above, with a minimum grade of C in all discipline core and elective requirements.
3. Residency hours - minimum of 30 credit hours through course attendance at UVU. 10 of these hours must be within the last 45 hours earned. At least 12 of the credit hours earned in residence must be in approved CS + ECE courses.
4. All transfer credit must be approved in writing by UVU.
5. No more than 80 semester hours and no more than 20 hours in CS and ECE courses of transfer credit.
6. No more than 6 semester hours may be earned through independent study.
7. Successful completion of at least one Global/Intercultural course.

Electrical Engineering, B.S.

Requirements

A Bachelor of Science in Electrical Engineering provides a broad foundation in electrical engineering through combined classroom and laboratory work and prepares students for entering the profession of electrical engineering as well as further study at the graduate level. The core courses will provide students with a strong background in mathematics, physical science, and fundamentals of engineering.

Total Program Credits: 125

4. All transfer credit must be approved in writing by UVU.
5. No more than 80 semester hours and no more than 20 hours in CS and ECE courses of transfer credit.
6. No more than 6 semester hours may be earned through independent study.
7. Successful completion of at least one Global/Intercultural course.
Engineering

**Mechanical Engineering, B.S.**

**Requirements**

Mechanical engineering, which has evolved over the years as new technologies have emerged, is one of the broadest engineering disciplines. The Bachelor of Science in Mechanical Engineering prepares graduates to apply mathematical and scientific principles to the design, development, testing, and manufacturing of machines, robots, tools, biomedical devices, power generating equipment such as steam and gas turbines, wind turbines, solar systems, internal combustion engines, and heating, cooling, and refrigeration equipment.

**Total Program Credits: 126**

**Matriculation Requirements:**

1. To be admitted to the BSME program, a student must complete the foundation courses in Mathematics (MATH 1210, 1220, 2210, 2250); Physics (PHYS 2210, 2215, 2220, 2225); Chemistry (CHEM 1210, 1215); English (ENGL 1010 or ENGL 1210); and Engineering (EGDT 1071, ENGR 1000, 1030, 2010, 2030, 2140, 2160, 2450) with a minimum grade of C.
2. Students need a grade point average of 2.5 or above.

**Graduation Requirements:**

1. Completion of a minimum of 125 semester credits, with a minimum of 40 upper-division credits.
2. Overall grade point average of 2.5 or above, with a minimum grade of C in all discipline core and elective requirements.
3. Residency hours - minimum of 30 credit hours through course attendance at UVU. 10 of these hours must be within the last 45 hours earned. At least 12 of the credit hours earned in residence must be in approved CS + ECE courses.
4. All transfer credit must be approved in writing by UVU and the electrical engineering program coordinator.
5. No more than 80 semester hours and no more than 20 hours in CS and ECE courses of transfer credit.
6. No more than 6 semester hours may be earned through independent study.
7. Successful completion of at least one Global/Intercultural course.

A student not meeting all of the admission requirements, may request in writing, a provisional admission status for a semester from the department. The provisional admission status must be approved by the mechanical engineering program coordinator.

**Elective Requirements:**

Complete a minimum of six credits from the following: 6

- ECE 4780 Wireless and Mobile Communications (3)
- ECE 4250 Power Systems Engineering (3)
- ECE 4850 Machine Learning (3)
- ECE 4260 Smart Power Grids (3)
- ECE 481R Electrical and Computer Engineering Internship (1-3)

**General Education Requirements:** 38 Credits

- ENGL 1010 Introduction to Academic Writing 3
- or ENGH 1005 Literacies and Composition Across Contexts (5.0)
- ENGL 2010 Intermediate Writing Academic Writing and Research 3
- MATH 1210 Calculus I 4

Complete one of the following:

- HIST 1700 American Civilization (3.0)
- HIST 1740 US Economic History (3.0)
- HIST 2700 US History to 1877 (3.0)
- and HIST 2710 US History since 1877 (3.0)
- POLS 1000 American Heritage (3.0)
- POLS 1100 American National Government (3.0)

**Distribution Courses:**

- Biology 3
- Fine Arts 3
- Humanities (COMM 1020 and COMM 1025 Recommended) 3
- Social/Behavioral Science (COMM 2110 Recommended) 3
- PHYS 2210 Physics for Scientists and Engineers I 4
- CHEM 1210 Principles of Chemistry I 4

**Discipline Core Requirements:** 78 Credits

- CHEM 1215 Principles of Chemistry I Laboratory 1
- ECE 2210 Fundamentals of Electric Circuit Analysis 3
- EGDT 1071 3 Dimensional Modeling - Solidworks 3
- ENGR 1000 Introduction to Engineering WE 3

Degrees & Programs
Automation and Electrical Technology, A.S.

Requirements
The EART program prepares Electrical Automation Technicians to troubleshoot, wire, repair, adapt, maintain, program (PLC’s & PAC’s), and control large automated electrical systems found in Industrial and Manufacturing Industries worldwide. The EART Technician will work with DC & AC motor controlled machines; Programmable Logic Controlled (PLC’s) and Programmable Automation Controlled (PAC’s) machines, systems, and devices; Hydraulic and pneumatic controlled machines; conveyor, fluid, and bulk storage systems; flex, soft start, and variable frequency drives; Robots; servos, and stepper motors. Because of their highly skilled hands on training the EART student is in high demand from many industries.

Elective Requirements: | 9 Credits
Electives (1000 level or higher) | 9

Graduation Requirements:

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above with no core course below a C-.
3. Residency hours-- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Automation and Electrical Technology, A.A.S.

Requirements
Prepares graduates to troubleshoot, wire, repair, adapt, maintain, integrate, install, analyze, and program industrial automated equipment and electrical systems found in automated manufacturing and other industries. Focuses heavily on troubleshooting, motor controls and drives, industrial electronics, sensors, programmable logic controllers (PLCs) and integration of industrial internet of things (*IIOT) from the plant floor to the human machine interface (HMI).

Teaches single and three phase electrical systems in conjunction with industrial automation and intelligent electronics devices found in both industrial automation and electrical power. Numerous career path options are available for graduates.

**Graduation Requirements:**

1. Completion of a minimum of 65 semester credits
2. Overall grade point average of 2.0 (C) or above, with no core course below a ‘C’.
3. Residency hours: minimum of 20 credit hours through course attendance at UVU
4. Completion of GE and specified departmental requirements

### Mechatronics Engineering Technology, A.A.S.

**Requirements**

The Mechatronics Engineering Technology Degree from Utah Valley University prepares graduates to work in the Utah manufacturing sector as an automation technologist, design technician, PLC programmer, as well as many other aspects of implementing manufacturing systems. Students complete courses in PLC programming and architecture, materials, CAD, electrical and mechanical components, pneumatics, and motor control. Students will also take courses in technical writing, physics, chemistry, and business to round out their professional profile.

**Total Program Credits: 63**

**General Education Requirements:** 18 Credits

3. All courses must be completed at UVU.

Mechatronics Engineering Technology, B.S.

Requirements
The Mechatronics Engineering Technology Degree from Utah Valley University prepares graduates to work in the Utah manufacturing sector as an automation technologist, design technician, PLC programmer, as well as many other aspects of implementing manufacturing systems. Students complete courses in PLC programming and architecture, materials, CAD, electrical and mechanical components, pneumatics, and motor control. Students will also take courses in technical writing, physics, chemistry, and business to round out their professional profile.

Total Program Credits: 121

Matriculation Requirements:
1. Graduates of the Mechatronics Engineering Technology, Electrical Automation Robotic Technology (E.A.R.T) or Automation and Electrical Technology (A.E.T) A.A.S. degree programs at UVU may automatically matriculate into the Bachelor of Science degree program in Mechatronics Engineering Technology.
2. E.A.R.T and A.E.T graduates that have not taken college algebra (MATH 1050) should enroll prior to or during their first semester in which they are enrolled in the Mechatronics B.S. program.

Electrical and Control Technology CA, Certificate of Proficiency

Requirements
The Certificate of Proficiency in Electrical and Control Technology CA prepares technicians and technologists to troubleshoot, wire, repair, adapt, install, and maintain electrical and industrial motor control equipment found in many local industries. Knowledge and experience are gained through theory and engaging “hands on” labs that prepare graduates to work safely around industrial and commercial electrical equipment. Electrical DC and AC theory, transformers, circuits, wiring, motors, motor controls, relay logic, logic gates, and the National Electrical Code for commercial and industrial systems is emphasized. Skills are developed in troubleshooting, testing, and analyzing electrical circuits. This is the first employable step in the exciting career path of working with electrically automated equipment.

Degrees & Programs

Editing and Document Design, Certificate of Proficiency

Requirements

UVU’s English program is designed to give students skill, confidence, and versatility in writing, speaking, and interpreting texts. The program provides opportunities for students to consider and practice the applications of effective language use in diverse situations: professional, pragmatic, social, political, and aesthetic. The English program emphasizes knowledge and use of standard English in all written work, yet incorporates an understanding that English is a desirably diverse and variable phenomenon. The courses of study in English are designed to familiarize students with much of the traditional canon of literature. They are also designed to provide students with the critical and ethical skills necessary to interrogate this canon, to incorporate and legitimize their own and others’ “different” voices, not just in the academy, but in any of the many situations in which language influences human activity.

Total Program Credits: 15

Matriculation Requirements:
1. AAAS degree or higher from a regionally accredited institution of higher learning and one year full-time employment.

Discipline Core Requirements: 12 Credits

Complete the following:
- ENGL 2050 Editing
- ENGL 2100 Technical Communication
- ENGL 3050 Advanced Editing and Design for Print Media
- ENGL 3340 Digital Document Design

Elective Requirements: 3 Credits

Complete ONE of the following:
- ENGL 3300 Collaborative Communication for Technology Professions (3)
- ENGL 3320 Grant and Proposal Writing (3)
- ENGL 4340 Advanced Technical Communication (3)
- ENGL 436R Topics in Technical Communication (3)

Graduation Requirements:
1. Completion of a minimum of 15 credits.
2. Overall GPA of 2.0 or above.
3. Residency hours -- Minimum of 4 credits required through Course attendance at UVU.

Creative Writing, Minor

Requirements

UVU’s English program is designed to give students skill, confidence, and versatility in writing, speaking, and interpreting texts. The program provides opportunities for students to consider and practice the applications of effective language use in diverse situations: professional, pragmatic, social, political, and aesthetic. The English program emphasizes knowledge and use of standard English in all written work, yet incorporates an understanding that English is a desirably diverse and variable phenomenon. The courses of study in English are designed to familiarize students with much of the traditional canon of literature. They are also designed to provide students with the critical and ethical skills necessary to interrogate this canon, to incorporate and legitimize their own and others’ “different” voices, not just in the academy, but in any of the many situations in which language influences human activity.

Total Program Credits: 21

Discipline Core Requirements: 21 Credits

Minor Prerequisite: 3

- ENGL 2250 Creative Process and Imaginative Writing (3)

Complete THREE from the following: 9

Cinema and Media Studies, Minor

Requirements

Cinema Studies focuses on analyzing film and the screen arts as some of the most important cultural productions of the twenty-first century. Students approach movies as cultural texts and gain an understanding of the social, political, historical, and industrial contexts that produce cinema. The minor broadens students’ knowledge of how these texts shape and are shaped by culture. As an interdisciplinary program, cinema studies draws on faculty expertise from various disciplines and includes global and historical perspectives. The minor also builds personal knowledge and professional competencies.

Total Program Credits: 18

Matriculation Requirements:
1. Completion of 30 hours of credit.
2. Admitted to a bachelor degree program at UVU.

Discipline Core Requirements: 9 Credits

- CINE 2150 Critical Introduction to Cinema Studies (3.0)
- or ENGL 2150 Critical Introduction to Cinema Studies (3.0)
- CINE 3150 Cinema and Television Theory (3)
- or ENGL 3150 Cinema and Television Theory (3.0)

Complete one of the following: 3

- CINE 2311 Film History I
- THEA 2311 Film History I (3.0)
- CINE 2312 Film History II
- THEA 2312 Film History II (3.0)

Elective Requirements: 9 Credits

In addition to the 9 core requirements, students must complete an additional 9 hours of advisor-approved electives. Six (6) of the 9 hours must be upper-division (see coordinator for a list of approved electives).

- ENGL 401R Topics in Rhetoric (3.0)
- ENGL 402G Multicultural Rhetorics GI (3)

English - Creative Writing Emphasis, B.A.

Requirements

UVU’s English program is designed to give students skill, confidence, and versatility in writing, speaking, and interpreting texts. The program provides opportunities for students to consider and practice the applications of effective language use in diverse situations: professional, pragmatic, social, political, and aesthetic. The English program emphasizes knowledge and use of standard English in all written work, yet incorporates an understanding that English is a desirably diverse and variable phenomenon. The courses of study in English are designed to familiarize students with much of the traditional canon of literature. They are also designed to provide students with the critical and ethical skills necessary to interrogate this canon, to incorporate and legitimize their own and others’ “different” voices, not just in the academy, but in any of the many situations in which language influences human activity.

Total Program Credits: 120

General Education Requirements: 36 Credits

- ENGL 1010 Introduction to Academic Writing (3)
- ENGL 2010 Intermediate Writing/Academic Writing and Research (3)
- MAT 1030 Quantitative Reasoning (3) (recommended for Humanities or Arts majors)
- MAT 1035 Quantitative Reasoning with Integrated Algebra (6)
- STAT 1040 Introduction to Statistics (3) (recommended for Social Science majors)
- STAT 1045 Introduction to Statistics with Algebra (5)
- MATH 1050 College Algebra (4) (recommended for Business, Education, Science, and Health Professions majors)
- MATH 1055 College Algebra with Preliminaries (5)

Distribution Courses:
- Biology 3
- Physical Science 3
- Additional Biology or Physical Science 3
- Humanities (Fulfilled with Foreign Language 202G/2020 course) 4
- Fine Arts 3
- Social/Behavioral Science 3

Discipline Core Requirements: 18 Credits

- ENGL 2800 Introduction to the English Major (3)
- ENGL 2850 Literary History I (3)
- ENGL 2870 Literary History II (3)
- ENGL 2600 Critical Introduction to Literature (3)
- ENGL 270G Positionality and Interpretive Methods (3)
- ENGL 3090 Academic Writing for English Majors WE (3)

Elective Requirements: 42 Credits

- One Foreign Language (Foreign Language 202G/2020 course fulfills Humanities Distribution) 12
- Complete any courses 1000 level or higher. Upper division courses may be necessary for graduation. Please see Adviser. 30

Emphasis Requirements: 24 Credits

Degree Prerequisite:
- ENGL 2250 Introduction to Creative Writing (3)
- ENGL 225H Introduction to Creative Writing Honors

Complete THREE from the following: 9

- ENGL 3420 Intermediate Fiction Writing (3)
- ENGL 3430 Play Writing for Creative Writers (3)
- ENGL 3440 Intermediate Poetry Writing (3)
- ENGL 3450 Intermediate Creative Nonfiction Writing (3)

Complete ONE of the following: 3

- ENGL 4420 Advanced Fiction Writing WE (3)
- ENGL 4440 Advanced Poetry Writing WE (3)
ENGL 4450  Advanced Creative Nonfiction Writing WE (3)

Complete ONE of the following: 3

ENGL 347R  Popular Genre Writing (3)*
ENGL 348R  Creative Writing Craft and Theory (3)*
ENGL 412R  Studies in Literary Genres (3) (in a different genre)*

Complete the following: 6

ENGL 412R  Studies in Literary Genres (3) (in a different genre)*
ENGL 4490  Creative Writing Capstone (3)

*Course may be repeated with a different topic

Graduation Requirements:

1. Completion of a minimum of 120 semester credits, 40 of which must be upper division.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. For the BA degree, completion of 16 credit hours of course work from one language to include the 1010, 1020, 2010, and 202G/2020 levels or transferred equivalents.
6. No grade below C- in required courses.
7. Successful completion of at least one Global/Intercultural course.

- Social/Behavioral Science 3

Discipline Core Requirements: 18 Credits
- ENGL 2800 Introduction to the English Major 3
- ENGL 2850 Literary History I 3
- ENGL 2870 Literary History II 3
- ENGL 2600 Critical Introduction to Literature 3
- ENGL 270G Positionality and Interpretive Methods 3
- ENGL 3090 Academic Writing for English Majors WE 3

Elective Requirements: 43 Credits
- Complete any courses 1000 level or higher. Upper division may be necessary for graduation. Please see Adviser. 43

Emphasis Requirements: 24 Credits
- ENGL 2100 Technical Communication WE 3
- ENGL 3010 Rhetorical Theory 3
- ENGL 402G Multicultural Rhetorics 3
- ENGL 439Q Writing Studies Capstone 3

Professional Writing Practices--Complete TWO of the following (or other advisor-approved Writing Studies courses):
- ENGL 2050 Editing (3)
- ENGL 3020 Modern English Grammars (3)
- ENGL 3050 Advanced Editing and Design for Print Media (3)
- ENGL 3320 Grant and Proposal Writing (3)
- ENGL 3340 Digital Document Design (3)
- ENGL 4340 Advanced Technical Communication (3)
- ENGL 436R Topics in Technical Communication (3)

Language and Cultural Rhetorics--Complete TWO of the following (or other advisor-approved Writing Studies courses):
- ENGL 2031 Writing for Social Change (3)
- ENGL 304G History of the English Language (3)
- ENGL 3060 Visual Rhetoric (3)
- ENGL 3070 Public Rhetoric (3)

ENGL 3085 Rhetorical Approaches to Popular Culture (3)
ENGL 401R Topics in Rhetoric (3)

Graduation Requirements:
1. Completion of a minimum of 120 semester credits, 40 of which must be 3000 level or higher.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. No grade below C- in required courses.
6. Successful completion of at least one Global/Intercultural course.

English Education, B.A. Requirements

UVU’s English program is designed to give students skill, confidence, and versatility in writing, speaking, and interpreting texts. The program provides opportunities for students to consider and practice the applications of effective language use in diverse situations: professional, pragmatic, social, political, and aesthetic. The English program emphasizes knowledge and use of standard English in all written work, yet incorporates an understanding that English is a desirably diverse and variable phenomenon. The courses of study in English are designed to familiarize students with much of the traditional canon of literature. They are also designed to provide students with the critical and ethical skills necessary to interrogate this canon, to incorporate and legitimize their own and others’ “different” voices, not just in the academy, but in any of the many situations in which language influences human activity.

