TEST FOR AUTHENTICITY: This document is printed on Defensa WATERMARK® security paper and contains multiple overt and covert security features. Hold the page up to the light to view the translucent Defensa WATERMARK® image. The institution's name appears as a white background pattern across the face of the document. ADDITIONAL SECURITY FEATURES: Vigorously rubbing or breathing on the padlock security logo located in the corner of the page will cause the image to fade temporarily. When photocopied, the institution's name and the word COPY appear as a latent image across the document. Exposure to fresh liquid bleach will cause authentic security paper to stain brown. Black-and-white or color copies are not originals and should not be accepted as official documents. Alteration of this document may constitute a criminal offense.
