

Utah Valley University

AAS Wildland Fire Management Graduates

Year	Graduates
2017-2018	14
2016-2017	8
2015-2016	5
2014-2015	10

Courses in the AAS degree in Wildland Fire Management provide students with the knowledge, skills, and abilities to assist them in obtaining a job in Wildland Firefighting, or if already employed, to give them the knowledge, skills, and abilities to advance in their careers. Courses focus on tactical decisions in firefighting and teaches students wildland fire behavior as well as how to anticipate fire behavior.