Total Program Credits: 122

Matriculation Requirements:

Secondary Education Matriculation Requirements:
1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read /Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check.

General Education Requirements: 36 Credits
- ENGL 1010 Introduction to Academic Writing 3
- ENGH 1005 Literacies and Composition Across Contexts (5)

Complete one of the following:
- ENGL 2010 Intermediate Writing Academic Writing and Research 3
- MAT 1030 Quantitative Reasoning (3)
- MAT 1035 Quantitative Reasoning with Integrated Algebra (6)
- STAT 1040 Introduction to Statistics (3)
- STAT 1045 Introduction to Statistics with Algebra (5)
- MATH 1050 College Algebra (4)
English and Literature

Complete one of the following: 3
- HIST 2700 US History to 1877 (3)
- HIST 2710 US History since 1877 (3)
- HIST 1700 American Civilization (3)
- HIST 1740 US Economic History (3)
- POLS 1000 American Heritage (3)
- POLS 1100 American National Government (3)

Complete the following:
- PHIL 2050 Ethics and Values 3
- HLTH 1100 Personal Health and Wellness (2) 2
- or EXSC 1097 Fitness for Life

Distribution Courses:
- Biology 3
- Physical Science 3
- Additional Biology or Physical Science 3
- Humanities Distribution (Fulfilled with Foreign Language 202G/2020 course) 4
- Fine Arts Distribution 3
- Social/Behavioral Science 3

Discipline Core Requirements: 74 Credits

Complete the following:
- ENGL 2800 Introduction to the English Major 3
- ENGL 2850 Literary History I 3
- or ENGL 2870 Literary History II
- ENGL 2600 Critical Introduction to Literature 3
- ENGL 270G Positionality and Interpretive Methods 3
- ENGL 3090 Academic Writing for English Majors WE 3
- ENGL 2250 Introduction to Creative Writing 3

American Literature (complete ONE from the following) 3
- ENGL 3510 Early American Literature (3)
- ENGL 3520 Nineteenth Century American Literature (3)
- ENGL 3530 Modern American Literature (3)
- ENGL 3540 Contemporary American Literature (3)

British Literature (complete ONE from the following) 3
- ENGL 3610 Medieval Literature (3)
- ENGL 3620 Tudor and Stuart Literature (3)
- ENGL 3640 British Literature of the Long Eighteenth Century (3)
- ENGL 3650 Victorian Literature (3)
- ENGL 3660 British Literature Since the Twentieth Century (3)
- ENGL 4250 Adolescent Literature 3
- ENGL 463R Topics in Shakespeare 3
- ENGL 4220 Teaching Reading and Literature 3

ENGL 4225 Teaching Reading Practicum 1
ENGL 4230 Teaching Writing 3
ENGL 4235 Teaching Writing Practicum 1
ENGL 4240 Grammar and Unit Design in the English Classroom 3
ENGL 4245 Grammar and Unit Design Practicum 1

Elective Complete any ENGL course not already fulfilling a degree requirement 3

Secondary Education Licensure
- EDSC 1010 Introduction to Education 2
- EDSC 3000 Educational Psychology 3
- EDSC 325G Equitable Technology Integration 2
- EDSP 340G Exceptional Students 2
- EDSC 4200 Classroom Management I 2
- EDSC 4250 Classroom Management II 2

Any EXSC or PETE courses approved by department (maximum of 2 hours may be applied to graduation)

Elective Requirements: 9 Credits

Complete any 1000-level or higher

Graduation Requirements:

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours -- minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Exercise Science, Minor

Requirements
The Exercise Science curriculum has been designed to address student needs and current market demands. Through practical experiences in laboratory settings using state of the art equipment, students are exposed to a wide range of engaged learning experiences as well as research opportunities designed to develop essential skills necessary to be successful in a variety of major related fields.

Total Program Credits: 24

Discipline Core Requirements: 24 Credits

Outdoor Recreation, Minor

Requirements

In the Exercise Science and Outdoor Recreation Minor students complete courses in Anatomy, Physiology, Sport Medicine, Exercise Testing and Prescription, and Exercise Physiology. The program is designed to prepare students for employment at the entry level in health and fitness related occupations as well as for higher education.

Total Program Credits: 20

Exercise Science and Outdoor Recreation - Exercise Science Emphasis, B.A.

Requirements

The Exercise Science curriculum has been designed to address student needs and current market demands. Through practical experiences in laboratory settings using state of the art equipment such as the Biodex S4, students are exposed to real life rehabilitation experiences as well as researching functional abilities and performance aspects of collegiate athletes. Additional classroom and lab experiences allow students to conduct 3-D motion analysis, measure muscle activity using wireless EMG technology, and analyze gait patterns using the GaitRite System, as well as conducting assessments to determine maximum oxygen uptake (VO2 Max), body composition, and anaerobic power.

- and EXSC 3705 | Exercise Physiology Laboratory | 1 |
- EXSC 3730 | Biomechanics | 3 |
- STAT 2040 | Principles of Statistics | 3 |
- or PSY 3110 | Statistics for the Behavioral Sciences | 3 |
- or EXSC 3400 | Statistical Analysis in Exercise Science | 3 |

Choose 22 credits from the following (make sure selections will satisfy the requirements for upper-division course work):

- EXSC 4000 | Clinical Exercise Physiology | 3 |
- EXSC 4050 | Obesity Physiology and Physical Activity | 3 |
- EXSC 4100 | Fitness Across the Lifespan | 3 |
- EXSC 4200 | Exercise Metabolism | 3 |
- EXSC 4400 | Physical Activity Promotion in the Community | 3 |
- EXSC 4500 | Advanced Sports Nutrition | 3 |
- EXSC 4550 | Principles of Strength and Conditioning | 3 |
- EXSC 4600 | Advanced Biomechanics | 3 |
- EXSC 4700 | Advanced Gross Motor Assessment | 3 |
- CHEM 1220 | Principles of Chemistry II | 4 |
- PHYS 2020 | College Physics II | 4 |
- ZOOL 4400 | Pathophysiology | 4 |
- ZOOL 4700 | Advanced Anatomy | 4 |
- PSY 2300 | Abnormal Psychology | 3 |

Emphasis Elective Requirements: 3 Credits

Any course 1000-level or higher

Graduation Requirements:

1. Completion of a minimum of 120 semester credits, 40 credits must be upper-division.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)

Exercise Science and Outdoor Recreation - Outdoor Recreation Management Emphasis, B.A.

Requirements

In addition to a strong background in recreation theory, experiential education, outdoor leadership, risk management and program planning, graduates of this program leave with a proficiency in a variety of both land and water-based skill acquisition courses, such as avalanche awareness, whitewater kayaking and backpacking. More than preparation for a career in the outdoor field, the major in Outdoor Recreation Management grooms students for a lifetime of outdoor participation and leadership.

### Graduation Requirements:

1. Completion of a minimum of 121 semester credits, 40 credits must be upper-division.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours: minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. No grades below C- in Discipline Core or Emphasis Courses.
6. Successful completion of at least one Global/Intercultural course.

Note: Students must obtain the departmental advisor's signature on an approved program plan prior to enrollment in their second semester of study.

### Footnote

1. EXSC students must take BIOL 1610 and BIOL 1610 and REC students must take BIOL 1010
2. EXSC students must take EXSC 3270 and REC students must take REC 385G
3. EXSC students must take EXSC 4950 and REC students must take REC 4950

Degrees & Programs

Financial Planning, Certificate of Proficiency

Requirements
This certificate adds to the Woodbury School of Business flexibility to meet the needs of individuals seeking to complete the educational requirement to sit for the Certified Financial Planning Board’s professional accreditation. It provides the required seven courses in a residential setting for individuals who already have a bachelor degree but lack these required courses. It will supplement the existing bachelor program in Personal Financial Planning and the online seven course program the Woodbury School of Business currently offers in collaboration with Dalton Education.

Total Program Credits: 21

| Prerequisites may be required. |
|-------------------------------|-------------------|
| FIN 3060                      | Introduction to the PFP Profession | 3 |
| FIN 3210                      | Retirement Planning         | 3 |
| FIN 3220                      | Risk Management and Insurance | 3 |
| FIN 3300                      | Tax Planning for Personal Financial Planners | 3 |
| FIN 3400                      | Investment Management       | 3 |
| FIN 4210                      | Estate Planning Fundamentals | 3 |
| FIN 4800                      | Personal Financial Planning Capstone | 3 |

Graduation Requirements:
1. Completion of a minimum of 21 semester credits.
2. Overall grade point average of 2.5 GPA in all courses. No grade lower than a “C-”.

Operations Management, Certificate of Proficiency

Requirements
The Certificate in Operations Management gives graduates specialized skills in the analysis of how businesses manage processes to improve organizational functions. Graduates learn principles of scheduling, production, inventory management, quality management, lean processing, and other activities required for efficient organizational functions.

### Risk Management, Minor

**Requirements**

The Minor in Risk Management will help prepare students for possible Chartered Property Casualty Underwriter (CPCU) credentials. It focuses in depth on foundations of risk management and insurance, enterprise risk management, business law for insurance, commercial property risk management and insurance, and commercial liability risk management and insurance. In addition, students will achieve further distinction by complementing their demonstrated expertise in insurance issues with a mastery of general management principles finance, operations, and leadership.

### Economics, B.A.

**Requirements**

The Bachelor degree in economics at WSB is designed to give graduates the analytic and quantitative skills to be effective business decision makers as well as to understand basic economic theory and application that can be useful should they choose to continue graduate studies in economics or related disciplines. Historically, graduates with economics degrees who go on to legal studies, an MBA, or other related professional degrees do significantly better than students from other disciplines. Students with language skills may take an appropriate range of academic courses and obtain a Bachelor of Arts degree.

**Total Program Credits: 120**

Choose 3 credit hours of any course numbered 1000 or higher

**Graduation Requirements:**

1. Completion of a minimum of 120 semester credits required in the BS degree; at least 40 credit hours must be upper-division courses.
2. Overall grade point average 2.0 or above with a minimum of 2.5 GPA in all Woodbury School of Business courses. No grade lower than a "C-" in core and specialization courses.
Finance and Economics

3. Residency hours: Minimum of 30 credit hours of business courses through course attendance at UVU, with at least 10 hours earned in the last 45 hours.

4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.

5. Successful completion of at least one Global/Intercultural course.

NOTE: Students will be limited to 9 hours of upper-division credit until matriculation into Woodbury School is completed.

Footnote

| 1 | Students will be required to complete My Educator with a score of 80 percent or higher or complete the IM 2010 or IM 2600 course with a grade of B- or higher. |

Degrees & Programs

Master of Financial Planning and Analytics, M.F.P.A.

Requirements

The Master of Financial Planning and Analytics (MFPA) degree program prepares students for professional positions in financial planning and financial analytics. Our curriculum is also designed to help our students progress towards professional certifications, including the CERTIFIED FINANCIAL PLANNER(TM) (CFP®) certification and the Chartered Financial Analyst (CFA®) certification. Students with foundational courses in financial planning or financial analytics can further expand their existing knowledge by selecting relevant elective courses in new areas of study. With extensive connections to firms across the nation, we seek to provide the best graduate education possible in financial planning and financial analytics.

Total Program Credits: 36

Matriculation Requirements:

The university uses a selective admissions process for admitting students to graduate programs. Meeting minimum admissions criteria does not guarantee admission to the graduate program or to the University as a graduate student. The minimum admissions criteria include the following:

1. Acceptance of an application to the Master of Financial Planning and Analytics program, including payment of the application fee by the established deadline.
2. Official transcripts from all universities attended properly submitted.
3. A bachelor’s degree from a regionally accredited college/university, a nationally accredited program, or the international equivalent.
4. A 3.0 or higher cumulative undergraduate GPA or a 3.0 or higher GPA calculated on the last 60 semester hours (90 quarter hours) of undergraduate coursework.
5. For international students whose native language is not English, a TOEFL score of 80 iBT (550 pBT) or higher, or an IELTS band score of 6.5 or higher within the past two years.
6. For international students, all US government requirements for international students must be met.

Discipline Core: 18 Credits

Degrees & Programs

American Indian Studies, Minor

Requirements
The American Indian Studies minor provides students with academic experiences, skills, and strategies to understand the scope of American indigenous communities within scholarly and applied contexts.

Total Program Credits: 18

American Studies, Minor

Requirements
American Studies provides students with an interdisciplinary approach to the study of American cultures. Through examination of historical, religious, and literary texts, political institutions, popular culture, film, art, and the physical landscape, students will explore how Americans create meaning in their lives and make sense of the world in which they live.

By encouraging students to approach their majors from the perspective of several overlapping disciplines, American Studies courses will foster deeper critical thinking and broader contextualization.

Total Program Credits: 18

Matriculation Requirements:
1. Admitted to a bachelor degree program at UVU.

### Chinese Commerce, Minor

**Requirements**

The Chinese Commerce minor focuses on important aspects of Chinese commerce, language and culture. This program is designed to combine an understanding of the social, political, historical, and economic factors that make China one of the leading international powers today. As such, the minor offers proficiency in the Chinese language, augmented with cultural knowledge of the country and an introduction to international business practices. As an interdisciplinary minor, the program draws on faculty expertise from various disciplines and includes varied perspectives.

**Total Program Credits: 22**

**Matriculation Requirements:**

1. Students need to be admitted into a bachelor degree program.

**Discipline Core Requirements:**

- CHIN 2010 Intermediate Chinese I (4.0)
- MGMT 4620 Developing Business in China (3.0)
- POLS 362G Modern Chinese Political Economy (3.0)
- POLS 4610 International Law (3.0)

**Elective Requirements:**

In addition to 13 credit core requirement, students need to take 9 credit electives

- CHIN 202G Intermediate Chinese II (4.0)
- CHIN 3050 Advanced Chinese (3.0)
- CHIN 3200 Business Chinese I (3.0)
- CHIN 351G Chinese Culture and Civilization (3.0)
- CHST 362G Traditional Chinese History (3.0)
- CHST 363G Modern Chinese History (3.0)
- MGMT 332G Cross-Cultural Communications for International Business (3.0)
- POLS 352G Chinese Politics (3.0)
- POLS 3600 International Relations of East Asia (3.0)
- CHIN 4200 Business Chinese II (3.0)
- Or other approved electives

**Graduation Requirements**

1. Completion of 22 credits.
2. Completion of Baccalaureate Degree.

### Constitutional Studies, Minor

**Requirements**

Political science enjoys a central position among the social sciences. Aristotle characterized politics as the “queen of the sciences.” It is a broad discipline that encompasses philosophical, historical and analytical studies of governments, politics and policies. Political science students learn not only the concepts, theories and methods associated with the discipline, but also gain the cognitive and presentational skills required of tomorrow’s public and private leaders. At its core, politics is about building and maintaining communities at the local, state, national and international levels that enable citizens to live enriching and fulfilling lives. Political science students develop not only an understanding of those communities, but also the ability to influence them.

**Total Program Credits: 21**

**Matriculation Requirements:**

To be admitted into the program, students must:

1. Possess a 3.0 grade point average
2. Complete 30 credit hours
3. Complete POLS 1000 American Heritage or POLS 1100 American National Government

**Discipline Core Requirements:**

- POLS 3250 Introduction to Law and Politics (3)
History and Political Science

**History, Minor**

**Requirements**
UVU’s History Program is dedicated to developing the twenty-first century student. We provide the general student body a broad range of courses that increase global awareness, engagement and informed citizenship, as well as develop critical thinking, writing, and oral expression. In addition, History majors can choose from a large number of in-depth upper division courses that further their content knowledge and expand their abilities to critically analyze past and current events in a variety of regions and nations. In all courses, students and faculty observe the human experience by investigating the diverse historical perspectives of the past and present. History faculty endeavor to teach in ways that foster independent thinking, engage the students with historical conversations and debates, and improve students’ ability to communicate in a variety of media. Students who successfully complete our programs will have a valuable set of skills for further study in graduate and professional programs, and careers in public service or private enterprise.

Graduation Requirements:
1. Complete all political science courses with a grade of “C-” or better.

History and Social Studies Education, B.S.

Requirements

The BS in History and Social Sciences Education prepares teacher candidates to meet the UETES (Utah Effective Teaching Standards) and the InTASC ( Interstate Teacher Assessment and Support Consortium) Standards in history and social sciences education. The program is to provide coursework and experiences that will prepare competent, caring, and qualified individuals who are ready to assume the role of teacher and to prepare them for further career choices and advancement. Candidates enter the program at the junior level of their undergraduate education where they have completed general education and pre-program required courses and in so doing have a background in the arts and sciences which prepares them with a general content knowledge base.

Total Program Credits: 121

Matriculation Requirements:
1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read /Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check.

General Education Requirements: 35 Credits

ENGL 1010 Introduction to Academic Writing 3

or

ENGH 1005 Literacies and Composition Across Context (5)

**Elective Requirements:**

- Any courses numbered 1000 or higher (15 credits must be upper division)
- Complete additional 12 hours of one Foreign Language
- 45 Credits

**Graduation Requirements:**

1. Completion of a minimum of 120 credits, 40 of which must be 3000 level or higher.
2. Minimum UVU GPA of 2.0 upon graduation, with no HIST course grade below a C-.
3. Completion of four semesters of one foreign language.
4. Comply with the catalog's rule on maximum number of years in the program.
5. Minimum of 30 credits must be taken at UVU.
6. Successful completion of at least one Global/Intercultural course.

**NOTES:** Students should frequently consult with his/her advisor on program requirements.
Political Science - American Government Emphasis, B.A.

Requirements

Political science enjoys a central position among the social sciences. Aristotle characterized politics as the “queen of the sciences.” It is a broad discipline that encompasses philosophical, historical and analytical studies of governments, politics and policies. Political science students learn not only the concepts, theories and methods associated with the discipline, but also gain the cognitive and presentational skills required of tomorrow’s public and private leaders. At its core, politics is about building and maintaining communities at the local, state, national and international levels that enable citizens to live enriching and fulfilling lives. Political science students develop not only an understanding of those communities, but also the ability to influence them.

3. Residency hours: minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Completion of 16 credit hours of coursework from one language to include 1010, 1020, 2010, and 202G/2020 levels or transferred equivalents.
6. Successful completion of at least one Global/Intercultural course.

