

ABA Practicum Site

You must interview with your practicum site for an internship position. Most practicum sites prefer students complete two semesters of practicum.

Multiple practicum experiences are encouraged. Students who are interested in gaining experience at more than one practicum site should talk with their faculty coordinator during their first semester.

Students who work for a company or school that provides behavior analytic services may be able to complete the practicum at his or her work site. Please note that requests to fulfill practicum experiences at a student's work site will be reviewed on a case-by-case basis.

Area	Time	Approximate total hours after four Semesters
Field Practicum (max)	20 hours per week (16 weeks x 4 semesters)	1280 hours*
Individual Supervision	45 minutes per week (16 weeks x 4 semesters)	48 hours*
Group Supervision	50 minutes per week (16 weeks x 4 semesters)	53 hours*
