Foundation History

The Utah Valley University Foundation, Inc. operates in support of UVU’s current and future needs as a vital cog in the community’s economic and academic engines. In 1981, Dr. Dean McDonald was appointed the executive director of the Foundation Board, with Bill J. Anderson serving as the first foundation chair. The Foundation had a vision as a key vehicle to assist the institution in accomplishing growth and development, not only for the students, but also for the benefit of the community. Today, the UVU Foundation is a forward-thinking philanthropic body supporting the vision of the University by contributing expertise, experience, dedication and financial resources. The UVU Foundation is excited about the future and hopes you will join us in advancing UVU’s mission as a vital community resource and laboratory for academic and applied learning.
A Letter from the Foundation

Dear Friends,

It is with great pleasure that we present the 2011 Honor Roll of Donors in this issue of the Utah Valley University Foundation’s Annual Stewardship Report. As we looked over this list of donors and the amazing accomplishment of this past year, we pause to share our heartfelt gratitude to all who have contributed to UVU.

As you read through the report I trust you will note the continued growth of UVU. More students than ever before are choosing to pursue their education at UVU. During the past five years our student body has grown by 40 percent; today UVU’s enrollment of 33,000 makes us the largest public institution in the state of Utah.

Growth has placed an immense pressure on the University’s ability to provide appropriate teaching and learning spaces on campus. As a creative way to accommodate this growth, UVU is now serving as many as 12,000 students in its evening classes, which is more than the entire student body of many institutions of higher learning within the state and across the nation. Even with the addition of our marvelous new Science Building, UVU still ranks distantly last in space available per student among Utah institutions and its designated national peer institutions. President Holland is actively pursuing a large classroom building that is necessary in order for our faculty to deliver a high quality education for UVU students.

New facilities on campus, endowments to recruit and retain great faculty, and special programs to enhance students’ education and career preparation are among the President’s top priorities and initiatives. The most immediate need is the expansion of the University’s Wee Care Child Care Center. This center currently has capacity for fewer than 100 places for children. Without access to quality care close to their classes, many students, especially single mothers, are forced to abandon their education altogether.

In closing, I want to thank each of you for the important role you play in the successes of UVU. I also acknowledge the outstanding leadership of President Holland. I am convinced that the combination of your generous support and his outstanding leadership will take Utah Valley University and its students to new, never-imagined heights.

Sincerely,

DEBBIE BINGHAM, Foundation Chair
ANNUAL SCHOLARSHIPS

Alexander’s Print Advantage Scholarship • General
87 LLC Scholarships • General
Deseret News Scholarship • Communication Department
Deseret Digital Media Scholarship • Digital Media Department
J Willard & Alice S Marriott Foundation Scholarship • Out-of-state students

Thomas C. Hales Seminar Room
Wayne B. Hales Seminar Room
At last year’s Scholarship Ball I mentioned a student named Cindy that had stopped me to tell me how much UVU meant to her. She is in school because her husband’s health was affecting his ability to be the sole provider for their family, and as such she was going to have to enter the workforce to help supplement his income. She has MS and her husband has undergone two kidney transplants. I was moved by her personal plight and her determination for success. She is back in school pursuing a business degree, with the goal of opening her own business to help provide for her family. Throughout the past year, I have sought donations in the form of scholarships for students such as Cindy. Thanks to your remarkable generosity and that of scores of others who are a part of UVU’s growing community of alumni and friends, we have been able to provide scholarships to many worthy young people like Cindy. My profoundest thanks to all of you.

- PRESIDENT MATTHEW S. HOLLAND

"From what we get, we make a living. With what we give, we can make a life. And with each gift we share with others, our own life grows that much richer."

- MARC ARCHAMBAULT, V.P. of Development & Alumni Relations

Scholarships make the extraordinary goal of pursuing a college education attainable for many students with financial need. UVU Foundation’s commitment to students’ success was demonstrated at the 2011 President’s Scholarship Ball with the announcement of reaching an all-time record for UVU scholarship funding. On behalf of the Foundation Board, I would like to express our sincere thanks to everyone who joined us in exceeding our goal of two million dollars in scholarship funding and achieving four million dollars - a twenty-fold increase over past years!