**Political Science - Public Administration and Public Policy Emphasis, B.S.**

**Requirements**

Political science enjoys a central position among the social sciences. Aristotle characterized politics as the “queen of the sciences.” It is a broad discipline that encompasses philosophical, historical and analytical studies of governments, politics and policies. Political science students learn not only the concepts, theories and methods associated with the discipline, but also gain the cognitive and presentational skills required of tomorrow’s public and private leaders. At its core, politics is about building and maintaining communities at the local, state, national and international levels that enable citizens to live enriching and fulfilling lives. Political science students develop not only an understanding of those communities, but also the ability to influence them.

Degrees & Programs

Administrative Information Management, A.S.

Requirements

The two-year pre-major AS in Administrative Information Management program provides training for students seeking to complete general education requirements and develop their skills and knowledge in basic computer applications, written business communication, and financial accounting. Graduates of this program obtain temporary employment and pursue a Bachelor's degree for more advanced training in Information Management.

Total Program Credits: 60

| Complete 3 credits from department pre-approved electives; see advisor for more information. | 3 |
| ACC 1150 Fundamentals of Business Math | 3 |
| IM 2100 Document Processing Applications | 3 |
| INFO 1120 Information Systems and Technology Fundamentals | 3 |
| INFO 1200 Computer Programming I for IS IT | 3 |
| MGMT 2110 Interpersonal Communication | 3 |

Graduation Requirements:

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 or above with a minimum 2.5 GPA in all discipline and elective courses with no grade lower than a C-.
3. Residency hours—minimum of 20 credit hours through attendance at UVU.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.

Administrative Information Support, A.A.S.

Requirements
Every industry relies heavily on competent, qualified, and professional office staff. The two-year AAS in Administrative Information Support program provides training for students seeking to develop their skills and knowledge of office administration and office systems. The program core focuses on word processing, presentations, graphics, spreadsheet, and database applications, as well as written and oral business communication skills, office procedures, and basic accounting skills.

Total Program Credits: 63

| IT 1700 Cybersecurity Essentials (3) | |
| MGMT 1200 Business English (3) | |
| MGMT 2030 Written Business (3) | |

Graduation Requirements:
1. Minimum 63 credits to graduate.
2. Overall grade point average of 2.0 or above with a minimum 2.5 GPA in all discipline core and elective courses with no grade lower than a C-.
3. A minimum keyboarding skill of 40 net words per minute is required for graduation.
4. Residency hours—minimum of 20 credit hours through attendance at UVU.
5. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.

Note: Potential 4-year students need to take MATH 1050 College Algebra QL as their MATHEMATICS Distribution.
Information Systems and Technology, A.A.S.

Requirements

The two-year AAS in Information Systems and Technology is designed to help students develop job-ready computer skills to meet today’s industry needs. Students complete a foundational core in programming, database, web application design, data communication, and networking. After that, students select a specialization in either Information Systems or Information Technology to complete a focused set of courses to obtain more in-depth knowledge and skills for a variety of computer-related jobs. If planned carefully with an advisor, this program provides a smooth, stackable pathway to the B.S. in Information Systems degree or the B.S. in Information Technology degree at UVU.

Graduation Requirements:

1. Completion of a minimum of 63 semester credits.
2. Overall grade point average of 2.0 (C) or above with a minimum 2.5 GPA in all discipline core and elective courses with no grade lower than a "C-".
3. Residency hours: minimum of 20 credit hours through attendance at UVU.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.

footnotes:

1ENGL 2100 Technical Communication recommended for BS in Information Technology degree future students.

2CJ 1010 Introduction to Criminal Justice recommended for BS Information Technology degree future students with the Computer Forensics and Security emphasis. ECON 2010 Principals of Economics recommended for BS Information Systems degree future students.

3PHYS 2010 College Physics I and PHYS 2015 College Physics I Lab recommended for BS Information Technology degree future students.

4If plan to obtain BS in Information Technology with Computer Forensics & Security emphasis, take CJ 1330 Criminal Law and CJ 2350 Laws of Evidence as domain classes.
Information Systems and Technology

Graduation Requirements:
1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 or above with a minimum 2.5 GPA in all discipline core and elective courses with no grade lower than a "C-".
3. Residency hours: minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.

Administrative Support, Certificate of Completion

Requirements
The one-year certificate in Administrative Support program provides training in basic computer literacy and applications, such as word processing, presentations, graphics, and spreadsheet applications. In addition, students build skills in interpersonal and written business communication.

Total Program Credits: 30

Discipline Core Requirements: 30 Credits

- INFO 3410 Database Systems and Warehousing (3)
- INFO 481R Internship (1)
- IT 2700 Information Security Fundamentals (3)
- CS 3270 Python Software Development (3)

Graduation Requirements:

1. Completion of a minimum of 18 semester credits.
2. Minimum grade of C- required in all courses.
3. Overall grade point average of 2.0 (C) or above.
4. Residency hours: minimum of 9 credit hours through course attendance at UVU.

Information Systems and Technology, Certificate of Proficiency

Requirements

The Certificate of Proficiency in Information Systems and Technology is available to all UVU Students with a particular focus designed to provide high school students an opportunity to obtain a stackable certificate of proficiency with an emphasis in career and technical education while still enrolled in high school. This certificate will be available from the University for college students/adults looking for basic entry-level skills leading to further academic advancement. Students complete a foundational core in programming, database, web application design, data communication, and networking.

1. Completion of a minimum of 16 semester credits.
2. Minimum grade of C required in all courses.
3. Overall grade point average of 2.5 (C) or above.
4. Residency hours: minimum of 5 credit hours through course attendance at UVU.

Network Administration, Certificate of Completion

Requirements
The Certificate of Completion in Network Administration provides students with training in server administration, computer architecture, and networking. Students select from a variety of courses in cabling, Windows system administration, router management, information security, computer forensics, and Linux system administration.

Total Program Credits: 31

Network Administration, Certificate of Completion

Requirements
The Certificate of Completion in Network Administration provides students with training in server administration, computer architecture, and networking. Students select from a variety of courses in cabling, Windows system administration, router management, information security, computer forensics, and Linux system administration.

Total Program Credits: 31

Discipline Core Requirements: 25 Credits

Complete the following:
INFO 1120 Information Systems and Technology Fundamentals (3)
or CS 1200 Computer Programming I for IS IT (3)
INFO 1200 Fundamentals of Programming (3)
IT 1510 Introduction to System Administration--Linux/UNIX (3)
IT 1600 Computer Architecture and Systems Software (3)
INFO 2410 Database Fundamentals (3)
IT 2600 Data Communication Fundamentals (3)
or CS 2600 Computer Networks I (3)
ENGL 1010 Introduction to Academic Writing (3)
or ENGH 1005 Literacies and Composition Across Context (5)
MAT 1010 Intermediate Algebra (4)
MAT 1050 College Algebra (4)
MAT 1055 College Algebra with Preliminaries (5)

Elective Requirements: 6 Credits
Complete 6 credits from the following courses: 6
INFO 1200 Computer Programming I for IS IT (3)
or CS 1400 Fundamentals of Programming (3)
INFO 2410 Database Fundamentals (3)
IT 2400 Voice and Data Cabling Fundamentals (3)
IT 2530 Introduction to System Administration--Windows Client (3)
IT 2700 Information Security Fundamentals (3)
Graduation Requirements:

1. Completion of a minimum of 31 semester credits.
2. Minimum grade of C- required in all courses.
3. Overall grade point average of 2.0 (C) or above.
4. Residency hours -- minimum of 10 credit hours through course attendance at UVU.

Graduation Requirements:

1. Overall grade point average 2.75 or above with no grade lower than a B- in all discipline and specialty core courses.
2. Students are responsible for completing all prerequisite courses.

Notes:

Students must pass a criminal background check at the beginning of the junior year.

Participation in Phi Beta Lambda (PBL) or Delta Epsilon Chi (DEX) is recommended for one semester.

Students will teach at least one computer technology course during the student teaching experience.
Business Education - Business Information Technology Emphasis, Minor

Requirements
This minor provides students or teachers who have an Educator License in the State of Utah with the coursework necessary to obtain an endorsement in the Business Information Technology core. This endorsement enables recipients to teach Business Web Page Design, Computer Technology, Desktop Publishing, Digital Business Applications, Social Media Marketing, Advertising and Promotion, and Word Processing.

Total Program Credits: 24

Matriculation Requirements:
1. Minimum ACT scores.
2. GPA of 2.75 or higher.
3. A CAPP written exam.
4. An interview directed by the Secondary Teacher Education Selection and Retention Committee.
5. Must be accepted into a Secondary Education major program.

IT 2800 Computer Forensic Fundamentals (3)

IT 3510 Advanced System Administration--Linux/UNIX (3)

IT 3530 Advanced System Administration--Windows Server (3)

IT 3600 Internetworking and Router Management (3)

IT 3700 Information Security--Network Defense and Countermeasures (3)

Graduation Requirements:

1. To fill the requirements for an information systems and technology minor, students must have no course grade lower than C- in any of the INFO or IT courses required for the minor.
2. Courses may not be double-counted between the core and elective sections.

Business/Marketing Education, B.S.

Requirements

Students interested in teaching can pursue a Bachelor of Science in Business/Marketing Education and a secondary teaching license through a joint program offered by the Information Systems and Technology Department and the School of Education. The Business/Marketing Education curriculum prepares students to teach business, marketing, and information technology in secondary schools.

Total Program Credits: 122

Matriculation Requirements:

1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read /Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check.

General Education Requirements: 36 Credits

1. Completion of 122 semester credit hours with at least 40 credit hours in upper-division courses.
2. Overall Grade of 3.0 (B) or above with no grade lower than a C in major required content courses and no grade lower than a B- in Licensure and Methods courses.
3. Residency hours: Minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Students are responsible for completing all prerequisite courses.
6. Successful completion of at least one Global/Intercultural course.

**Cybersecurity, Graduate Certificate Requirements**

The Graduate Certificate in Cybersecurity at Utah Valley University is a post-baccalaureate program for students who wish to complete advanced studies in the field of cybersecurity. This program is designed to provide students with advanced technical and managerial knowledge of cybersecurity, preparing them for senior technical and leadership roles in the field. Coursework includes a balanced approach, combining critical analysis of cybersecurity theory with hands-on education for essential applied cybersecurity techniques and tools.

The program takes two semesters to complete the 18 credits of graduate level courses. Courses include cybersecurity operations, advanced network defense, cybersecurity management, case studies, secure coding, ethical hacking, and the legal and privacy implications of cybersecurity.

To be successful, students should have a strong background in technology. Students should have completed undergraduate work in a related field or have applicable work experience. For those who do not meet this requirement, select undergraduate courses are available to provide the foundational knowledge needed. Please contact the academic advisor for more information.

**Total Program Credits: 18**

**Matriculation Requirements:**

1. Application for admission to the program.
3. 2 years of IT or IT security industry experience (if Bachelor's degree in non-related field).
4. Completion of undergraduate courses in data communication, programming, and servers.

**Discipline Core Requirements:**

<td>3</td>
</tr>
</tbody>
</table>

**Graduation Requirements:**

1. Completion of a minimum of 18 credits.
2. Overall grade point average of 3.0 (B) or above.
3. Residency hours -- minimum of 5 credit hours through course attendance at UVU.
4. Courses and project requirements must be finished within a five-year period. No courses will apply toward graduation which are older than five years.

**Information Management, B.S. Requirements**

The Bachelor of Science in Information Management is designed to prepare students to supervise and manage the operations and personnel of business offices. Courses include instruction in employee supervision, budgeting, scheduling and coordination, office systems operation and maintenance, office records management, public relations, project management, accounting, decision making, and human resources.

**Total Program Credits: 120**

**General Education Requirements:** 36 Credits

- **ENGL 1010** Introduction to Academic Writing
- **ENGLISH 1005** Literacies and Composition Across Context (5)
- **ENGL 2010** Intermediate Writing Academic Writing and Research
- **MATH 1050** College Algebra (4)
Information Systems and Technology

Complete one of the following:

- HIST 2700  US History to 1877 (3)
- HIST 2710  US History since 1877 (3)
- HIST 1700  American Civilization (3)
- HIST 1740  US Economic History (3)
- POLS 1000  American Heritage (3)
- POLS 1100  American National Government (3)

Complete the following:

- PHIL 2050  Ethics and Values  3
- HLTH 1100  Personal Health and Wellness  2
- or EXSC 1097  Fitness for Life  (2)

**Distribution Courses:**

- Biology Distribution  3
- Physical Science Distribution  3
- Additional Biology or Physical Science Distribution  3
- Fine Arts Distribution  3
- Humanities Distribution  3
- ECON 2010  Principles of Economics I (fulfills Social/Behavioral Science)  3

69 Credits

**Elective Requirements:**

Complete at least 9 upper-division credits from a selected domain:

**Business Intelligence Domain**

- INFO 3120  Management Information Systems  (3)
- INFO 3130  Introduction to Applied Data Analytics  (3)
- INFO 4120  Business Intelligence Systems  (3)
- INFO 4130  Data Science and Big Data Analytics  (3)

**Legal Domain**

- IT 3350  Intellectual Property and Cyber Law  (3)
- LEGL 3000  Business Law  (3)
- LEGL 3530  Employment and Labor Law  (3)
- LEGL 4000  Advanced Business Law and E-Commerce  (3)

**Mobile Development Domain**

- INFO 3300  Web Systems Development  (3)
- INFO 3330  Client-Side Web Development  (3)
- INFO 4420  Mobile Application Development  (3)

**Web Systems Development Domain**

- INFO 3300  Web Systems Development  (3)
- INFO 3330  Client-Side Web Development  (3)
- INFO 3360  Server-Side Web Frameworks  (3)
- INFO 4425  Web Application Security  (3)
- INFO 4300  Enterprise Web Development  (3)

Complete at least 6 credits from the following electives or from courses in above domains.

- IM 2800  Integrated Software Projects  (3)
- IM 3600  Advanced Excel for Decision Making  (3)
- IM 490R  Advanced Topics in Information Management  (1)
- IM 496R  Information Management Seminar  (1)
- INFO 2200  Computer Programming II for IS/IT  (3)
- INFO 3410  Database Systems and Warehousing  (3)
- IT 1700  Cybersecurity Essentials  (3)
- ACC 1150  Fundamentals of Business Math  (3)
- COMM 2110  Interpersonal Communication  (3)
- TECH 3010  Creativity Innovation and Change Management  (3)
- TECH 4400  Advanced Project Management  (3)

Other department approved IM, INFO, or IT classes

**Graduation Requirements:**

1. Completion of the 120 semester credit hours required in the degree with at least 40 credit hours in upper-division courses.
2. Overall grade point average 2.75 or above with no grade lower than a “C-” in core, domain, and elective courses.
Information Systems and Technology

3. Residency hours: Minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Successful completion of at least one Global/Intercultural course.

NOTE: The UVU catalog contains the descriptions and prerequisites for all courses. Not all courses are offered every semester.

Other approved upper-division Information Systems courses

Graduation Requirements:

1. Completion of at least 123 semester credits required in the BS degree; at least 40 credit hours must be upper-division courses.
2. Overall grade point average 2.0 or above with a minimum of 2.5 GPA in all discipline core, specialty core, and elective courses with no grade lower than a "C-."]
3. Residency hours: Minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Successful completion of at least one Global/Intercultural course.

### Information Systems - Business Intelligence Systems Emphasis, B.S.

#### Requirements
The BS in Information Systems program prepares students to be Information Systems professionals. Graduates develop and deploy enterprise-level systems to meet organizational needs. The Business Intelligence Systems (BIS) emphasis prepares graduates to become business intelligence analysts who produce financial and marketing intelligence by querying data repositories, generating reports, and devising methods for identifying data patterns and trends. Organizations store an enormous amount of data. People who are able to perform data mining and can analyze the data to detect trends and form predictions are highly sought by national and regional organizations.

Information Systems - Healthcare
Information Systems Emphasis, B.S.

Requirements
The healthcare industry relies heavily on information systems to store patient information so that medical professionals can analyze the data. Information systems professionals who specialize in HIS find exciting careers. The BS in Information Systems program prepares students to be Information Systems professionals. Graduates develop and deploy enterprise-level systems to meet organizational needs. Students who graduate with the Healthcare Information Systems (HIS) emphasis will use their knowledge of information technology and records management to form the links among health-care professionals and administrations and information technology professionals.

Information Systems - Information Security Management Emphasis, B.S.

Requirements
Managing the security of information systems is extremely important for all types of organizations to protect the systems from data breaches. The BS in Information Systems program prepares students to be Information Systems professionals. Graduates develop and deploy enterprise-level systems to meet organizational needs. The Information Security Management (ISM) emphasis prepares students for information technology management and information security analyst positions.

Information Technology - Computer Forensics and Security Emphasis, B.S.

Requirements

Electronic data is often used as evidence in court. Forensic specialists learn how to identify, preserve, and extract data from electronic devices, such as computers and smart phones. The Bachelor of Science in Information Technology (IT) degree prepares students to install, manage, and maintain the computing infrastructure on which organizational systems run. The Computer Forensics and Security emphasis provides students with a solid foundation for employment by government or corporate sector to work in a computer forensics lab as a forensic analyst or in information security.

IT Application Domain Requirement: 6

Two specified courses to provide students with knowledge of an application domain of their choice and interest. (See department advisor for list of approved courses.) For the Computer Forensics and Security emphasis, the following 2 courses are required: CJ 1330 Criminal Law and CJ 1340 Criminal Investigations.

Some possible application domains are:

- Accounting/IT Auditor
- Business
- Communications
Information Systems and Technology

Computer Science
Construction
Criminal Justice (Choose this domain for Computer Forensics and Security emphasis)
Forensics
Geographic Information Systems
Health professions
Hospitality Management
Manufacturing/Production
Military Science
Multimedia/Digital Media
Physical Sciences
Social Sciences

Emphasis Requirements: 12 Credits

Other approved upper-division Information Technology and Information Systems courses

Graduation Requirements:
1. Completion of at least 122 semester credits required in the BS degree; at least 40 credit hours must be upper-division courses.
2. Overall grade point average 2.0 or above with a minimum of 2.5 GPA in all discipline core, specialty core, and elective courses with no grade lower than a "C-".
3. Residency hours: Minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Completion of GE global intercultural requirement. INFO 405G Global Ethical and Professional Perspectives in IS and IT GI WE satisfies this requirement.
6. Successful completion of at least one Global/Intercultural course.

Information Technology - Network Administration and Security Emphasis, B.S.

