## *Getting Started with Online Classes*

### *Why take an online class?*

- **Flexibility:** Online classes allow you to work on your own schedule—ideal for students who want to take more CE credits than their high school allows.
- **Expanded Options:** Access courses that may not be offered at your high school.
- **Progress Toward a Degree:** Online classes can help you complete General Education Certificate (GEC) or Associate of Science (AS) requirements.

### *What should I expect in an online class?*

- **Self-Paced but Structured:** You'll work through weekly modules with readings, assignments, and deadlines.
- **You're in Charge:** Success requires time management and self-discipline.