- DEBBIE BINGHAM, Foundation Chair
The New UVU Science Building

The College of Science and Health is on the path to become one of the premier undergraduate Science and Health institutions in the west. Our faculty members and staff are superb and student oriented. Our students get better and better. For many years we have been strongly hampered by a lack of space and opportunities for mentored student-faculty investigative work. With our new building this changes dramatically, and we will have a much larger presence in important academic endeavors in the future.

- DEAN SAM RUSHFORTH, Dean of the College of Science & Health

As a biology major and premed student at UVU, I am incredibly excited about the new science building. We believe it will put UVU at the forefront of scientific research in Utah. With the 11 new research rooms, 18 new lecture rooms, and 27 new lab classrooms, I am excited to see student research expand. We will have nearly three times as much space (160,000 sq. ft. compared to 60,000 sq. ft.) to serve over 20,000 students per week. I look forward to having new equipment and more space for the research I am doing with Dr. Jim Harris. Taking anatomy next fall will be amazing with the two new rooms, each containing 6 downdraft autopsy tables. As the only school in Utah with a biotechnology program, I am excited to see the six-fold increase in space and supplies for the biotech program. Students who want to go into research or into a health profession will now have a huge advantage in attending UVU as our science program will expand to become one of the best in the state.

- AUDREY BUTLER, Sophomore Biology Major

By having an augmented place to learn, the possibilities of our futures become endless. With our exponential growth UVU is experiencing, we can provide the best education, research opportunities and contributions to the world.

- DEREK LUNDAHL, Senior Biology Major

The new Science Building will mean a quantum leap in UVU’s science education. For the first time in at least a decade, we will have adequate space to provide appropriate laboratory experiences to support the science curriculum. In addition, we will have the resources to provide an acceptable level of undergraduate research opportunities. Increasingly, it is the ability to provide research experience to students that distinguishes the best universities. The new Science Building truly ushers in a new era in science education at UVU.

- JIM HARRIS, Science Faculty
My great life lesson, learned in the trenches of this world, that the great challenge before you is not about some job, but whether you will forget about yourself and focus on others.”

- ROBERT C. GAY
Commencement Speaker

Utah Valley University is becoming the largest and newest university for Utah Valley; and as this growth continues the UVU Foundation has a vision to assist the institution in accomplishing growth and development, not only for the students but also for the benefit of the community. For the past 30 years, dedicated members of the Foundation Board have paved the way for the success UVU is experiencing today. To express our gratitude for the efforts of these Foundation Board chairs, who worked tirelessly to build the support for the institution, the 2011 Foundation Board recognized its ten outstanding past chairs by establishing the UVU Foundation Ambassador Endowed Scholarship this year. The first scholarship will be awarded in 2012, and when fully funded, ten scholarships will be given in the name of each board chair to honor their dedication and loyalty to UVU. The annual recipients of these ten scholarships will become the UVU Foundation Student Ambassadors, representing the institution at key events throughout the year.

DEBBIE BINGHAM
Foundation Chair
Ensuring access to higher education is absolutely vital to our state’s civic and economic well-being. I personally want to thank you for your dedication and support to helping us provide opportunities for our students to succeed. With your help, I believe UVU’s best days are ahead.

PRESIDENT’S CIRCLE

The President’s Circle honors those who have generously given lifetime cumulative donations exceeding $25,000 in cash or in-kind donations. Membership is recognized in one of four President’s Circle levels: Platinum, Gold, Silver, and Bronze.

In Memoriam

FLORENCE BULLOCK RAGAN
1919 – 2011
Florence Ragan was a high-spirited, self-motivated business woman whose influence touched many people. She was a firm believer in helping those that put forth their own effort first and then she would do the rest. She was awarded an Honorary Degree at UVU (UVCC) and served on its Foundation Board. She encouraged everyone to obtain a good education and felt it necessary in today’s world. She was extremely active in and supportive to various civic and community organizations. Along with providing several gifts to the University, she established the Florence B. Ragan Endowed Scholarship Fund.

JENNY JONES BELLISTON
1931 – 2011
Jenny Belliston was widely appreciated for her deep sincerity, keen sense of humor, uplifting stories and musical talent. She and her husband Angus felt strongly that education was the key to student success and supported educational scholarships at several institutions. They established the Angus & Jenny Belliston Endowed Scholarship to assist students at UVU.

ANNE SNYDER PEPER
1920 – 2011
Anne Peper lived a full and elegant life and with her husband shared a love of exploring mountains and valleys; they traveled extensively in search of geological finds. An extensive mineral collection that she and her husband Bob collected over their lifetime will now be on display at Utah Valley University. Mrs. Peper established the Robert & Anne Peper Endowed Scholarship to support UVU Earth Science students.