Requirements
Every organization uses some form of information technology to perform its operations. The Bachelor of Science in Information Technology (IT) degree prepares students to install, manage, and maintain the computing infrastructure on which organizational systems run. The Network Administration and Security emphasis prepares students to work as data communication consultants, information security analysts, and network administrators. The core of the BS IT program prepares students to have a strong foundation in computer architecture, data communication, information security, networks, and system administration.

Integrated Studies

Degrees & Programs

Integrated Studies, B.A.

Requirements

The individualized nature of the Integrated Studies degree is attractive to students with multiple interests. Students integrate course work in emphases such as biology, earth science, business, health, literature, languages, communication, philosophy, psychology, sociology, anthropology, and the arts. Emphases from computer science and information systems, accounting, technology management, and physical education are also offered as part of this degree.

Total Program Credits: 120

### Deaf Studies, Minor

**Requirements**

In the Deaf Studies minor, students will examine elements of what culturally-Deaf people in America have traditionally called "the Deaf-World" with special attention to the framework of meaning from within which culturally-Deaf people interpret what it means to be Deaf. This minor challenges students to approach cultural descriptions critically, and provides a historical, cultural, and linguistic foundation.

**Total Program Credits: 21**

**Matriculation Requirements:**
1. Declaration of a major in a bachelor degree program at UVU
2. Completion of ASL 202G or equivalent

**Discipline Core Requirements:**
- **21 Credits**
  - **ASL 3050** Advanced American Sign Language 3
  - **ASL 3530** Modern Deaf Culture WE 3
  - **ASL 3610** ASL Literature I 3

**Complete additional 12 credits of upper-division ASL or LANG coursework** 12

**Graduation Requirements:**
1. Overall GPA of 2.0 or above.
2. Residency hours—minimum of 12 credits counting towards the minor through attendance at UVU.

### French, Minor

**Requirements**

Earn this minor in conjunction with any UVU Bachelor Degree Major offered. The minor consists of 18 credits of Upper Division coursework (3050 required). For more information contact the Language Department advisor.

**Total Program Credits: 18**

**Matriculation Requirements:**
1. Complete ENGL 2010 and 30 hours of college-level courses other than French with a minimum GPA of 2.0
2. Complete lower division French courses (1010, 1020, 2010, and 202G) or attain a similar level of language mastery through other means. Native speakers begin at the upper division level.
3. Be admitted to a bachelor degree program at UVU.

**Discipline Core Requirements:**
- **3 Credits**
  - **GER 3050** Advanced German 3

**Elective Requirements:**
- **15 Credits**

**Complete 15 credits from among the following:**
15
- **GER 3030** German Composition and Conversation (3.0)
- **GER 3200** Business German (3.0)
- **GER 351G** German Culture and Civilization (3.0)
- **GER 380R** Topics in German Studies (3.0)
- **GER 4200** Advanced Business German (3.0)
- **LANG 3000** Language and Culture (3.0)
  or **LANG 481R** Language Internship (1.0)
  or **LANG 4200** Methods of Teaching a Foreign Language (3.0)
  or **LANG 490R** Special Topics in Languages (1.0)

**Graduation Requirements:**
1. Completion of Baccalaureate Degree.
2. A minimum grade of "C" must be earned in all minor courses.
Languages and Cultures

Graduation Requirements:
1. Completion of Baccalaureate Degree.
2. A minimum grade of "C" must be earned in all minor courses.

 Languages, Minor

Requirements
The Minor in Languages requires 9 credits upper division course work in one language and 11 credits of intermediate level course work in another language (prerequisites will vary from student to student).

Total Program Credits: 20

Matriculation Requirements:
1. Complete ENGL 2010 and 30 hours of college-level courses other than Language courses with a minimum GPA of 2.0
2. Complete lower-division courses (1010, 1020, 2010, and 202G/2020) in one foreign language or receive the equivalent through experiential credit (does not apply to native speakers).
3. Be admitted to a bachelor degree program at UVU.
4. Courses taken for credit in the Languages minor may not apply to any other program. See Advisor.

Discipline Core Requirements:
20 Credits

Complete the following two requirements:

LANGUAGE 1

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>3050 course in any foreign language</td>
<td>3</td>
</tr>
<tr>
<td>6 credits numbered higher than 3050 in the same language</td>
<td>6</td>
</tr>
<tr>
<td>or LANG 3000 Language and Culture (3.0)</td>
<td></td>
</tr>
</tbody>
</table>

LANGUAGE 2

11 credits in courses numbered 2000 or higher in a second foreign language.

Graduation Requirements:
1. Completion of Baccalaureate Degree.
2. Any grade below a "C" (2.0) in a Languages Minor course will not be accepted.

Latin American Studies, Minor

Requirements
The minor in Latin American Studies (LAS) provides a comprehensive and interdisciplinary understanding of Latin American and Latino culture, history, and language. This is particularly important for preparing UVU students to be fully competitive in the global marketplace since two of the top ten trading partners of the United States, Mexico and Brazil, are located in Latin America. Students learn to comprehend the unique geographical and historical complexities of Latin America and its place in the world, as well as the multifaceted cultural backgrounds of their fellow students whose families are from that vast area. A minor in LAS complements a diverse number of majors giving our students the opportunity to prepare for a future working with either Utah’s growing Latino population or beyond the state pursuing opportunities abroad.

Total Program Credits: 18

Matriculation Requirements:
1. Admitted to a bachelor degree program at UVU.

Discipline Core Requirements:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>GEOG 2500 Geography of Latin America and the Caribbean</td>

**Graduation Requirements:**

1. A minimum grade of "C" must be earned in all minor courses. *

### Footnote

* Completion of Baccalaureate Degree.
Languages and Cultures

**Russian Studies, Minor**

**Requirements**

The Russian Studies minor will provide students with a foundational understanding of the language as well as an introduction to the social, political, historical, and economic factors that make Russia one of the leading international powers today. Students will attain a general knowledge and understanding of Russian culture, society and history from pre-historic times to the present, have a basic familiarity with Russia's position in and influence on world politics and economics, and demonstrate the ability to transcend the boundaries between national languages and disciplines by the use of comparative and collaborative approaches to scholarship.

**Total Program Credits: 22**

</tbody>
</table>

**Graduation Requirements:**

1. Complete a minimum of 120 credit hours with a minimum of 40 upper-division credits.
2. Overall Grade of 3.0 (B) or above with no grade lower than a C or better in major required content courses and no grade lower than a B- in Licensure and Methods courses.
3. Completion of General Education, ASL & Deaf Studies core, and elective requirements.
4. Meet residency and maximum years in program requirements and any other requirements stated in the University Catalog or established by the department.
5. Successful completion of at least one Global/Intercultural course.

**NOTES:**

Students should frequently review their program with faculty or department advisor.

Any grade below a C (2.0) in an ASL & Deaf Studies core or elective course will not be accepted toward the major. Students must maintain an overall GPA of 3.0 or higher and meet all other graduation requirements stipulated in the university catalog. Post-BA/BS students must take 30 hours of education courses, fulfill the MATH 1050 or MATH 1055 requirement, and meet all stipulated deadlines.

---

**Footnote**

* Requires ASL skills equivalent to those expected at the completion of ASL 202G. See advisor for more information.

---

**Deaf Studies - General Deaf Studies Emphasis, B.A.**

**Requirements**

This four-year degree is a liberal arts degree that provides in-depth study into all facets of the Deaf-World. Students choose among two emphases. There is no special application process, but students should declare their major by contacting the academic advisor for the Languages Department.

This emphasis provides an opportunity for students to gain advanced ASL skills and thorough knowledge of the Deaf-World. Graduates with this emphasis will be prepared to work in various fields related to deafness. They will also work in fields that are not specifically tied to the Deaf-World but which require the skills and knowledge cultivated through the acquisition of any liberal arts degree. This emphasis is also terrific preparation for graduate school in any number of disciplines.

**Total Program Credits: 120**

**General Education Requirements:** 35 Credits

Deaf Studies - Interpreting Emphasis, B.A. Requirements

This four-year degree is a liberal arts degree that provides in-depth study into all facets of the Deaf-World. Students choose among two emphases. There is no special application process, but students should declare their major by contacting the academic advisor for the Languages Department.

Emphasis #2: Interpreting:

This emphasis provides an opportunity for students and focuses on helping them to gain interpreting skills and certification. There is currently an intense shortage of interpreters for the Deaf across the United States. UVU offers two distinct programs to prepare students to enter the interpreting profession: The Novice-Level Interpreter Preparation Program (NLIPP) and the Advanced Certification Interpreter Preparation Program (ACIPP). These programs can accommodate students of any skill level and courses fit right into the Deaf Studies Preparation Program (NLIPP) and the Advanced Certification Interpreter Preparation Program (ACIPP). These programs can accommodate students of any skill level and courses fit right into the Deaf Studies degree requirements.

French Education, B.A.

Requirements

This four-year degree prepares students to teach French in secondary education settings. It also prepares students to qualify for the Dual Language Immersion (DLI) Endorsement. Students take major courses from the Department of Languages and Cultures and licensure and endorsement courses through the School of Education. This degree requires separate application to the School of Education.

Total Program Credits: 120

Matriculation Requirements:

1. ACT exam required (re-take required if score is 7 years or older); composite score of 21 or higher, English 20 or higher, and Math 19 or higher.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check.
5. Exit interview with French Program Director.
6. Other requirements as determined by the Department of Languages and Cultures

General Education Requirements: 35 Credits

Elective Requirements: 29 Credits

Complete 18 credits of any upper-division SPAN or LANG courses not previously taken.  18
Complete 11 credits of any courses 1000-level or higher. 11

**Graduation Requirements:**

1. Complete a minimum of 120 credit hours with a minimum of 40 upper-division credits.
2. Overall Grade of 3.0 (B) or above with no grade lower than a C or better in major required content courses and no grade lower than a B- in Licensure and Methods courses.
3. Completion of General Education, Spanish core, and elective requirements.
4. Meet residency and maximum years in program requirements and any other requirements stated in the College Catalog or established by the department.
5. Successful completion of at least one Global/Intercultural course.

NOTES: Students should frequently review their program with faculty or department advisor. Post-BA/BS students must take 30 hours of education courses, fulfill the Math 1050 requirement, and meet all stipulated deadlines.

### Spanish, B.A.

#### Requirements

This four-year degree is a liberal arts degree that provides in-depth study into all facets of the Spanish language and culture. There is no special application process, but students should declare their major by contacting the academic advisor for the Languages department.

### Marketing, Minor

**Requirements**

The Marketing Department offers students three different tracks in the marketing minor, each providing a theoretical and in-depth professional preparation in the field. The first is the Marketing Management track, which provides a broad base of experiential classes and the most flexibility in scheduling for employed students. The second is the Digital Marketing track, which provides courses in internet marketing, social media, and web analytics. The newest track is Professional Selling, which prepares students for a career in sales with courses in personal selling, sales management, and sales analytics. Whichever track is chosen, a professional internship is highly encouraged.

### Digital Marketing, B.S.

**Requirements**

The Digital Marketing major at UVU offers an analytical, applied, engaged-learning approach to digital marketing. Students learn a balance of marketing strategy, content creation, graphic design, and website/social media analytics for marketing campaigns. The digital marketing major offers an expanding menu of beginning and advanced courses that allow students to use their digital marketing skills for live engaged-learning clients.

**Total Program Credits:** 120

Select 15 elective credits 1000 or higher. 15

Graduation Requirements:

1. Completion of a minimum of 120 semester credits required in the BS degree; at least 40 credit hours must be upper-division courses.
2. Overall grade point average 2.0 or above with a minimum of 2.5 GPA in all Woodbury School of Business courses. No grade lower than a "C-" in core and specialization courses.
3. Residency hours: Minimum of 30 credit hours of business courses through course attendance at UVU, with at least 10 hours earned in the last 45 hours.

4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.

5. Successful completion of at least one Global/Intercultural course.

NOTE: Students will be limited to 9 hours of upper-division credit until matriculation is completed.

### Footnote

1. Students must be matriculated before taking this course.

2. Students will be required to complete My Educator with a score of 80% or higher or IM 2010 Business Computer Proficiency, or IM 2060 Spreadsheet applications with a grade of B- or higher.

3. Maximum of 3 credit hours of internship count toward marketing electives.

4. It is encouraged that students use these 15 credits of marketing electives to earn a marketing certificate in professional selling, product management, or digital marketing.

5. Students will be required to complete MKTG 220G with a grade of B- or higher.
Master of Arts in Marriage and Family Therapy Graduate Programs

Marriage and Family Therapy Graduate Program

The Master of Arts in Marriage and Family Therapy Graduate Program is in the College of Humanities and Social Sciences. To find the most up-to-date information, including Program Learning Outcomes for the Marriage and Family Therapy Graduate Program, visit their website.

Course Descriptions

Marriage and Family Therapy.......................... 709

Degrees & Programs

Marriage and Family Therapy, M.A.

Requirements

The Master in Marriage and Family Therapy (MFT) trains students to be professionally competent in the field of marriage and family therapy. Through the application of systemic theories, skills, and ethics, students are prepared to serve a diverse client population. Students who successfully complete the program, including academic course work and supervised clinical practica, will be eligible for employment and licensure as an Associate Marriage and Family Therapist in the state of Utah. This program is offered in collaboration with the Behavioral Science Department and the family science undergraduate degree.

Total Program Credits: 54

Matriculation Requirements:

1. Completion of a bachelor's degree from a regionally-accredited college/university, a nationally accredited program, or an international college or university recognized by a Ministry of Education.
2. Admission to the Marriage and Family Therapy, M.A. program.

Discipline Core Requirements: 54 Credits

</tbody>
</table>

Graduation Requirements:

1. Complete 54 credits with a minimum GPA of 3.0 with a B- or higher in every class.
2. Complete program clinical and supervision hour requirements.
3. Complete program capstone requirements demonstrating achievement of student learning outcomes.
4. 42 credits must be taken at UVU. No more than 12 transfer credits will be accepted.
Mathematics

The Mathematics department is in the College of Science. To find the most up-to-date information, including Program Learning Outcomes for degree programs offered by the Math department, visit their website.

Requirements

Graduation Requirements:

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours--minimum of 20 credit hours through course attendance at UVU
4. Completion of GE and specified departmental requirements

Footnote:
* MATH 1050 and MATH 1060 are required as prerequisites for MATH 1210.

Mathematics, A.S.

Requirements
The AA and AS mathematics programs are intended to prepare students for the pursuit of a bachelor's degree. Those intending to transfer to other institutions should check transferability of courses with the institutions to which they intend to transfer. Following are the key knowledge, skill and ability goals of the AA and AS mathematics program: Knowledge of calculus, differential equations and linear algebra. The ability to communicate mathematics clearly, both verbally and in writing.

Total Program Credits: 60

Choose at least two mathematics courses from the mathematics courses numbered 3210 and above 1 |

Graduation Requirements
To fulfill the requirements for a mathematics minor, students must achieve a minimum GPA of 2.4 for all attempted work in the seven mathematics courses required for the mathematics minor and have no course grade lower than "C" in any of the seven mathematics courses required for the mathematics minor (substitutions may be granted for some elective courses).

Footnotes:
1 Elective courses may NOT include MATH 4030, MATH 4040, or MATH 481R.
**Mathematics - Actuarial Science Emphasis, B.S.**

**Requirements**

Mathematics degrees allow for a wide variety of employment options. The following careers are very mathematics centered, though in many cases additional training beyond a mathematics degree (or at least beyond a B.S. Mathematics degree) is needed to qualify for employment in these fields: actuarial work, education, research analysis, cryptology, systems analysis, robotics engineering, design modeling (creating cost efficient models), geomatics engineering, photogrammatism, stock trading, biomathematics, accounting or auditing, population ecology, aspects of forensic analysis and some types of computer programming design. There are also jobs for mathematics graduates in the federal government, mainly in the department of defense. The degree required depends on the type of job in the areas mentioned, and the salary level.

Graduation Requirements:

1. Completion of a minimum of 120 semester credits with at least 40 credit hours in upper-division courses.
2. Overall grade point average of 2.0 (C) or above, a minimum GPA of 2.4 in all MATH and STAT courses listed above, with no grade lower than a “C” in all listed PHYS, STAT, and MATH courses (substitutions may be granted for some elective courses).
3. Residency hours—minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of general education and specified departmental requirements.
5. Complete an exit survey administered by the Mathematics Department Advisor.
6. Successful completion of at least one Global/Intercultural course.

Footnote:

* Students planning to do graduate work in mathematics should take both of the year-long sequences MATH 4210, 4220, and MATH 4310, 4320, and acquire a reading knowledge of at least one foreign language chosen from French, German, or Russian.

**Elective courses may NOT include MATH 3100, MATH 3200, MATH 3010, MATH 3030, MATH 4030, or MATH 4040.

*** Requires completion of a prerequisite course, which fulfills elective requirements.

Mathematics - Mathematics Emphasis, B.S. Requirements

Mathematics degrees allow for a wide variety of employment options. The following careers are very mathematics centered, though in many cases additional training beyond a mathematics degree (or at least beyond a B.S. Mathematics degree) is needed to qualify for employment in these fields: actuarial work, education, research analysis, cryptology, systems analysis, robotics engineering, design modeling (creating cost efficient models), geomatics engineering, photogrammatism, stock trading, biomathematics, accounting or auditing, population ecology, aspects of forensic analysis and some types of computer programming design. There are also jobs for mathematics graduates in the federal government, mainly in the department of defense. The degree required depends on the type of job in the areas mentioned, and the salary level.

Total Program Credits: 120

Matriculation Requirements:

1. Completion of MATH 1210 and MATH 1220 (or equivalent) with an overall GPA of 2.5 or better
2. Student must meet with the Math Department advisor and declare an intent to major in Mathematics

6. Successful completion of at least one Global/Intercultural course.

Footnotes:
*Elective courses may NOT include MATH 3100, MATH 3200, MATH 3010, MATH 3030, MATH 4030, or MATH 4040.
**Requires completion of a prerequisite course, which fulfills elective requirements.

Mathematics Education, B.S.

Requirements

The Secondary Education – Mathematics major is designed for students who plan to teach Mathematics at middle, junior or high school level or for graduate studies in the field. The degree will prepare students to become state certified to teach the subject at any secondary level and help to address shortages of secondary math educators in Utah. Graduates will not only understand the art of teaching but also have a deep content knowledge of Mathematics. Graduates of this program are able to accurately interpret and translate pictorial and descriptive information into mathematical statements; solve problems quantitatively and communicate results clearly; demonstrate understanding of numeric, algebraic and geometric reasoning; and, demonstrate computational skills in areas of applied mathematics.

