

NURSING ELECTIVE CREDITS as of Fall 2025

The BSN degree requires 5 credits of advisor-approved Nursing electives. All or at least two of these credits must be upper division nursing classes from the approved nursing electives classes listed below (NURS) in Section 1. If needed, other nursing elective credits can be taken from the approved non-nursing classes listed below in Section 2. If you are in the BSN major, you can also look at Wolverine Track in the Nursing Electives sections for the list of approved classes. Also found on the www.uvu.edu/nursing, student resources tab.

Section 1: Approved nursing classes for NURS elective credits.

(Only approved classes will fill the 2-credit nursing elective.) Some classes are not offered every semester.

Dept	Course	Cr	Title	Dept	Course	Cr	Title
NURS	3420	1	Mentoring	NURS	4240	2	Promoting Active Sr Lifestyles
NURS	4120	1	Rapid Response	NURS	4300	2	Nursing Theory
NURS	4130	2	Critical Care	NURS	4900R	1-4	Special Topics
NURS	4210	2	Concepts of Childbearing	NURS	4890R	1-4	Undergrad Research
NURS	4220	2	Pediatric Acute Care	NURS	4950R	1-3	Independent Study

Section 2: Approved non-nursing classes for elective credits.

(Check UVU catalog for any pre-requisites.)
