COURSE DESCRIPTION

All students are responsible to bring their IRPG’s (Incident Response Pocket Guide) FLHB’s (Fireline Handbook) and the applicable PTB (Position Task Book) to each class session. Classes will start at 0900 on the first day and 0800 thereafter. All one day classes will start at 0800. Additional items will be mentioned on the course acceptance letter. You are responsible to double check your enrollment status, current address, phone numbers, and email addresses. This will help ensure that you as the student will receive any and all the information pertaining to the class you are enrolled for. **If your supervisor has enrolled/nominated you, it’s critical that you double check your enrollment status.**

By clicking on the ROLL for each class, you can see an updated class enrollment. This will be done weekly. Any questions or concerns call Angie Menlove (801)863-7704 and or Dan Cather (801)863-7423.

**RX-341 – PRESCRIBED FIRE PLAN PREPARATION**

The purpose of RX-341, Prescribed Fire Plan Preparation, is to provide students with the skills/knowledge to prepare a prescribed fire plan for technical review and approval in accordance with the Interagency Prescribed Fire Planning and Implementation Procedures Reference Guide.

**Objectives**

- Describe prescribed fire planning policies and guidelines.
- Identify and describe the processes involved in preparing a prescribed fire plan.
- Develop and defend a prescribed fire plan that safely meets management objectives.

**Target Group**

This course is suggested training for all students who are involved in or plan to be involved in the preparation of prescribed fire plans.

Other positions that would benefit from this course are firing boss (FIRB), fire effects monitor (FEMO), air regulators, fire ecologists, private landowners (e.g. TNC), other state and private agencies, prescribed fire consultants, and fire planners.

**Course Prerequisites**

Introduction to Wildland Fire Behavior Calculations, S-390.

Proficient in the use of BehavePlus.

Satisfactory completion of pre-course work.

**In addition to the above:**

Fire personnel must be qualified as incident commander type 4 (ICT4).

Resource personnel must have knowledge of fire suppression principles and techniques.

Students desiring to take both RX-341 and RX-301 (Prescribed Fire Implementation) will benefit from taking RX-341 first.
