

# Accessibility Services 2024-2025

## Student Development and Wellbeing

### Purpose/Mission

Accessibility Services serves students with disabilities by providing access to the entirety of the college experience to facilitate, support, and encourage engagement in academic success, retention, and graduation, and ensure their educational rights.

### Programs and Services

#### Accommodation Services

Provides academic accommodations for students with disabilities to create access to the curriculum thus increasing academic success, retention, and graduation.

#### Accessibility Advising

Individualized assistance navigating the accommodation process including follow-up steps for ongoing support.

#### Learning Specialist

One on one and group instruction to assist students in building learning skills to reach their educational goals.

#### Outreach Events

Increase awareness of academic accommodation and support available for students with disabilities. Events include an annual transition day for high school students, welcome back student social, and multiple training opportunities for faculty and staff.

#### Peer Mentor Program

Increasing student success and retention by pairing first year students with disabilities with upper division students with disabilities who can model self-advocacy and provide a sense of inclusion and belonging.

## 2024-2025 Impact Data

**3,480** students utilizing Accessibility services

**7%** Skills Gain for students engaged in Peer Mentoring

**84%** of students who work with a learning specialist use their accommodations
