

Undergraduate Advising

PURPOSE AND MISSION

We support students on their Wolverine journey with excellent advising. Students trust UVU advisors to help find their path to success.

ADVISING DRIVES STUDENT SUCCESS

ADVISING IS HIGH TOUCH, NOT TRANSACTIONAL

Advisors serve as strategic partners in student success, engaging students in meaningful conversations that support informed decision-making, academic progress, connection to resources, and achievement of educational goals.

ADVISING SUPPORTS STUDENTS ACROSS THEIR ACADEMIC JOURNEY

Advising supports student success across UVU's dual-mission pathways, helping students progress toward the educational goals that matter most to them.

IMPROVED CONSISTENCY, ACCESS, AND QUALITY

Advising established a common framework defining advisor competencies, leadership expectations, performance standards, and advising practices.

STRATEGIC INVESTMENT, ORGANIZATIONAL REDESIGN, & IMPLEMENTATION OF SHARED STANDARDS

Ongoing funding was dedicated to support advising, with resources being reviewed and redistributed to support mission success across all advising.

IMPACT DATA

38,000+

Student appointments

305:1

Student to advisor ratio

\$620,000

Secured ongoing funding to stabilize advising operations

22

Established a coordinate care infrastructure connecting 22 student-support units

55%

Reduced spending plans and redirected toward strategic priorities

Advising began implementation of new Student Success platform (Navigate360) that fundamentally changes how advising supports students and track metrics, to demonstrate advisor impact.