Total Program Credits: 120

Matriculation Requirements:

1. Completion of MATH 1210 Calculus I QL, MATH 1220 Calculus II, and MATH 2210 Calculus III with a 3.0 GPA.
2. Completion of STAT 2040 Principles of Statistics QL with a grade of "B-" or higher.
3. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read /Math 1000, with Math and Reading scores of 450; or If student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
4. GPA of 3.0 or higher with no grade lower than a C in content area courses.
5. Completion of all General Education requirements and the majority of content area courses.
6. Pass LiveScan Criminal Background Check.

General Education Requirements: 38 Credits

Mathematics

Degrees & Programs

Master of Science - Mathematics Education, M.S.

Requirements

The Master of Science in Mathematics Education (MS-MEd) is designed for individuals interested in strengthening their understanding of mathematics, statistics, and educational theory and practice in order to enrich their own teaching of mathematics and statistics. Completion of the program will also qualify individuals to teach concurrent enrollment courses and to teach at some community colleges and universities. For college-level academic concurrent enrollment (dual-credit) courses, the Utah Valley University Mathematics Department requires that instructors have a master’s or doctoral degree with 18 graduate hours in mathematics or statistics. However, the MS-MEd does not lead to a teaching license. The program is flexible to serve the needs of in-service teachers.

Total Program Credits: 30

Matriculation Requirements:

1. Admission to the Graduate Program.
2. A bachelor's degree from a regionally accredited institution, equivalent undergraduate coursework to the Mathematics Endorsement 4, and at least two years of teaching experience.
3. A passing score on the Entrance Exam or MATH 6000 Mathematics Core Review.

Discipline Core Requirements: 30 Credits

2. Overall grade point average of 3.0 (B) or above.
3. Residency hours -- minimum of 21 credit hours through course attendance at UVU.
4. Courses and project requirements must be finished within a five-year period. No courses will apply toward graduation which are older than five years.
5. Individual grade of C or higher in all coursework applied toward the degree.

Mathematics, Graduate Certificate

Requirements

The Graduate Certificate in Mathematics aims to improve mathematics education and student achievement by focusing on two specific research-supported areas. First, by delivering high-quality content-based knowledge critical to student achievement, and second, by targeting in-service teachers who desire to teach dual credit in high school, given that dual-credit/dual-enrollment students are more likely to persist in college and are more likely to complete a bachelor's degree in less time than those who did not attempt college credits in high school. Graduate courses for this program will be available to match in-service teacher's schedules—evenings and during summer sessions—taught on the main campus and live-interactive by Utah Valley University’s full-time faculty.

Total Program Credits: 18

Matriculation Requirements:

1. Admission to the Graduate Program
2. A bachelor's degree from a regionally accredited institution, equivalent undergraduate coursework to the Mathematics Endorsement 4 or Secondary Mathematics Endorsement, and at least two years of teaching experience.
3. A passing score on the Entrance Exam or MATH 6000 Mathematics Core Review.

Degrees & Programs

Music, A.S.

Requirements
The Associate in Science in Music is a two-year program that offers foundational studies in musicianship and performance. Prepares students for continuation in a four-year degree program in music.

Total Program Credits: 63

Matriculation Requirements:
1. Pass performance audition and interview with music faculty.
2. Complete music theory diagnostic exam. Students who do not earn at least 80% on the music department theory diagnostic exam must complete MUSC 1105 before MUSC 1110.

General Education Requirements: 35 Credits

- ENGL 1010 Introduction to Academic Writing (3)
- or ENGH 1005 Literacies and Composition Across Contexts (3)
- ENGL 2010 Intermediate Writing/Academic Writing and Research (3)
- Complete one of the following: (Note: A higher level MATH course may substitute for this requirement) (3)
- MAT 1030 Quantitative Reasoning (3) (recommended for Humanities or Arts majors)
- Complete one of the following: (3)

   - HIST 2700 US History to 1877 (3)
   - and HIST 2710 US History since 1877 (3)
   - HIST 1700 American Civilization (3)
   - HIST 1740 US Economic History (3)
   - POLS 1000 American Heritage (3)
   - POLS 1100 American National Government (3)

Complete the following:
- PHIL 2050 Ethics and Values (3)
- HLTH 1100 Personal Health and Wellness (2)
- or EXSC 1097 Fitness for Life (2)

Distribution Courses:
- Biology (3)
- Physical Science (recommend PHYS 1750 The Acoustics of Music (3)) (3)
- Additional Biology or Physical Science (3)
- Humanities Distribution (3)
- Fine Arts (3)
- Social/Behavioral Science (3)

Discipline Core Requirements: 28 Credits

- MUSC 1110 Music Theory I (3)
- MUSC 1120 Music Theory II (3)
- MUSC 1130 Aural Skills I (1)
- MUSC 1140 Aural Skills II (1)
- MUSC 2110 Music Theory III (3)
- MUSC 2125 Music Theory IV (3)
- MUSC 2130 Aural Skills III (1)
- MUSC 2140 Aural Skills IV (1)

Complete 4 credits from the following: (4)

- MUSC 124R UVU Concert Choir (1)
- MUSC 125R University Band (1)
- MUSC 322R Chamber Choir (1)
- MUSC 327R Deep Green-T/B Choir (1)
- MUSC 328R Emerald Singers-S/A Choir (1)
- MUSC 330R Wind Symphony (1)
- MUSC 332R Jazz Orchestra (1)
- MUSC 370R Symphony Orchestra (1)

Complete 4 credits of the following on major instrument or voice: (4)

- MUSC 250R Private Lessons for Music Majors (1)

Complete 4 credits of the following on major instrument or voice: (4)

- MUSC 251R Performance Class (1)
Student must pass the Departmental Keyboard Proficiency Examination or complete MUSC 1150, MUSC 1160, MUSC 2150, and MUSC 2160.

**Graduation Requirements:**

1. Completion of a minimum of 63 semester credits.
2. Overall grade point average of 2.0 (C) or above. MUSC 250R Private Lessons for Music Majors requires a grade B or higher. All other MUSC courses require a C grade or higher.
3. Residency hours: minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements, including a sophomore review and concert attendance requirements.

**Collaborative Piano-Chamber Music, Certificate of Proficiency**

**Requirements**

The Certificate of Proficiency in Collaborative Piano-Chamber Music is a one-year program designed to provide further education for pianists interested in collaborating with instrumentalists. The program provides a thorough education in all aspects of piano technique related to instrumentalist accompanying, including strings, woodwinds, brass, and percussion. The degree is open to current UVU students and local pianists seeking to refine their collaborative piano skills through instrumental literature.

Total Program Credits: 16

1 See advisor for course recommendation.

**Graduation Requirements:**

1. Completion of a minimum of 16 semester credits.
2. Overall grade point average of 2.0 (C) or above. MUSC 245R requires a grade B or higher. All other MUSC courses require a C grade or higher.
3. Residency hours: minimum of 4 credit hours through course attendance at UVU.

**Collaborative Piano-Vocal Coaching, Certificate of Proficiency**

**Requirements**

The UVU Certificate of Proficiency in Collaborative Piano-Vocal Coaching is a one-year program designed to provide further education for pianists interested in collaborating with vocalists. The program provides a thorough education in all aspects of piano technique related to vocal accompanying, diction, and literature. The degree is open to current UVU students and local pianists enrolled at UVU seeking to refine their collaborative piano skills through vocal literature.

Total Program Credits: 16

Graduation Requirements:

1. Completion of a minimum of 121 semester credits, 40 credits must be upper-division.
2. Overall grade point average of 2.0 (C) or above. MUSC 1150, MUSC 1160, MUSC 2170, MUSC 2180, 250R, and 360R courses require a grade B or higher. All other MUSC courses require a C grade or higher.
3. Residency hours - minimum of 30 credit hours through course attendance at UVU, with at least 10 hours in the last 45 hours.
4. Completion of GE and specified departmental requirements, including a sophomore review and concert attendance requirements.
5. Successful completion of at least one Global/Intercultural course.

Music Education, B.S.

Requirements

The Bachelor of Science in Music Education degree provides students with the competencies essential for a professional career in music secondary education.

Total Program Credits: 129

Matriculation Requirements:

For acceptance to the B.S. Music Education degree:

1. Pass performance audition and interview with music faculty.
2. Complete music theory diagnostic exam. Students who do not earn at least 80% on the music department theory diagnostic exam must complete MUSC 1105 before MUSC 1110.
3. Students will apply for formal admission to the Secondary Ed program in the semester prior to the beginning of their junior year.

Admission criteria include:

1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read / Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, they do not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check.

General Education Requirements: 32 Credits

Elective Requirements: 28 Credits

One Foreign Language 12

Complete any courses 1000 level or higher (may not include MUSC courses) (at least 9 credits must be upper-division, see graduation requirements) 16

Graduation Requirements:

1. Completion of a minimum of 120 semester credits, 40 credits must be upper-division.
2. Overall grade point average of 2.0 (C) or above. MUSC 250R Private Lessons for Music Majors and MUSC 450R Advanced Private Lessons for Music Majors require a grade B or higher. All other MUSC courses require a C grade or higher.
3. Residency hours- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours in the last 45 hours.
4. Completion of GE and specified departmental requirements, including a sophomore review and concert attendance requirements.
5. For the BA degree, completion of 16 credit hours of course work from one language to include the 1010, 1020, 2010, and 202G/2020 levels or transferred equivalents.
6. Successful completion of at least one Global/Intercultural course.

Music, B.S.

Requirements

The Bachelor of Arts/Science in Music is a liberal arts degree with a significant component of electives designed for students who desire a broad base of knowledge. The Bachelor of Arts in Music includes foreign language requirements.

Total Program Credits: 120

Matriculation Requirements:

1. Pass performance audition and interview with music faculty.
2. Complete music theory diagnostic exam. Students who do not earn at least 80% on the music department theory diagnostic exam must complete MUSC 1105 before MUSC 1110.

General Education Requirements: 32 Credits

**Performance, B.M.**

**Requirements**

The Bachelor of Music in Performance degree prepares students for performance-related work and studio teaching. In addition to standard courses that focus on performance skills, it includes courses relevant to the music industry such as entrepreneurship, music technology, and studio recording.

**Total Program Credits: 120**

**Matriculation Requirements**

1. Pass performance audition and interview with music faculty.
2. Complete music theory diagnostic exam. Students who do not earn at least 80% on the music department theory diagnostic exam must complete MUSC 1105 before MUSC 1110.

Degrees & Programs

Nursing, ASN

Requirements

The UVU Nursing Program is a student-centered engaged learning experience where faculty facilitates learning nursing care through simulation and patient care. The Associate in Science in Nursing w/ BSN Completion (ASN) program prepares the graduate to function individually as a member of the healthcare team in structured healthcare settings in which clients have common health problems. Acceptance into the ASN program is by a competitive, point-based application process. Prerequisite courses must be completed before applying to the program. For more information on applying to the ASN program see our website at www.uvu.edu/nursing or contact the Pre-Nursing advisors in LC 404 at 863-6484. After completing the 4 semesters of the ASN program, students would be eligible to graduate with an ASN and apply to take the NCLEX-RN exam. Graduates of the ASN program would be eligible to remain in the program, and seamlessly transition to the Bachelor of Science in Nursing (BSN) portion of the program. BSN completion takes an additional 2 full time semesters if students have also completed all the GE requirements, ZOOL 4400, and MATH 1040 or MATH 2040.

Nursing, B.S.  
Requirements

A bachelor of science in nursing degree prepares students to practice across all types of health care settings. A BSN provides the greatest opportunity for advancement in the nursing field. A BSN is also required for entry into most graduate nursing programs including nurse practitioner, certified nurse anesthetist, nursing educator, or nurse researcher. Students interested in the BSN would first need to complete the ASN program. Acceptance into the ASN program is by a competitive, point-based application process. Prerequisite courses must be completed before applying to the program. For more information on applying to the ASN program see ou website at www.uvu.edu/nursing or contact the Pre-Nursing advisors in LC 404 at 863-6484.

After completing the 4 semesters of the ASN program, students would be eligible to graduate with an ASN and apply to take the NCLEX-RN exam. Graduates of the ASN program would be eligible to remain in the program, and seamlessly transition to the Bachelor of Science in Nursing (BSN) portion of the program. The BSN at UVU is a completion exam. Graduates of the ASN program would be eligible to remain in the BSN at UVU is a completion exam. Graduates of the ASN program would be eligible to remain in

Total Program Credits: 121

Graduation Requirements:
1. Completion of a minimum of 70 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours-- minimum of 20 credit hours through course attendance at UVU.
4. Completion of specified departmental requirements

Matriculation Requirements:
1. Associate of Science in Nursing
2. RN licensure complete - Prerequisite coursework: ENGL 1010 or ENGH 1005; Math Quantitative Literacy Course: PSY 1100; CHEM 1110; NUTR 1020: ZOOL 2320; MICR 2060 with lab, ZOOL 2420 with lab.
3. All prerequisite courses must be completed prior to application. A final grade of C or higher is necessary in all classes except Math Quantitative Literacy
4. Course work must be on an official transcript and articulation into the UVU system by the end of the application period or the application will be considered incomplete
5. Pass/Fail or Credit/No credit grades and ACT scores are not accepted for prerequisite course work. (see Advisor for details)
6. Each application for acceptance into the program is for a specific semester only

MEASOM, Gary Professor

Course Descriptions

Nursing

Degrees & Programs

Nursing, M.S.N

Requirements
The Master of Science in Nursing program prepares post-baccalaureate nursing students for advanced practice roles as nurse educators in academic settings and/or clinical nurse educators in healthcare institutions. The program includes core courses essential to master-level nursing programs as well as courses designed to prepare nurses to assume roles as academic nurse educators and/or clinical nurse educators. Program content focuses on theoretical foundations of nursing education and leadership; tests and measurements of learning outcomes; curriculum development, implementation and evaluation; and academic and clinical teaching. Program courses provide skills and strategies for facilitation of learning in a variety of settings.

Total Program Credits: 34

Matriculation Requirements:
1. Baccalaureate degree in nursing from a program accredited by a recognized nursing accreditation agency.
2. Current licensure as an RN in Utah or eligible for RN licensure in Utah.
3. Completion of an undergraduate course in statistics to include descriptive and inferential statistics.
4. Application for admission to the MSN program.
5. Overall undergraduate GPA of 3.2 or higher, or GPA of 3.2 or higher in last 60 semester hours of undergraduate coursework.

Discipline Core Requirements: 34 Credits

Organizational Leadership and Change, Certificate of Proficiency

Requirements

The Organizational Leadership and Change Certificate of Proficiency is an industry certificate that will help both industry professionals interested in bolstering their leadership and change competencies and capabilities, as well as any current UVU student interested in earning a stackable credential on top of their major. Students will learn about ethical decision making within an organizational context, leadership theories and their application to practice, effective people management strategies, and how to effectively lead change initiatives within organizations. Completion of this certificate will allow students to signal organizational leadership and change management expertise to potential or current employers and add organizational leadership and change to round out their portfolio of abilities.

Graduation Requirements:

1. Complete all required credits. 25% of credits must be taken at UVU. Receive a C- or better in all courses with an overall grade point average of 2.0 of above.
Event Planning, Minor

Requirements

The Minor in Event Planning will require eighteen credit hours of courses currently being offered. The minor provides undergraduate Woodbury Business students an official designation on their transcript, highlighting their specific qualifications in this area. The courses in the minor offer students the opportunity to learn event planning management techniques needed to successfully plan, manage, and execute events. Students who complete these classes will have a clear designation highlighting their preparation for this particular set of skills.

### Elective Requirements:

- Complete 6 credits of upper division credits from WSB Advisors List 6
- Complete 32 hours of electives from any course 1000 level or higher 32

### Suggested Courses for Hotel/Resort:

- **HM 3390** Hotel Operations II (3)
- **HM 4400** Advanced Hotel and Tourism Analytics (3)
- **HM 4150** Hospitality Revenue Management (3)
- Three additional credit hours of HM 481R Internship (total of 9 credit hours)

### Suggested courses for Event Management:

- **HM 4200** Event Planning (3)
- **HM 4250** Advanced Event Production (3)

### Suggested for Food and Beverage:

- 20 credit hours from Culinary Arts (CA) courses

### Graduation Requirements:

1. Completion of a minimum of 120 semester credits with at least 40 credit hours of upper-division classes.
2. Overall grade point average 2.0 or above with a minimum of 2.5 GPA in all Woodbury School of Business courses. No grade lower than a “C-” in core and specialization courses.
3. Residency hours: minimum of 30 credit hours of business courses through course attendance at UVU, with at least 10 hours earned in the last 45 hours. At least 12 of the credit hours must be in Hospitality Management courses.
4. Completion of GE and specified departmental requirements.
5. Successful completion of at least one Global/Intercultural course.

### Human Resource Management, B.A.

### Requirements

The HRM program will provide students with practical and applied skills, experience in applying those skills, and a variety of intellectual tools to prepare them for HRM careers in business, government, and non-profit organizations. The proposed classes, engaged pedagogy, and instructors will aim to prepare students for staffing organizations, setting and advising procedures for recruitment, interview, and placement. Additionally, students will be prepared for carrying out disciplinary action, tracking leave and absences, and ensuring the health, safety, and development of organizational employees. HR graduates will also be prepared to advise company management on labor law issues.

The meaning of human life in the past and present. The discipline also communicates and works together to give an in-depth record of the human experience. This field of study draws on other disciplines including artistic creativity and what the resulting artistic forms reveal about

**Degrees & Programs**

**Humanities, A.A.**

**Requirements**

The discipline of humanities is the study of human intellectual and artistic creativity and what the resulting artistic forms reveal about the human experience. This field of study draws on other disciplines such as history, fine arts, literature, intellectual history, music, foreign languages, theology, and philosophy to see how the several artistic forms communicate and work together to give an in-depth record of the meaning of human life in the past and present. The discipline also emphasizes the relationship between the arts, culture, and society. A background in humanities is helpful in preparing for employment in education, business, government, civil and foreign service, tourism, and in preparation for graduate studies.

Graduation Requirements:

1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours—minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Philosophy, A.A.

