

COURSE DESCRIPTION

All students are responsible to bring their **IRPG's** (Incident Response Pocket Guide) **FLHB's** (Fireline Handbook) and the applicable **PTB** (Position Task Book) to each class session. Additional items will be mentioned on the course acceptance letter. You are responsible to double check your enrollment status, current address, phone numbers, and email addresses. This will help ensure that you as the student will receive any and all the information pertaining to the class you are enrolled for. **If your supervisor has enrolled/nominated you, it's critical that you double check your enrollment status.**

By clicking on the **ROLL** for each class, you can see an updated class enrollment. This will be done weekly. Any questions or concerns call Angie Menlove (801)863-7704 and or Dan Cather (801) 863-7423.

RX-300 – Prescribed Fire Burn Boss

Course Description:

RX-300 Prescribed Fire Burn Boss will provide students with the knowledge, skills, and attitudes to prepare, critically evaluate, and implement a prescribed fire plan in accordance with the NWCG Standards for Prescribed Fire Planning and Implementation, PMS 484.

Units 1 through 12 focus on prescribed fire planning, and units 13 through 19 focus on prescribed fire implementation. Students must pass the implementation assessment and the final presentation to obtain a certificate.

Objective:

- Prepare a prescribed fire plan in accordance with policy and guidelines.
- Critically review prescribed fire plans and identify the necessary information for prescribed fire implementation.
- Discuss prescribed fire implementation strategies and identify their application in various scenarios.
- Evaluate, revise, and defend a prescribed fire plan that safely meets management objectives.

Target Group:

Personnel desiring to be qualified as Prescribed Fire Burn Boss Type 2 (RXB2). Additionally, agencies, organizations, or personnel who are involved in the preparation, implementation, or review of prescribed fire plans, such as air regulators, fire ecologists, landowners, prescribed fire consultants, fire planners, and others, may also benefit from the course.

Course Prerequisites:

Qualified as a Firing Boss, Single Resource (FIRB) and Incident Commander Type 4 (ICT4).

- S-390, Introduction to Wildland Fire Behavior Calculations.
- Proficient in the use of BehavePlus.
- Recommended - RX-310, Introduction to Fire Effects.
- Recommended – S-244, Field Observer and Fire Effects Monitor.
