

# NURSING

## DEGREES

---

- Associate in Science in Nursing (ASN)
- Bachelor of Science in Nursing

## NURSING LABS

---

Fully-equipped labs are available for use by all students in the nursing program. Patient care simulations are carried out on automated mannequins in this hands-on learning environment.

## STUDENT OPPORTUNITIES

---

- Clubs and professional organizations
- Study abroad
- Scholarships
- Internships

## CAREER PATHS

---

Program graduates have worked in a variety of settings with job opportunities that include:

- Long-term care centers
- Hospice and home health care
- Hospitals: staff nurses, administrators, educators, case managers
- Schools, colleges, and universities
- Health centers, clinics, and surgical centers
- The armed services
- Public health education
- Inpatient and outpatient psychiatric care

## JOB OUTLOOK

---

Employment as a registered nurse is expected to grow 9 percent from 2020 to 2030, faster than the average for all occupations (Bureau of Labor Statistics, 2021).

## COURSE DELIVERY OPTIONS

---

Associate level courses are offered face to face. RN to BSN and MSN degrees may be earned 100 percent online.

## LEARNING OUTCOMES

---

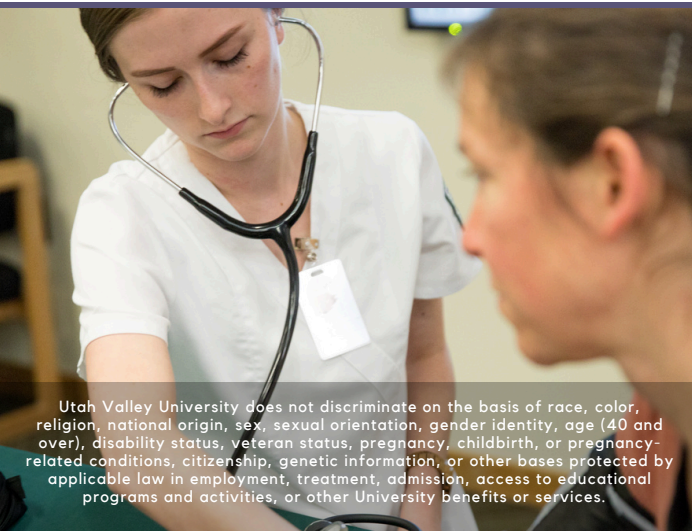

- Students will come to understand their responsibilities as a member of the healthcare team to better focus on caring for individuals, families, and communities.
- UVU teaches the skills necessary to ensure patients attain, maintain, or recover optimal health and function.
- Graduates will feel confident in their ability to plan, implement, and evaluate patient care.
