CELEBRATING OUR EDUCATIONAL ACHIEVEMENTS

For Your Information

GEAR UP is a U.S. Department of Education grant-funded program that provides college and career preparation assistance to students and their caretakers. All GEAR UP activities and services are free.

GEAR UP Utah is a statewide program operating in select school districts. Alpine School District and its high schools have been GEAR UP partners since the initial grant was received by the state of Utah in 2005. We are currently in the third grant period of this program. GEAR UP can serve as many students as enroll.

To celebrate National GEAR UP Week, Utah Governor Spencer Cox has recorded messages to share, please take a minute to watch:
