5. Interview

Interviews are suspended at this time. The top 20 applicants will be admitted based on merits of their application.

6. Signature

By Signing this application, I understand that. . .

1. Only complete applications will be reviewed; it is MY RESPONSIBILITY to submit, by the deadline, all required documents, including transcripts, HSRT score results, Clinical Observation form, Essay, 2 Character References, and Application Fee. I assume full responsibility, as well as any consequence, if application instructions are not followed.
2. If accepted, I will be expected to make the dental hygiene program my first priority. The dental hygiene program cannot make accommodations to fit my work schedule. Flexibility in my work and family schedule is MY responsibility. This program requires full commitment each semester, from the first day of class until the last day of class. Daily class attendance is mandatory. If unable to make this commitment, it is strongly suggested that I postpone my application until a time when I am willing and able to make this full commitment.
3. I understand that I will be asked to spend time off campus at clinical sites, and that some of these experiences may be in the evening and on weekends. I am strongly encouraged to acquaint myself with the demands associated with dental hygiene. UVU dental hygiene students are expected to demonstrate the ability to perform functions similar to what would be expected in a dental employment situation. I must be able to tolerate physically and emotionally taxing activities and perform appropriately during stressful situations, in order to meet the demands of the program and eventually the profession.
4. I have read the complete instructions and understand the full requirements for acceptance into the dental hygiene program. I know the date of the interview, know that I will be contacted via email only for an interview, and know that if I fail to respond in the scheduled time, or fail to follow through with any deadlines I will forfeit my interview, candidacy, and possible acceptance.
