RESOURCE REQUEST – “Be Curious, Not Judgmental”

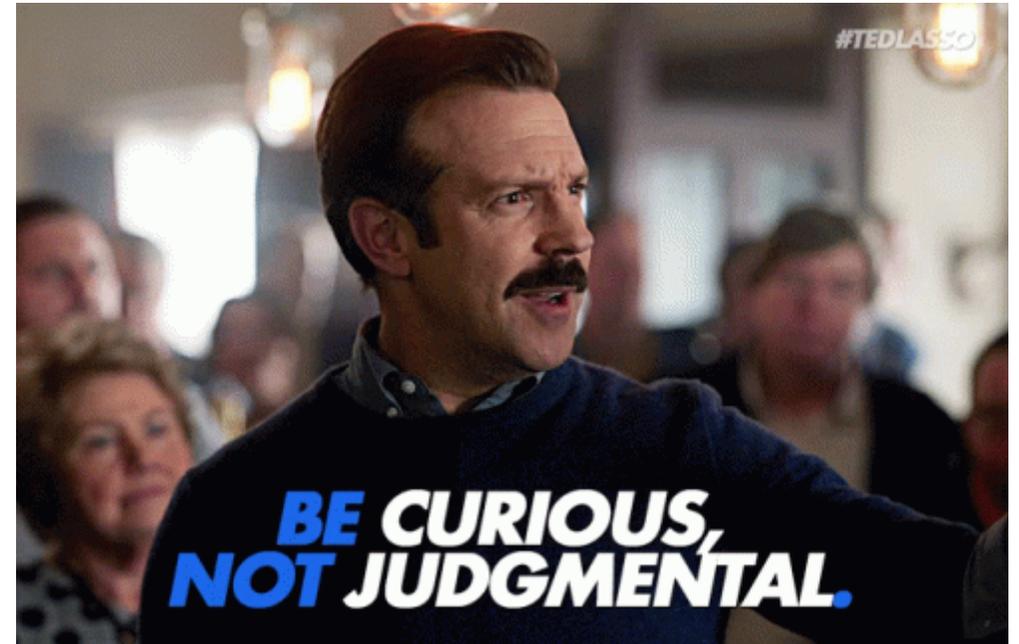

How much? \$180,167 for State Risk Management rate increases.

Where are these funds coming from? These allocations are funded via a separate bill that is ran during each session. As such, this request is not competing per se with your other requests, but we still make the ask to get the increase in funds and provide transparency.

Why do you ask for this every year? Liability insurance is necessary to protect UVU's ability to continue to operate generally, provide a safe environment, and ultimately achieve student success. The State Risk Fund continues to experience significant losses. During the last few years, the Fund has used actuaries who have advised that the Fund needs to increase premiums to cover the losses (and to build up reserves).

SUMMARY – *Three life lessons about PBA from Ted Lasso*

“Believe” in student success

“Be a goldfish” with your budget and resources

“Be curious, not judgmental” with yours and others’ requests
