

THORLABS

Mobile Photonics Lab Experience Coming to Utah Valley University

Who Are We?

The Thorlabs Mobile Photonics Lab offers students a **hands-on experience** with photonics equipment used to measure, study, and harness the power of light. Guided by current Thorlabs employees, students are introduced to key photonics concepts, gain insight into potential careers, and engage with individuals that have years of experience working in the field.

Optics and Photonics Opportunities

UVU Offers:

Classes in Optics, Biomedical Optics, Nanotechnology, and Quantum Mechanics

Research labs for Biomedical Optics, Spectroscopy, Diffractive Imaging, and Lensless Imaging

For additional information, scan the QR code or email Dustin Shipp, Dustin.Shipp@uvu.edu

Join Us October 20th-22nd!

Located behind the **Pope Science Building, by the loading dock**

Schedule

Tuesday, 10/20 – Quantum Optics Experience, 10 AM – 4:30 PM, Registration Required

Wednesday, 10/21 – Intro to Photonics Experience, 4 PM – 8:30 PM

Thursday, 10/22 – Intro to Photonics Experience, 11 AM – 2 PM
