Trained private pilot students	

Pilot Qualifications:

Airline Transport Pilot, Airplane Multi-Engine Land

Type ratings:

Cessna CitationJet (single pilot)

Cessna Citation (500 series)

Cessna Citation Excel (560XL)

LearJet (20, 30, and 50 series)

Commercial Pilot

Airplane Single Engine Land and Sea

Rotorcraft – Helicopter

Glider

Gold Seal Flight Instructor

Airplane Single and Multi-Engine

Instrument Airplane

Advanced Ground Instructor

Over 10,000 hours total flight time, primarily in light business jets and turboprops, but ranging from hang gliders to helicopters. Over 2,500 hours of instruction given.

Qualified in the only two aircraft types subject to a Special Federal Aviation Regulation (SFAR) regarding training and experience due to their unique handling characteristics (the Mitsubishi MU-2 twin turboprop and the Robinson helicopter).

Higher Education Courses Taught:

Pilot ground schools – Airplane and Helicopter

Survey of Aviation Science

Aviation Weather

Human Factors

Aerodynamics – Airplane and Helicopter

Advanced Aerodynamics – Airplane

Air Traffic Management

High Altitude Navigation and International flight Operations

Global Ethics and Professional Issues in Aviation

Scholarly Activities:

Established course in *Aviation English* for foreign aviation students at UVU
