Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:
The SHS Psychology Internship Program employs a Practitioner-Scholar model of training for Health Service Psychologists. SHS is a comprehensive, multidisciplinary agency providing medical, crisis, psychiatric, assessment, and mental health services to a large student body. Interns deliver clinical therapeutic services including, psychological assessment, individual therapy, group therapy, couples therapy, crisis intervention, outreach, and consultation. Additionally, the program provides opportunity for Doctoral Interns to craft training emphases relevant to their career goals, such as work with a specific population, endeavor, or type of provided service; similarly, opportunities exist for Doctoral Interns to provide supervision to therapy trainees. Training emphasizes integration of science into practice, multicultural skill development, and ethical practice. Interns participate in weekly training seminars, engage in clinical case conceptualization, and participate as part of a team that may enact programmatic interventions.
Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:
Total Direct Contact Intervention Hours: <u> N </u> <u> Y </u> <u> X </u> <u>Amount:</u> 450
Total Direct Contact Assessment Hours: <u> N </u> <u> Y </u> <u> X </u> <u>Amount:</u> 50
Describe any other required minimum criteria used to screen applicants:
Interns must be cleared by their program's Director of Clinical Training for internship application.