Requirements

Interest in studying philosophy begins with the desire to engage life’s greatest questions: finding the meaning of human existence, making sense of reality and our place in the cosmos, giving systematic form to our ethical and political intuitions, explaining the history of human ideas, and other equally significant problems. Often students wonder how the study of philosophy can provide the foundation for successful and meaningful employment. Contrary to popular belief, a philosophy major is one of the best preparations possible for careers in a large number of different areas. An article in the London Times rightly called philosophy the "ultimate 'transferable work skill'" insofar as it prepares students for a wide array of practical services. As a group, philosophy majors consistently score at or near the top on standardized tests, gain employment on graduation at higher than average rates, rank highly in median mid-career salary, and enjoy a well-earned reputation for rigorous thinking. In fact, the Association of American Colleges and Universities tells students, “[y]our specific choice of major matters far less than the knowledge and skills you gain through all your studies and experiences in college. In terms of jobs, employers don’t hire majors. They hire individuals with potential to succeed over the long term and add value to their companies or organizations.” The study of philosophy, one of the oldest and most rigorous disciplines, provides students with critical thinking, writing, and arguing skills necessary to succeed in today’s competitive working environments.

Ethics, Certificate of Proficiency

Requirements

A student in the Ethics program is offered an innovative approach in correlating various disciplines with structured ethical research. The program offers students opportunities to enhance their capacity to enter their chosen professions, careers, and vocations as ethical leaders. Students will examine real world ethical issues in the context of various disciplines, a valuable credential for employment and further education.

UVU has had a vested interest in Interdisciplinary Ethics since the 1980s, offering prestigious programs such as Ethics Across the Curriculum and hosting the only Ethics Center in the USHE system. The undergraduate Ethics curriculum and the Center for the Study of Ethics have received repeated national recognitions for their innovative and influential programs, conferences, events, symposia, and lecture series that educate students and the community about contemporary ethical issues.

2. Residency hours--minimum of 12 credit hours through course attendance at UVU.

Environmental Studies, Minor

Requirements
Environmental Studies explores the complex links between human culture and the natural world. The program challenges students to critically examine both the ecological and social context of environmental issues and the numerous connections between natural and social systems, from local to global scales. It is undeniable that humans have a profound impact on the environment. To have the greatest positive influence, we must seek knowledge of the structure and function of natural systems, as well as an understanding of how culture affects the way we perceive nature.

### Ethics, Minor

**Requirements**

A student in the Ethics program is offered an innovative approach in correlating various disciplines with structured ethical research. The program offers students opportunities to enhance their capacity to enter their chosen professions, careers, and vocations as ethical leaders.
Students will examine real world ethical issues in the context of various disciplines, a valuable credential for employment and further education.

UVU has had a vested interest in Interdisciplinary Ethics since the 1980s, offering prestigious programs such as Ethics Across the Curriculum and hosting the only Ethics Center in the USHE system. The undergraduate Ethics curriculum and the Center for the Study of Ethics have received repeated national recognitions for their innovative and influential programs, conferences, events, symposia, and lecture series that educate students and the community about contemporary ethical issues.

**Total Program Credits: 18**

**Matriculation Requirements:**
1. Admitted to a bachelor degree program at UVU.

**Discipline Core Requirements:**
- **PHIL 355G** Moral Philosophy (3)
- **PHIL 481R** Internship (3)

**Elective Requirements:**
12 Credits
- Complete 12 credits from the following:
  - **PHIL 130R** Ethics Forum (1) (Limited to a maximum of 3 credits)
  - **PHIL 3040** Media Ethics (3)
  - **COMM 3040** Media Ethics (3)
  - **PHIL 3450** Philosophy of Childhood (3)
  - **PHIL 3460** The Ethics of Human/Animal Relationships (3)
  - **PHIL 3510** Business and Professional Ethics (3)
  - **PHIL 3520** Bioethics (3)
  - **PHIL 3530** Environmental Ethics (3)
  - **PHIL 3540** Christian Ethics (3)
  - **PHIL 357R** Moral Reasoning Through Case Studies: Ethics Bowl (3)
  - **PHIL 3700** Social and Political Philosophy (3)
  - **PHIL 3710** Philosophy of Law (3)
  - **PHIL 450R** Interdisciplinary Senior Ethics Seminar (3)
  - **PHIL 451R** Ethical Theory Seminar (3)
  - **PHIL 490R** Independent Study (1)
  - **ASL 4370** Ethics for Interpreters (3)
  - **BIOL 4260** Ethical Issues in Biology WE (2)
  - **CS 305G** Global Social and Ethical Issues in Computing (3)
  - **PJST 3000** Introduction to Peace and Justice Studies (3)
  - **AVSC 410G** Global Ethical and Professional Issues in Aviation (3)
  - **ESFF 2100** Introduction to Emergency Services Leadership (3)
  - **CJ 4200** Ethical Issues in Criminal Justice (3)
  - **POLS 3300** Introduction to Public Administration (3)
  - **ESMG 4650** Emergency Services Capstone WE (3)
  - Other advisor-approved course

**Gender Studies, Minor**

**Requirements**

The Gender Studies minor allows students to study the extent to which gender and gender relations are socially influenced. Students will examine the ways in which conceptions of masculinity and femininity directly impact social and political institutions and practices, cultural expressions (such as art, communication, media, literature, music and film), law, education, business, scientific inquiry, interpersonal relations, sexuality and family. The minor broadens students’ understanding of their chosen major and career path while facilitating the recognition of gender dynamics in their own lives.

**Total Program Credits: 18**

**Matriculation Requirements:**
1. Completion of 30 hours of credit.
2. Admitted to a bachelor degree program at UVU

**Discipline Core Requirements:**
- **SOC 2370** Sociology of Gender (3)
- **ENGL 2730** or **Introduction to Gender Studies** (3)
- **SOC 4100** Contemporary Social Theory WE (3)

**Elective Requirements:**
12 Credits
- Complete an additional 12 hours of electives. If a course that is not represented on the following list has sufficient gender related content, the student may seek approval from the Gender Studies Coordinator to have the course count toward the minor. 6 credits must be upper-division.

- **COMM 207G** Introduction to Gender and Communication (3)
- **ENGL 217G** Race Class and Gender in US Cinema (3)
- **ENGL 317G** Ethnographic Methods for Communication Research (3)
- **ENGL 3710** Literature by Women (3)
- **ENGL 3790** Contemporary LGBTQ Literature (3)
- **HIST 320G** Women in American History to 1870 WE (3)
- **HIST 321G** Women in American History since 1870 (3)
- **HLTH 2800** Human Sexuality (3)
- **HLTH 3240** Womens Health Issues (3)
- **PHIL 3150** Philosophical Issues in Feminism (3)
- **PHIL 3160** Gender Values Knowledge and Reality (3)
- **PHIL 3450** Philosophy of Childhood (3)
- **PSY 2800** Human Sexuality (3)
- **PSY 3100** Psychology of Gender (3)
- **SOC 2370** Sociology of Gender (3)
- **ANTH 3365** Gender and Sexuality (3)
- **ANTH 4310** Kindship and the Family (3)
- **HLTH 440G** Health and Diversity (3)

**Graduation Requirements:**
Philosophy and Humanities

1. Overall grade point average of 2.0 (C) or above.
2. Residency hours—minimum of 12 credit hours through course attendance at UVU.

Humanities, Minor

Requirements

The discipline of humanities is the study of human intellectual and artistic creativity and what the resulting artistic forms reveal about the human experience. This field of study draws on other disciplines such as history, fine arts, literature, intellectual history, music, foreign languages, theology, and philosophy to see how the several artistic forms communicate and work together to give an in-depth record of the meaning of human life in the past and present. The discipline also emphasizes the relationship between the arts, culture, and society. A background in humanities is helpful in preparing for employment in education, government, civil and foreign service, tourism, and in preparation for graduate studies.

Total Program Credits: 18

Philosophy, Minor

Requirements

Interest in studying philosophy begins with the desire to engage life’s greatest questions: finding the meaning of human existence, making sense of reality and our place in the cosmos, giving systematic form to our ethical and political intuitions, explaining the history of human ideas, and other equally significant problems. Often students wonder how the study of philosophy can provide the foundation for successful and meaningful employment. Contrary to popular belief, a philosophy major is one of the best preparations possible for careers in a large number of different areas. An article in the London Times rightly called philosophy the “ultimate ‘transferable work skill’” insofar as it prepares students for a wide array of practical services. As a group, philosophy majors consistently score at or near the top on standardized tests, gain employment on graduation at higher than average rates, rank highly in median mid-career salary, and enjoy a well-earned reputation for rigorous thinking. In fact, the Association of American Colleges and Universities tells students, “[y]our specific choice of major matters far less than the knowledge and skills you gain through all your studies and experiences in college. In terms of jobs, employers don’t hire majors. They hire individuals with potential to succeed over the long term and add value to their companies or organizations.” The study of philosophy, one of the oldest and most rigorous disciplines, provides students with critical thinking, writing, and arguing skills necessary to succeed in today’s competitive working environments.

Total Program Credits: 18

Matriculation Requirements:

Complete 15 additional credit hours of philosophy courses (9 credit hours must be 3000 level or above; no more than 6 credit hours may be at the 1000 level; Philosophy 2050 does not count for this requirement.) 15

Religious Studies, Minor

Requirements

The Religious Studies minor fosters and facilitates an interdisciplinary approach to the academic study of religion. Due to its influential role at the local, national, and international levels, religion requires careful study utilizing academic methods employed in the examination of other cultural institutions. This includes the study of the history, theology, literature, folklore, etc., of various religions in an effort to study religion as a cultural phenomenon. The program is intended to serve our students and community by deepening our understanding of religious beliefs and practices in a spirit of open inquiry. Its aim is neither to endorse nor to undermine the claims of religion, but to create an environment in which various issues can be engaged from a variety of perspectives and methodologies.

Complete 15 additional credits of Philosophy course work, at least 12 of which must be upper-division (excluding those taken to fulfill categories listed above)

**Elective Requirements:**

Any course 1000 or higher, 15 credits must be upper-division

48 Credits

---

**Graduation Requirements:**

1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above. (Departments may require a higher GPA.)
3. Residency hours--minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Completion of 40 hours of upper-division credit.
6. Successful completion of at least one Global/Intercultural course.

Note: It is recommended that students planning on earning a Baccalaureate Degree in Philosophy take a foreign language, preferably French or German, in their Freshman and Sophomore academic years. PHIL 120R Philosophy Forum, PHIL 290R Independent Study, PHIL 295R Directed Readings, PHIL 400R Great Philosophers, PHIL 492R Advanced Topics in Philosophy, PHIL 450R Interdisciplinary Senior Ethics Seminar, and PHIL 451R Ethical Theory Seminar can be repeated for credit.

Physician Assistant Graduate Program

Course Descriptions

Physician Assistant Studies.................................................................736

Degrees & Programs

Master of Physician Assistant Studies,
M.P.A.S.

Requirements

The UVU PA Program is a full-time, 28-month, year-round graduate program, consisting of 95 credit hours completed over 7 semesters. The curriculum structure is specially designed to prepare students with the knowledge, skills, and confidence to become competent PAs who demonstrate interpersonal and communication skills that result in more effective and compassionate patient care.

All MPAS didactic courses are offered and must be fulfilled on location at UVU west campus. There are no provisions for substituting or waiving program courses.

Total Program Credits: 95

Matriculation Requirements:

1. Acceptance into the UVU Physician Assistant Program. Acceptance is determined through a competitive application process. Contact the Director of Admissions or reference the UVU Physician Assistant Program website for current cohort information. Successful applicants are awarded a seat in a specific cohort.

2. Completion of a bachelor’s degree from a regionally accredited institution of higher learning in the United States or Canada prior to application submission.

3. Prerequisite coursework must be completed prior to application submission. Courses must have a letter grade of a C or better. AP/CLEP courses are not accepted toward any of the prerequisite courses.

PREREQUISITE COURSES

1. a. Human Anatomy with Lab: 4 semester hours required, completed within seven years of the application deadline.
2. b. Human Physiology with Lab: 4 semester hours required, completed within seven years of the application deadline.
3. c. Chemistry with Lab: 8 semester hours required
4. d. Biology with Lab: 4 semester hours required
5. e. Microbiology with Lab: 4 semester hours required
6. f. Statistics: 3 semester hours required

4. A minimum of 2,000 hours of direct patient care is required for application consideration.

5. Complete the UVU Graduate Studies Application and pay the required application fee.

6. English Language Proficiency (TOEFL) scores will be required for all students whose native language is not English.

7. Complete an interview day with the program.

8. Students who are accepted into the program must pay a non-refundable seat deposit by the required deadline.

9. Immunizations and Health Requirements. Students are required to have up to date immunizations and TB testing based on current Center for Disease Control recommendation and Utah state guidelines. Students must have a health clearance form completed by a qualified medical provider verifying the ability to perform the essential functions of a physician assistant (see technical standard requirements in the student handbook). Provide proof of current health insurance coverage.

**Graduation Requirements:**

1. A minimum cumulative GPA of 3.0 must be maintained within program.
2. 100% of the course credits required for the Master of Physician Assistant Studies (MPAS) degree must be completed at Utah Valley University. No transfer credits will be accepted.
3. Student must pass the PA Program Summative Exam with a grade of 80% or better in order to graduate. The Summative Exam is administered in the final semester of the PA Program.

Graduation Requirements:
1. A minimum grade of "C" must be earned in all minor courses.

Physics Education, B.S.

Requirements

Prepares the student to teach high school physics and AP physics. The program allows for those interested to supplement their studies with extra courses in physics or other science through elective upper division credit. A seminar course provides the student with exposure to careers in physics.

Total Program Credits: 120

Matriculation Requirements:
1. Students are admitted directly to the Baccalaureate degree program in Physics Education upon acceptance to the Secondary Education Program.
2. Students must obtain the departmental Advisor's signature on an approved program plan prior to enrollment in their second semester of study.

Secondary Education Requirements:
1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read /Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check.

General Education Requirements: 38 Credits

Physics, B.S.

Requirements

A Bachelor in Physics provides the student with an understanding of the laws of nature and with the experimental and analytical techniques necessary to describe and solve problems in physical systems. The degree prepares students for further graduate study in physics, astronomy, geophysics, medicine, engineering or many other diverse fields. Bachelor’s recipients also find employment in a variety of industries and careers, including engineering, education, computer science, programming, electronics, energy and the environment, geology, medical physics, optics, finance, law and more.

Total Program Credits: 120

Matriculation Requirements:

1. Advisor approval.
2. Completion of PHYS 2210 and MATH 1210 with a C or higher.

**Graduation Requirements:**

1. Completion of a minimum of 120 semester credits.
2. Overall grade point average of 2.0 (C) or above with no grade lower than a "C" in core and elective requirement courses.
3. Residency hours—minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Successful completion of at least one Global/Intercultural course.

**Footnotes:**

1-Suggested elective option for the student intent on continuing physics studies in graduate school.
2-Strongly recommended for inclusion in any elective option.
Public Health

Degrees & Programs

Public Health, A.S.

Requirements

Students in the Department of Public Health may receive an Associate in Science in Public Health. The AS degree is a stepping stone to a Bachelor of Science in Public Health. A minor in Public Health is available as well as an endorsement for School Health Education.

Total Program Credits: 60

Complete one of the following:¹

| STAT 1040 Introduction to Statistics (recommended for Social Science majors) (3) | 3 |
| STAT 1045 Introduction to Statistics with Algebra (5) | |
| MATH 1050 College Algebra (recommended for Business, Education, Science, and Health Professions majors) (4) | |
| MATH 1055 College Algebra with Preliminaries (5) | |
| MATH 1090 College Algebra (recommended for Business majors) (3) | |

Graduation Requirements:

1. Completion of a minimum of 60 semester credits.
2. Overall GPA of 2.50 or above with no grade lower than a C- in core courses.
3. Residency hours—minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

NOTE:

¹ Students majoring in Healthcare Administration must complete one of the following: MATH 1050, MATH 1055, or MATH 1090. Students majoring in Public Health must complete one of the following: STAT 1040, STAT 1045, MATH 1050, or MATH 1055.

Health, Certificate of Proficiency

Requirements

The Health certificate is available to all UVU students with a particular focus designed to provide high school students an opportunity to obtain a certificate of proficiency in a Career and Technical Education (CTE) field while still enrolled in high school and stack into certificate, associate and bachelor degrees at UVU. This certificate is available.
Public Health

from the University for college students/adults looking for entry-level skills leading to further academic advancement and learn more about the Health field.

3. All core courses must be completed with grade 'C' or higher.

Public and Community Health, Certificate of Proficiency

Requirements
The Certificate of Proficiency in Public and Community Health is available for all UVU students with a particular focus designed to provide high school students an opportunity to obtain a stackable certificate of proficiency with an emphasis in career and technical education while still enrolled in high school. This certificate is available from the University for college students/adults looking for basic entry-level skills leading to further academic advancement and learn more about Public and Community Health as a career field.

Graduation Requirements
GPA of 3.0 or higher with no grade lower than a C in discipline core courses.

Public Health, B.S.

Requirements
The Bachelor of Science in Public Health prepares students to serve as effective and competent public health professionals. Public health graduates are equipped with knowledge to help individuals, families, and communities improve and maintain healthy lifestyles. Students will be prepared to assess, plan, implement, manage, and evaluate public health programs. The curriculum provides a solid foundation in health behavior theory, data collection and analysis, social determinants of health, communication and marketing, policy and advocacy, and ethics. Students will be prepared to sit for the Certified Health Education Specialist exam. Public health professionals work in government, private, and nonprofit sectors. Employment settings include healthcare facilities, hospitals, state and local health departments, businesses, worksite wellness programs, schools, universities, and a variety of nonprofit organizations. The public health program at UVU includes 116 credits of coursework and four credits of internship experience for a total of 120 credit hours.

Total Program Credits: 120
Matriculation Requirements:

In order to be matriculated into the 'Public Health' program, students must:

1. Complete ENGL 1010 or ENGH 1005, ENGL 2010 or BIOL 1610; ZOOL 1090, and HLTH 3200 and MATH 1050 or 1055 or STAT 1040 or 1045 with a minimum grade of C- or higher (with the exception of ENGH 1005 requires a grade of C or higher) and a GPA of 2.5 in these courses.
2. Have an overall GPA of 2.50.

Students will be required to complete the catalog requirements in effect for the semester in which matriculation is granted.

Any course 1000 or higher (may include courses counting toward a minor)

Graduation Requirements:

1. Completion of a minimum of 120 semester credits with a minimum of 40 upper-division credits. A minimum of at least 10 hours earned in the last 45 hours must be earned at UVU.
2. Overall GPA of 2.50 or higher.
3. A combined GPA of 2.75 or higher for all discipline core requirements with no discipline core course falling below a C-.
4. Completion of GE and specified departmental requirements.
School Health Education, B.S.