RICHARD DARRELL LOSEE
1932 – 2012
Richard Losee (Dick) started playing the saxophone at eight years old, formed his own band, and performed throughout Utah. His band, The Losee Band, was the finale of the UVU President’s Scholarship Ball evening for 20 consecutive years. The Losees have been an integral part of UVU; the Losee Center for Student Success is named in their honor. They also created the JoAnn B. Losee President’s Award Endowed Scholars Fund, which has been providing scholarships to UVU students since 1988.
Along with the unprecedented numbers of students attending UVU, support from our friends and donors is also increasing. Because of this wonderful growth of support, UVU Foundation is creating a new gift acknowledgment system, which will be implemented for the calendar year 2012.

The acknowledgement tiers are as follows:

**PRESIDENT’S CIRCLE • listed previously**

- Bronze Level: $25,000-$49,999
- Silver Level: $50,000-$249,999
- Gold Level: $250,000-$999,999
- Platinum Level: $1 million-$4,999,999
- Emerald Level: $5 million+

**ANNUAL GIVING CLUBS • listed subsequently**

- Founders Club: $1,000-$1,940
- 1941 Club: $1,941-$4,999
- University Club: $5,000 or more
- Wilson Sorensen Society: Present value of $10,000+ for gift planning

Because of your generous support, great things happen at Utah Valley University.

Thank you!
HERITAGE CLUB • The Heritage Club recognizes those who have contributed cash or in-kind donations of $5,000+ during the calendar year of January 1 - December 31, 2011.

Ways to Give

The Utah Valley University Foundation, Inc. is a duly established charitable, tax-exempt 501(c)(3) entity, which gratefully accepts gifts, pledges and payments to benefit UVU.

GIFTS OF CASH
An easy way to give is to make a gift online at http://www.supportuvu.org. You may also make a gift by check made payable to: Utah Valley University Foundation and mailed to 800 W. University Parkway MS 111 Orem, UT 84058-5999. Please feel free to call (801) 863-6478 or toll-free (866) 840-4524 if you need assistance or to make a credit card gift over the phone.

PLEDGES
A pledge is a gift that the donor agrees to pay over a period of time. For your convenience, the Foundation sends you a reminder and return envelope at the times you specify to make your gift. Payments may also be made by periodic credit card charges.

ANNUAL GIVING
Each year, alumni, donors and friends generously support the University with their annual gifts. By responding to a phone call from one of our UVU students or a solicitation letter that arrives in your mailbox, you provide scholarships, equipment and other much-needed resources to our students and faculty. Every gift matters and makes a difference – please consider making a gift online at http://supportuvu.org.

APPRECIATED SECURITIES
Gifts of appreciated securities make excellent contributions and may offer you capital gains tax incentives. The full market value at the date of the gift usually may be claimed as a charitable deduction.

REAL AND PERSONAL PROPERTY
Real estate and marketable items of personal property with established values can be given to the University as outright gifts. You may deduct the fair market value of real estate held long-term. To be fully deductible, items of personal property must be related to the University's purpose and function.

MATCHING GIFTS
Many companies have matching gift programs that match, double, or triple the contributions of their employees. If your employer offers matching gifts please submit the appropriate form with your donation. If you are unsure if your company participates in matching gifts, please contact your company’s human resource office.

PLANNED GIFTS
Bequests
You may support Utah Valley University through an estate designation in your will. Our gift planning staff can assist you with the simple wording to insert in your estate documents and also encourage you to work with your legal and financial advisors to make this designation. The UVU Foundation deeply appreciates bequest gifts and would like to know of your intentions to make an estate gift so that we may include you in the esteemed Wilson W. Sorensen Society (WSS) that honors gifts of bequests.

Charitable Remainder Trusts
A charitable remainder trust provides income to the beneficiary you specify. The income amount is determined by individual circumstances. For your convenience, our gift planning staff can prepare examples of charitable remainder trusts that may fit your philanthropic and financial planning.

Retained Life Estate
A Retained Life Estate allows you to make a gift of your personal residence or farm to UVU during your lifetime. You may designate the gift to the area of the University you wish to support and enjoy the use of your home or property and the benefits of your philanthropy during your lifetime.
