Intermountain Engineering, Technology and Computing Conference
i-ETC 2026 (i-ETC)
May 8 - 9, 2026, Brigham Young University (BYU), Provo, USA

i-ETC Sponsorship Opportunities

The sixth Intermountain Engineering, Technology and Computing (i-ETC) Conference will be held in the picturesque campus of Brigham Young University (BYU), Provo, Utah, USA, May 8-9, 2026. The mission of i-ETC is to provide a forum for interaction among students, faculty, and industry employers as contributors in the fields of engineering, technology, and computer science by presenting research, product and technology demonstrations, and advances in education. Attendees will learn about current research and industry best practices for product development, testing, deployment, and operation. Venues for interaction between students, faculty and industry employers will increase exposure of career opportunities, educational programs, and necessary qualifications. These interactions will lead to increased internship and/or employment and consulting opportunities for students. Industry employers will be able to access and influence potential employees as these students are completing their education. Presenters in this conference will consist of students (both undergraduate and graduate), faculty, and industry experts looking for a venue to share peer-reviewed research.

The conference is co-sponsored by Utah Valley University (UVU), Brigham Young University (BYU), Utah State University (USU), Idaho State University, Montana State University, Weber State University, and the Institute of Electrical and Electronics Engineers (IEEE). Submissions will be from regional, national, and international researchers. All papers presented at i-ETC 2026 will be published in the conference proceedings and posted in the IEEE digital library (Xplore). The conference will offer several prize paper and poster awards to eligible students.

The i-ETC annual conferences offer excellent opportunities for your organization to support the event while strengthening its visibility and engagement with key stakeholders. Attendees will include industry professionals, consultants, government representatives, and members of academia at all levels. This is a unique opportunity to showcase your organization's strengths to both current and potential customers and stakeholders. The conference will feature a comprehensive technical program, including paper presentations, keynote speakers, tutorials, and networking opportunities. We warmly invite you to become a valued partner and take advantage of the diverse sponsorship options available. These opportunities are designed to meet a variety of needs, and we encourage you to review them carefully. For more information, please contact Stefan Harlan (stefan.harlan@uvu.edu), Spencer Guthrie (guthrie@byu.edu), and Mohammad A.S. Masoum (MMasoum@uvu.edu).

Sponsorship Packages

All sponsors will have the opportunity to include company logo in the i-ETC website, all printed proceedings, and programs.

Platinum Sponsorship

The platinum sponsors will receive five complimentary conference registrations for attendance at all sessions including the welcome reception, opening ceremony, lunches, morning, and afternoon tea/coffee breaks. The platinum sponsors will be invited to deliver a short speech to the delegates during the conference opening session. The platinum sponsors will have a display promotion table, company logo banner displayed in the conference registration area, opportunity to include company stationeries in conference satchel, company logo on the website, all printed proceedings and program brochure (1/2 page). Platinum support opportunity is valued at $5,000+.

Gold Sponsors

The gold sponsors will receive three complimentary conference registration for attendance at all sessions, including the opening ceremony, lunches, morning, and afternoon tea/coffee breaks. Gold sponsors will be given a display promotion table and will have their company logo displayed on the website, printed conference proceedings and programs brochure (1/4 page). Gold sponsors are also able to include their company stationeries in the conference satchel. Gold sponsors may also take the opportunity to address the conference delegates during one of the lunch or tea/coffee sessions and display pull up stand. Gold sponsorship opportunity is valued at $3,000.

Silver Sponsors

The silver sponsors will receive one complimentary conference registration for attendance at all sessions, including the opening ceremony, lunches, morning, and afternoon tea/coffee breaks. Silver sponsors will be able to advertise their company logo as sponsor of a morning/afternoon tea/coffee session and will be acknowledged in the conference website and printed program. Silver sponsors will receive one complimentary full registration including welcome reception, opening ceremony, lunches, morning and afternoon tea/coffee breaks. Silver sponsorship is valued at $1,500.

Conference Bags Sponsor

The sponsor of the conference satchel/bag will have the opportunity to place company logo on the conference satchel/bags given to each delegate registered for the conference. This sponsorship opportunity is valued at $2,000.

Prize Paper Awards

Sponsorship opportunities are available to offer student prize paper awards to be declared during the conference closing ceremony. Several student prize paper awards are proposed to encourage high quality submissions from students. Supporters will be acknowledged in official prize paper announcements. Prize paper awards are valued at $400 each. This opportunity is only available to the educational institutions, research centres, and professional societies (IEEE, IET, SGA, CIGRE etc.).
