The Collegiate Experience

You might be wondering what exactly a 'College' is.

The University of Cambridge is made up of thirty-one individual Colleges, each with their own unique character, structure and philosophy. This programme is run by one of the oldest: Pembroke College, founded in 1347.

Cambridge is a beautiful city with centuries of history. You'll enjoy formal dinners in our majestic dining hall and be surrounded by stunning architecture, art and gardens. But this experience of College life is about so much more; it's about being part of a friendly and vibrant community with access to great facilities.

While living in College accommodation you'll have access to the College library and sports grounds as well as a wide range of College services such as the College Nurse. You'll soon come to realise that a College is not just a dorm, but a uniquely supportive environment.

The Pembroke Cambridge Summer Programme is run exclusively by and entirely within Pembroke College. That's part of what makes studying with us a truly unforgettable experience.

Take a look at our website for the programme dates and our course list.

Academic Study

Our programme is renowned for its rigorous and intellectually challenging courses and at the centre of our ethos is small-group teaching. To achieve the interactive educational culture we believe is so important on the programme, we cap each lecture group at thirty students and each seminar group at fifteen.

We encourage you to develop your academic curiosity and really benefit from the unique learning environment at Cambridge. So, while you might take one or two courses for credit at your home institution, we invite you to try something new and our three-course structure across a range of disciplines lets you do just that.

And if you're interested in developing your independent research skills, why not replace one of your courses with the supervision option? You'll immerse yourself in a project of your choice under the one-to-one guidance of an academic expert. It's a great option if you're planning to write a senior thesis or pursue graduate studies and it's an integral part of the unique Cambridge academic experience.

Beyond the Classroom

While studying is an important aspect of the programme, this is your chance to truly experience Cambridge student life.

Our team of Programme Assistants (PAs) will organise an exciting and varied schedule of activities for you to try. As Cambridge students themselves, they're well placed to help you navigate the city and take advantage of the city's wonderful cultural offerings.

They'll introduce you to Cambridge classics such as croquet, cream teas, punting on the River Cam and a whole host of other activities. So, whether you're into sports, museums, sightseeing, live theatre or musical performances, you name it – we'll have an activity planned to suit you.
