## Compliance

This document describes the services available on telephones Alcatel 4028/4029 connected to an Alcatel OmniPCX Office or Alcatel OmniPCX Enterprise system. For more information, please consult the User Guide for your 4028 (IP set) or 4029 (digital set). Contact your installer.  
Warning: never place your telephone in contact with water. To clean your telephone, you may however use a damp soft cloth. Never use solvents (trichlorethylene, acetone, etc.) which may damage the plastic parts of your telephone. Never spray it with cleaning products.  
Earpiece may retain magnetic objects.

The wording is not contractual and may be subject to change. Some functions of your telephone are controlled by a software key and the configuration of the unit.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. This Class B digital apparatus complies with Canadian ICES-003. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. If this equipment does cause harmful interference, please contact your installer.
