JOURNAL EDITOR:

- *Teaching Ethics*, (2008-2014) Elaine Englehardt and Michael Pritchard, editors. Journal is published twice yearly.

GRANTS:

1. **2019-2023 National Science Foundation Grant, Principal Investigator "Ethics and Engineering Identity," with Florida Polytechnical University and University of South Florida.**
 - a. Conducting workshops and seminars, research and presentation projects.

1986-2005 – Continuous National Grants

Wrote and directed six national grants in ethics with National Endowment for the Humanities and the Fund for the Improvement of Post-Secondary Education, both agencies with the U.S. Department of Education. Nationally, the projects involve approximately 600 faculty and 15,000 students.

2. **2000-2005 -Grant Director, Dissemination grant with Fund for the Improvement of Post-Secondary Education (FIPSE, Department of Education).**
3. Initiated a new society, "Ethics Across the Curriculum" and a new national pedagogical journal, *Teaching Ethics*.
4. **1998-2000 - Grant Director, Dissemination Grant with Fund For the Improvement of Post-Secondary Education (FIPSE).**

5. "Ethics Across the Curriculum: Disseminating Successful Educational Reform"
An estimated 300 faculty and 15,000 students are nationally and internationally involved in this program. Implementation varies according to the needs of the institution. The program continues nationally and internationally.
6. **1996-1998 Grant Director, National Endowment for the Humanities (NEH).**
Focus Grant to disseminate ethics and ethics curriculum development to elementary and secondary school teachers. To continue the program, area k-12 faculty are invited to attend Utah Valley University ethics programs.
7. **1992-1995 Director and author of a three-year Fund for the Improvement of Post-Secondary Education (FIPSE) grant entitled Ethics Across the Curriculum.** Grant involves the participation of faculty in all schools, deans, Vice President for Academic Affairs and the President. Approximately 100 faculty and administrators are involved in integrating ethics into classrooms in courses in business, nursing, trades, technologies, vocations and liberal arts. About 3,000 students at UVSC are involved yearly. Responsibilities include overseeing budget; developing curricula; assessment; supervising mentoring project; arranging library acquisitions; planning and arranging scholars and other programs. FIPSE evaluates the project as exemplary and unique. The program and funding for the program continue at Utah Valley University.
8. **1990-1993 – Director and author of a three-year National Endowment for the Humanities grant in History of Civilization and History of Science (NEH).** Responsibilities include curriculum development, faculty development of twenty interdisciplinary faculty, student assessment, community involvement and library growth. The program and funding for the program continue at Utah Valley University.
9. **1986-1990 – Director and author of a three-year National Endowment for the Humanities grant in Ethics and Values (NEH).** The grant focuses on a core course in "Ethics and Values." Components of the grant include teacher training, student scholarship, and community participation and library acquisitions in ethics. National scholars participate in quarterly lecture series and summer seminars. Responsibilities include curriculum development, faculty development of fifteen interdisciplinary faculty, student assessment, community involvement and library growth. The program and funding for the program continue at Utah Valley University.
