

Re-Scoring Scantrons in Chi Tester

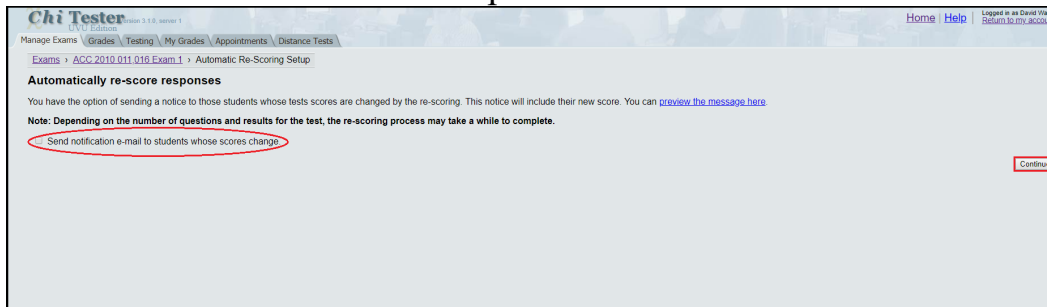

1. Click the exam you want to upload an exam for. This will highlight in blue.
2. Click “Manage selected exam”

3. In the Manage Results Section, click “Automatically re-score student responses”

4. In the new screen you have the option of sending a notification e-mail to students whose scores change.
5. Click continue to have the responses re-scored.

6. You will then continue on to a responses re-scored confirmation page.

Please feel free to contact us back if you have any further questions. Thank you.
