FACT BOOK 2018

UVU UTAH VALLEY
UNIVERSITY

Preface

The Fact Book is an annual publication of Institutional Research & Information (IRI) at Utah Valley University. The purpose of the Fact Book is to translate accumulated data into useful information for those within and outside the university.

It should be noted that data extraction methods used for this Fact Book are consistent with those used in previous years. The most current information will be reflected in the online Fact Book as improved means of obtaining accurate information are developed.

Every effort has been made to include within this publication the data most often requested; however, by necessity, the information presented herein is limited. You can find additional information and a complete listing of our research online at www.uvu.edu/iri. We invite the users of this book to freely comment on what information they would like to have included in future editions of the Fact Book. Please contact our office at (801) 863-7923 or email us at IRI@uvu.edu, with your suggestions.

IRI wishes to thank the individuals and departments who have contributed to this publication.

All information is provided by IRI unless otherwise noted. Summer information is based on end-of-term data. Fall and Spring information is based on data captured on the 15th day of instruction, typically called "Thirdweek".
