Institutional Research & Information

Utah Valley University

June 22, 2016

The information in this report is compiled in accordance with 34 CFR 668.41(d)(5), "Institutional and Financial Assistance Information for Students." Information is taken from Utah Valley University's 2011-2015 Graduated Alumni Surveys. This annual survey polls all students who graduated from UVU by telephone and email in the summer at least one year (for Spring graduates) but less than two years (for summer graduates) following their graduation. The surveys provide data for the 2009-2010 through 2013-2014 graduating classes. Full data and analysis from these surveys is available on the UVU Institutional Research & Information web site at <http://uvu.edu/iri/>.

NOTES

1. Majors of alumni have been translated to the current university academic structure, and may not reflect the major name, description, or college at the time of graduation.
2. To protect respondent privacy, data for programs with five or fewer respondents to a question over the past five years has been omitted. This data is available from college deans or Institutional Research and Information to authorized users, and is included in the totals for the college. Programs for which there are no respondents are not listed.
3. Secondary Content Education programs are classified with the content area's college.
