Company Overview

Weidner's Fire Division, a growing division of 65-year-old Weidner, markets, sells, and services safety equipment used by firefighters, police officers, and other emergency responders. The company specializes in respiratory protective products such as self-contained breathing apparatus (SCBA), breathing air compressors, and diesel exhaust removal systems (used in fire stations to protect the health of personnel), as well as a variety of other equipment used by firefighters. Weidner takes pride in providing products – that help firefighters save lives and property – from approximately sixty manufacturers. The company markets its fire-rescue products in eleven western states.

Weidner Mission Statement (Fire Division)

Our mission is to help firefighters save the lives of the citizens they serve and to protect firefighters so they can return home safely at the end of every shift.

We are passionate about providing our customers with the highest quality firefighting equipment and servicing what we sell so our customers can trust these critical life-safety products when they need them most.

We care deeply about people and their ability to live happy and productive lives.