Requirements

The Bachelor of Science in School Health Education prepares students to serve as competent and effective school health educators. School Health Education graduates are equipped with knowledge and skills to help youth develop, improve, and maintain healthy lifestyles. School Health students will be prepared to plan, create, implement and assess health lesson plans in a school setting as they pertain to the State of Utah Health Curriculum. The School Health Education program at UVU provides a solid foundation in health knowledge, skills, and curriculum through various required courses, including: personal health and wellness, mental & emotional health, nutrition, substance abuse, human diseases, human development, human sexuality, first aid and personal safety. In addition, School Health students will learn and practice skills to help them with the Educative Teacher Performance assessment (edTPA). School Health Educators work in secondary education school settings which are in the public, private, or charter sectors.

Total Program Credits: 120

Matriculation Requirements:

1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read /Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. Complete: ENGL 1010 or ENGH 1005, ENGL 2010, BIO 1010, ZOOL 1090, HLTH 3200, HLTH 3230 and MATH 1050, with a minimum grade of C
3. GPA of 3.0 or higher with no grade lower than C in discipline core course
4. Completion of all General Education requirements and the majority of discipline core courses
5. Pass LiveScan Criminal Background Check.
6. Students will be required to complete the catalog requirements in effect for the semester in which matriculation is granted.

Degrees & Programs

Public Service, M.P.S.

Requirements

The Master of Public Service at Utah Valley University is an applied inter-disciplinary professional master’s degree aimed at preparing public service administrators in emergency services and criminal justice. This graduate degree provides an in-depth education of the science and praxis of administering vital public services, public safety functions, ethical considerations, leadership, and strategic communications, along with issues in emergency management, civil security/resiliency, public works, transportation, critical infrastructure protection, post-disaster humanitarian response, pandemics, strategic planning, public health, and public policy issues.

Total Program Credits: 36

Matriculation Requirements:

1. A 3.0 cumulative GPA from the institution where the undergraduate degree was awarded or a 3.0 GPA calculated on the last 60 semester hours (90 quarter hours) from the institution where the undergraduate degree was awarded.

2. A bachelor's degree from a regionally-accredited college/university, a nationally accredited program, or an international college or university recognized by a Ministry of Education in one of the following or related fields:
   - Emergency Services
   - Criminal Justice/Law Enforcement, Forensic Science
   - Political Science
   - Public and Community Health
   - Aviation Science
   - Emergency Management/Homeland Security
   - Business Administration, Organizational Management
   - Environmental Science
   - Public Admin/Public Management
   - Social Science
   - Technology Management

3. Graduate School Application.

4. Official transcripts from all attended institutions of higher education.

5. Two letters of recommendation.

6. Admissions Essay

Discipline Core Requirements: 24 Credits

Physical Education Teacher Education, B.S.

Requirements

Graduates from the Physical Education K-12 Teacher Education (PETE) program will be prepared to meet all standards for Utah licensure for K-12 Physical Education. They should also be prepared to meet most standards for certification in the rest of the 49 states, since the National Initial Physical Education Teacher Education Standards have been used to develop, assess, and update the program on an annual basis. The focus of this program is on enhancing student outcomes – both for university students and for their future students. Outcomes that should be met by the end of the program include scientific and theoretical knowledge, skill and fitness based competency, planning and implementation, instructional delivery and management, impact on student learning, and professionalism. PETE majors learn to individualize instruction to enhance learning for all students, regardless of their abilities.

Total Program Credits: 120

Matriculation Requirements:

1. Acceptance to the Secondary Education Program, which include the following requirements: (1) ACT exam minimums: Composite 21, English 20; Math 19; or SAT exam minimums: Critical Read/Math 1000, with Math and Reading scores of 450; or if student has a bachelor degree or higher, he/she does not need to meet this testing requirement. (2) GPA of 3.0 or higher with no grade lower than a C in content area courses. (3) Completion of all General Education requirements and the majority of content area courses. (4) Pass LiveScan Criminal Background Check.

2. Complete PETE 3100 with a grade of C or better.

3. Fitness requirement: Students must achieve and maintain a health-enhancing level of fitness. Standards will be set according to expert guidelines that take into effect age, gender, disability, and other contributing factors.

General Education Requirements: 36 Credits

| ENGL 1010 | Introduction to Academic Writing |
| or ENGH 1005 | Literacies and Composition Across Context (5.0) |
| ENGL 2010 | Intermediate Writing Academic Writing and Research |

1. Completion of a minimum of 120 semester credits with 40 semester credits from 3000 and 4000 level courses.
2. Overall GPA of 3.0 (B) or above with no grade lower than a C in major required content courses and no grade lower than a B- in Licensure and Methods courses.
3. Residency hours -- minimum of 30 credit hours through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements.
5. Successful completion of at least one Global/Intercultural course.

Footnotes:

1. CHEM 1010 Introduction to Chemistry or CHEM 1110 Elementary Chemistry for the Health Sciences recommended.
2. COMM 1020 Public Speaking recommended.
3. PSY 1100 Human Development Life Span recommended.

Secondary Education, Licensure Requirements

The Professional Teacher Education Program at Utah Valley University is designed to prepare quality, entry level candidates for teaching in secondary education programs grades 7-12.

All students who matriculate into the professional licensure program must have a major in an approved content area. Students seeking licensure in approved content areas complete a major in that area and required coursework in Secondary Education to qualify for a Level I Utah State Professional Educator License for grades 7-12.

Baccalaureate degrees (BS and BA) are granted through the content area department and not through the School of Education. Licensure is granted through the School of Education Program.

To continue in the teacher education program, students are expected to maintain all program standards. They must maintain expected levels of competence in all coursework, field work, and student teaching with all course grades at or above a B- or higher. Additionally, teacher candidates are expected to adhere to standards of personal integrity, responsibility, and citizenship commonly expected of professional educators.

Total Program Credits: 32

Matriculation Requirements:

1. ACT or SAT Reading-ACT composite score of 21 with a Verbal/English score of 20 or higher or combined SAT score of 1000 with Verbal score 450 or higher. Writing-English 2010 passed with C+ or better. Math-ACT. Math Quantitative score of 19 or higher or SAT Mathematics score 450 or higher or passing Math 1030 (35), Math 1040 (45), or 1050 (55) with a C+ or higher. If student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check.

Special Education - Mild/Moderate/Severe and Autism Studies, B.S.

Requirements

The Special Education - Mild/Moderate/Severe and Autism Studies, B.S. Program at Utah Valley University is designed to prepare quality, entry-level candidates for teaching students with mild to moderate disabilities in special education programs grades K-12. Students successfully completing the Teacher Education Program graduation and licensure requirements will receive a BS in Special Education - Mild/Moderate/Severe and Autism Studies, B.S. and a Level I Utah Professional Teaching License. Through electives, students can choose to specialize in concentration areas such as Autism Studies or Secondary Special Education Mathematics. To continue in the Teacher Education Program, students are expected in all coursework, to maintain all program standards. They must maintain expected levels of competence in fieldwork and student teaching placements with all course grades at or above a B- and a program GPA of 3.00 or higher. In addition, teacher candidates are expected to adhere to standards of personal integrity, responsibility, and citizenship commonly expected of professional educators.

</table>

Graduation Requirements:

1. Completion of a minimum of 16 credits.
2. Overall grade point average of 2.0 (C) or above.
3. Residency hours -- minimum of 6 credit hours through course attendance at UVU.

Note: The Certificate in Entrepreneurship provides students from all majors outside the Woodbury School of Business a program by which they can add the mindset and basic competencies provided in a formal entrepreneurship program without abandoning their chosen field of study. Coursework includes principles of small business development, financing, technology-based opportunity identification, law, and personal entrepreneurial development.

Footnote

1 Math courses numbered higher than MATH 1050 may also be used to fulfill the requirement.

2 Cannot use courses as electives that were counted in the core.

3 If this course was used to fulfill the MATH 1050 requirement, a different course must be selected for this category.

Hospitality Management, Certificate of Proficiency

Requirements

The Institutional Certificate of Proficiency in Hospitality Management is available for all UVU students with a particular focus designed to provide high school students an opportunity to obtain acertificate of proficiency with a focus on career and technical education while still enrolled in highschool. This certificate will also be available from the University for college students/adults looking for entry-level skills leading to further academic advancement. This certificate is designed to stack into certificate and associate degrees at UVU. Students learn about a wide range of hospitality and tourism areas such as: hotel, resort, and motel management; event planning; restaurant and institutional food service; and a number of other areas such as cruise ship management, amusement park management, convention and visitor facilities, and gaming facilities.

Process Improvement and Operations CA, Certificate of Proficiency

Requirements

The Utah Leads CP in Process Improvement and Operations CA is aimed at producing career-enhanced graduates in operations management to meet the growing demand for employees with this skill set. Students can enhance their careers through a program of study consisting not only of a theoretical base in making good business operating decisions, but the program also takes a hands-on, practical approach to learning. Practical knowledge is gained by not only offering, but requiring, each graduate to sit for a professional industry certification exam in lean management, as well as other applicable, hands-on projects with industry partners applying skills and tools learned throughout their coursework. Further, students will benefit from UVU’s program connection with industry leaders who advise program directors regarding course offerings and course content that is most valuable on the job market. Students will also be provided multiple opportunities to interact and network with industry partners on in-class projects and in-class guest speakers. Students will gain knowledge in core topics such as analytics for business decisions, business decision optimization, supply chain management, process improvement tools and methodologies, and quality management tools and techniques (lean, six sigma, theory of constraints, etc.). Graduates will be prepared to enter the job market as operations professionals in a variety of industries such as technology, healthcare, supply chain, manufacturing, distribution, and logistics.

3. Residency hours: Minimum of 30 credit hours of business courses through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Successful completion of at least one Global/Intercultural course.

**NOTE:** Students will be limited to 9 hours of upper-division credit until Matriculation is completed.

**Footnote**

1- My Educator score of 80% or better; IM 2010 or IM 2600 with a grade of B- or higher.
International Business, B.S.

Requirements

The Bachelor of Science in International Business produces graduates ready to assist companies with their international operations. Degree skills sets include import/export management, international marketing, international finance, cross-cultural communications, business-level proficiency in a foreign language, international management, analytical thinking, and problem solving. Practical knowledge is gained by requiring each graduate to take at least one professional industry certification exam (business language proficiency exams, CGBP, etc.). Students will also be provided multiple opportunities to interact and network with industry partners on in-class projects and internships.

Graduates will be prepared to enter the job market in a wide variety of industries such as: technology, manufacturing, marketing, financial services, healthcare, and supply chain. In addition, this degree will provide vital international relations skills for those who wish to enter the US Foreign Service.

Total Program Credits: 120

Matriculation Requirements:

- Complete the following:
  - WSB Orientation
  - ACC 2110 Principles of Accounting I 3
  - ECON 2010 Principles of Economics I 3
  - MGMT 2400 Data Analytics for Business 3
  - MKTG 220G Written Business Communication WE 3
  - MGMT 2240 Business Calculus 3

- or MATH 1100 Survey of Calculus (4)
  - MGMT 2340 Business Statistics I 3
  - MKTG 2390 Professional Business Presentations 3

Complete one of the following (My Educator score of 80% or better; IM 2010 or IM 2600 with a grade of B- or higher):

- My Educator
  - IM 2010 Business Computer Proficiency (3)
  - IM 2600 Spreadsheet Applications (3)

NOTE: C- and higher is allowed in other course work as long as overall 2.5 GPA is met.

General Education Requirements: 36 Credits

- ENGL 1010 Introduction to Academic Writing 3
- or ENGH 1005 Literacies and Composition Across Contexts (5)
- ENGL 2010 Intermediate Writing/Academic Writing and Research 3

Complete one of the following:

- MATH 1050 College Algebra (4)
- MATH 1055 College Algebra with Preliminaries (5)
- MATH 1090 College Algebra for Business

Complete one of the following:

- HIST 2700 US History to 1877 (3)
- and HIST 2710 US History since 1877 (3)
- HIST 1700 American Civilization (3)
- HIST 1740 US Economic History (3)
- POLS 1000 American Heritage (3)

Language Requirement

For any foreign language complete 21 credit of the course sequence 1010, 1020, 2010, 202G, 3050, 3200, and one additional language course 21
The BS in Operations and Supply Chain Management is aimed at producing career-ready graduates in operations and supply chain management to meet the growing demand for employees with this skill set. Students become career-ready through a program of study consisting not only of a theoretical base in making good business operating decisions but also a hands-on, practical approach to learning. Practical knowledge is gained by not only offering but requiring each graduate to sit for at least one professional industry certification exam (Domo, Lean, Six Sigma, Project Management), and complete either an internship or an independent study applying skills and tools learned throughout their coursework. Further, students will benefit from the program’s connection with industry leaders who advise program directors regarding course offerings and course content that is most valuable on the job market. Students will also be provided multiple opportunities to interact and network with industry partners on in-class projects, internships, and full-time employment post-graduation. Students will gain knowledge in core topics such as analytics for business decisions, business decision optimization, supply chain management, simulation for business applications, and quality management tools and techniques (Lean, Six Sigma, Theory of Constraints, etc.). Graduates will be prepared to enter the job market in a variety of industries such as technology, healthcare, supply chain, manufacturing, distribution, and logistics.

Total Program Credits: 120

Graduation Requirements:

1. Completion of a minimum of 120 semester credits required in the BS degree; at least 40 credit hours must be upper-division courses.
2. Overall grade point average 2.0 or above with a minimum of 2.5 GPA in all Woodbury School of Business courses. No grade lower than a "C-" in core courses.
3. Residency hours: Minimum of 30 credit hours of business courses through course attendance at UVU, with at least 10 hours earned in the last 45 hours.
4. Completion of GE and specified departmental requirements. Students are responsible for completing all prerequisite courses.
5. Successful completion of at least one Global/Intercultural course.

NOTE: Students will be limited to 9 hours of upper-division credit until Matriculation is completed.

Operations and Supply Chain Management, B.S.

Requirements

The BS in Operations and Supply Chain Management is aimed at producing career-ready graduates in operations and supply chain management to meet the growing demand for employees with this skill set. Students become career-ready through a program of study consisting not only of a theoretical base in making good business operating decisions but also a hands-on, practical approach to learning. Practical knowledge is gained by not only offering but requiring each graduate to sit for at least one professional industry certification exam (Domo, Lean, Six Sigma, Project Management), and complete either an internship or an independent study applying skills and tools learned throughout their coursework. Further, students will benefit from the program's connection with industry leaders who advise program directors regarding course offerings and course content that is most valuable on the job market. Students will also be provided multiple opportunities to interact and network with industry partners on in-class projects, internships, and full-time employment post-graduation. Students will gain knowledge in core topics such as analytics for business decisions, business decision optimization, supply chain management, simulation for business applications, and quality management tools and techniques (Lean, Six Sigma, Theory of Constraints, etc.). Graduates will be prepared to enter the job market in a variety of industries such as technology, healthcare, supply chain, manufacturing, distribution, and logistics.

---

**General Education, Certificate of Completion**

**Requirements**
The Certificate of Completion in General Education is comprised of the courses that are required for completion of the general education requirements at Utah Valley University. The purpose of general education at UVU is a shared academic experience that provides students with the opportunity to explore new subjects, intellectual traditions, and perspectives; expands their awareness of the wider world; and prepares them with foundational knowledge, skills, and abilities that are expanded on in their disciplines of study in order to be successful learners and professionals positioned to contribute to their broader communities. When a student completes the requirements for the Certificate of Completion in General Education at UVU, the certificate is accepted at other USHE institutions as completing their General Education requirements.

2. Earn a minimum 2.0 GPA for all certificate coursework (or earn credit for all certificate course work, in CR/No CR is selected).
3. Residency hours -- minimum of 9 credit hours through course attendance at UVU

Leadership for Personal and Social Impact, Certificate of Proficiency

Requirements
The Leadership for Personal and Social Impact certificate provides an academic setting where students gain theoretical and practical skills with principles of self-awareness and improvement that can immediately transform personal success and performance. As students learn and apply these principles and skills they will also be provided with and create their own engaging experiences to become more active contributors and stewards across a wide range of professional, volunteer, public, and private settings in their current and future local, regional, national, and international communities. Students from any academic major or minor are encouraged to enroll in and complete this certificate. Currently, two of the courses are offered online, (SLSS 1000 and SLSS 1200) so it is possible that students may choose to take those courses online. Initially, it is anticipated that the other courses will be offered on the main campus. As interest and demand increases, the Department of Student Leadership and Success Studies will reevaluate and may offer the remaining courses online.

Total Program Credits: 16

Graduation Requirements:
1. Complete 16 credits of course work.
2. Earn a minimum 2.5 GPA in all certificate course work with no grades lower than a C-.
3. Residency hours -- Minimum of 4 credits required through course attendance at UVU.

Personal Development for Professional Advancement, Certificate of Proficiency

Requirements
The courses in this certificate provide a flexible way for students and their advisors to choose a customized path for foundational success in college and increased employability through the theoretical and experiential learning of soft skills. Completion of this certificate can efficiently lead to the partial fulfillment of an additional certificate and associate degree.

Building Self-Knowledge for Self-Leadership - Complete 9 credits from the following:
SLSS 101R Student Success Topics
SLSS 103R Student Leadership Development I
SLSS 104R Student Leadership Development II
SLSS 1100 Stress Management
SLSS 1200 The 7 Habits of Highly Effective People
or
SLSS 120H The 7 Habits of Highly Effective People
SLSS 2100 Major and Career Exploration
SLSS 2500 Leader--Strengths-Based Leader/Coach

Learning Experientially - Complete 6 credits from the following:
SLSS 2300 Leadership Mentoring II
SLSS 240R Mentoring Leadership Practicum
MAT 240R Math Mentor Leadership Practicum
SLSS 281R Internship
UVST 1100 Prior Learning Assessment Portfolio
UVST 289R Undergraduate Research
UVST 290R Community Engagement and Applied Service Learning

Graduation Requirements:
1. Complete 18 credits of course work.
2. Earn a minimum 2.5 GPA in all certificate course work with no grades lower than a C-.
3. Residency hours -- Minimum of 5 credits required through course attendance at UVU.

University Studies, B.A.

