UTAH VALLEY UNIVERSITY COMMENCEMENT

Thursday, May 4, 2023

PRESIDENT'S MESSAGE

CONGRATULATIONS on your graduation from Utah Valley University!

Commencement 2023 is especially important to me because my own eldest child is graduating with a degree from UVU. She started at Columbia University, but subsequently discovered that the real place for her was UVU. I have loved listening to her talk about her major in family science, her outstanding professors, and how UVU has prepared her to become a life coach and, potentially, a graduate student. Her UVU education has been truly transformative.

Together with my daughter, please celebrate this day! It's one of the most pivotal events that will occur in your life. Today when you cross the stage, you will be crossing a bridge — from a place of dreams and hard work to a future full of adventure and new experiences. You have worked hard to get here. Take pride in what you've accomplished!

In your years at UVU, you have developed skills, gained knowledge, and created friendships and networks that you can rely upon to thrive and succeed in work and life. As Wolverines, you embrace change and are committed to being ethical professionals, lifelong learners, and engaged citizens. You have adopted UVU's core values of exceptional care, exceptional accountability, and exceptional results. The world needs more people like you.

And don't forget about the remarkable community you belonged to at UVU! You've been supported, inspired, and cheered by an amazing team, including teachers and advisors, parents and family members, and friends and acquaintances. You may be graduating today, but this team can continue to support you in the years to come. Stay connected.

With the foundation of UVU beneath your feet, go forward with confidence. Reflect on the values you practiced here. Accept others as they are and show them kindness and respect. Act with honesty and integrity. Strive to help others succeed.

Most of all, be kind and gentle with yourself. You are a wonder! I am so proud of you!

BRANDON SANDERSON

Doctorate of Letters

6

BRANDON SANDERSON was born in 1975 in Lincoln, Nebraska. By junior high, he had lost interest in the novels suggested to him, and he never cracked a book if he could help it. Then an eighth-grade teacher, Mrs. Reeder, gave him “Dragonsbane” by Barbara Hambly.

Sanderson was finishing his 13th novel when Moshe Feder at Tor Books bought the sixth he had written. In 2005, Sanderson held his first published novel, “Elantris,” in his hands. Tor also published seven books in Sanderson’s “Mistborn” saga, along with “Warbreaker” and “The Way of Kings,” the first novel in the planned 10-volume series “The Stormlight Archive,” three of which have been #1 *New York Times* bestsellers. Six books in his middle-grade “Alcatraz Versus the Evil Librarians” series were released by Starscape.

Sanderson was chosen to complete Robert Jordan’s “The Wheel of Time” series; the final book, “A Memory of Light,” was released in 2013. That year, he also won the Hugo Award for his novella “The Emperor’s Soul.” Sanderson’s young adult novels include “The Rithmatist” from Tor and “Steelheart” from Delacorte — the first book of the “Reckoners” trilogy — who also publish his “Skyward” series, with its final volume, “Defiant,” slated to come out in the fall of 2023.

Most recently, Sanderson secretly wrote four novels during the COVID-19 pandemic. This led to the most successful Kickstarter campaign of all time in March 2022, and he released the first secret novel, “Tress of the Emerald Sea,” in January 2023. He has sold 30 million books published in 35 languages worldwide.

Currently living in Utah with his wife and children, Sanderson teaches creative writing at Brigham Young University. He also founded the Hugo Award-winning writing advice podcast “Writing Excuses,” and produces the podcast “Intentionally Blank” with Dan Wells.

His guiding years deepened his love for nature and outdoor recreation. From 1977 to 1983, Keller worked for a national transportation and logistics company, where he directed the organization's business in five states and was honored for his expertise and service.

For the next 35 years, he became one of the largest single-private apartment owners in the Western U.S. Keller Investment Properties' rapid growth included communities spanning four states, providing homes for thousands of families and students. Keller's investment properties also include retail centers, hospitality, raw land, hotels, student and senior housing, and private equity investments.

PROGRAM NOTES

ACADEMIC REGALIA

Academic regalia has its beginning in medieval Europe, where clergymen draped themselves in heavy caps, gowns, and robes for warmth in unheated buildings. In those days, the Church of England operated schools, and the priests served as teachers. Church attire, then, became scholarly attire.

When education and religion began to follow separate paths, much of the pomp and circumstance of the church were retained in academic ceremonies. Each university or college developed its own commencement and a different wardrobe for its faculty and students.

Europeans brought their popular traditions to the New World, and in 1642, America experienced its first commencement at Harvard University.

To avoid confusion in the color and style of academic clothing, representatives from most American universities met in 1895 to consider a uniform code for ceremonial academic attire. The result was the Academic Costume Code, which is still in effect today. About 98% of American institutions adopted the code, which covers three main areas: caps, gowns, and hoods.

The mortarboard, or Oxford cap, was introduced in the 1890s and consists of a loosely fitting headpiece with a flat, square top. The code allows for one exception: a soft cap.

Academic robes are usually black, although they may be the color of the institution. The bachelor's gown is simply constructed in straight lines. A master's gown comes with stitched, pointed sleeves. Doctoral degree holders' robes are adorned with velvet panels on the front and neck, and three bars of velvet on the bell-shaped sleeves.

Probably the most ornate piece of academic costume, and the most informative to the trained eye, is the academic hood. Hood size denotes degree level; the doctoral degree holder wears the largest hood. Velvet strips in the school's color are sewn into the lining. Each color of academic hood represents a different discipline.

PRESIDENTIAL MACE

In early times, maces were weapons intended to protect a king or other royal figure. From its seminal role as a symbol of military command, the ceremonial mace has evolved to represent the authority of the presidential office. During special occasions, such as commencement, a ceremonial mace-bearer carries the artifact.

UVU's presidential mace was handcrafted from wood from every continent except Antarctica, signifying the six continents represented by UVU students. Its steel rings reflect UVU's deep roots in the trades, as well as early ties to Utah Valley's steel industry. Each seal represents a stage of UVU's growth, beginning as a tiny vocational school and continuing through today as the largest university in the state.

LESSA HARDING

Bachelor of Science, *Elementary Education*

Lessa Harding is from Springville, Utah, and graduated from Eastlake High School in Sammamish, Washington, in 2002. While at UVU, she maintained a 4.0 GPA and made the dean's list every semester she attended school full time. Julie Valerie Chidester is from Kaneohe, Hawaii, and graduated from St. Andrew's Priory in Honolulu. She chose to attend UVU's School Counseling Program because it allowed her to continue working full time as a teacher. While completing her degree, Chidester helped junior high and elementary students work through social and emotional concerns and academic, college, and career readiness opportunities; she hopes to continue this work after graduation. She is proud to have shown her four children, Shannon, Anne, Ashley, and Kyle, that they can obtain a master's degree because they have seen their mother do it, and she is grateful to her husband, Bart, for serving as her greatest support.