Requirements

The BA/BS is designed to meet the academic and professional objectives of learners whose needs are not addressed through existing degree programs. The degree assists learners in developing essential skills valued by employers and graduate schools (e.g., applied learning, critical thinking, written and oral communication, teamwork, ethical reasoning, and global understanding) within the framework of a larger discipline. Learners will complete a structured yet customized set of upper-division courses under the guidance of an advisor and faculty mentor to ensure that standards for academic rigor at the Bachelor level are achieved. Candidates for the degree will focus on intellectual skills and integrative knowledge by enrolling in courses in a general disciplinary area with intentionally-selected, specialized knowledge courses that contribute to an integrated whole, and by completing a capstone experience that further prepares them for their chosen professions or graduate school admission. Under the direction of a faculty member, students will complete a capstone course or an internship which will involve reflection and a synthesis of learning to demonstrate achievement of the learning outcomes for the degree.

Total Program Credits: 120

Matriculation Requirements:
1. An approved Plan of Study that focuses on the achievement of clearly defined personal, career, or professional goals, as part of the application process for the major.
2. Minimum 2.0 grade point average.
3. Completed 60 or more semester credit hours.

General Education Requirements: 36 Credits

Degrees & Programs

Technology, A.A.S.

Requirements

The Associate in Applied Science (AAS) in Technology is designed for individuals seeking to work in a technical area or who have considerable work experience seeking better upward mobility in their professions. Students can receive up to 15 credit hours for extensive work experience, certifications, licenses, or apprenticeships. Additionally, students who earn certifications in many 900+ hour technical programs offered throughout the Utah Technical College system can transfer in their certificate and receive up to 30 hours of academic credit, or almost half the credit required to graduate from the AAS. Students in the AAS pathway will build on their technical education and experience by completing core and elective course options, including experiential portfolio, business computer proficiency, and supervision.

Advanced Manufacturing, Certificate of Proficiency

Requirements

The Certificate of Proficiency in Advanced Manufacturing is designed to provide entry-level manufacturing technician skills that are needed in expanding the manufacturing industry in Utah Valley. Although the term "advanced" might be confusing for a program providing entry-level skills, nationally this is the term that is being used. The program focuses on the basic skills used in advanced manufacturing processes expanding across the nation. The components of the certificate will include basic manufacturing skills with hands-on activities on equipment used in local facilities. Graduates of this certificate will have a basic understanding of advanced manufacturing operations with an emphasis on solving problems in the organization. While this program offers an entry-level certification for individuals pursuing a career in manufacturing, it has been designed to enable individuals the opportunity to continually expand and upgrade their applied skills as well as to maintain a thorough mastery of evolving manufacturing technologies.

Six Sigma Green Belt, Certificate of Proficiency

Requirements

The Six Sigma Green Belt Certificate at UVU demonstrates knowledge in quality improvement and elimination of waste or defects in production processes. It can be utilized in every aspect of business such as production, human resources, information technology, and customer service. This certificate is built into the curriculum of the Bachelor of Science in Technology Management program. Students who complete this credential have high-demand, industry-recognized skill sets.

Technology Management, Minor

Requirements

The Technology Management Minor will provide students the opportunity to explore many aspects of technology management, including project management, quality assurance, and creativity, as well as become more aware of the issues surrounding technology. This background will also benefit such students in their quest for employment, since project management and its related skills are highly sought after by employers.

Master of Science in Engineering and Technology Management, M.S.

Requirements

The Engineering and Technology Management (ETM) program prepares engineering and technological professionals to make process-, product-, and project-oriented strategic and operational decisions and become leaders in the management of technology by providing the link between engineering, science, and management. It helps companies, research organizations, and governments to plan, develop, and implement technologies by specifically addressing real needs identified by industry leaders. Effective planning, selection, implementation, and management of technology, and the teams involved, is essential to the success of any business in today’s complex and time-critical global markets. Students learn to apply proven evaluation concepts and implementation strategies to fast moving, technical management decisions that make the difference in both career and business success. Courses provide practicing engineers and managers of technical teams or projects with the knowledge, tools, and skills to manage projects, operations, organizations, and people. The program includes product and project management, engineering management, quality and safety management, and statistical analysis to enable the graduate to be more effective in technical managerial and leadership roles in a business environment. The program is specifically tailored for professionals who want to advance their careers while still working full time. The entire program is available through distance learning as well as face to face and involves 30 credit hours of course work.

Total Program Credits: 30

Graduation Requirements:

1. Complete all courses with an overall GPA of 3.0 or higher
2. A grade of "C" or higher required for all courses used to satisfy graduation requirement
3. Courses must be finished within a five-year period. No courses will apply toward graduation that are older than five years
4. Graduates may not transfer more than ten semester credit hours into this master's program. Only transfer courses approved by the graduate program faculty shall be counted as approved credit for the degree
5. A minimum of 30 credits is required
Technology Management

**Technology Management, B.S.**

**Requirements**

The Bachelor of Science in Technology Management has curriculum designed to prepare students who want to develop skills which will enable them to successfully: Manage complex technical projects, manage people within an technical environment, prepare to succeed in an ever changing environment which is reliant on technology, and be on the forefront of innovation and the future of work. Employers are regularly seeking technically savvy individuals who can speak clearly about technical innovations while having the skill set to manage a wide variety of projects and individuals. The BS in TM will prepare this much needed workforce for success. For this degree, students must complete 45 technical credits. Up to 45 technical credits may be transferable from an Associate of Applied Science (AAS), Associate of Science (AS), or individual courses from a regionally accredited institution of higher education in an approved technical area as agreed upon by the Technology Management advisor and department chair.

**Total Program Credits: 120**

Degrees & Programs

Theatre Arts, A.S.

Requirements
The AS in Theatre Arts provides students with foundational training in Acting and Musical Theatre that prepares them to complete the Acting emphasis or Musical Theatre emphasis in the BFA Theatre Arts degree. The AS Theatre Arts degree offers classes in stagecraft and script analysis that are needed to complete the BFA core as well as acting, voice, and movement classes that are needed to complete the BFA emphases in Acting and Musical Theatre.

Total Program Credits: 60

Graduation Requirements:
1. Completion of a minimum of 60 semester credits.
2. Overall grade point average of 2.5 (C+) or above. (Departments may require a higher GPA.)
3. Residency hours--minimum of 20 credit hours through course attendance at UVU.
4. Completion of GE and specified departmental requirements.

Theatre Studies, A.A.

Requirements
The AA in Theatre Studies provides students with foundational courses in theatre arts in acting, stagecraft, script and text analysis, and theatre.
Theatrical Arts for Stage and Screen

for children and youth. The AA Theatre Studies degree stacks with the BA Theatre Studies degree, which both reflect a liberal arts approach to the study of theatre. It also stacks with the BFA Theatre Design and Production emphasis.

2. Minimum grade of C- required in all courses.
3. Overall grade point average 2.0 (C) or above.
4. Residency hours: minimum of 12 credit hours through course attendance at UVU.

Theatre Studies, Minor

Requirements

The minor in Theatre Arts serves as a supplement to students from all other disciplines to pursue their interest and cultivate their talents in theatre while pursuing a major in a high-demand field. It also helps secondary education majors in other subject areas to qualify students for a teaching endorsement in theatre. English teaching
majors frequently complete a minor in theatre to enrich their teaching of plays and to help prepare them to qualify for an additional subject endorsement in theatre.

**Total Program Credits: 22**

### Theatre Arts - Acting Emphasis, B.F.A.

**Requirements**

The BFA Acting Emphasis provides conservatory-style training that allows greater depth of focus in acting performance. It requires application and audition prior to admission. The degree includes hands-on, intensive work in acting techniques for stage and screen, movement, voice, and improvisation. The degree also provides performance opportunities that prepare students for professional careers in acting.

**Total Program Credits: 126**

**Matriculation Requirements:**

1. Admission is competitive and based on successful evaluation of student's performance audition or production portfolio.

**Theatre Education, B.S.**

**Requirements**

The BS in Theatre Education prepares students with core knowledge of the practice and history of theatre as well as the state and national standards for secondary school teaching and directing. Theatre courses prepare students to teach middle and high students in performance, theatre history, script analysis, and design and production. The degree includes 24 credits in pedagogy in the School of Education as well as supervised student teaching. Graduates earn Utah secondary school teaching certification and are prepared to enter careers as professional theatre teachers.

**Total Program Credits: 125**

Matriculation Requirements:

1. ACT exam minimums: Composite 21, English 20, Math 19; or SAT exam minimums: Critical Read /Math 1000, with Math and Reading scores of 450; or If student has a bachelor degree or higher, he/she does not need to meet this testing requirement.
2. GPA of 3.0 or higher with no grade lower than a C in content area courses.
3. Completion of all General Education requirements and the majority of content area courses.
4. Pass LiveScan Criminal Background Check

2. Overall GPA of 3.0 (B) or above with no grade lower than a C in major required content courses and no grade lower than a B- in Licensure and Methods courses.
3. Residency hours - minimum of 30 credit hours through course attendance at UVU, with at least 10 hours in the last 45 hours.
4. Successful completion of at least one Global/Intercultural course.

Footnote

¹ For Theatre Arts Education students, the prerequisite of THEA 1113 Voice and Speech I will be waived.

Theatre Studies, B.A.

Requirements

The BA in Theatre Studies is a broad-based liberal arts degree that provides a foundation in script analysis, theatre history, dramatic literature, stagecraft, directing, stage management, and acting and allows students to choose courses in performance, design, and technical production, dramaturgy, film studies, scriptwriting, theatre administration, and theatre for children and youth that will help them to fulfill their vocational or avocational objectives or to prepare them for graduate studies in theatre.

**Elective Requirements:**

- 12 Credits
  - One Foreign Language (Foreign Language 202G/2020 course fulfills Humanities Distribution) 1
  - Any courses 1000 or higher 6

**Graduation Requirements:**

1. Completion of a minimum of 120 semester credits, 40 of which must be upper division.
2. Overall grade point average of 2.5 (C+) or above.
3. Residency hours - minimum of 30 credit hours through course attendance at UVU, with at least 10 hours in the last 45 hours.
4. Successful completion of at least one Global/Intercultural course.

**Footnotes**

1 Requires additional pre-requisite courses not already included in the degree, but they could fill elective credits.
Transportation Technologies

Transportation Technologies

The Transportation Technologies department is in the Scott M. Smith College of Engineering. To find the most up-to-date information, including Program Learning Outcomes for degree programs offered by the Transportation Technologies department, visit their website.

Auto Mechanics.......................................................... 496
Collision Repair Technology........................................... 543
Diesel Mechanics........................................................ 576
Automotive Power Sports............................................. 763

Degrees & Programs

Automotive Power Sports, A.A.S.

Requirements

The AAS in Automotive Power Sports is designed to train technicians in the field of maintenance and repair of personal transportation craft and multi person transportation vehicles that are currently outside the realm of automotive. The degree includes: on road alternative vehicles (side by sides), personal watercraft, All Terrain Vehicle (ATV) and Utility Terrain Vehicle (UTV), snow machines, lawn and garden systems, and motorcycle technology. Graduates will gain an in-depth understanding of alternative transportation vehicles utilizing hands-on, performance based training.

A sales and service business skills course will also aid students to acclimate from school training to a live repair facility. Students will receive training in four-stroke and two-stroke engines, continuous variable transmissions (CVT), suspension and braking systems, composite repairs, and small engine electronic systems.

Total Program Credits: 63

Collision Repair Technology, A.A.S.

Requirements

Collision Repair Technology is a two year AAS Degree program that provides students with the ability to learn industries best practices in Surface Preparation, Nonstructural Repair, Welding, Refinishing, Color Matching, Detailing, Blending, Structural Damage Analysis, Repair and Plastic/Composite Repair. Students will graduate with industry certifications, such as I-Car, ASE, Mitchells, Audatex, CCC One, and Chief Training. These skills will prepare graduates for and exciting career in a field that is continually advancing in technology. There is an abundance of growth and personal development possible in this field. The program is certified by the National Automotive Teacher Education Foundation (NATEF) and uses Inter-Industry Conference on Auto Collision Repair (I-CAR) curriculum. Students will receive the latest repair technique training and have the ability to gain I-CAR certifications. Jobs are waiting for you to complete your training!

3. Completion of specified departmental requirements.
Transportation Technologies

4. Residency hours—minimum of 20 credit hours through course attendance at UVU.

Transportation Technologies, B.A.S.

Requirements
The Bachelor of Applied Science in Transportation Technologies offers career and technical training in advanced vehicle technologies. Courses offered are in the areas of energy storage, electric drivesystems, failure analysis, fleet operations management, diesel performance, vehicle design, composites, and other advanced vehicle design technologies. Students who complete this program can expect to be high potential earners, with the ability to move throughout the technician or management arena.

Matriculation Requirements:

1. Students must complete 45 credits from a transportation-related Associate of Applied Science Degree, such as UVU’s Automotive, Diesel, Collision Repair, or PowerSports, or another related program.

Total Program Credits: 122

Course Descriptions

Accounting (ACC)

ACC 1150
Fundamentals of Business Math
3
* Prerequisite(s): MAT 0950 or equivalent

Designed for the business student as a review of mathematical principles, techniques, computations, and their applications to business problems. Topics include: checking accounts and bank reconciliations, percents, solving for the "unknown," discounts, markups and markdowns, payroll, simple interest, discounting notes, present and future value, depreciation, inventory, taxes, insurance, stocks and bonds, annuities, sinking funds, and calculator procedures. Lab access fee of $25 applies. Canvas Course Mats $78/McGraw applies

ACC 1750
Applied Accounting
4
* Prerequisite(s): Appropriate placement scores or (ENGL 1005 or ENGL 1010 with a grade of C- or higher)

Designed for non-accounting majors in Executive Assistant and Paralegal. Provides comprehensive coverage of the accounting cycle for services and merchandising organizations. Topics include: Journalizing, posting, financial statements, closing, accounting systems, internal control, accounts receivable, accounts payable, inventory control, and payroll. Taught in a computer environment. Lab access fee of $25 for computers applies.

ACC 2010
Financial Accounting
3
* Prerequisite(s): ENGL 1010 or ENGL 1005 or higher with a minimum grade of C-, MAT 1010 or higher with a minimum grade of C-, or appropriate test scores.
* Corequisite(s): ACC 1150 recommended if required for your degree

Teaches concepts and methods underlying preparation of financial statements utilizing generally accepted accounting principles (GAAP). Includes the accounting cycle; income determination for service and merchandising operations; and the reporting of assets, liabilities, and owner's equity for sole proprietorships and corporations. May be delivered online. Lab access fee of $25 for computers applies. Canvas Course Mats $78/McGraw applies

ACC 2020
Managerial Accounting
3
* Prerequisite(s): ACC 2010

Focuses on the methods and tools used to generate information for decision making by managers within an organization and integrates decision-making throughout the course. Addresses five primary topics: determining the cost of products, services, and segments of the organization; short-term/long-term role of planning in management; the control function of management. May be delivered hybrid and/or online. Lab access fee of $25 for computers applies. Canvas Course Mats $78/McGraw applies

ACC 2110
Principles of Accounting I
3
* Prerequisite(s): ENGL 1010 or ENGL 1005 or higher with a minimum grade of C-, MAT 1010 or higher with a minimum grade of C-, or appropriate test scores.

Teaches basic accounting methods and tools for business decision making. Incorporates financial and managerial accounting to provide basic understanding of generally accepted accounting principles (GAAP). Applies analytical tools to assess profitability, relevant costs, and investment decisions. Canvas Course Mats of $111/McGraw applies

ACC 2120
Principles of Accounting II
3
* Prerequisite(s): ACC 2110 with a B- or higher

Teaches technical accounting concepts from both financial and managerial accounting. Includes generally accepted accounting principles (GAAP) to support understanding of the accounting cycle and financial statements. Includes managerial accounting topics such as costing methods, budget preparation, and performance evaluation tools. Canvas Course Mats of $111/McGraw applies

ACC 2125
Introduction to the Accounting Profession
1

Teaches topics related to the accounting profession, including career options in accounting, certifications in accounting (CPA, CMA, CIA, CFE, etc.), ethics in the profession, current issues in accounting, professional standards, and professionalism skills. Discusses the educational requirements for the accounting undergraduate and graduate degrees

ACC 2250
Accounting for Entrepreneurs
3

Addresses accounting issues from the perspective of an entrepreneur or small business owner. Includes choice of business entity, payroll preparation, internal control systems, and the basic application of applicable income and sales taxes. Teaches accounting software to classify, record, summarize, and report transactions and to generate financial statements.

ACC 2500
Data Analytics in Accounting
3
* Prerequisite(s): ACC 2110 with a B- or higher or ACC 2010 with a B- or higher
* Prerequisite(s) or Corequisite(s): ACC 2120 or ACC 2020

Introduces data analytics and data visualization tools and techniques in accounting. Provides hands-on experience in analyzing accounting data, creating visuals, and interpreting results using various data analytics and visualization software. Canvas Course Mats of $78/McGraw applies

ACC 2600
Business Law and Ethics
3
* Prerequisite(s): ENGL 1010
* Prerequisite(s) or Corequisite(s): ACC 2110 or ACC 2010

Examines legal and ethical issues needed to make sound business decisions. Provides an overview of the legal system, constitutional law, ethical decision-making frameworks, business entities, contract law, business crimes and torts, compliance and regulatory issues, agency law, and bankruptcy law.

ACC 281R
Cooperative Work Experience
2 to 8
* Prerequisite(s): Approval of School of Business Career and Corporate Manager

Designed for accounting majors to provide on-the-job work experience that will utilize the student’s skills and abilities in the field of accounting. Requires a portfolio of acquired work experience and enhanced skills. Includes student, employer, and coordinator evaluations; on-site coordinator visits; written assignments; and oral presentations. Provides experience in formulating and completing individualized work experience objectives. A maximum of 3 credits may apply toward graduation. May be graded credit/no credit.
Course Descriptions

ACC 3000 Financial Managerial and Cost Accounting Concepts
3
* Prerequisite(s): ENGL 2010, MAT 1010 or higher, and University Advanced Standing

Provide students in computer science and the technologies with knowledge of financial, managerial, and cost accounting concepts and applications. Prepares students to utilize accounting information in making business decisions. May be delivered online. Lab access fee of $25 for computers applies.

ACC 3010 Intermediate Accounting I
3
* Prerequisite(s): (ACC 2110 and ACC 2120) or (ACC 2010 and ACC 2120) each with a B- or higher, (MATH 1050, MATH 1055, or MATH 1090) with a C- or higher, and University Advanced Standing
